

# BUILD A DREAM

## Country Comforts

A stone wall and pretty arches are graceful accents on this country plan

This lovely country home, offers elbow room for the family. The covered front porch provides a shelter for the inviting paneled front door with its flanking side window lights.

Inside, the foyer leads to the formal dining room on the left, and straight ahead to the gathering room with its views of the rear terrace. A sloped ceiling and wet bar enhance this space, which flows to the country kitchen.

Here, a hearth provides a warm and welcoming space for eating or just relaxing, within full view of the kitchen. A passthrough aids serving, and windows above the sink

provide a pleasant view while doing dishes.

From here, step down into the handy mudroom, where a powder room awaits on the right, extra storage and laundry facilities are to the left, and access to the garage is straight ahead. Another storage area in the garage would make a convenient place for tools or seasonal decorations.

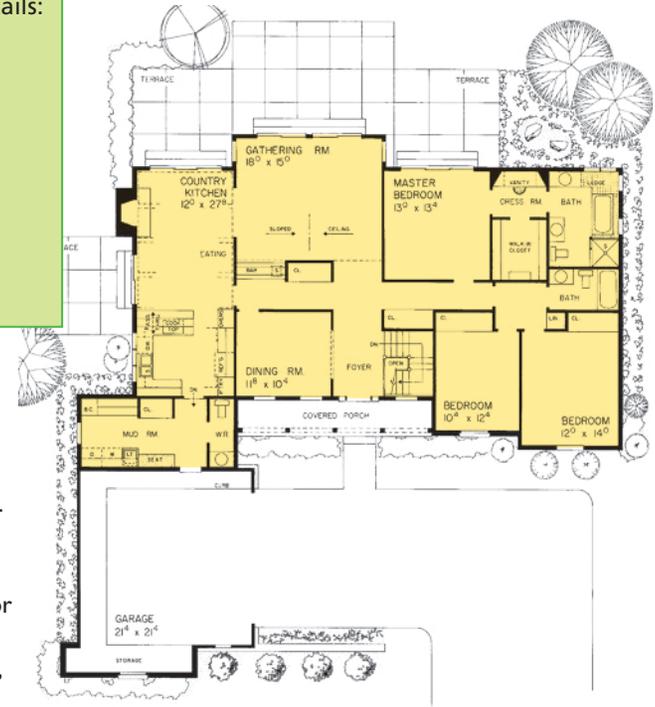

Sleeping accommodations include the master suite, complete with a dressing zone, large walk-in closet, a five-piece bath, and access to the backyard. Two additional bedrooms, one of them quite spacious, use a full hall bath.
