**Don't let its small size fool you: this cabin is ready for weekend adventures.**

This modern cabin has everything you need in a compact size that's just right for getaway weekends. The retreat features 456 square feet of finished living space.

A closet holds your gear in the bedroom, which can be furnished with a queen-sized bed or two bunk beds. Do you have visitors? There's also room outside on the porch for a sleeping couch (a fun

option when the weather is nice) near the wood stove.

After the day's activities, unwind in the large shower before settling down in front of the living room's fireplace. Or, take in the sunset from the porch.

The open kitchen holds the essentials: a gas stove, sink, and refrigerator.
