

CITY OF TOLEDO

DEPARTMENT OF PUBLIC UTILITIES

June 16, 2014

Mr. Craig Butler
Director
Ohio EPA
P.O. Box 1049
Columbus, OH 43216-1049

Dear Mr. Butler:

My name is Edward A. Moore, Director, Public Utilities and I am responding to your recent letter to Mayor D. Michael Collins concerning the City of Toledo's Collins Park Water Treatment Plant. Your June 9, 2014, letter states that the Ohio EPA is not convinced that adequate progress is being made toward addressing the needed improvements at the City's Collins Park Water Treatment Plant. In response to your letter, we are providing the requested information as follows:

- Detailed list of improvements to be made with each project listed in the City's Capital Improvements Program
- Revised detailed Gantt chart with specific milestones
- A response to the remaining questions from the document "Ohio EPA Comments on Capital Improvement Program, February 2014"
- Revised Contingency Plan

During your phone conversation with Toledo Mayor D. Michael Collins on June 11, 2014, you indicated that you were willing to send your staff to Toledo to work with us to resolve the issues listed above. I accept your invitation and hope that our staffs can meet soon to solve the outstanding issues that have been identified by the City of Toledo.

Sincerely,

Edward A Moore, Director, Public Utilities
