Call Short Narrative

While stationary monitoring the flashing red traffic signal at the intersection of Louisiana Avenue and Front Street , I observed a black Toyota Prius (OH-W961670) approaching the intersection from the east. The driver of the vehicle slowed at the flashing red light, then proceeded to turn south onto Louisiana Avenue without coming to a complete stop. I activated my overhead lights and initiated a traffic stop. The driver was identified as Robert Baker. When advised that I was stoping him for running the light, Baker stated "It was flashing." I explained to him that he still had to stop at the light, at which time he told me he did stop. The registration on the vehicle came back as expired on February 2nd. Robert Baker was issued a citation for Failure to Obey a Traffic Control Device - ORC 4511.12 (MM) and given a court date of Friday, February 8th at 8:45am. Baker was advised to provide the court with current proof of insurance and also verbally warned for the expired registration.

I estimated the speed of the vehicle to be 40 mph. I activated laser unit # UX014977 and it displayed a reading of 45 mph at 469.2 ft from the cruiser. I stopped the vehicle and I spoke to the driver, Ian McKahan. He told me that he thought that the speed limit was 35 mph, but didn't know how fast he was going. He advised that he was driving his parents vehicle due to his truck was broken down and didn't know that the license plates had expired (02/20/2012). He was cited for speed and expired registration and was given a mandatory court date for 02/08/2013 at 0845 hrs. I had good tracking and there were no obstructions.
