Call Short Narrative

I was parked at St Timothy's Church facing W at E Boundary St. I observed a gold sedan traveling S on E Boundary St near Clover Ln. The vehicle was rapidly catching up to a white sedan in front of it. The vehicle appeared to be traveling faster than the 25 mph posted speed limit. I estimated the vehicle to be traveling at about 40 mph. I used laser unit TS006433 to perform a speed check and found the vehicle to be traveling as fast as 42 with the last check being 41 mph. I initiated a traffic stop and advised the driver, Mr. Vermillion, why I had stopped him. Mr. Vermillion stated that he did not feel he was speeding and that he received a ticket on the same road in the spring so he tries to watch his speed. I advised Mr. Vermillion that I would show him the laser unit and he stated, "How do I know what you were pointing it at?" Mr. Vermillion was cited for speed and shown the laser unit. I had good tracking, no interference, and a calibration check was done at about 1515 hrs.
