While on patrol, I was traveling south on Maumee-Western Reserve when I observed a blue 1988 Oldsmobile (OH-EFL1255) traveling north on Maumee-Western Reserve. A plate check of the vehicle showed that the vehicle's registration was expired as of April 24, 2012. I initiated a traffic stop and identified the driver as Kevin Smith. Smith advised that he knew his plates were expired and had placed the current expiration sticker from his other vehicle on the license plate for his Oldsmobile. Smith advised that he doesn't drive the Oldsmobile, but had to because his other vehicle had a flat tire. Smith was issued a citation for Expired Registration (ORC 4503.11, M4) and given a court date of Tuesday, January 15, 2012 at 8:45am. Smith was warned for display of plates.

### Call Short Narrative

A hit/skip accident occurred in the City of Perrysburg. Celeste Huver was operating a 2009 Gray Toyota Camry (Oh-FPF3508) on Eckel Junction right at the railroad tracks. Huver stated just as her vehicle got over the railroad tracks a white or silver car struck the rear of her vehicle. Huver stated her vehicle was pushed to the center of Eckel Junction at Pauly Dr. She stated she moved her vehicle to keep her vehicle from blocking the intersection. She stated the unknown vehicle stopped for a few seconds and then took off NB on Pauly Dr. I spoke to two witnesses who both stated that it was a silver Chrysler 300 that hit Ms. Huvers vehicle and took off NB on Pauly Dr. Communications Officer Merlow was able to locate all of the silver Chrysler 300's in the area of the accident. One of the vehicles came back to a Christy L. Webb at 26730 Fort Meigs Rd. On 1/14/2013 Ofc. Stanton and I went to Ms. Webb's address. We knocked on the door several times as well as rang the door bell. We walked around to the North side of her house where there was a window into her garage. We could visibly see a small portion inside the garage and did observe a silver Chrysler 300. Ofc. Stanton and I left the area and I contacted Ms. Webb on her cell phone. A short time later Ms. Webb called this department to report she had been in an accident last evening. Webb stated she left the scene of the accident last night. She stated she stopped but observed the other vehicle inching away. She stated she turned down Pauly Dr and then could not see the vehicle and believed the vehicle left the area. She stated she then contacted her mother because she did not know what to do. I went out to Webb's residence and issued her a citation for ACDA (ORC-4511.21a,MM) and Leaving the Scene (ORC-4549.02,M1). I took photos of the damage and obtained a written statement from Webb.

I was stationary on Fort Meigs Rd at the North driveway of Fort Meigs Business Center. I observed a black Cadillac Escalade traveling faster than the posted speed limit of 35 mph. I estimated the speed to be 50 mph. I activated laser unit #TS006433 and it displayed a consistent speed reading of 53 mph at 624.1 ft from the cruiser. I stopped the vehicle at the Perrysburg High School and I spoke to the driver, Prueter. Mr. Prueter advised that he didn't know how fast he was going and he was on his way to pick up his son at the PHS. Mr. Prueter was cited for speed and was given a court date for 01/15/2013 at 1700 hrs. The laser calibration was checked and it was functioning properly.

I was parked facing SB alongside SR 25 at Grogan. I was using my Python radar (PYT846000926) in the stationary mode. I observed a NB vehicle in the passing lane of SR 25 that appeared to be traveling near 55 mph, and I obtained a target speed of 57 mph. The audio return supported the target speed. I stopped this vehicle and made contact with Arnulfo Garibay-Castro. He did not have his Michigan OL with him. There was a language barrier and it took several minutes for dispatch to locate his OL through Michigan. Dispatch had to contact authorities in Michigan to get the information. Mr. Garibay-Castro was cited. He had an adult female seated up front and a child seated in back. No interfering traffic in the area at the time of the offense.

### Call Short Narrative

While on patrol traveling westbound on W. South Boundary St., I observed a vehicle approaching me in the eastbound lane at a speed that appeared to be greater than the posted 25 MPH limit. I estimated the vehicle's speed to be 40 MPH. I then activated radar unit E27139 in moving mode and observed a speed of 40 MPH with a corresponding tone. The vehicle then caught up with slower moving eastbound traffic and began to follow the vehicle ahead of it approximately one car length behind it. I stopped the black Dodge Durango (OH-FFJ 1178) and identified the driver as Brian Craig. I advised Craig of the reasons for the stop and he stated he did not know the speed limit or feel that he was too close to the vehicle ahead of him. I issued Brian Craig a citation for Speed, 4511.21(B)(2), and gave him a court date of 1/15/13 at 1645 hours. The calibration of radar unit E27139 was checked and found to be accurate at 2115 hours on 1/12/13.

### Call Short Narrative

While on patrol in a marked patrol car I was stopped at the red light on Louisiana Ave . north bound at the intersection of E.S. Boundary. A red two door vehicle was stopped at the red traffic signal on Louisiana Ave. south bound. The traffic signal changed from red to green at which time I took my foot of the brake to began going north on Louisiana Ave . The red vehicle which was on south bound Louisiana Ave. turn left in front of me onto E.S. Boundary. I stopped the vehicle and identified myself to the driver Stephanie Jo Miller. I explained to Miller why she was being stopped. Miller explained that she was not from the area and pointed to her phone which had the GPS turned on. She explained that she was going to 1048 Maple St. and that she needed to be there by 0900hrs. and that she was a home health care aid. When I returned to the Millers car to issue her a citation she became very upset. Miller advised me that I was a "retard". Miller then stated that I was the reason she was late and that she had not been late in eight months. I explained to Miller that I did not want to argue. I again trad to explained the citation to Miller at which time she said "well I'm going to argue with you now." Miller then said "if you would have been moving I would not have turned in front of you". I again attempted to explained to Miller her option of going to court at which time she said "I know this is all about your quota, I have friends that are cops and they told me, this is nuts, your retarded." I again explained the citation to Miller and asked her to sign the citation, she signed the citation and said " I want it in the report that you are retard". I then began walking back to my patrol car at which time I heard Miller yelling. I asked Miller if she needed something she said "you need to move your car so I car leave". I got in patrol car and pulled out of Millers way so she could back out. Miller was issued a citation for right of way when turning left 4511.42ORC.

### Call Short Narrative

While stationary in the turnaround north of US Rt 20 on IR 75, I was watching southbound traffic as it entered into the City. I observed a green Mitsubishi Mirage (OH-EP16RJ) traveling in the left inside lane at a high rate of speed, observed to be well over the posted speed limit of 65 miles per hour. I pulled out and tried to catch up to the vehicle. As we entered the City, I used RADAR XE25116 in the moving same direction mode and registered speeds of 79 miles per hour and continued to accelerate up to 86 miles per hour, which I locked in at. I was unable to pace the vehicle as it continued to accelerate. As we passed over US Rt 20, I locked in the speed of 86 miles per hour and activated my overhead lights and audible siren. All other traffic began to move to the side of the road, however the driver of the Mitsubishi continued to travel at that high rate of speed. The vehicle finally pulled over near the 192.6 mile post. The driver was identified as Atelia Taylor. She advised she was just going to Bowling Green. Taylor was issued a citation for Speed- ORC 4511.21B (MM) and given a court date of Tuesday, January 15th at 5:00pm. She was advised to provide the court with current proof of insurance. The roadway was wet at the time. RADAR XE25116 was checked at 2326hrs and 0020hrs and found to be functioning properly.

### Call Short Narrative

While stopped in traffic on SR 25 in front of Speedway I observed a red Jeep Liberty (OH-ANX1755) passing the vehicle directly behind me while traveling off the roadway. The vehicle continued passed me and pulled into the Waffle House on SR 25. I initiated a traffic stop and the occupants of the vehicle began to exit the vehicle. I requested they get back into the vehicle and they just stood there. I yelled two times for them to get back in the vehicle before they complied. I identified the driver as Alan P. Lieske. I explained the reason for the traffic stop and the reason why I wanted them to stay in the vehicle. When I was issuing Lieske a citation for Overtaking/Passing on the Right (ORC-4511.28B,MM), Lieske became very upset asking for my name. I asked him for proof of insurance and he flung the insurance information at me. As I went to hand the information back to him he ripped the paper out of my hand. Lieske stated he wanted to take me to court and fight the citation. He added that I took too long issuing him the citation. He stated I could have told him I was writing him a citation and that it was taking time away from him spending time with his grandchild. Lieske was provided with a court date of Tuesday, January 15th at 5:00 pm.
