

## ROAD WARRIOR

The Blade's Road Warrior advises readers where the biggest driving headaches will be throughout the construction season. He'll tell you the locations to avoid and the detours to take.

While several construction projects in the Toledo area are nearing completion, a couple of new ones start next week — most notably a nine-day detour for a ramp at the I-75/I-475 junction near Perrysburg.

**DAVID PATCH**

Starting at 5 a.m. Tuesday, the northbound I-75 exit to northbound I-475 will be closed while its current asphalt pavement is removed and replaced with concrete. Traffic will be detoured to the U.S. 20/23 interchange to reverse direction back to I-475. Nighttime lane closings will occur on the ramp from southbound I-475 to northbound I-75.

The work is scheduled for completion Sept. 20, but that date is subject to suitable weather conditions, and Toledo motorists already have seen how weather has pushed back completion dates for several other local projects.

On Tuesday only, the right lane of southbound I-75 will be closed at Bays Road, south of Bowling Green, for bridge repairs. On Wednesday only, the northbound right lane will be closed at two bridges between North Baltimore and Bowling Green. Both of those closings will be from 9 a.m. until 3 p.m.

In Monroe County, a concrete repair and joint sealing program on I-75 begins Tuesday, covering the sections between the Ohio border and Monroe and between I-275 and Rockwood, Mich. Work on the \$400,000 maintenance project is scheduled to end Nov. 1.

Single-lane closings will occur at varying locations through the work area during daytime hours, which should cause only minor delays, but double-lane closings at night and on weekends could cause major backups. MDOT says it will post advisory signs in advance of the double-lane closings.

**1. I-280:** Closed for bridge construction, Greenbelt Parkway to Summit Street, until November. Through traffic detour via I-75, State Rt. 795. Summit, closed in both directions at I-280, is scheduled to reopen tomorrow.

At I-280, Front Street is restricted to one lane each way with turn restrictions. The Front entrance to southbound I-280 is closed for reconstruction until Sept. 30.

**2. U.S. 23:** Bridge rehabilitation closes one lane each way north of I-475. Northbound reopening

is expected by Sunday.

**3. Byrne Road:** Bridge reconstruction and road rebuilding closes lanes north of Airport Highway and south of Tedrow Road.

**4. State Rt. 420:** Interchange construction at U.S. 20/23 closes lanes south of Truman Road. Traffic shifts on U.S. 20/23.

**5. I-475/U.S. 23, State Rt. 25:** Finishing work on bridge rehabilitation requires lane closings on the routes between 8 p.m. and 6 a.m.

**6. State Rt. 184 (Alexis Road), I-75:** Bridge reconstruction closes lanes on Alexis near I-75 until October. The southbound I-75 entrance and northbound I-75 exit at Alexis are expected to reopen today.

**7. State Rt. 582:** Closed for culvert work at Liberty Hi Road until October. Detour via State Rts. 64 and 65.

**8. Monroe Street:** A repaving project requires lane closings west of U.S. 23 in downtown Sylvania.

**9. State Rt. 2 (Airport Highway):** Widening work between Byrne and Reynolds roads requires flag zones. Use South Avenue or Glendale Avenue.

**10. State Rt. 2:** Two-way traffic is maintained in a work area at the Bono curve, but watch for stopped vehicles making turns. Several side roads are closed.

**11. Ohio Turnpike:** Bridge widening between I-280 and I-75 may require lane closings. Glenwood and Cummings roads and East Broadway are closed at the turnpike.

**12. State Rt. 51 (Monroe Street):** Reconstruction requires lane closings between Lawrence and Detroit avenues. Lawrence is closed to through traffic between Bancroft and Monroe streets.

**13. Secor Road:** Pavement rehabilitation closes the southbound lanes between Kenwood Boulevard and Bancroft Street until late this month. Use Douglas Road instead.

**14. Anthony Wayne Bridge (State Rts. 2/51/65):** Maintenance requires lane closings from 6 p.m. Friday through 5 a.m. Monday.

**15. Telegraph Road (U.S. 24):** Closes Monday for bridge replacement between East Laskey and Crabb roads. Detour via Crabb and East Laskey until Nov. 30.

**16. Holland-Sylvania Road:** Sewer work closes the northbound lanes at Angola Road for one week, starting Monday. Detour via Angola, Reynolds Road, and Hill Avenue.

### OFF THE MAP

**I-75:** Bridge repairs and pavement maintenance require lane closings north of Gibraltar, Mich., and, starting Tuesday, between the Ohio-Michigan border and Rockwood, Mich.

**I-275:** The freeway will be closed between I-75 and Telegraph Road from 6 a.m. until 8 a.m. on Sunday only while an overhead power line is replaced. Detour via Newport and Telegraph roads.

**U.S. 6/20:** Lanes closed on Fremont bypass east of State Rt. 412 for culvert work. Ramps closed at State Rt. 53 in Fremont for Route 53 widening.

**U.S. 223:** Closed for bridge reconstruction on Adrian's west side. Detour via M-52, M-34. Use other routes, if possible.

**U.S. 224:** Culvert replacements close the route between State Rts. 186 and 235 in Hancock County. Detour via Routes 186 and 235.

**State Rt. 2:** The Edison Bridge over Sandusky Bay is restricted to one lane each way until May for rehabilitation and widening. Starting Monday, embankment repairs restrict traffic to one lane each way west of the State Rt. 163 interchange in Port Clinton.

**M-125:** Closed north of Frenchtown Square Mall, Monroe, for a bridge replacement. Detour via U.S. 24.

# Perry's victory celebrated

## Event marks 193rd anniversary of Battle of Lake Erie

PUT-IN-BAY, Ohio — The village of Put-in-Bay and the National Park Service will provide an ear-splitting send-off to the end of summer during the annual Historic Weekend that begins today.

A 32-pound carronade, similar to the type used in the War of 1812, will thunder, historic re-enactors will fire black-powder guns, and Vice Admiral Ronald Route, the naval inspector general, will speak. The event celebrates the 193rd anniversary of Commodore Oliver Hazard Perry's victory over the British fleet at the Battle of Lake Erie.

Most of the activities, which

conclude Sunday, will take place at Perry's Victory and International Peace Memorial.

Today, about 1,200 Boy Scouts will set up tents on the grounds of Perry's Memorial for their annual Camporee.

Accompanying the Scouts and the leaders, camping gear, equipment, vehicles, and other provisions will be food supplies involving 4,000 hot dogs, 342 dozen eggs, 3,000 half-pints of orange juice, 1,500 ice cream bars, 1,400 chicken halves, and 400 pounds of ground beef.

Steve Heschell, a longtime volunteer on Put-in-Bay, said the amount of work organizing

the Scouts and moving their gear is a logistical feat honed over years of practice. The Miller Boat Line donates the Scouts' passage fee to South Bass Island.

Tomorrow afternoon, a parade will lead to the visitors' center for the keynote speaker, Vice Admiral Route.

This year's parade features four local high school bands: Tiffin-Columbian, Clyde, Genoa, and Rossford.

The color guard will be nine crew members from the USS Lake Erie, a Navy cruiser based at Pearl Harbor.

The Toledo Symphony will play tomorrow evening.
