Call Short Narrative

While traveling south on IR 475, a blue Dodge Intrepid was observed in the right lane and also traveling south on IR 475 with no visible registration on it. A traffic stop was initiated and the Dodge stopped on the interstate north of N Dixie Hwy. While approaching the vehicle I observed Ohio registration, FPU7492, laying flat on the rear deck of the vehicle. I also observed a matching plate in the front window. The driver, Erin McClain, stated she just purchased the vehicle from a person living in Wauseon, Ohio. She produced a handwritten letter showing she had just purchased the vehicle. She did not have the title of the vehicle with her. The Ohio registration came back to a 1997 Plymouth that McClain said she sold to her sister several weeks ago. McClain stated she took the plates off of the Plymouth when she sold it and placed them on a Pontiac that she owned. She stated never transferred the plates over to the Pontiac. This evening she then took the plates off of the Pontiac and took them with her to place them on the Dodge after she purchased it. The Plymouth is currently registered to McClain's sister and have different plates on it. I asked McClain if she had insurance for the vehicle that she was driving this evening. She stated no. I removed the plates from the vehicle and later logged them into the property room. The Dodge Intrepid was towed by VJ's Towing. McClain was issued a citation for Fictitious Plates 4549.09 ORC (M4). McClain was given a court date of March 8, 2013 at 8:45 AM and released from the scene.

Mr. Rodriguez advised that he didn't know how fast he was going. He stated that he and his son had just gone swimming at the YMCA and his clothes were wet and he was cold. He was cited for speed and was given a court date for 03/05/2013 at 1700 hrs. He had a warrant out of PMC. He contacted relatives and they picked up his vehicle and his son. I was stationary on Kip Boulis Dr at East Boundary St. I observed a black Honda Civic OH-FTE4237 traveling Northbound on East Boundary St near East Sixth St. The vehicle appeared to be traveling faster than the posted speed limit of 25 mph. I estimated the speed of the vehicle to be 40 mph. I activated laser unit # UX014977 and it displayed readings of 44 mph at 661.0 ft from the cruiser. I stopped the vehicle and I spoke to the driver, Linda Suber. She told me that she knew the speed limit was 25 mph and believed she was going 30 mph.. She was cited for speed and was given a court date for 03/05/2013 at 1700 hrs. I had good tracking and there were no obstructions. The calibration was checked and it was functioning properly.

I was traveling N on Pine St at W Indiana Ave. I observed a black Dodge truck facing S on Pine St in the dead end portion. The truck was parked and angled as to partially occupy the NB lane and all of the SB lane. The driver appeared to be handling a phone or electronic device. I proceeded across W Indiana and had to swerve around the truck to keep from striking it. The driver looked at me but did not move the truck. I then observed where the truck had appeared to have turned around near the railroad tracks and drove though a corner of the right of way. There were fresh mud tracks from the corner back to the truck. I turned around and pulled up behind the truck. The truck still did not move or motion for me to go around. I then ran the registration on the truck. It came back to a 4 door Chrysler. I then initiated a traffic stop on the vehicle. I advised the driver, Mr. Fisher, why I had turned on the emergency lights. Mr. Fisher stated his dad had just bought the truck but was unable to provide any purchase papers. I asked for Mr. Fisher's information. Mr. Fisher was found to be suspended through Illinois and did not have a valid Ohio OL. Mr. Fisher advised his father was about 10 minutes away. I let him call his father so he could pick up Mr. Fisher and the vehicle. Mr. Fisher was cited for driving under an out of state suspension, and his father retrieved the vehicle and Mr. Fisher.
