Incident Information: On the date stated in this report, about 0900 hours, a patron was in her car with what appeared to be a medical complication (heart attack). The patron called 911 by herself. By the time I arrived to report for work, I noticed an ambulance and a firefighter truck parked in front of the library. I asked the staff members what happened and they explained the situation to me. The ambulance took the female patron to the hospital, but she mentioned that she had to leave her vehicle in the T-LCPL's parking lot. She asked the staff not to tow her vehicle. I made a sign, just in case the towing company happened to see the car parked over 24 hours. No further incidents reported.

Incident Information: On 1/4/2013 at approximately 1655 hours while I was on patrol, I observed a male subject sitting in a chair. The male subject appeared that he had passed out in the Audio Visual area of the branch. I approached the subject and spoke to the subject to wake up. The subject was unresponsive to my commands. I proceeded to give the subject a shake to his right shoulder. The subject was still unresponsive. I did not notice any odor coming from the patron. I went and got Jane Thoma and advised her of the patron's situation. I contacted dispatch and advised them of the situation. I called 911 and advised them that I needed an EMS squad for the passed out patron. Toledo Fire and EMS arrived on the scene at approximately 1710. Toledo Fire advised when they were able to wake the subject, that he was under the influence of alcohol. I was able to notice the odor of alcohol when Toledo Fire started taking some of the subject's outer layers of clothes off. I identified the male subject as Isiaha Burt. Toledo Fire contacted their dispatch and advised to Toledo Police arrive on the scene. Toledo Fire advised Isiaha to contact somebody to come pick him up. Isiaha contacted his sister to come pick him up. Toledo Police arrived on the scene at approximately 1725. Toledo Police advised that they would wait with Isiaha until his ride arrived on scene. I advised Isiaha that he may be banned for his actions of coming into the library intoxicated and unable to care for himself by passing out. Isiaha's ride arrived as I was leaving the library. Nothing further.

Incident Information: On the occurred date and time, this officer was called to the listed location for a disruptive patron. Upon my arrival, the suspect was talking very loudly like he was angry at someone. I then made contact with the suspect and asked him what the issue was. Suspect followed me to DT room, but would not come in and follow my orders to produce an ID. Suspect stated he was singing to himself while listening to music on the computer and a female across from him asked him to be quiet. He then told her "I can do what I want you street hooker!" Suspect admitted to this officer that he called her this out loud and was disturbing the entire department. This apparently was not his first time being disruptive in the department according to Shirley. Suspect left library with no further incident.

Incident Information: 2 women in the GED class (in meeting room 1) were yelling at each other. The instructor, Kay Sellers, said it started with one woman telling a young man who was whisling to be quiet. The other woman told her she's been talking the whole time and shouldn't talk. The two began yelling, each trying to out-yell the other. Kay told them to be quiet, but they would not. Librarian Susan Grim went in to let them know they were making too much noise. The women slowed down, then Joeylyn left, yelling that nobody talks ghetto to her and calling Ka'Shana a bitch. As Joeylyn left the building Librarian Allison Fiscus heard her say that there are "a bunch of ghetto-ass fools in there". K'Shana came back in the building, gathered her belongings apologized to Kay and left. (Note: One of the other students told Kay that Joeylyn is on medication that makes you act "crazy".)

Incident Information: Arriving for duty, Erinc Connolly informed me that she had woken suspect from sleeping & that he had been warned. I checked and found he was the same patron I woke up yesterday. Erin told me that she had called 5271 for security. I called and cancelled patrol and told dispatch that I would keep an eye on him. I went back out & found him sitting by fireplace with head down and eyes shut. I went to Erin and told her I thought he was sleeping. I would ask him to leave she came with me and as I got near him he picked his head up and looked at me. I told him he was not aloud to sleep in the library. He immediately argued that he wasn't sleeping. Erin told him that he had woken him up once and I had woken him up yesterday. He began to loudly argue with Erin & she asked him to leave. He started to move toward Erin in what I deemed to be a threatening manner and I moved in between them blocking him. He told me " I do not hit woman." I said "Just leave sir". He constantly said "Fuck" and I've had it with this place and claimed we were picking on him. He also constantly said "Go play with satan and go play in the sand box."

Incident Information: While in dispatch office, a Causacian male patron came to the door near restrooms yelling and screaming about a young African-American male looking over his stall. The African-American male denied the allegations repeatedly explaining that it was a third male looking. Trying to diffuse the confrontation and get information, I could not get the white male to calm down enough to give me a straight story. He kept getting more irate. Upon getting the two separated, the white male still not calming down, I asked him to leave. He left yelling that he would be waiting outside for the black male. I told the black male that he needed to leave as well and escorted him to his vehicle. He informed me that he was from out of town. I then told the white male that he needed to leave the premises. Continuing to yell and scream, he left without further incident.

Incident Information: Contacted security after confirming Mr. McGee had been banned from TLCPL on 4-17-12. He was also using 2 other patron cards to gain computer access(Linday Joyce - DJ4FD & Auston Perry- DYQUK)
Mr. McGee was banned for punching a patron at the Washington Branch. This was also the 2nd trespassing violation.
I contacted security who in turn contacted 66. Mr. McGee was told of his trespassing violation and ban. He responded to the officer that he was aware of ban and wished to dispute it with Jeff Sabo. He was awaiting a response.
Mr. McGee was escorted out of Heatherdowns by the deputy with no incidence.

Incident Information: On the date stated in this report, at about 1900 hours, i was informed by one of the staff members that Ricky J Cox was disruptive inside the library. I proceeded to talk to Mr. Cox when he was sitting by the information desk bench. I told him that he had to leave for the day because he was very disruptive earlier. At about 1700 hours, i gave him a warning because Mr. Cox was throwing music CDs between book shelves. Since this was his second incident during the day, I decided that i was going to ask him to leave for one (1) day and come back on 01/16/13. Mr. Cox started yelling, "I didn't do anything" as soon as i asked him to leave. He used foul language and walked away from me several times. He walked toward the back of the library, and then into the mens restroom. I followed him inside the restroom and I repeated that he had to leave now. He grabbed a long piece of toilet paper and dropped it on the main exit door. He finally left the property. About 1/2 hour later, he returned to the library, i told him to leave or i will arrest him. He left the property. No further incident reported.

Incident Information: On the date and time stated, this officer witnessed the victim was sitting at one of the computers with his brother standing next to him. While walking towards them to give them a verbal warning that there should only be one person to a computer, I had witnessed that the two boys started to argue. Montrese who was the older of the two brothers stood up and punched his younger brother Montrell on the side of the face. I had then told them that they were in violation of the Library's code of conduct and that they had to leave for the day. Lagrange Branch Circulation manager (Amber) had contacted the boys mother to pick them up at the library because they were too young to walk home alone. The mother had told Amber that she would be there in 20 minutes to pick Montrese and Montrell up. Without anyone arriving to pick them up in the 30 minutes, we again called their mother in which she stated that their uncle should currently be at the library to pick them up. I took a look around the parking lot and noticed that their uncle wasn't there either. After the third and final attempt 45 minutes later their mother arrived to pick up the two boys.

Incident Information: Margaret Hughes found empty adult playaway cases that had been placed on shelves by suspect, Ardell Hines. Jeanne Mchugh and Margaret found suspect in juvenile area with Ardells sister, Chaquasha Smith. Jeanne saw playaways in Ardells front jeans pocket. She asked Ardell if she could see what was in her pocket. He pulled the items from his poclet and handed them to jeanne. Ardelles sister and Margaret both witnessed the incident. Jeanne called parent home and spoke to parents sister. Parent was unavailable so jeanne described the incident and asked sister to inform the parents and tell them that Ardell could not come back to the library until they spoke to security to determine the course of action. Jeanne asked sister to tell the parents to call her at the branch. Jeanne spoke to the parents. Jeanne called parents home again and spoke to parent. This is not the first time that empty cases have been found. All the other were juvenile playaways. On 1-17-10 there were three: 0001568557, 0001568555, 0000870935. On 1-19-13 there was one: 000287722. On 1-22-13 there were four: 000870762, 000870938, 000836463, 000267507. The last theft left the branch with no juvenile playaways. The total cost for these prior thefts is \$340.33. It was two days later that we caught Ardell with the adult playaways mentioned in this report in his pocket.

Items he attempted to steal: Two adult playaways-0001387274 (\$47.99)and 0001364430 (\$51.99)

Incident Information: On the time and date, While on patrol Capt. Ervin and I were dispatched to central court to stop a juvenile from running out the front doors. We stopped the juvenile to question him. He informed us that he had run away from home because his mother and mothers boyfriend were beating him. Capt. Ervin and I took the juvenile to DT to get more information from him. The Boyfriend had comet to the library looking for him. We informed him that we were calling TPD and that he could wait outside of DT until they arrived. The mother also arrived shortly after. The juvenile stated that he and his sister have got beat before and that he did not want to go home with her. TPD arrived and questioned the juvenile and the mother. The juvenile stated to TPD that he wanted to go to foster care because he did not want to go home. The mother was stating that he had stole ten (10) dollars from her boyfriend. The juvenile denied several times taking the money. TPD searched him and found no money on him. After this they told him he would have to go home with his mother and sent the juvenile home. After TPD left I contacted CSB to make a report on the situation. There was no further incident.

Incident Information: While on patrol I was called to metro to ask the suspect (Jeremiah Johnson) to leave for the day. The suspect had been asked to leave the metro area a few times prior. Myself and PSO. Feher approached the suspect, explained the rules for using the metro area of the library, and that he was too old to be in metro. I then asked the suspect to leave for the day and that he is welcome back tomorrow. The suspect became very aggressive saying "Fuck you don't talk to me. I aint gotta listen to shit" the suspect refused to go toward the exit doors; so I gently guided him toward the doors so that he wouldn't offend or disturb the other patrons. The suspect then said "Fuck You Nigga don't touch me" and "Ill beat yo bitch ass motha' fucka, fight me". The suspect then lunged at me acting like he was going to fight me. The suspect continued to walk out the doors, and eventually left library property without further incident.

Incident Information: On this date and time I was stopped by Harry a librarian at the main branch near the front desk. Harry pointed out a juvenile male wearing a blue hooded sweatshirt that was acting suspicious. Harry stated that he saw the juvenile take some .40 cent pieces of chocolate candy and put them in his pocket. Harry advised me to keep an eye on him to see if he leaves the area. Moments later the juvenile walked out of the area heading to pop teen. I then followed and stopped the juvenile. I asked him if he had any of the candy in his pockets and he said no and held out his hand. When he opened it I saw 3 pieces of chocolate. I advised him that he had to pay for the candy before he had left the area where he found the candy and he said that he was gonna do some things and pay for them when he checks out. I then walked with him to the counter so that he could pay for them before he did anything else. I then continued to patrol when I got a call to get his information to have him banned for attempting to steal from the library. Later I found that he did not want to purchase the candy he had in his hand because he was allergic to them. After obtaining his information he stated that this was just a misunderstanding. I then escorted him off the premises.

I then entered the first floor mens restroom and asked the suspect who was in the first stall to make sure he took his clothes with him. He did not respond so I tapped on the stall door so he knew that I was talking to him. The suspect then said "Go away mother fucker".

At this time Deputy Gonzales walked into the bathroom and announced himself. The suspect then said "Fuck you!" Deputy Gonzales and I then patiently waited for the suspect to exit the restroom stall. On the way out of the library the suspect starred at me, and made me feel very uncomfortable. I thought he was going to attack me.

The suspect did eventually leave the library without further incident.

I then began to watch the three and noticed that one kid in particular was the cause of most of the disruptive behavior so I then walked over and warned him to not talk so loud or to go find a table that they can all sit at and talk. I then continued to patrol the library for awhile then I came back about 15 minutes later. I noticed that the same three were still there and continuing to be disruptive and moving around. The librarian advised that the juvenile on computer 3 has been told to leave on numerous occasions and this is an ongoing thing. I then advised the three juveniles that they had to leave for the day for their disruptive behavior and escorted them outside and they left the premises.

He came over to the desk to ask for a paper clip, and left his cell phone sitting out by the keyboard. After a minute, he realized that the person who had being using the computer right next to him had stolen his cell phone and left the building. Patron wants the library to reimburse him for the lost cell phone, but i told him there wasnt anything like that that we could do. This part of the library is not on the security cameras.

Incident Information: On the date and time stated above both Mr. Pallitta and Mr. Falkner were fighting in the lobby of the south branch. Mr. Pallitta had spit on Mr. Falkner as he entered the branch and that is when Mr. Falkner swung at Mr. Pallitta. This officer separated the 2 suspects and Capt. Ervin gathered Mr. Pallitta's information while i gathered Mr. Falkner's information. This officer explained the policy to Mr. and he was informned to leave for the day and that he might be receiving a letter stating when he can return to the library. Once Mr. Falkner left the property Mr. Pallitta was also told of the policy and that he would be receiving a letter in the mail stating when he can return. Mr. Pallitta left the property without further incident.

Incident Information: Ms. Greer was very angry about a book that is on her account, that she feels should not be on her account. She was pretty hostile but quiet at first, But she raised her voice as shew as leaving, saying something about the fact that her mother-in-law just died and then she said, "This is the straw that broke the camels back." Ordinarily i would worry too much about this costumer who was obviously having hard day, except right as she walked out she said something like, "This is the sound of a punch in the face!" which i wanted documented.

Incident Information: On the date and time, while on patrol Capt. Ervin and I were dispatched to metro for a group of kids that had been warned several times and were still being loud and disruptive. Library employee's Lynn and Marci were working in metro at the time, They stated that this group has been kicked out several times and are always disruptive. They stated that they think they should be banned. I identified the group and have also kicked them out previously for their behavior. I told the group that they were going to have to leave the library for being disruptive and hitting each other. While walking out they continued to yell and use profanity. After arriving at the door i tried explaining to them they couldn't keep coming into the library and behaving that way. All three of the individuals had just been aloud back from being kicked out for a week. They left with no further incident.

Incident Information: While on patrol I was called to respond to a fight in Wintergarden. I arrived in wintergarden where Officer. Evans (TPD) was breaking up the fight and separating the two suspects.

I then took suspect 1 (Mia Bills) to another area of the library. I obtained her information and explained that fighting is strictly prohibited in the library and that she may be receiving a ban letter in the mail. I also informed her that until I get all the information I do not know if she will be listed as a suspect or a victim; so, she needs to check with the security office next time she comes into the library to see whether she is banned or not. The suspect said that she understood then left the library without further incident.

Incident Information: On the datea stated in this report, at about 1700 hours, i was informed by Barb Trevino that between 0900-1700 hours 1/2 box filled with chocolate candy disappeared from the "friends of the library" sale shelf. Mrs. Trevino stated that at the end of she noticed one chocolate candy box was sold out and the other had only one piece left in it. The last box supposed to be half full. She also stated that no one purchased that many pieces of candy during the day. She found is suspicious that many pieces of candy were not there. Some patrons purchased a quantity of approxmiatlty 2-3 pieces of a different type. I called dispatch to make a camera review of the are. Due to the blind spot in the lobby are where the box was located, it was impossible to idnetlfy a suspect. No further incident reported. End of report.

Incident Information: While on patrol in humanities i sawt he suspect (David Ellis) walking down the emergency exit stairs. He looked at me briefly then ran down the stairs and away from the library. A few minutes later BTS manager (Dave Topileski) approached me and handed me three (3) empty VHS tape cases. Thes cases were found after the suspect, his brother, and a friend left the quiet study room they had signed out. Today (02/09/13) i saw the suspect and asked him if he had taken any of the tapes from the library without checking them out. I also asked him if he was the one i saw walking down the emergency exit stairs. To both questions the suspect answered no and he didn't know what i was talking about. I could tell by the suspects actions that he was not telling the truth, so i went and talked to the suspects mother and explained the situation. Around 1430 she approached me with her son (the suspect). The suspect then told me that he did take the movies and the he was the person i saw walking down the emergency exit stairs. I explained to him that theft is strictly against library policy and that he will receive a letter in the mail with all of the ban information in it. I also explained the appeals process to him and his mother. I then obtained his information and asked him to leave until he receives the letter in the mail. The suspect then left the library with no further incident. The mother was very helpful in this situation and agreed that he must be banned for his actions.

Incident Information: On the above time and date I requested that Dallas Mathis leave the library due to his disruptive behavior. Himself and his sister, Sophia, left. Around closing time dispatcher Marsh advised that she was asked to call their uncle for a ride home. He refused to pick them up. Their mother was contacted and she said to take the bus. due to the cold and their age I thought it better to check with Toledo Police Department. We attempted to contact TPD by their non emergency number. All we recieved was a recording. I directed Dispatcher Marsh to call 911, we informed the operator of the issue and she stated they did not send the police for that that the children were old enough to take the bus. the bus schedule showed that their bus left from Jackson St. so the children were allowed to wait here until it was closer to the time for them to leave for the bus stop.

Incident Information: On 2/12/2013 at approximately 1807 hours I went into dispatch through the side door near the public restrooms. The suspect, Ray T.L. Brown, went to the drinking fountain before I went into the dispatch room. Ray Brown was standing at the drinking fountain and had turned his head to look into the dispatch window and was staring at Officer Amanda Marsh. At approximately 1810 the victim, Kimberly Sheppard, came out of the woman's restroom and observed Ray Brown masturbating. Kimberly came straight into the dispatch officer through the side door and advised me of the situation. I asked Ray Brown to come with me into the DT room so we could figure out what had happened.

Officer Gankosky and Deputy Gonzales came to the DT room to assist me. Ray Brown advised that he was just standing at the drinking fountain getting a drink of water. Ray stated that his pants were falling down and he was pulling them up when the victim, Kimberly, exited the restroom. Ray stated that he never exposed himself or was he masturbating. Ray Brown never changed his story.

Kimberly stated that when she came out of the woman's restroom, she observed the suspect, Ray Brown, standing at the drinking fountain, drinking from a cup in his right hand, while he was masturbating with his left hand. Kimberly advised that Ray's body was turned toward the woman's restroom, but he was looking into the dispatch office. Kimberly advised there was another woman that observed Ray behavior but she left the area before she advised security of the situation.

Deputy Gonzales cited Ray Brown for indecent exposure. Deputy Gonzales advised Ray that he was going to be banned from all Toledo Lucas County Public Libraries for 1 year. Deputy Gonzales released Ray Brown from the DT room. Ray Brown left library property without further incident.

Incident Information: While doing my 5 O'Clock outside patrol, I checked the abandoned property that is now in the library possession. I noticed that the back window was pushed in. I notified the Branch Manager, and she contacted security at Main. Deputy Gonzalez was sent over to check it out. He told me that the window has been like that for about a month. I advised him that I would remind Maintenance about the window. I then radioed dispatch to let Maintenance know of the situation.

Incident Information: On 2/15/2013 on at approximately 1620 I was advised by dispatch that a banned patron came in the library and headed to BTS area. I was given a description of the banned patron. I located the banned patron sitting on a computer back in humanities. I asked the banned patron several times for his name and reason for being banned. The patron did not respond. The only thing the parton said was that he was going to leave. I asked the patron if he had an ID card. The patron was identified as Barry Deshawn Ellison II. I took Barry to the DT room and asked dispatch to contact Deputy Gonzales to meet me in the DT room. Barry advised that he has been coming on property several times and every time he has been asked to leave. Barry is currently banned from May 17, 2012 until May 18, 2013. Deputy Gonzales arrived to the DT room, he cited Barry for Criminal Trespass. Deputy Gonzales performed a search of the Barry and his book bag. Deputy Gonzales found a bag called "Sexy Monkey" (synthetic Marijuana) in Barry's coat pocket and a can of Natty Daddie (beer) in his book bag. Barry was advised that he was going to be banned from this date for 1 year and that his ban maybe extend further than 1 year. Barry was realised from the DT room and escorted off property.

Incident Information: While in dispatch office, Meg Delaney called Amanda Marsh and myself (she was on speakerphone) that she had confiscated a BB gun from a juvenile and asked for a supervisor. Since we didn't have one on staff, I went to get the information and a statement. She told me that Juleeon Carter told her that Akeem McNeal had a BB gun. She approached him to ask him about it and he had hidden the gun behind the "Sheep in a Jeep". After finding it while talking to him, she took it. He said it was his cousin's and looked horrified that it was being taken. While talking to the boys, she got a phone call from their mother who insisted that they get home. Meg offered the phone to Akeem who talked for a few moments and then hung up, at which time the two brothers ran out of the library. It was then that she called security.

I went up to get the gun from the Children's Library and brought it down to DT. Deputy Gonzalez was there and I filled him in on the situation. We then went together to talk to Juleeon Carter. He told us that Akeem's little brother, Elijah, said that he was going to shoot Juleeon's eye out with the BB gun. Juleeon responded that he didn't have one at which point Akeem showed it to him. That was the point that Juleeon went to Meg Delaney.

Incident Information: Officer A. Anderson was at door desk and notified me that the young kid just put something in his pocket. I approached him and asked him to empty his pockets. He pulled out some trash and said that was it. I then checked his jacket pockets and found candy and a mini flashlight. I asked for his information. He gave me his address and library card number. He told me that his mom had left and he was to walk home. I took the boy to Deputy Gonzalez as I went to look up his information. Upon return he had confessed that his parents were in "Technologies" on computers. We took the boy to his parents and told them what happened. We let them know that he'll be banned and they understood and apologized. They gathered their belongings and left together without incident. This was a second theft offense.

Incident Information: Dave Topeleski notified Officer A. Anderson at door desk that Jason Van Clief brought to his attention that Brett Armstead was in the library and that he was banned for 30 days. We looked into the situation and he was indeed banned, so I found him and let him know that he had to leave. He explained to me that he was watching the inappropriate materials for a college class (reported in Officer Feher's report) and that he had explained his situation to Officer Cessna, who then told him to check back with a supervisor to explain and maybe get the ban lifted. I let him know that as far as we were concerned he was banned for 30 days and taht we were going to enforce that. I talked to Jason Van Clief who informed be that Brett was at St. Paul's threatening to get Officer Feher fired. He left getting angrier and angrier as he realized that we were indeed going to kick him out.

Incident Information: Patron, Heather Hayes, called on her cell phone to report an incident as she was leaving the Sanger Branch. She reported that the man was talking to himself and then when the woman appeared he began screaming at her "Now you've pissed me off" that she left his belongings unattended and someone stole something. He then raised his fists, grabbed her by the collar, and pulled her toward the benches near Central Avenue. Heather was in her car driving out the drive when she yelled out her window that she was calling the police. It was then that the suspect chased after her car. Erin and guard looked for couple but they had left library property.

Incident Information: On 2/18/2013 at approxiamtley 1625 hours I was dispatched to the children's library on the second floor to look for a suspect in a theft. Dispatch advised me that the suspect was a juvenile African American male wearing dark blue top and pants and a yellow spongebob ball cap. I went to the children's library through the admintration section. I asked for an available Officer to go to the main entrance to the Children's Library. Officer A. Taylor arrived at the entrance as I began my search for the suspect. I found the juvenile suspect sitting at the children's computers near the front half of the car. I approached the juvenile male and asked him if he took a Maroon colored Nintendo DS. The juvenile suspect was identified as Kemar Walker. Kemar advised that he did not take the Nintendo DS. I asked Kemar who he came to the library with. Kemar adbvised that he did not come with anybody. I asked Kemar if he could empty his pockets for me. Kemar emptied his pockets on the the computer table, I checked Kemar's coat and did not find the Nintendo DS.

A unknown female subject approached me and asked what was going on. I explained to the female subject that Kemar was observed on camera taking a Nintendo DS. The female subject advised that Kemar would not take the Nintendo DS. I advised the female that I was making a report that the Kemar maybe banned from the Library depending on the investigation. The female gave me Kemar's information and advised that his mother would be coming down to the library to speak to me. The unknown female was in a group with two other adult females and a group of about seven children. The whole group collected their stuff and proceeded to leave the library. Offcier Taylor and I stayed in the children's library looking for the Nintendo DS. At approximately 1635 hours I was advised by dispatch that the goup of females arrived at the security office. I arrived a few minutes later at the security office. I explained the situation again to the group of females. The group of females were irrate during the conversation. The one female (main suspect) who was wearing black and white stripped pants started emptying her diaper bag on to the floor. I stated that emptying the bag was not necessary. One female went into the dispatch office were Offcier A. Marsh showed her the video of Kemar supposedly taking the Nintendo DS. The whole group of females left the property.

After the group of females left I spoke with the victim, Jamaal Webb, and his mother, Monique M. Webb. Monique advised that at this time she did not want a police report, but she wanted to know what happened to Jamaal's nintendo DS. I explained to Monique that I was going to investage this theft and that I would let her know if we find the Nintendo DS.

At approximately 1735 Kemar and his mother came to the security office asking to speak to me. Kemar's mother was identifed as Jamie White. There was another female and juvenile that was with her. Jamie was upset that we had banned her son fro the library. I explained to Jamie that her son was not banned and that I was conducting an investigation on the theft. I advised Jamie that I was told the video shows Kemar taking the Nintendo DS. Jamie asked if she could see the video. I took Jamie and Kemar into the dispatch office. Officer A. Marsh played the video for Jamie, Officer Taylor and myself.

The video starts with the victim sitting on computer 16 in children's library. The Nintendo DS was sitting to the right of Jamaal near computer 17. An African American female wearing black and white stripped pants was sitting at computer 19 (main suspect). The female suspect sees the Nintendo DS and grabs the victim's coat off the ground and places it ontop of the Nintendo DS. The suspect female attempts to grab the Nintendo DS while reaching under the coat twice. The suspect female stops and grabs her bag and places it next to the coat. The suspect female then appears to reach under her bag and under the coat to grab the Nintendo DS. The suspect female then places the bag back next to her.

Later in the video Kemar comes up next to the victim and sits on the chair at computer 17. It

appears that Kemar has his hands near the victim's coat. Kemar then gets up and walks away and it does not appear that Kemar took the Nintendo DS.

After reviewing the video, it is clear that Kemar did not take the Nintendo DS, that the female suspect appears to have taken the Nintendo DS. Officer Marsh, Officer Taylor and I apologized to Jamie and Kemar for the misunderstanding. Jamie and Kemar left with no further incident.

Incident Information: On 2/19/2013 at approximately 1600 hours I observed a banned patron, Barry Deshawn Ellison II, come through the front doors. I advised dispatch that a banned patron came on property. I asked dispatch if there was a unit 66 available to come to Mott. Dispatch advised that there was no unit 66 on today. I approached Barry, who was at the reservation station attempting to make a reservation for a computer. I advised Barry that he can not be on property because he is banned. Barry stated the he was only banned from the Main branch. I advised Barry that he knew it was all Toledo-Lucas County Public Libraries, not just the Main branch. Barry asked if he could use the restroom, I advised Barry that he could not and that he needs to leave. Barry stated that I'm gay and a cocksucker because I won't let him play his game. I escorted Barry off property and advised him that he could be charged again for Trespass and that he is not allowed at any Toledo-Lucas County Public Libraries. Barry continued to say profanities towards me as he was leaving the property.

Incident Information: On the above date and time, this officer was on patrol when a juvenile told me two kids were fighting outside. When I walked outside a young man, later identified as Avoryaun Yowpp, was bladed with fists clenched and the other boy, identified as Tyrus Calvin, was in a defensive stance as well. I told them both to follow me into the conference room where I asked them what had happened. Avoryaun told me that while in the library Tyrus was making fun of him and calling him a "bitch" so Avoryaun said they should go outside and fight. That's when Tyrus struck him in the face causing Avoryaun to strike Tyrus back. Tyrus informed me that Avoryaun had struck him first and admitted to striking Avoryaun back. I informed the two that they are not to come on to library property until they receive a letter in the mail stating when they could return. I also told them that fighting is grounds for a one year ban. I called dispatch and had both of their records checked. They were released with no further incident.

Incident Information: While on patrol I was called outside for two girls who were about to fight. When I got to the two suspects I noticed that one had a scratch on her hand. I asked suspect 1 (Smaya Smith) what was going on. Suspect 1 stated that while in children's she was smacked and scratched by suspect 2 (Mik'kyra Coleman). Suspect 2 was also smacked by suspect 1 after suspect 1 pulled her hair.

I explained that fighting was strictly against library policy and that both parties may be banned for up to one (1) year for fighting in the library. I also explained to both suspects the appeals process. Suspects 2 then waited for her ride with officer. Fane. Suspect 1 left the grounds of the library without further incident.

Incident Information: On 2-21-13 library employee's informed me that they wanted a patron banned from the metro for one (1) week for disruptive behavior. I approached Mr. Gray and asked him for his information and informing him that he would be banned from metro. He gave me his name and birthday and left with no further incident. On the date and time stated Mr. Gray walked into the library and i once again reminded him that he could not go into metro until next Friday. He stated that it wasn't him that was here yesterday, it was his twin brother and walked off into metro. I then dispatched Capt. Ervin to go to metro to get his information. TPD Evans began questioning Mr. Gray. I then asked the friends that were waiting for him and they informed us that he did not have a twin brother. He had also given me all the wrong information the day prior. TPD Evans called for warrants and then we let the suspect go. After leaving and we checked his file finding he had given us the wrong birth date and was already banned.

Incident Information: On the date and time stated, while on patrol this officer was dispatched to the door desk for a patron claiming his daughter would not leave with him. Mr. Gaston informed us that his daughter, Aliza Gaston, had hit her mother and ran away from home. I had Off. Salaz stay with the father while i talked to the juvenile. She stated to Deputy Bushey and I that she did not want to go home with father because she was scared he was going to hit her. Deputy Bushey talked to the juveniles mother who stated that she wanted her daughter home. The patrons that had brought Mr. Gaston took him to a friends house and then came back to get the juvenile to take her home to her mother. There was no further incident.

Incident Information: After warning McKenzie Cleveland several times to quiet down and settle down at her computer, I told her and another young male juvenile to log off and find something else to do. They went together to the children's section and sat at a computer there. I told them that I meant all computers. She proceeded to shake the mouse violently at which point I told her to leave for the day. She stalled before leaving and then slowly picked up her belongings. She was being completely disruptive at this point. Once she was finally on her way out, she left with no regard to others, running into one patron and brushing by others. She also clearly dropped her coat on purpose so she could trapse back to get it stalling once more. I asked for her information and told her that she was going to be banned for 7 days because of her disruptiveness and rudeness.

Incident Information: On the above date and time listed I (S.O. Peters) was notified by Lagrange Branch Manager (Andrea) that while I was on my outside patrol, 911 called this location and stated that they had a hang up call from the Lagrange Branch. Andrea then gave me a colored image taken at 1534 of a juvenile wearing a black and white stripe hooded coat in the lobby picking up the phone while messing with the number pad. After reviewing the second image which was taken 5 seconds later it showed the juvenile hanging up the phone. No further incident.

Incident Information: On the above date and time this officer was at the front entrance (as requested by Faith Hairston). I heard some commotion outside between a group of teenagers, one being Leanna Forrest, and the homework helper Carolyn Kalama. As I approached the crown Ms. Kalama was asking who had thrown a snow ball at her, describing to me that as she was cleaning off her vehicle a snow ball had hit her shoulder. The group then dispersed and I had collected necessary information from her and told her I would check the cameras when the library opened the next day. After reviewing camera, the description matched that of Leanna Forrest. I asked dispatch if she had any prior record with us and it came back with no result. On February 28, 2013 Leanna Forrest had entered the library for the first time since the incident; Sgt. Mark Tracy approached her and told her not to come back till she received a letter in the mail saying when she could come back. He wrote down her information and she left with no further incident.

Incident Information: On 10-22-13 at approximately 1230 I was reporting for work, and was informed from Ernesto the Custodian that there was graffiti in the men's bathroom. He advised me that he cleaned it up and that Allison Fiscus the Assistant Branch Manager had taken pictures of it. While looking at the pictured I noticed what the graffiti said. The first one said "Dick Suckn Hoez" on the stall wall. The second picture was in the second stall and it said "SP598 Diverse Gang." Ernesto advised me that it came up really easy and that it was done in black marker, but not a very strong one. No further action taken at this time.

Incident Information: While in dispatch office, Amber in "Technologies" called and said that her and Lynn had seen a woman's bare butt on a male's screen. I went to the location as DO Marsh checked the cameras. As I approached the location, DO Marsh radioed that he needed to leave, as she had seen a bare chest, as well as Amber and Lynn who called again to report. I asked the individual to log off and leave with me so I could gather information. He denied the allegations and wanted to file a complaint. I told him that he was free to do that but since we have multiple sources confirming his actions, that he would be banned 7 days or longer depending on number of violations. He took my name and badge number and left without incident. I checked in iTrak and found that this was his second offense.

Incident Information: I was dispatched to "Metro" where I was met by Lynn and Marcy who informed me that banned juvenile, Joshua Coleman, came in yelling obscenities such as "Niggers, fuck off". He then went into the game room and asked the patron there if he wanted to go outside and smoke some weed. After the patron (Mario Williamson) said he doesn't do that anymore, Joshua yelled at him calling him a "Damn liar". He then left the library. This was his second reported trespassing incident, both in which he was disruptive and yelling obscenities. Later in the day while on front post, Mario came to me and stated that Joshua had also assaulted him. After finishing my post I reviewed the camera and Joshua had indeed punched Mario. Pictures were saved. Mario had stated that he would like to press charges against Mr. Coleman.

Incident Information: while on patrol I observed the suspect (Carter, Christopher) using the library computers in pop-teen. I recognized him as the suspect because I have been to court for the suspect, and have also told him many times during his current banned that he is not allowed on library property. The last time the suspect was on library property I served him a copy of the ban letter, and explained that next time he came on library property while being banned; I will charge him with criminal trespass.

I then checked with dispatch to see if he was currently banned from the library. Dispatch came back saying that the suspect was currently banned until July 2013. I then approached the suspect and asked him to follow me to the DT room. Once in DT DS. Gonzales obtained the suspects information explained that he is going to be charged with criminal trespass. DS. Gonzales also explained the whole process to the suspect until the suspect understood what was going on.

Suspect was then released. Suspect left the library without further incident.

Incident Information: On 3/2/2013, at approximately 1340 hours, I was notified by two patrons at the Sanger Branch Library that a black colored SUV struck another parked vehicle, a blue colored Jeep Compass (FNF7939) and left the scene of the accident. The witness, Wanda Allen and Chavonne Stewart, both described the suspect vehicle as a black colored SUV with a black male driver in his 40's. Neither Allen or Stewart gave me any clothing description. Allen stated the suspect vehicle was parked in a handicapped parking space and backed into the victim's vehicle. She said initially she did not know if the suspect actually hit the victim's vehicle, but after he left, she confirmed there was damage to the victim's vehicle. Stewart stated she did not see the collision, but saw the suspects vehicle with the driver in it, as it pulled away from the front of the library. I contacted Main Security dispatch who was able to obtain images of the suspect through the library camera system. Images forwarded to Sanger Branch and attached to this report. The suspect driver appears to be a black male adult, wearing all black clothing (pants,shirt,jacket,cap) and white tennis shoes. I was unable to obtain a suspect license plate from the witnesses or the camera footage. NOTE: The victim vehicle was parked properly and completely in the parking space. Damage appeared to be over \$500.

I searched the library and found him near the wintergarden. I approached him with TPD Kincaid and asked him to come with us to ask him some questions. He willingly came. He told us that the woman he was talking to was threatening him before. He then said to her that if she wanted to fight that they could take it outside. I told him that he could not act that way in the library and that we would have to ban him for his actions.](#)

Incident Information: Suspect KaVeon Vann was escorted to the downstairs bathroom by a Circulation Clerk, Colleen McBride, due to the upstairs restroom being occupied. Another patron who was already using the basement women's restroom when Kaveon was escorted to the men's restroom informed a Staff Member, Mrs. Margaret Hughes, that someone had relieved themselves on the floor. She stated that she called out to alert the person that she was in the stall, but continued to hear the person relieve themselves on the floor. Ms. Hughes and I (Naranda Batey) then went down to see if there was evidence of the incident. We did in fact find urine on the floor at the doorway of the women's restroom. I approached the patron about the incident but he refused and denied any involvement in the incident. He then became disrespectful towards me and other staff members. The Security Guard then asked for KaVeon to leave the branch.

Incident Information: On 3/5/2013, at approximately 1305 hours, I was dispatched to a fight outside of the main lobby doors. When I arrived, I saw two individuals engaged in fighting. A white male adult, wearing light colored clothing was identified by ID as WAYNE ALEXANDER and the other combatant, a black male adult, wearing dark clothing, was identified by ID as EDWARD SCOTT. I announced myself and ordered both individuals to separate from one another. ALEXANDER stepped away from SCOTT and lowered his hands. SCOTT initially did not back down and I had to threaten the use of OC spray. SCOTT continued to ball his fists and stood in an aggressive stance for several seconds before complying. No use of force required. Both individuals claimed the other started the altercation and video evidence of the fight was inconclusive as to who actually started it. Both individuals were actively engaged in fighting as seen in the video. Both individuals were asked to leave the library after their information was obtained. ALEXANDER stated he was going to press charges against SCOTT.

Incident Information: At 12:00pm, patron, Trinidad Celestino, accidentally bumped into Tylamar Reese on his way to his computer. At which point, Mr. Reese loudly jumped up and yelled at Mr. Celestino, "get off me bitch" and saying he bumped him intentionally. When i walked over he said, "Please please just leave me alone bitch". When i asked him to keep his voice down and questioned his language toward me, he accused me of being racist and continued loud and aggressive. Several patrons in the area tried to calm Mr. Reese. Mr. Celestino was very upset and apologized repeatedly. Sanger staff called security and 911. Patron, Mr. Lemore, took Mr. Reese outside and talked to him for about 20 minutes until Toledo Police arrived. The Toledo police officers brought Mr. Reese into the branch to discuss the incident with me and he denied using inappropriate language, but he had calmed down and then left the property.

Incident Information: While on patrol I was called by Cpt. Ervin to talk with the victim (McKimm, Alison) and take a report. I first talked with the victim in central court to find out what was going on, then moved to DT to obtain the victim's information and try to find the suspect (unknown)

Once in DT; the victim stated that while in humanities (in the back row by 11th street) the suspect looked up her skirt. Victim stated that she was sitting at one of the desk in the back row, and on the other side was the suspect (an African American male, dark complected, wearing a black knit hat, dark coat, and possibly dark colored sweat pants). Victim stated that the suspect looked up her skirt then ran away.

I apologized for that happening to her in the library and told her that we will try to find the suspect. The victim thanked us then continued to use the library.

Incident Information: On the time and date stated in this report this office was patrolling outside of Locke Branch Library when I witnessed James Patterson launching a full soda pop can at the building entrance. James saw me patrolling and ran off with one of his friends. James came in Locke two days after the incident. I questioned James on what had happened and he denied the accusation at first then shortly confessed to doing it. I informed James at this time that he would have to leave the library and would be receiving a letter on when he will be able to return. James left without further incident.

Incident Information: At approx. 1:15 on the stated date, I, Ofc. A. Anderson was informed by custodian Mike Brighton, that his co-worker Frank (Dusty) Knop was having a heart attack. I then called 911. When the units responded they stated upon checking him out that they were taking him to the nearest hospital. At this time I informed Sgt. Tracy of the situation. Sgt. Tracy instructed me to log the incident, leave a message for administration as well as the first shift supervisors. At this time I asked Mr. Brighton if there was anyone that I could call in regards to Mr. Knop. he requested that I contact Dave Scanlan, I did contact Mr. Scanlan who informed me that Mr. Brighton could send him an email regarding the situation with Mr. Knop.

Incident Information: Wendy Gray was here filling the candy for the FOL gift store. She had just inventoried the candy when two girls, Nyasia Kynard and Nakiya Owens, stepped up to the counter to buy some candy. She stepped aside for them and they browsed for a bit. They then said they changed their minds and didn't want any. When they walked away, she immediately realized there were pieces missing. She recounted and discovered that 10 pieces were missing totaling \$2.40. She reported this to me. I went to the girls, explained the situation, and asked them to empty their pockets. They pulled out a phone, some pencils, and paper. I asked them again and told them I knew they had stolen candy. Nyasia then reached into her coat sleeve and pulled out two pieces. I asked for the rest, but they stated that they didn't have any more. They gave me their names, and Nakiya's mother/Nyasia's aunt's name and phone, Nicole Cole (419-206-8322) I informed the girls that we would be contacting security and their mother/aunt. I later told Nyasia that she could not go anywhere near the candy counter from now on. I could not locate Nakiya to tell her the same thing. I contacted Nichole, explained the incident, and told her security would contact her after reviewing the incident.

Incident Information: On the date stated in this report, at about 0900 hours, one of the staff members found a wallet belonging to Jamelia Curl. The staff member looked up the name under our database and called Mrs. Curl to inform her about the situation. Today, 03/07/2013, at about 1230 hours Mrs. Curl arrived at the library and asked for her property. A circulation desk staff member gave the wallet to her, and then she requested to talk to me. She stated that her sister, Sharhonda Brown, probably stole her wallet and \$400.00 that she had in it. I told her that one of the staff members found the wallet in the drop box, but we did not know who dropped it off. She mentioned that maybe she did it overnight when we were not here, so she asked me if I could use the camera system to see who did it. I told her I was going to call the dispatch office to make a camera review. I told her that if a criminal case develops with her sister she will need to call the Security Coordinator Mr. Jeff Sabo. She left without further incidents reported. About 15 minutes later someone called the library asking how many times a day we check the drop box and if we found something in it. The staff member that answered gave her general answers, but did not mention the incident involving Mrs. Curl. No further incidents reported. End of Report.

Incident Information: Name unknown/African American Male (suspect) came into Reynolds Coners around 3pm and begins staring at various staff members. He stands behind the Ask Here Desk and simply watches staff members (all female). When asked if he had a question or needs help, he simply stares, sometimes smiles, and just walks away. He then re-positions himself somewhere else with a site-line to the staff. He sat in the Teen Center and stares at Sue Grim at the Ask Here Desk. He milled around the Customer Service Desk and stared at Cynthia Griffin. He followed patrons around the library. He followed Patricia Crosby through the stacks and watched as she conducted a one-on-one tutorial with a patron. He has been in the branch several times before staring at staff and patrons in an unfocused manner and does not respond to our questions. Security was called today but the Suspect had left the building prior to his prompt arrival. Captain Ervin confirmed that we should continue to phone Security when the Suspect enters the building and write up an UOR.

Incident Information: On the day and time stated above, I (S/O Peters) was walking into the Lagrange Branch library after completing my outside patrol, when Lagrange Branch Manager (Andrea) approached me with a camera image off the men's public restroom. The image had shown that someone had spread their feces on the bathroom wall. This incident has happened in the past involving the public restrooms, so Andrea called dispatch to retrieve images of the patrons who entered the restroom during the 0900 and 1000 hour. Dispatch sent two images back which one was taken at 0903 and the other was taken at 0916 in which one appeared to be a juvenile who is a regular patron and the other image shows an African American male walking into the restroom during that hour. Since this incident has happened in the past, I (S/O Peters) wanted to document this incident in case this becomes a habitual or regular offense. No further incident needed.

Incident Information: On the date stated in this report, between 1230 and 1315 hours, i was informed by the branch custodian that he found no toilet paper in the mens restroom. The custodian informed the manager about the incident. I also mentioned to the circulation supervisor about the incident. I called the dispatch to make a camera review. The dispatcher on duty found a few possible suspects. After talking to some circulation desk clerks and custodians we narrowed down the suspects to two white males. One of the suspects appeared in a previous camera review a couple months ago involving the same incident. No further incidents reported. End of report.

Incident Information: while on patrol I was approached by a patron who stated she was being followed by the suspect (Arnold, louis) sitting across from her near the BTS desk. I recognized the suspect immediately as we have dealt with him on many occasions for harassing and following people (especially young children [See Priors]). I then approached the suspect and asked him to follow me to the DT room.

Once in DT I called unit 66 (DS. Gaston) who checked the suspect for warrants. Suspect was then summonsed. I then asked him to stay out of all of the T-LCPL until he received a ban letter in the mail.

Suspect left the library without further incident.

Incident Information: On 3-12-13 at 1930 Richard was asked to leave the library on behavior issues along with another juvenile. As he was leaving he chose to remove the lid off of the sewer, in the alley between the library building and parking lot, and put another juveniles coat in it and leave it open. The city had to be called to place the lid back on because it was dangerous and could not be seen after dark. Police report made 3-14-13.

Incident Information: On 3/12/13 at approximately 1305 hours I observed Jeremiah Johnson enter the Mott Library. Jeremiah walked in and went to a book shelf. I went into the back room and called dispatch. I advised dispatch of the situation and asked for another Officer to come to Mott. When I exited the back room I observed Jeremiah had left the building. I called dispatch and advised them of the situation. I was advised by Mrs. Judy Jones that Jeremiah came into the Mott Branch on 3/11/13 sometimes in the morning before 1130 hours. Jeremiah is currently banned from the library.

Incident Information: Ms. Jones said she was on PC #19 (by picture books), minding her own business when one of three women called her stupid. She said the three women had followed her into the library. Librarian Susan Grim saw that none of the women was paying attention to Ms. Jones and told her that Susan Grim couldn't speak to someone without knowing who had spoken to Ms. Jones. Two or three minutes later Ms. Jones came to the desk and said one of the women had done it again and called her a monkey. She pointed to a young mother who was with her young son looking at picture books. The woman showed a book about monkeys she had just found for her son. Ms. Jones said "monkey" was a nasty term that used to be used for blacks and she wouldn't put up with being called that name. Susan Grim assured her that the young woman had been talking to her son, but Ms. Jones insisted it was Susan Grim's job to talk to "these kinds of people", and that Ms. Jones had once been banned for talking to a patron about being nasty. Susan Grim told Ms. Jones she'd take care of it and advised two of the women to move farther away from Ms. Jones. The third was already checking out. NOTE: Clerk Supervisor Patty Kessler reported that Ms. Jones had approached her about an adult white woman who was with a young black boy. Ms. Jones said the woman had told the boy to "go ahead" and that the woman was pointing to Ms. Jones

Incident Information: On 3/14/2013 at approximately 1900 hours, I observed a male patron, later identified by Library card as STEFAN LINO, running through the main court of the library towards humanities. I warned him earlier in the day for his disruptive behavior (noise) and he has continuously been disrespectful, using innappropriate language and raising his voice when confronted. On this occasion, when I told him he was out for the day, he asked me "why?" and then as he walked away told me to "fuck myself" and said loudly as he exited the library "I don't give a fuuuuuuck!"

On 3/15/2013, I saw STEFAN again and after obtaining his identifying information, I informed him that he was not to come back on to this or any other Library property until he received a letter in the mail. I told him that if he did come back on to Library property, he could be arrested for trespassing. I explained to him that if he felt the letter or time of eviction was in dispute, he could send a letter to the address listed. At this point, STEFAN jogged at a fast pace out of the Library without further incident.

Incident Information:

Attached is a description of an interaction that I felt should be documented.

After over a week and a half of phone tag, on 3/14/2013, I had a discussion with Jeff Sabo and Justin Fisher re: Continental Security Guard, Bryan Smith's performance. I explained that I had spoken with Niki Naylor a few weeks prior about some concerns with this new guard's performance. Niki said to give him a chance, to work with him and to do some on-site training. Despite additional time, several discussions about expectations and appropriate ways of handling various situations; Bryan's behavior demonstrated that he was not an appropriate match for the library security position. I elaborated on a number of concerns regarding his behavior and performance.

On 3/15/2013, I received a phone call from Bryan Smith who was upset because his Continental supervisor told him that he was asked not to return to the Library. He wanted to speak to me and ask me specifically what was wrong with his performance and why I didn't tell him that he wouldn't be back in person.

I reminded him that we had had several conversations about his performance and that we had discussed the expectations for the library job and that he was just not the person for this job right now. He appeared upset repeating that that I was "messin' with his livelihood". He went on about the fact that he had "lots of experience with people, all kinds of people." He said he'd been "all over the world in the military and in Afghanistan" and that he "probably had more experience with different people than I did". I said it sounded like he was upset and I understood that, but that it was not personal, that he just wasn't the person for this job at this time. I explained that I had to attend a meeting and ended our conversation.

Incident Information: Roberta Jones was in on Saturday, about 10 am asking for addresses for U.S congress people. She used the pc for abt. and hour, then wanted more time to finish email. After much nagging Librarian Susan Grim gave her 10 more minutes, saying that's all, no more. Her email (to a congress person's website) wouldn't send. S. Grim told her it was a problem with the website. She wanted to print the email but ran out of time. Ms. Jones signed back in and again tried to send a message through the same website and asked for help 4 times. The message still wouldn't send. She tried to print the message anyway, but the sire wouldn't print the whole thing. She insisted S. Grim print the message, but it still wouldn't print. She wanted to know why, but S. Grim couldn't tell her. Ms. Jones insisted? I don't know. Why? I don't know. Repeated- ma'am I haven't the foggiest idea why it wouldn't print the scrolled down screen. Why won't it send? It's a Web problem. Repeated the conversation four or five times until Ms. Jones finally left. About 1 1/2 hours later she came back. She had called the congressperson for an email address. Ms. Jones first insisted S.Grim send the email for her, when S. Grim refused, Ms. Jones wanted lots of help with her email. She sent the email and wandered the building for awhile, then left. Note: S. Grim noticed that Ms. Jones had an open notebook sitting next to her in which she wrote down any activity around her which seemed to be negatively aimed toward her (even when it had nothing to do with her). She wrote in it twice while being helped on the computer.

Incident Information: Witness statement: Barb Trevino-Toilet paper has been consistently being taken from the men's restroom, several suspects have been being watched, today before Mr. Maxner used the men's restroom, Thomas Bell made sure that there was still tissue in the men's stall. After Mr. Maxner left the restroom, Mr. Bell went to check and there was a large amount on the floor and the remainder of the roll was gone. Mr. Maxner immediately left the building. On the date stated in this report, at about 1330 hours, i was informed by Thomas Bell, a staff member, that he found out who was the person stealing the toilet paper. In previous weeks we had a problem with toilet paper disappearing from the men's restroom. Upon further investigation and camera reviews i was able to determine two possible suspects. In the past week i was checking the mens stall several times a day to make sure no one was stealing the toilet paper. I followed two suspects before and double checked the mens stall after they left to see if i could catch them in the act. Today, 3-16-13, Mr. Bell checked the mens restroom and saw toilet paper in the stall. Then Barb Trevino noticed that Mr. Maron Maxner, which was one of the suspects from my list, was using the mens restroom. She informed Mr. Bell to double check that he was not doing anything out of the ordinary. Mr. Bell noticed a lot of tissue on the floor and then walked out. Mr. Bell found no toilet paper in the stall and then he immediately informed Mrs. Trevino, his supervisor. Mr. Maxner left the property before they could talk to him. Mrs. Trevino wrote the witness statement mentioned above. I called the security dispatch to inform them about the situation and to make a camera review about the incident. The dispatch on duty sent pictures of Mr. Maxner and Mr. Bell walking in and out, which matches the statements mentioned above. No further incidents reported. End of report.

Incident Information: Today Heer called and wanted me to pass-on the following.

Mother - Nicole Cole (419) 206 - 8322

Children - Nyasia Kynard (Banned)

Nakaya Kynard (Banned)

Zion Kynard (Not Banned)

Sanger branch has these kids that are dropped off by the mom and are never supervised. A week ago or so the two girls stole candy from the FOL kiosk.

Today the two girls came in and were served their ban letters, and were then told to wait outside for their ride (their ride was already on the way). PSO. Heer had them sit on the bench and wait. While Heer was standing outside with them he saw a car pull up and the two girls ran up to the car and started talking to the driver. Heer assumed that the car was their ride and walked inside. Ten minutes later the mom pulls up and says that she picked the girls up at the park near by, and is very upset because the kids were unsupervised

Heer wanted to give you a heads up cause the mom will probably be trying to call you. also erin tried calling the mom a few times but never answered. Erin wanted to know if you could call and find out the scoop then let her know whats going on.

Incident Information: [At approximately 6:00p.m. Harrison Hillard was in the main library between the wintergarden and the main court yelling toward a friend of his who was about fifty feet away. I visually signaled to Harrison to lower his voice and keep it down. At this point he put his hands up in the air, appearing to be frustrated with his friend, he said loudly, "Aww Fuck This". As he walked out to the front of the library, Jeff Sabo heard Harrison continue to swear as he exited the building. I went outside and asked Harrison to speak with me and Mr, Sabo and i let Harrison know that being loud and using profanity in the library is inappropriate and against our behavior guidelines.](#)

Incident Information: At approximately 10:15a.m. Tuesday morning a female patron entered the Lagrange branch library asking for the copy machine. She had an aggressive demeanor. She sat at a table in front of our reference desk making a phone call. The call was disruptive, but the patron was not approached until she walked past the circulation desk reciting a variety of profanities. At which point I, Amber Kroggel, supervisor, approached the woman now sitting at the table again and stated, "im sorry, but we can not have the language in the library". She said, "you better step away, you don't know whats going on". I then stated, " i appreciate your consideration for the rest of the people in the building". She discussed her frustrations with the person accompanying her and made aggressive comments in nature directed at me. I alerted the other staff of the situation and contacted security. They were unable to send our road patrol because "there is no one to send". So TPD was contacted by dispatch. Dispatch monitored the situation via cameras. The aggressive behavior continued while the patron demanded help with the copier and became verbally abusive with the remainder of the staff. Once copies were complete she left and i advised dispatch to cancel the call to TPD, but TPD arrived within minutes of her leaving. No further incident.

Incident Information: A young male and female entered the building around 10:30 a.m. on Monday 3-18-13. The male was wearing a blue winter hat. They came in talking loudly and using mild profanity. The male approached the reference desk to ask about getting a card. When he found out he did not have enough information with him to get a borrowing card he spoke to the female about it. They expressed their feeling that the rules were unfair but were placated by getting a Internet card. A few moments later the male approached Andrea Hudak and said, "hey do you guys have security"? I said yes and he replied, "where? I don't see them". Andrea said security would arrive shortly and inquired if they needed assistance. He said, "no". Directly following this conversation the female began texting and both young adults went to the lobby area and looked out the window. Andrea called security dispatch at about 10:40 a.m. to report this strange question and asked if someone on the road could come by. Andrea also checked to see if either patron was listed on the banned patron list since that would be a reason to be interested in whether security was in the building. The patrons were not on the list. The behavior caused concern that there may be reason enough to suspect that a fight would occur, again based on the questions about the location of security and the location of the patrons. Two other young men (unidentified, but also wearing blue) came in and made enough noise in the teen area that they were asked by Andrea Hudak to reduce their noise level. Veronica Mitchell and Andrea Hudak were the only two staff member in the building during this series of events. Bill Ervin arrived a little after 11:00 a.m.. Bill was able to address some more disruptive behavior in the teen area, and quickly after his arrival the female and male left. Bill waited for Off. Peters to arrive before leaving the branch.

Incident Information: On the above date and time, this officer was on patrol near the front doors when i noticed a girl, later identified as Kevia Smith, checking out movies. As she proceeded to walk past me i noticed that not only was her receipt for two movies (she had five (5) movies all together) but that there were two movies that i told her she couldn't get more than ten minutes prior. I told her that she was trying to steal them and she stated that she was going to rent the on her sisters card who is twelve. I repeated to her that they were adult movies and that she was too young to rent them out. I called dispatch for a check and it came back with no prior history. She left with no further incident.

Incident Information: On 3/20/2013 at approximately 1040 hours, I responded to the Main Door Desk for assistance. I spoke with Officer JOHNSON who informed me that a patron, later identified by Ohio ID as JEFFREY LAUHARN, was complaining that some money had been stoled from one of the lockers in Central Court. JOHNSON also told me that JEFFREY smelled like alcohol and appeared "out of it." I contacted JEFFREY at the door to the dispatch center and noticed JEFFREY did smell strongly of alcohol. JEFFREY was belligerant and was stating he was going to sue the library and me for his lost property. I informed him that there is a sign above the lockers stating the library is not responsible for lost or stolen property. JEFFREY was not accepting of my explanation and demanded my name and Dispatcher GOZDOWSKI's name. After I gave him my name I told him that at this point, based on his behavior and innapropriate language that he had to leave for the day. I welcomed him to come back to the library the next day and said he could file a complaint if he felt the need. I escorted him to the lockers to retrieve his belongings and after he took them from the locker, he then refused to leave the library. I told him again that he had to leave for the day, but he could come back to 0900 hours on Thursday. He then said he wanted to speak to the head of the library and said he would not leave until he got some answers. I gave him another opportunity to leave and told him if he refused he would be arrested for trespassing. At this point, he again refused to leave, so I told him to place his hands behind his back. When I took control of his left wrist, he spun to the side of me and grabbed hold of my gun belt. He stuck his left hand in his pocket and I told him to put his hands behind his back and keep his hands out of his pockets. JEFFREY freed his hands from my grasp and grabbed onto my right arm and belt. He began twisting my fingers and I told him to "let go of me" and "stop resisting." When JEFFREY did not let go and began hurting my fingers, I struck him with a closed fist several times in the abdomen and he released me. I was then able to manuever behind JEFFREY and grabbed on to both arms, pushing him to the ground. At this point, Officer GANKOSKY, Captain ERVIN and Chief FISHER came and assisted in bringing JEFFREY's hands behind his back. I placed him into handcuffs (check fit and double lock) and then JEFFREY was escorted to the DT room for Toledo Police.

Incident Information: A patron reported seeing a black female in her 20s approach a black station wagon. She proceeded to give the person (black female) behind the wheel a wad of money. The person was parked by the bicycle rack. They counted the money and then left the parking lot. Patron made the assumption it was drug related. I phoned security, the cameras could not pick up anything by the rack. They could only view the lot pointing away from the handicap parking spaces.

Incident Information: On the date and time stated, While on patrol i was dispatched to BTS for two (2) patrons arguing. Off. Thomasson and I both arrived in BTS when both individuals were back at their computers. We took each of them aside when Mrs. Leech explained to me that Mr. Burton had kicked her so she kicked him back and thats when they both got up and started cursing and yelling at each other. Mr. Burton explained to Off. Thomasson that he accidentally kicked her and after she kicked him back they began arguing. Library staff stated that Mr. Burton was calling her a bitch and Mrs. Leech was calling him a fag and that they thought they were about to fight. Both Mrs. Leech and Mr. Burton were escorted out and there was no further incident.

Incident Information: On the date stated in this report, at about 1430 hours, a patron reported that there was a fight in progress in the parking lot. The patron was so frightened about the incident that she barely described what happened or wanted to talk about it because she saw Mr. Glen Williams, which was the victim in the incident walking into the library. Capt. Ervin and I walked out to check the premises. I observed Mrs. Briana Thomas taking a license plate off a red vehicle. I approached her and asked her who was fighting. She stated that no one was fighting and she was ready to leave. I asked her if she was the person I talked to earlier about another incident and she confirmed it. Mrs. Thomas drove away, so I approached Mr. Williams because I saw him screaming on the phone. He stated that his girlfriend, Mrs. Thomas, took the license plate off the vehicle he was driving. I asked him who the vehicle belongs to and he stated that he paid for it, but the title is under her name. Mr. Williams called her on his cell phone and handed me the phone. I told her that she needs to bring the license plate back so he can drive again. After a few minutes Mr. Williams decided to leave the property. He drove the vehicle without license plate. No further incidents reported. End of report.

Incident Information: On the date stated in this report, at about 1230 hours, one of the staff members told me that Mrs. Briana Thomas called to let us know that someone scratched her vehicle's right front passenger door. She asked the staff members to let me know and also to see if I could do a camera review. I called dispatch and let them know that between 1500-1700 hours, Mrs. Thomas' white Chevy Malibu was parked upfront. The dispatcher on duty reviewed the camera and she could not find her vehicle because the camera was aiming at a different direction. I called Mrs. Thomas to inform her, she agreed with the situation. No further incidents reported. End of report.

Incident Information: Around 5:00 on the day in question the victim left the library to discover that his bike was gone. The witness listed was with him at the time of this discovery. Victim doesn't remember exactly how long he was in the library building. He had left the bike across the parking lot, over in the grass near the bushes on the north side of the parking lot. He came in the following day, Saturday the 23rd, around 4:45 to report the loss and ask whether the area in question was covered by the security cameras. I advised him that that area is too far away to be covered by our security footage.

Incident Information: On the day and time stated above, I (S/O Peters) was doing my 1500 hour outside perimeter patrol when I noticed that the white house that the library owns had been broken into. Every time I patrol the house I look into the windows along with shaking the front and back doors to verify that they are locked and secured. When I walked into the back yard I had noticed that the back door was halfway opened, when I walked up to the door I had noticed that it was missing the handle and lock to keep the door shut. After informing dispatch of what I had seen, dispatch then sent out our road patrol officer (Capt. Ervin) who reported to the Lagrange Branch Library. I S/O Peters along with Capt. Ervin walked over to the house and entered the building through the broken back door. We noticed that there were items missing including the kitchen sink, faucets, and electrical box. After identifying the house as being cleared we then left the property and reported the information back to dispatch in which they had said that they were going to send Maintenance out to board up the back door. No further incident.

Incident Information: On 3/25/13 at approximately 1930 hours Rebecca Robert informed me that a patron had called her mother for her to come and pick her up from the library. The patron felt that a group of teenage girls were heading towards the library to jump her when she left the library. I spoke with Sade Rosalez, she informed me that her sister had called advising her of a group of girls that were headed in the direction of the library. Sade advised that one of the girls had stated she wanted to fight her. Sade's mother, Virginia came and picked her up. I did not see any group of girls come near the Mott Branch Library. Incident Information: John Self called to inquiry about his fines he claims his fines doubled, I explained to him that they did not these are old fines on his record from 6/2010 and 8/2012 he has not made a payment since August of 2012. His fines are a total of \$2.85 he said it was \$2.40 and he wants to know how that happened. When I told him that he got verbally abusive immediately and would not let me talk telling me he was going to come down here so he can "fucking hold my hand and tell him why his fines went up", he also stated he "hoped I would be fired because I don't know my fucking job" and he was going to "kick my ass!".

Incident Information: While on patrol I was approached by the Victim (Walker, David), and the Witness (Wadsworth, April). The victim and witness stated that the suspect (Batway, Roxanne) put her hands on the victim and was cursing at him.

The victim stated that he was being harassed by the suspect and asked that we have her removed from the property.

I then approached the suspect. I tried to get the suspects address but she was crying loudly and could not focus. I asked her to leave the library for the day, and explained that she may be banned for six months and that she will be receiving a ban letter in the mail.

Suspect left the property without further incident.

Incident Information: On stated date and time, Subject(TUCKER) approached unit 119(johnson) and asked that a officer come to main door desk. I was called to a dispute and upon arrival SUBJECT(TUCKER) stated "This mother fucker put his hands on me, and he has been following my ass all day." I immediately stopped SUBJECT(HATFIELD) as he was trying to leave the scene. I then called unit 109(GANKOSKY) for help in keeping the subjects separated. I then asked where this incident had happened, and went into dispatch and reviewed the tape. Upon reviewing the video you can clearly see both subjects arguing and SUBJECT(TUCKER) putting her hands up trying to keep SUBEJCT(HATFIELD) away from her. Unit 109 escorted SUBJECT(HATFIELD) out onto North Michigan and stated "Check in with security the next he comes in to see if their has been a ban put on you." As for SUBJECT(TUCKER) She was told she could expect a ban letter and to also check in with security the next time she comes in. Nothing further to report at this time.

Incident Information: On 3/27/2013 at approximately 1330 hours a patron, identified as Kenya Delaurence, approached me and handed me a piece of paper. I opened the paper and it stated "Excuse me, sir, something bad happened but I don't know what to do. Could you please help me...? I don't know if anything can be done." I escorted Kenya into meeting Room C, so she can tell the situation. Kenya advised that she was sexually assaulted by a male subject on her way home from church. I stopped Kenya and advised her that I was just security for the Library and asked her if she wanted me to contact TPD. Kenya asked me to call TPD. I went to the back room and called TPD. I advised Mrs. Judy of the situation and called Dispatch and advised them of the situation. Mrs. Judy and I went into meeting Room C. Kenya advised that she was sexually assaulted off property by a known male subject. TPD came to the Library at approximately 1350 hours. TPD Officers took Kenya out to their patrol car.

Incident Information: On the date stated in this report, at about 1345 hours, Mrs. Barb Trevino, the circulation manager, told me that a group of people were arguing and ready to fight outside the library. I proceeded to walk outside and check the perimeter. I found a group of five African-American males outside. One of the suspects was walking towards me, so I asked him who was fighting. He stated that no one was fighting. I asked another one of the males and he answered the same thing. Finally, I asked a third suspect and he stated, "We were just sorting things out and no one was fighting." In the mean time, Mrs. Trevino was calling 911 from her cell phone because she did not know if the five males were going to start fighting with each other or myself. I told the group that the Toledo Police were on their way and the decided to leave the property. No further incidents reported.

Incident Information: On the listed time and date, AC Fisher and myself were notified by Ofc. Johnson to stop the patron who was walking out the door. Once I saw suspect, Mr. Thornton exit the library, I told him to stop. Suspect then proceeded to run down Michigan Street towards the Madison carry-out. AC Fisher and I then gave chase after suspect after verbally telling suspect to stop numerous times. AC Fisher and I then caught him at the carryout and was brought back to library where Deputy Gonzales met up with us to discuss what had occurred in the library. We were informed that suspect had asked to have his time extended on the computer and was impatient with library staff, so suspect then became belligerent and began taking photos of the employees. This is strictly prohibited in the libraries. Suspect was then explained our policies regarding this and he will most likely be banned from all libraries for a period of 6 months. No further incidents occurred.

Incident Information: On the above date and time, this officer was on patrol near the computers when I gave a teenager, later identified as Jacobi Lawson, his third and final warning then instructed him to leave. When his computer was shut off he got up from his chair as I followed him towards the door. While I was behind him he started to walk the opposite direction of the door and that's when I reached out and grabbed his arm and told him to leave again. He pulled away and began to say not for me to put my hands on him or he would swing on me. I put my hands on him once more to push him out of the door when he turned and said, "I'm going to get someone I know to fucking kill you." As he was leaving he showed me his middle finger and then left with no further incident. I talked with dispatch to see if he had any prior occurrences and there were none.

Incident Information: On 4/1/13, at approximately 1600 hours, juvenile CABARRE WRIGHT was observed hanging from one of the upper rungs on the gazebo in the children's area. The rung broke away from the gazebo and fell to the floor. There was a carved bird that also fell to the ground when the rung broke. I contacted CABARRE at the gazebo as he tried to pick up the pieces of the damaged property. He told me hi smother was coming to pick him up. Initially he said he was not swinging on the rung and it just fell. When i told him it did not just fall and that i saw him hanging from it, he admitted he was hanging on it, he admitted he was hanging from the rung when it came loose. I spoke with CABARRE's mother, NATASHA DUNN, outside of the library. David stated to me that there was a female patron he was helping before and that there was no way he could have lost a dollar in the copy machine. Suspect had left for 30 minutes and the returned to the copy machine where he stated he lost his money. David was helping other patrons at this time and walked away from Mr. Williams. Suspect became very upset and started yelling at David Topoloski. I then asked Mr. Williams to follow Ofc. Blair and I in to the DT room to explain his side of the story to us. Mr. Williams was very upset and did not want to talk to me and walked out. I then asked Mr. Williams to leave the building on numerous occasions. He refused to leave and began yelling and creating a disturbance in the central court. I then guided Mr. Williams toward the exit where he refused by swinging his arms. Ofc. Blair and myself the place Mr. Williams in cuffs and escorted him to the Detention room. Toledo Police were called due to the patron refusing to leave the library property when asked to do so. Subject was checked for WW and released by Toledo Police. Suspect was informed that he will possibly be banned for a period of one (1) year due to his unruly behavior. No further incidents occurred.

The Librarian(JAGOS) was frustrated with SUBJECT(MATHIS) for being extremely vulgar and calling her and her staff racist. This is not the first time we have delt with SUBJECT(MATHIS) he has always been a issue every time he comes into are library. He has also been repeatedly kicked out for the day, and day bans have not been successful with correcting his bad behavior. Later on in the day at 1923 SUBJECT(MATHIS) was able to sneak back into the library and go into the children's section on the second floor. And was looking up pornographic movies on the computer system. I was given this information by Liberians(JAGOS). From what I have gathered the Liberians here will be wiping out his pin#. nothing further to report at this time.

Incident Information: On the date above Toledo Police notified the South Branch that they had received a 911 hang up from our location. This Officer requested dispatch to review the camera in the lobby. This Officer approached a group of kids who were just in the lobby near the pay phone. Suspect (Ms. Chatmon) admitted that she was the one who called. Information was gathered from Ms. Chatmon and dispatch sent over pictures of the incident. The Officer notified Ms. Chatmon that she was going to be banned for a period of time from all Toledo Lucas Libraries and that she would receive a letter stating when she can return. Suspect left without further incident and report was made.

Incident Information: On the day and time stated above, I (SO Peters) was patrolling the inside of the Lagrange branch library when circulation manager (Amber K.) had approached me. She stated that during 1200 hour a patron approached her to ask if watching pornography was ok to watch in the library. Amber then told the patron that it is not appropriate; the patron then told her that computer #15 in which Tyler Hartman had been sitting was watching inappropriate pornography. Amber then approached the suspect and asked him if he had been watching pornography in which he stated yes. She then told him that he was in violation of the libraries code of conduct for watching inappropriate material, and asked him to leave for the day. No further incident necessary.

Incident Information: On the day and time stated above, I (S/O Peters) was patrolling the inside of Lagrange branch library when victim, (Jesse A. Wright) approached me and let me know that his bike was stolen around 2000 hours. He had stated that his bike was not locked and said that he continued to check on it until he was ready to leave when he noticed his bike was missing from the bike rack out front. I then checked with dispatch to review the camera images between 2000 and 2010 hours. The pictures that were sent back to branch manager (Andrea H.) showed an African American male wearing a black coat with silver sleeves leaving the Lagrange branch library at 2005 hours and getting on the victims bike at 2006 hours. I had told the victim that if any information regarding his stolen bike would appear that i would let him know. No further incident.

Incident Information: On 4/3/2013 at approximately 1200 hours, I was dispatched to the door desk to assist Ofc. JOHNSON with a complainant. Upon my arrival, I contacted the complainant DUSTYN LAMB, who stated a black male adult, later identified as ARLEN STEVENSON was harassing him. According to LAMB, STEVENSON, who he described as a black male in his 40's, wearing black tennis shoes with green writing and a michigan baseball cap, approached him and asked him where he got his jacket. STEVENSON asked several questions about LAMB's clothing and at some point suggested that they "get together" and hang out. According to LAMB, it appeared as if STEVENSON was asking him to engage in sexual activity with him. Feeling uncomfortable, LAMB walked away and sat down at a computer desk to do school work on his laptop. LAMB stated that STEVENSON followed him over to the desk and also appeared to be under the influence of something and was not making a lot of sense. LAMB said STEVENSON flashed him a large sum of cash and told him he "hustles." STEVENSON eventually asked LAMB to give him a call sometime. When LAMB left the area to alert security, he picked up his jacket, which was draped over a chair at the desk and found a piece of paper in it with "STEVE's" number in it. At this point, LAMB alerted security.

After speaking with lamb, we walked back towards humanities and he pointed out STEVENSON to me. He was wearing the described clothing. I contacted STEVENSON who was cooperative, but gave conflicting information about his encounter with LAMB. He stated that the LAMB actually approached him and told him he worked at FedEx and asked for a cigarette. STEVENSON said initially that he always comes to the library and never talks to anyone and never bothers anybody. Later, he told me he hadn't been to the library in a while and does not come to the library very often. STEVENSON's account of what happened was very sporadic and inconsistent. When I asked him about the piece of paper with the phone number on it, he immediatley became defensive and said he doesn't do stuff like that. The phone number STEVENSON first gave me was 567-302-3499 and the second time he gave me his number, he said it was 567-322-3099. The number on the piece of paper was 567-315-5236.

I had LAMB write a witness statement of what happened and attached it to this report.

Incident Information: On 4/3/2013 at approximately 1610, I was informed by Library Staff that several white or hispanic male juveniles on bicycles were prowling in the parking lot, touching vehicles and looking into vehicle windows. I was not present to witness this behavior, however, Library Staff (Fiscus) came outside and confronted the juveniles. Fiscus told them they had to leave the library property for 24 hours and as they departed, they used inappropriate language towards Fiscus. Fiscus informed me that they were actually looking inside her vehicle while in the parking lot. I contacted Main Library Security and Dispatcher Marsh received the surveillance footage to get better suspect descriptions. Office Marsh found pictures of the suspects and forwarded them to Fiscus' email. Suspect pictures attached.

Incident Information: Kim Cornell came into the library at 10:15 to report that she had hit a silver kia in the parking lot with her car. We found the owner, Althea McClelland, and went outside together to inspect vehicle. The bumper was already off the car prior to today. The damage done today was a scrape on the paint about 1 and 1/2 feet long on the drivers side. Ms. Cornell and Ms. McClelland exchanged names and numbers (showing drivers licenses) and a photo of the car was taken with Ms. Cornell's permission.

Incident Information: Lisa Brown complained to Heidi Yeager, a librarian, the Cori Dixon was harassing and flirting with her 13-year old son, Kai Brown. Heidi asked if she could wait a minute so the manager could talk to her. She said no, and that she wouldn't return until the situation had been taken care of and left. They are regular patrons. I had never seen Ms. Dixon talking to either Lisa or Kai. I checked with the clerks, and they had never seen her talking to them either. I called security, and Captain Bill Ervin came to Sylvania. We talked to Ms. Dixon in my office. She mentioned that an incident had happened in her apartment two years ago, and she had been trying to be friendly to Lisa and Kai. We told her to avoid Lisa and Kai Brown while she was in the library. It is believed that the complaint is unfounded at this time.

Incident Information: Around 8pm a patron passed suspect on a porn site and notified /info desk. Robin Dodd (librarian) let me (Connie Dixson) know of this and I walked over to him to tell him to exit out of the site he was on ad that we do not allow that behavior at the library. The suspect then went on to look at our cd collection and checked out items at our express check.

Connie also reported that when she told him to exit out he continued to stay on the internet for five more minutes.

Incident Information: On 4/5/2013, at approximately 1530 hours, I was dispatched to a report of a male patron viewing sexually explicit material in the Pop/Teen area of the main library. Upon my arrival, I observed a male adult, later identified as JAMES ROBERT METTER viewing pornographic material. I told him to log off of his computer and escorted him to the DT room where I obtained his information. METTER was cooperative and I explained to him that he would most likely be banned from the library for thirty (30) days for his behavior. I also told him that the next time he was caught, he could get banned for six (6) months. I explained to METTER to check back with security in a few days to verify his status. I explained to METTER that if he returned to the library or any library property during his ban he could be arrested for trespassing. METTER then left the library without further incident.

Incident Information: Patron who frequently calls with various questions sent Patricia a letter addressed to her at the Waterville Branch Library with no return address and unsigned. Patricia knows it was from this patron because he mentions a question he recently asked her over the phone. Patron sent Patricia another letter a few years ago, which was turned into security. Patrons questions over the phone wander from subject to subject and sometimes are nonsensical. Patron has said a few times he plans to visit Waterville. His calls have come from various locations; they used to frequently come from Akron, Ohio. His name has not been ascertained. Patrons voice sounds as if he may be African-American and Middle-aged or older. Staff will try to note the phone number when patron calls next time. The letter the patron sent is attached.

Incident Information: On 6 April, 2013 at approx. 1515 hours, front desk Officer Pam Johnson observed and then called dispatch that there was a possible fight across the street from the library, I was the first to respond. As i observed the two black males i went across to the parking lot to separate them, as they were getting ready to fight. Once i identified myself they broke it up and one male complied with my orders to leave the area without incident. The second male who was later identified as Muaath Ibn Kamal Najib ssn#287-90-0774, OLN # TH510802, 8/01/1989. We escorted back onto library property as he still had belongings in one of the meeting rooms. Once on property Mr. Najib became very belligerent and verbally abusive to me as i was trying to calm him down and get his side of the story regarding the incident. Mr. Najib at one point challenged me to a fight and balled up his fist as if he were ready to attack me. Once his identification was obtained i ran him thru Lucas County Sheriffs Office Dispatch, he is not currently wanted for warrants. I advised Mr. Najib that he would be banned from all library properties county wide and not to return until the date identified in an official letter given to him from the security operations coordinator.

Incident Information: On 4/10/2013, at approximately 1005 hours, I was on routine patrol when I observed a male adult in Pop/Teen on computer #11 viewing pornographic material. Sgt. TRACY retrieved the suspect's information while I escorted him to the DT room. I asked the suspect his name and at first he was hesitant but then told me his name was "DAVID STRATTER" (using that spelling) I asked him for picture ID and he refused to cooperate. I told him he violated the Library's computer policy and though he was free to leave, he would not be permitted in the library unless he identified himself. Just then, Sgt. TRACY arrived with a printout of the suspect's information, identifying him as DAVID D. STROUGHTER (\$71.99 in unpaid fines). At this point, I told the suspect we had the information we required and sent him on his way. As I escorted him down to the promenade, I explained to him that he was banned from library property and told him he could be arrested for trespassing if he returned, at which point, STROUGHTER said "Fuck you, asshole, I get it!" STROUGHTER got into an older cream colored vehicle with CA license 6FIL969 and squealed his tires as he approached the exit gate. When the patron in front of him inserted their validated parking card and exited after the gate lifted, STROUGHTER accelerated quickly before the gate lowered, without paying for his parking.

Incident Information: Jenny Connors noticed porn on the screen of PC #5, being used by Chloe Rork. I asked Adrienne Amborski to walk by and double check. Adrienne came to Karen Wiggins and reference desk to report porn on the screen. Karen went to Chloe and told her this was inappropriate, and that she should shut down the terminal and she was banned for the rest of the day. The address on Chloe's card does not coincide with her brother (Spencer Rork), who is generally here at the same time. Her card indicates a Toledo address and phone, with her mothers name, so the phone may be incorrect as well. However, they both seem to live at the Waterville address, which is only one block away from the branch.

Incident Information: On 4/11/2013, at approximately 1230 hours I observed a male patron, later identified as EDWARD WILLMARTH, viewing pornography on computer #18 in Humanities. I observed his behavior from the dispatch center using surveillance cameras. I confronted WILLMARTH about his behavior and he acknowledged that he knew he was not supposed to be viewing pornography and told me he had been banned recently (7 days) for the same behavior. I informed WILLMARTH that because of his prior behavior and as a result of today's incident, he would be banned from all TLCPL Libraries and property for a period of thirty (30) days. WILLMARTH stated he understood and left the library without further incident.

NOTE: Earlier on this date (4/11/13), Librarian BRIAN in humanities told me that he had recently banned WILLMARTH from the library for (7) days for viewing pornography and warned him on another occasion for viewing pornography.

Incident Information: On 4/11/2013 at approximately 1525 hours, I observed a male patron, later identified as JON PERKINS, viewing pornography on computer #62 in the Pop/Teen section of the library. I escorted him off to the side and confronted him about his behavior. I explained to him that he would be banned from all TLCPL libraries and property for seven (7) days. He told me that he understood he should not have been viewing pornography on the computer but assured me he was simply deleting photos off of his flash drive because he was trying to turn his life around. PERKINS was cooperative and provided me his information. I escorted him out of the library without further incident.

NOTE: Upon further review of incidents involving PERKINS, I discovered that he had been banned from the library twice before for viewing pornographic material. I completed a ban letter for a period of six (6) months for his third violation, to be approved by the Library.

Incident Information: On 4/12/13 at approximately 1000 hours, I observed a male adult, later identified as ROBERT SOOVAGIAN, viewing sexually explicit material/profanity on computer #6 in Humanities. I observed his behavior from the dispatch center. I escorted him off to the side and obtained his information. I explained to SOOVAGIAN the Library's policy on sexually explicit material/profanity and he acknowledged that he was viewing that kind of material. He told me that he was unaware of the internet policy and I told him to read it the next time he logged on to one of the Library's computers. I told SOOVAGIAN he was banned from all TLCPL libraries and property for seven (7) days. I escorted SOOVAGIAN out of the library without further incident.

Incident Information: On Saturday 4/13/2013 at approx. 1457hrs. was patrolling through the winter garden area when I received a call from dispatch to head up to the children's area. While I was talking to a Liberians in the children's area she informed me that she over heard suspect (Taylor, Alijah) cursing and threaten to stab another child with a pencil. The Liberians also stated that she heard suspect 1 state " I come from a violent home and a violent school and I know how to use it [pencil]". I escorted suspect out of the children's area and asked him what had happened. Suspect stated that he did curse and make that threat towards the child but he was only joking around. Suspect then stated that the other child was one of his friends. I then called Mrs. Lakin Mcneal and informed her what had happened with her son. Mrs. Mcneal arrived a short time later and I released the suspect to his mother. Mrs. Mcneal and suspect 1 left the property with no further incidents.

Incident Information: On Saturday 4/13/2013 I was dispatched up to children's area to talk to a young African American boy that brought a toy gun in with him. When I entered the children's area I saw a young African American boy standing by the children's help desk with his toy gun. I had the boy walk out with me by the stair case and asked told him he was not aloud to bring the toy gun into the library or any other public place. I then asked him how he got to the library and he stated that his parents were waiting outside in their vehicle. As we were walking down the stair case I told him he had to take that toy out to his parents, when we were making our way towards the front doors, I saw Matt by the metro area and he began to talk to the boy and a female which I believe to be the boys older sister. I over heard Matt tell the boy and sister about how Crazy it was to bring that toy gun into a public place. The boy then took off running out the front doors and headed towards Adams st. Did not see the boy or the older female the rest of the day.

Incident Information: Ms. Jones was logged on to PC #17. Librarian Susan Grim directed a group of 4 people, (3 adults and 1 child) to a table near PC #17 where they could use a laptop and plug it in. Ms. Jones came to S. Grimes and complained that the people were talking about her and calling her names. S. Grimes assured Ms. Jones that the people had just arrived and probably weren't aware of her. She suggested that Ms. Jones might feel more comfortable moving to a PC further away from the group. Ms. Jones did so after being assured 3 times that she would not lose one of her computer sessions. Ms. Jones also insisted on a great deal of assistance on the computer, most of which consisted of repeated answers to the same questions.

Incident Information: On Monday 4/15/2013 at approx. 1445 hrs. I officer Andrew Thomasson while on patrol was approached by Ed a caregiver of a boys group home. Ed stated to me that he was going to be bringing in three of his boys that he believes stole four DVD's from the previous week from the library. He wanted to speak with me and Mary (Manager) along with himself. I then asked Mary if that would be alright and she said that would be fine. We then took the 3 boys to the conference room, by that time 66 (Becky Kincaid) also came in and sat down with everyone to see what was going on. Ed then started to explain to the three boys why they were in the conference room and asked them if they stole four DVD's that he found in the back of his vehicle. All three boys denied stealing any DVD's. At that point Mary told the boys that they know the DVD's were stolen because they were never checked out. I then noticed that Ed started to direct his questions more towards one of the boys identified as (Hoff, Cody). Cody began to get more aggressive with his words and stated, "this is fucking stupid, I didn't take the DVD's", TPD then asked Cody who else rides in the vehicle with Ed and Cody stated that they were the only ones that ride in the vehicle. Again, all three boys denied taking any of the DVD's, Mary then stated that they could not prove who took the DVD's, but believed that one of them did. She then told the boys that they were free to leave.

Incident Information: On the date stated in this report, at about 0900 hour, I was informed by the manager about an incident that happened off property. The victim approached the manager and told her that a group of guys driving a silver Grand Prix "jumped him" when he was walking down the street. The suspects took his cell phone too. I called security dispatch to see if a Unit 66 was on duty. The dispatcher told me that the Unit 66 was not available at the moment, but she recommended that the victim made a police report directly at the nearest police station. I told the victim what dispatcher told me and I gave him a non-emergency number to call. He left the property right away. No further incidents reported. End of report.

Incident Information: On the date stated in this report, at about 1600 hours, a vehicle crash occurred in the libraries parking lot. One vehicle backed up and hit a second vehicle. I checked on both drivers and they were okay. Toledo Police did not show up since this would be classified as a private property accident. Both drivers exchanged contact and insurance information. I informed the dispatch on duty about the incident. No further incidents. End of report.

Incident Information: I saw a patron previously suspected of stealing DVD's unlocking DVD cases at an express check out station. I went to look at the screen and saw that he had not entered his barcode. He claimed he didn't realize he had to do that. He said he wanted to have a clerk check out his items. I asked to see what was in him bag. He pulled out Blu-rays, a total of four, and claimed they were already checked out. When we scanned them they were still showing available. There were nine others that he was proceeding to unlock. There was a charge on the card for DVD's that had not been returned. I told him that if he returned the DVD's his fines would be forgiven (National library week fines forgiveness incentive), He said he did not have access to them because they were in an apartment he had lived in previously. He returned 20 minutes later with three missing DVD's and one still outstanding. He checked out nine DVD's because he had returned most of his outstanding items.

Incident Information: [Mary Pat Rattay, an elderly patron, was in the fiction section. She reached for a book on a top shelf and three books fell and hit her on the top of the head. It scared her and she seems shaky. I asked her if I could call someone to pick her up, but she said no and that she would drive straight home. There was red coloring near her eye, and she looked as if she might get a black eye. I told her that we would be glad to get books for her that were on high shelves. I again asked if I could call someone to pick her up, she she said that she was fine and went home.](#)

Incident Information: On the day and time stated above, I (S.O. Peters) was patrolling the inside of the Lagrange branch library when the younger sister (Toana McIntosh) had problems logging into the computer. I told her to ask our Lagrange Branch Librarian (Beth) to assist her. Beth had figured out that the problem was because Toana's card was being used by her older sister (Janaysha Barnes) who was also on the computer. However, when beth asked Janayshe whose library card she was signed onto, she stated that she was on her own card. Janaysha and Toana were then asked to sign off the computer and leave for the day because they had been repeatedly warned for their volume level and one to a computer. These computer warnings had already previously been given the previous day along with today as well. This however has been the third incident in three consecutive days that our Lagrange Branch Library staff had to talk to them regarding their behavior. After being asked to leave they went outside and sat on the bench in the front of the library for about 5 to 10 minutes until me along with Branch manager (Andrea) went outside to tell them that they can come back tomorrow. They then started to raise their voice and talk back, until they finally walked off of property well after being asked multiple times to exit library property. No further incident.

Incident Information: On 5/17/2013 at approximately 1650 hours, I observed a male patron, later identified as GREGORY GRAY, viewing sexually explicit material on computer #40 in the Pop/Teen area of the Main Library. I escorted GRAY off to the side where he cooperated in giving me his information. I explained to him the library's internet policy and told him he was banned from all TLCPL property for a period of seven (7) days. GRAY acknowledged the ban and left the library without further incident.

Incident Information: On 4/17/2013 at approximately 1850 hours, I responded to a dispatch of two male patrons yelling outside of the main doors. When I arrived, the two male patrons were still yelling. One patron appeared to be a Hispanic male juvenile and the other an African male juvenile, wearing a gray hoodie with the words "Pelle Pelle" written on the back. When I told them to leave for the day for their behavior, the African male juvenile became verbally aggressive and told me to "suck his dick," while staring at me in a threatening manner. He began yelling other expletives and challenged me to fight as he walked across Michigan Avenue and off library property.

On 4/18/2013, I saw the unidentified patron in the Teen area of the library. He was being loud and was asked on several occasions by library staff to be quiet and to pull his pants up. I took the patron, identified as ROGER CRAIG, aside and refreshed his memory about the incident on 4/17/13. He informed me that he was the individual who was yelling and being threatening. He told me he was "under the influence" of drugs on that date and was not in his right mind. I explained to him to that he was banned from all TLCPL property and he needed to contact security within the next few days to check on the status of his ban. I escorted him outside and directed him off property. Within several minutes, I saw CRAIG had walked to the corner of the library building, but was smoking a cigarette, rather than leaving the property. I told him again that he had to physically leave the grounds of the library. CRAIG then left the property without further incident.

Incident Information: On date stated in this report, at about 1900 hours, the general manager was shelving books when a group of juveniles at the computers started getting loud and aggressive. Then someone in the group said that they should go outside because they knew they will start fighting. The general manager followed them to the entrance door. She witnessed Janet M. Bell, Zien M. Sylvester, and Cyruss S. Sylvester screaming and ready to fight. She immediately told them to stop. Some of the juveniles walked into the library, while the rest started walking away. I was called by another staff member to assist the general. I saw the group of juveniles walking into the library, so I told them to leave the property. Janet Bell, her older sister, and another juvenile were hidden in the women's restroom, so the general manager told them to leave the property. We talked to one of the juveniles and she mentioned that they were not fighting only pretending to fight. The whole group of juveniles left the property without further incidents. End of report.

Incident Information: On 4/18/2013 at approximately 1010 hours, I responded to a report of a patron viewing sexually explicit material on computer #11 in humanities. When I arrived, I spoke with librarian BRIAN, who described to me the patron in question and told me that when he walked by, he briefly saw full nudity on the screen and the patron quickly switched away to a different window. I watched the patron for several minutes before I saw him switch to a window that displayed nudity. The patron, later identified as DAVID LEO BURNS, was cooperative. I escorted BURNS to DT and obtained his information. I informed him that he is banned from all TLCPL property for a period of seven (7) days for his first violation. I escorted BURNS out of the library without further incident.

Incident Information: SYNOPSIS:

On 4/18/2013 at approximately 1945 hours, I was called off of break by supervisor BARB TREVINO to respond to a situation involving two African male juveniles. According to TREVINO, two male juveniles had been asked several times to lower their voices, near the children's area and the teen area of the West Toledo Library. At one point they also began verbally harassing a young female patron who was attempting to write a school paper on one of the computers. After being asked politely to leave the library because of their behavior, the two juveniles became aggressive and began yelling "Fuck you! Fuck this library!" TREVINO stated their behavior disrupted all of the patrons in the library and the library staff. As the two unidentified juveniles left the library, They yelled at TREVINO "what you need is a dick in your mouth!" and continued yelling other vulgar expletives.

SUSPECT INFORMATION:

Suspect 1: Dark skinned African male juvenile, wearing light gray sweat pants and dark gray sweatshirt. Short hair style, approximately 6' 00" tall, 150 lbs

Suspect 2: Light skinned African male juvenile, wearing dark colored cargo shorts, and a light gray polo shirt. Short hair style, approximately 5' 08" tall, 135 lbs.

Information:

I also spoke with THOMAS, who was working circulation at the time of and witnessed the incident. He told me that another juvenile, JORDAN JACKSON, who was walking with the two suspect juveniles, was not involved but might know the suspects. I attempted to contact the guardian of JACKSON, Ms. MADELYN STANLEY, but her phone number had been disconnected.

Incident Information: Deborah Eding reported seeing suspect smoking pot on the side of Heatherdowns building. He also growled at Sarah Hunt (clerk) before exiting building. He repeatedly made noises while using computers. When asked to keep noise level down. Drumming on table making loud noises and not following direction. When I asked him to keep down noise, he was very disrespectful. I contacted Security. TPD Officer Lynn Jett came to Heatherdowns and spoke to Jacob about noise level, disrespect and accusation of pot smoking. He told the Officer that he was smoking a Black & Mild (cigar). He was told to leave property and not to go to any other Branch until he contacted Security for permission. Officer and I pulled apart what appeared to be joints. They were not pot, but tobacco rolled in paper.

Incident Information: SYNOPSIS:

On 4/22/13 at approximately 1115 hours, I was dispatched the Metro Teen area of the main library for disruptive juveniles. When I arrived, I observed a white male juvenile, later identified as LEE FESSLER was talking loudly, using language and bothering other juveniles using the computers. I told him if he wanted to talk he could go into the lobby, but having conversations at the computers was disruptive to others. He told me he was going to sit down and read a book. I spoke with library staff COLLEEN, who said that both she and another librarian had told the same individual twice before to be quiet and to stop bothering other patrons. After approximately thirty seconds, FESSLER began talking loudly to patrons at the computers from several feet away. At this point I told him that I was not going to give him any more warnings and if he could not behave himself, he would have to leave for the day. As I walked back to the desk to tell COLLEEN to call me if he caused more trouble, FESSLER began talking loudly again and even after I told him to leave, he continued to be disrespectful and continued talking to several other juveniles that followed him out of the library. FESSLER left the library without further incident.

Incident Information: On the date mentioned above, at about 1720 hours, i was called by a circulation desk staff because a repossession company just picked up a vehicle out of the library parking lot. I talked to the person in charge of the repossession and he stated that he had a repossession order. Also he stated that since this is a public institution, he wanted to let me know about the situation. I told him if i can get the name of the owner so i can try to find her. I told the general manger about the situation and both of us tried to find the owner. Since we could not find the owner, i told the person responsible for the repossession to go ahead and take the vehicle. About 10 minutes later, a patron asked me about his vehicle and i told him what happened. He understood the situation and told me was just driving his girlfriends vehicle. Incident Information: On the day and time stated above, I (Sgt. Peters) was patrolling the inside of the Lagrange Branch Library when the younger sister (Toana McIntosh) had problems logging into her computer. Her older sister (Janaysha Barnes) then sat down at her younger sister's computer and tried signing in, Which they then started to argue. Lagrange Branch Librarian (Beth) then asked suspect #1 (Janaysha) to leave for the day because they have had previous warnings involving the computer. However when Beth asked Janaysha to leave, Janaysha the started to talk back to Beth in which she said "I hate this fucking library, all the librarians do is kick people out." Toana then followed her sister out in which they kept saying curse words and "I don't have to leave this damn place." After about five to ten minutes later they were still standing out front refusing to leave the property. Lagrange Branch Circulation Supervisor (Amber) then stepped outside to again tell them that they needed to leave, she asked if they needed to call any parents for a ride in which they stated "No." Janayshe then started to call Amber names and said that, "She was going to come back with her mother and kick (Amber) ass." I then contacted dispatch in which they said they were sending out TPD officer out to the library. After about 35 minutes have passed, the suspects continued to sit in the middle of the parking lot screaming obscenities at staff, again refusing to leave library premises. Suspect #2 (Toana) then entered the building without gaining permission and stated to the juveniles inside that, "She is throwing rocks at the building." At that time Amber and Beth went to the back staff window where they both observed something in her hand. Suspect #3 (Jaloni Neal) was observed throwing what appeared to be a rock that hit the staff window in which they were looking at. After multiple warnings including being told that additional police are in their way, shortly after at which point they heard police sirens, Janaysha and Toana both left property along with a few other children including suspect # 3, who started to run away when asked about the window. No further incident necessary.

Incident Information: while on patrol I observed the suspect viewing pornographic material. I approached the suspect and asked him to talk to me off to the side. I explained that watching porn is against library code of conduct. I then obtained the suspects information (Skitz, Aaron [False Information]). Suspect left the library without further incident.

Later I saw the suspect outside and I again approached him. I then asked him for his name and DOB. He then gave me his correct name (Jones, Aaron), but wrong birthday. I was then able to find his correct information from his priors. Suspect left the property without further incident

Incident Information: On the date mentioned above, at about 1400 hours, I was notified by Barb Trevino that Mr. Demetrius Slaughter and Lorenzo Barber were panhandling for money on the property. According to Mr. Jeff Warren, he was fixing the main entrance door, since he is a contractor for the library, when he noticed an older female patron being asked for money by Mr. Slaughter and Mr. Barber. He stated that the lady was frightened and she did not want to walk into the library anymore. Then he told Mr. Slaughter and Mr. Barber not to ask anyone for money at least while he was there. He also told the lady to go ahead and walk into the library. Mr. Warren told Mrs. Trevino what happened. Mrs. Trevino approached the two suspects and told them she needed to talk to them. Mrs. Trevino and I took them to a side room and asked them about the incident. First, they denied the situation, and then Mr. Slaughter told us that they were just joking. When Mrs. Trevino walked away from the room, I asked the suspects again if they were asking for money. They admitted that they were asking for a quarter to catch the bus. We told them not to come back until they receive a ban letter. No further incidents reported. End of report.

Incident Information: On the 25th of April 2013 I was approached by a juvenile who stated that there was a fight in front of the building. As I walked out to where the fight had been I noticed two juveniles standing near the Kent Branch sign. I asked the first juvenile, later identified as Kaniyah Finley, if she saw what had happened; K. Finley stated that Raveen Holmes had tore the book bag off of her sister, Angel Chandler, and then proceeded to punch her in the face, then ran. I then questioned the A. Chandler about the fight and she gave me a similar statement as K. Finley. There was no further incident. I called dispatch on the 26th of April 2013 for a record check on R. Holmes. According to the Library Code of Conduct and Eviction Procedures and Guidelines, I am requesting that Raveen Monique Holmes be banned for one year.

Incident Information: On the date mentioned above, at about 1745 hours, I was notified by two of the circulation desk clerks that water was overflowing from one of the women's toilet. One of the circulation clerks went into the restroom to see what was causing the overflowing. He found that someone plugged the toilet with a lot of toilet paper and kept the flushing handle stocked to water kept running. We immediately called the security dispatch so they could send a custodian to clean the water. Most of the water was flowing towards the main exit door. I called security dispatch to make a camera review by request of the general manager. The dispatcher could not identify the person responsible for this incident. The custodian took care of the water. No further incidents reported.

Incident Information: On the date mentioned above, at about 1645 hours, I saw Mr. Seantrell Cornelius walking into the library. Mr. Cornelius was the suspect on an incident involving Mrs. Barb Trevino, the circulation manager. Officer Jacob Heer made a report about the incident and he found that Mr. Cornelius was on of the suspects. I approached Mrs. Trevino and I asked her to identify Mr. Cornelius as one of the suspects. As soon as she saw him, she confirmed that he was the one that used inappropriate language against her. I approached Mr. Cornelius and asked him what happened during the incident. He stated that he was inside the library and Mrs. Trevino told him to leave for the day. I asked him if he was being loud and inappropriate and he said yes. He also stated that he used inappropriate language with Mrs. Trevino. I told him he was going to be banned for his actions and he should not come back to any Toledo-Lucas County Public Library. He left the property without further incidents.

Incident Information: On 4/26/2013, at approximately 1345 hours, I was patrolling the Humanities section of the main library, when I heard an unidentified male patron saying "fuck" very loudly. When I approached him, he continued to talk to several other patrons in a loud manner using the words "fuck," "shit," and "bitch." At this point, I informed the individual that he would have to leave for the day, and he could come back the next day. The unidentified patron began swearing more and wanted to argue with me about staying in the library. I told him it was not negotiable and he had to leave.

At this point, the patron said "fuck you, and fuck this fucking library!" He told me I was a "bitch ass nigger" and told me he was from New Orleans where they "don't play." As I began escorting him out of the library, he asked me if I was wearing a bullet-proof vest, and said "cause I'm bout to get a gun and come back here an blow your fuckin ass away." Incident Information: Marquise Brown came to me in the security office stating that another patron had threatened to bring his uncle down here to shoot him and choke him if he did not switch him sides in the game room. I had Marquise sit in the security office with me and write a statement. Not even a minute later, the suspect was walking past the door desk. I had asked Marquise if that was him and he confirmed. I then called the suspect to me and asked him what had happened. He stated that nothing happened and that he was leaving. I then told him that he needed to stay here until we got his information. I asked Sgt. Solis to come stay with the suspect so that I could call Unit 66. I dispatched for TPD Vasquez to come back to Main and advised him of the situation. The suspect also lied to me about his age and proceeded to tell me that it was Marquise that threatened him.

I then called Lynn in Metro to see if she had seen any problems between the suspect and victim. She stated that she didn't notice anything but that the suspect has been giving them issues lately. Sgt. Solis got the suspects information and stayed with him until TPD Vasquez arrived, while Marquise stayed in the security office with me. When TPD Vasquez arrived he got Marquise's side of the story again and then talked to the suspect's dad. We notified the suspect that he would be banned for 1 year. Suspect and victim left without further incident.

Incident Information: Darin Thornton approached the service desk and said he wanted to pay on his fine. When clerk Anne Staton looked up his account, she found he is a banned patron. She verified his name and then told him he needed to leave the premises because of his ban. He told her he filed a civil suit against the library and he contacted people in Washington and Columbus regarding the library. He called her an ignorant whore and made some comments that were further disparaging against women. She gave him Jeff Sabo's contact information. He started to leave, but then came back in asking who he could contact to file a complaint against security, I explained that he should contact Jeff Sabo with any questions and escorted him from the premises. He called me an ignorant whore as he left.

Incident Information: On Monday 5/2/2013 at approx. 1245 hrs. I Officer Andrew Thomasson, was sitting at door desk D.O. Rose Chambers approached me stating that there was a male in the womens restroom. When I entered the womens restroom I noticed that there was a African American male using one of the stalls in the restroom. I informed the male that he was indeed in the womens restroom and had to finish up quickly and leave the womens restroom. The suspect later identified as a Anderson, Shawn began to become very loud and argumenitive and stated he will be out when hes done. I stood outside the restroom and after about 5 minutes the suspect began yelling loudly once again, he began yelling at himself this time getting louder and louder , I then called for Sgt. Solis to back me up due to suspects behavior. At that time S.C. Sabo responded also and informed me that suspect was going to be charged with Disorderly Conduct due to his actions. Sgt. Solis and I entered the restroom after suspect refused to leave, myself and Sgt. Solis then placed handcuffs on suspect for his protection, myself and Sgt. Solis escorted suspect to the detention room for questioning. As we exited the restroom suspect began to become very loud and argumenitive with myself and Sgt. Solis, once inside the D.T. room suspect began cursing and using racial slurs towards myself and Sgt. Solis. Suspect kept telling Solis "to go back to Mexico, your going to get deported", then turned towards me saying that "your with the KKK and he was going to have both of our jobs when he's done with us." I asked suspect if he had any I.D. on him and he said "yes" but I'm not giving it to you, suspect began to get louder once again. TPD Evans arrived and suspects attitude changed completely, Once Evans ran suspect for warrants and came back with nothing, Evans apced suspect and myself and Evans walked suspect out front doors with no further incident.

The victim (Victoria Warrell) who had been standing near the door desk was talking to her sister and her boyfriend, while the suspect (Scott Raymond) had been talking very loudly with the other officers who had responded so S.O. Thomasson and S.O. Heer had the suspect walk outside to tell them his side of the story. The victims had stated that as they were walking acrossed the street (Victoria) had coughed because she stated that she smoked, and the suspect (Scott Raymond) then mocked her by coughing. She then said " Why the hell are you mocking me you black asshole", in which made the suspect extremely angry in which they then stated that the suspect told them that he had a gun and reached behind his back only to pull up his pants. S.O. Heer along with S.O. Thomasson while talking with the suspect kept telling the officers that he didnt have a gun and continued to pull up his shirt and turned around showing that he only was trying to pull his pants up. I S.O. Peters then walked the female victim along with her sister and boyfriend to the bus stop in order to make sure they were safe. The victims then left property while the suspect (Scott Raymond) then entered the library after talking with the two other officers. No further Incident.

Incident Information: Patron Kenneth Taylor reported to staff that suspect had picked up a wallet and asked person next to him if wallet was his. When he said no, suspect put wallet in backpack. I then pretended someone was looking for their wallet and asked all patrons at computers if they had seen a wallet, that someone was looking for one. All, including suspect, replied no. I repeated this one more time. I then called security to see what I should do. In the meantime the victim returned to look for his wallet. I took him in the back room to explain what happened and he immediately confronted the suspect who at first denied having the wallet. After the victim became verbally angry and demanded it, the suspect returned the wallet to him. Victim left before police arrived so police couldn't really do anything according to the officer. Officer spoke with suspect.

Incident Information: On 5/6/2013 at approximately 1200 hours, I was on patrol through the Teen Metro area of the library and observed two male juveniles being disruptive. The one individual, LEE FESSLER and an unknown black male juvenile were talking very loudly to one another and moving back and forth to different computer stations, bothering other patrons as they used the computers. FESSLER actually yelled across the room to a female patron on a computer terminal, looked right at me and continued to talk loudly. I had given FESSLER and his friend two prior warnings on this day for being disruptive and was told by staff that they had both been warned on several other occasions this day for the same behavior. The black male juvenile was not cooperative when I asked him to leave and stayed on facebook for approximately 30 seconds before logging off of the computer. They both continued to talk loudly as I escorted FESSLER and his friend off of the property for the day. No further information or incident.

Incident Information: On 5/7/2013 at approximately 1100 hours, Assistant Chief FISHER was on regular patrol in the Teen Metro section of the main library. He informed me (Ofc. HEER) that two individuals, including LEE FESSLER were being loud and disruptive to other patrons using the facilities. After being warned about their behavior, they continued to be disruptive and Asst. Chief FISHER told them to leave for the day. At this point, FESSLER said "fucking rent-a-cops" and 'if only you didn't have that belt' (referring to his gun-belt and making Asst. Chief FISHER believe that FESSLER was suggesting he would assault him if he was not on duty). Asst. Chief FISHER then escorted FESSLER and his friend out of the library without further incident.

Incident Information: On 5/7/2013 at approximately 1220 hours, I was informed by a male patron that a female patron had fallen after suffering a seizure in the Teen Metro area of the main library. When Ofc. PETERS and I arrived, I saw a female patron, later identified as ALAINA RANK lying on the floor next to the office connecting Teen/Metro. Several passersby stated that she struck her head on the door frame after she began seizing. I turned ALAINA onto her side while supporting her neck. After several seconds, ALAINA began breathing in a very labored, almost agonal manner, so I performed a jaw thrust to help open her airway. After the jaw thrust, ALAINA appeared to start breathing normally. ALAINA was unconscious during this time. After approximately 1-2 minutes, ALAINA regained consciousness and was able to give me basic information. The medics arrived and took over her care.

Incident Information: On stated date and time Srg. Solis called me over to help in getting SUBJECT(Sheperd) off the library computer. Before talking with SUBJECT(Sheperd) Library staff pulled us aside calming she has been using multiple ID's to log on through out the day. Srg. Solis politely told SUBJECT(Sheperd) she needed to log off due to the fact she had been using other ID's to log in. At this point SUBJECT(Sheperd) became frustrated and very rude with Srg. Solis. She was making remarks calming " its not like i am drooping a bomb on this place.", "and fuck this library you treat us like criminals." Srg. Solis kept reminding her its your choice to read are policy or not it is just are job to enforce it. Once SUBEJCT (Shepred) left we spoke with staff and they claimed she was harassing staff the entire day. Subject(Sheperd) called the library finally giving us her real name she had given staff and security TWO false names. SUBJECT(sheperd) has a long history of bad and violent behavior with the Toledo Lucas County Library System.

Incident Information: SYNOPSIS:

On 5/10/2013 at approximately 1430 hours, I was contacted by a patron in the Humanities section of the Main Library about some lost or stolen property. Patron, LINDA GENSON, claimed her black nylon shoulder bag was missing from the Pop/Teen area of the library. She claimed the bag contained a cashier's check of thirty-thousand dollars (\$30,000), her bus pass, several receipts and her state ID card. LINDA was not very cooperative in giving me pertinent information and was acting hysterical. She eventually gave me her information.

After several minutes, I was informed by dispatch that another patron found her bag in the first floor men's restroom garbage can. Linda looked through the bag and found her bus pass and receipts, but her state ID and \$30,000 cashier's check were missing. I suggested to LINDA that she contact the financial institution that issued the check to her and see if they could cancel the check and re-issue her a new check. I also recommended she file a police report. LINDA then left the library without further incident.

Incident Information: On date and time above Mrs. Dial was leaving the library with her son when they saw somebody had hit their car. Mrs. Dial had only been inside for about 5-10 minutes picking up an item. This Officer notified dispatch and requested a review of camera 1 to see if anything was caught on tape. This Officer gathered Mrs. Dial's information and was shown where the damage was on her vehicle. Damage was just under the rear window on the back on the van. Mrs. Dial wasn't able to stay at the library while the camera was being reviewed. This Officer informed her that if dispatch had anything on camera I would call her. Mrs. Dial was fine with that and left the branch. Vehicle is a 2008 Chevy Uplander plate number FFX 1422.

On 5/11/2013, I was dispatched to Info/Tech because patron ROBERTA JONES was being disruptive. Upon my arrival, I spoke with library staff DAVID who informed me that patrons had complained about JONES talking to them while they were trying to use the computers. DAVID said he spoke with JONES, who said other patrons were asking her questions. DAVID said he observed her behavior and saw no other patrons talking to JONES, but she continued to be disruptive and after several warnings was asked to leave. As JONES packed up her belongings, I thanked her for be cooperative and she said she was not leaving willingly. JONES became verbally belligerent as she was exiting the library, raising her voice and saying things that did not make sense (apparent mental illness). JONES was escorted out of the library without further incident.

Incident Information: On the date and time mentioned above, I was approached by the Susan Brown, the circulation assistant manager, because she recognized two suspects from a library card and library's material case earlier this week. I called Officers Heer and Peters to find the suspects and bring them back to the library. Officer Peters found them walking in the South Lawn area of the library and brought them back so I could talk to them. Mrs. Margarita Morales is the mother of Cassandra Morales (suspect).

According to Mrs. Brown, Krysta Turner and Harry Johnston, all circulation staff, know both of the suspects because neither of them is allowed to check library material out. Both of the suspects have high fines with the library, so their cards were blocked. Mrs. Turner and Mrs. Johnson observed both suspects by the Express check-out computer with several books. According to Mrs. Brown, C. Morales approached the circulation desk to ask the staff to check out her material on her "friend's card." Mrs. Turner and Mrs. Johnson called Mrs. Brown because that seemed unusual to them. Mrs. Brown found out that the library card belonged to Mr. Keith Reed out of Cleveland, Ohio. Mrs. Brown put a hold on Mr. Reed's card to double check the information C. Morales gave her.

On Saturday May 10th, Mr. Reed arrived at the Main library. Mrs. Brown asked him if he noticed any suspicious activity on his library card. He stated that he did not notice anything and he had both library cards physically in his possession. Mrs. Brown explained to Mr. Reed what C. Morales told her. He then stated that C. Morales was helping him use a computer in the Tech Center last time he visited the Main library and C. Morales knew the new PIN number to his card. During the last week, I noticed C. Morales checking a large volume of books and DVD's when I was posted on the door desk checking patrons receipts.

I talked to M. Morales and C. Morales about what happened earlier during the week. I asked C. Morales if she was using someone else's card. She stated that her friend "Kevin" let her use his card to check out stuff. I told her that I will give her one opportunity to tell the truth. By this time Officer Heer asked me if he could talk to her. He took her to the side and asked her the same question. This time, she stated that she was initially helping Kevin with a computer, but later used his library card without his permission to check out library material. According to Mrs. Brown, C. Morales checked out 119 books and DVDs using Mr. Reed's library card. I explained to C. Morales' mother what was going to happen to her daughter. I explained to M. Morales that her daughter will be banned for one year from the Toledo-Lucas County Public Library and that I will turn the case over to our TPD officer on duty on 05/12/2013. At that time, the TPD officer would decide which charges would be brought against her daughter since she is 12 years old.

The amount stolen from the library is approximately \$2500. I also requested both, M. Morales and C. Morales immediately return any material in their possession to the library. M. Morales told me that she was going to come back with all the books and DVDs her daughter took. About one hour later, M. Morales and C. Morales returned to the library with three bags full of library material. Some of the material was returned in to the circulation staff. After further examination, Mrs. Turner and Mrs. Johnson found that all the barcodes were missing from the books, so they could not check them in. Since that includes destroying/defacing library property,

I asked C. Morales why the bar codes were missing. She stated that she took them off because she did not want anyone to recognize that the material belonged to the library. I also asked her

Incident File Summary Report

what her plans were after she read all the books and watched the DVDs. She stated that she planned to collect them. I told M. Morales to return tomorrow if she wished to talk to the TPD officer. No further incidents reported. End of Report.

Incident Information: SYNOPSIS:

On 5/13/2013, at approximately 1000 hours, I responded to Humanities for a African American male patron harassing several female patrons. When I arrived, I spoke with library staff, who informed me that several female patrons complained about CLOZELL JOHNSON, telling them they were attractive young business women. I then spoke to two of the victim patrons who said that JOHNSON was making them very uncomfortable by the way he was speaking to them. I then spoke to JOHNSON, who did not seem to understand what the problem was. He denied harassing anyone and said that he was just having a conversation with the girls because they looked like young intelligent women, and he had some "business" questions for them.

I told JOHNSON that his contact with other patrons was unwelcome and that he could no longer harass other patrons or staff or he could be banned from the library. He asked me why I "had reason to hate." I told him again, that if I was told by anyone else that he was harassing them, he would be banned from the library.

Several hours later, at approximately 1645 hours, I responded to Audio/Visual for a report of a patron harassing patrons and staff. When I arrived, I spoke with library staff TRACY and AMBER who told me that JOHNSON had been in Audio/Visual for approximately four (4) hours and that he was saying strange things to patrons and staff. I spoke with JOHNSON again, who denied "harassing" anyone, and said he was just talking to people. I again told JOHNSON that his behavior was unwelcome by other patrons and staff and he would be banned from all TLCPL property. After debating criminal law with him for several minutes, I escorted JOHNSON out of the library without further incident.

Incident Information: I observed a young gentleman (tall, skinny, wearing a white T-Shirt, and mid-sized Afro) browsing the adult DVDs. He grabbed at least three DVDs and then went to one of the public computers to use. Before I left the building for my lunch I approached the young gentleman and informed him that he would need to checkout the DVDs before he left the building. I also informed him that normally we request for patrons to checkout material before using the computers, but to just make sure he checked out the material before he left the building. After returning from my lunch I asked the Clerk, Colleen McBride, had the young man checked out the material. She stated he had not been up to the desk at all to check out any material. Around 3 pm I noticed that the patron was no longer at any of the public computers and had left without checking the DVDs out.

Incident Information: SYNOPSIS:

On 5/14/2013, at approximately 1850 hours, I was informed by Ofc. JOHNSON that a male patron was in the first floor restroom and appeared to be highly intoxicated. When I entered the restroom, I spoke with a male patron, later identified as JOSEPH M. WHITE, who was very unsteady on his feet, was falling against the bathroom wall, and nearly fell over as he exited the bathroom. I obtained WHITE's identifying information in the lobby of the library and informed him that he could not be on library property and under the influence of alcohol. WHITE speech was slurred and he had bloodshot, watery, red eyes. WHITE smelled strongly of alcohol and admitted he had a lot to drink. I told WHITE that he was banned from all TLCPL property and he could not return until he received a ban letter. I explained to WHITE he could be arrested for trespassing if he returned to any library property during his ban. I escorted WHITE out of the library without further incident.

WHITE has three (3) prior offenses for alcohol.

Incident Information: On 5/14/13 at approximately 1010 hours I was advised by S/O Heer at the door desk, that a gentleman that was standing in the Main lobby area had to leave for the day. S/O Heer advised that the suspects behavior yesterday was not acceptable and there was an incident between the suspect and Capt. Cessna. S/O Heer advised that the suspect should not be here today and needed to leave. I approached the suspect and advised him that he had to leave for today because of his behavior and an incident with Capt. Cessna. The suspect asked why he had to leave, I explained the reasons to the suspect. The suspect begun saying that I was the "devil's bitch" and that "I could not do anything to him." The suspect stated that "I was gonna have to hit him with my billy-club to get him to leave." S/O Heer advised Capt, Ervin to come to the lobby to assist. The suspect then left through the front door with no further incident. It was not clear if the male subject was identified the day before or not. I did not get his information. Nothing further.

Incident Information: At approximately 2233 on May 14, unit #162 from Habitec reported an East Door Alarm at the Kent Branch. I pulled the cameras up while still on the phone with Habitec, but did not see anyone in the building. I asked unit #162 if any other alarms or motion alarms had went off and I was advised that the East Door Alarm was the only one, so I disregarded TPD. After hanging up the phone with unit #162, I started to rewind the cameras just to be sure. As I rewound the AV camera, I saw a bald African American male approximately early or mid forties, wearing a maroon top and bottoms, along with white tube socks and white tennis shoes inside of the building. He had walked into the entrance by AV, took the whole top shelf of DVD's, and then left out the same door. I called TPD right away and gave them a description of the suspect, followed by calling Mr. Sabo.

At 2337, TPD was on site at Kent. Habitec (unit #200) then called at 2340 reporting that TPD was unable to get through to us, since our phones were down due to I.T., and that they noticed that a few other items were missing. Mr. Sabo then met TPD at Kent and secured the building. At 0018 on May 15, Chris from TPD stated that they had the suspect in custody and that officers along with a detective would be coming to see the footage of the incident. At 0035, the detective and TPD arrived at Main and I handed over photos of the suspect to them. Mr. Sabo then notified Habitec that the suspect was in custody.
No further incident.

Incident Information: On the above date and time I (S.O. Peters) while on patrol was dispatched by our door desk officer (S.O. Johnson) to meet a patron at the desk who wanted to file a complaint. Upon arrival I had noticed that the victim (Dan Cannon) was talking with our circulation employee until I arrived, he then asked me if he could talk to me and I had asked him to move over to the side near the door desk instead of in front of the entrance way to tell me his complaint. He had stated that while he was in the library yesterday (5/14/2013) he was having trouble logging into the computer, so he asked Popular teen librarian (Martin) to assist him. He then stated that Martin had asked him for some information to update his file but Mr.Cannon then stated that he has been using the same pin and barcode for some time and it never gave him any problems. Mr. Cannon then talked to popular teen librarian (David) because he said Martin didnt help him, so then David had told him to go up to the circulation desk where they can further assist him. Dan then stated that when he came into the library today to log onto the computer in the popular teen section the computer was doing the same thing and not letting him in. He then went to circulation counter today in which they had stated that they needed some information to update his records. At this point Mr. Cannon then started to wonder if this was a result of discrimination from the result of the incident that took place yesterday. I (S.O. Peters) then asked Dan if he wouldn't mind using the computer in the BTS computer lab and use a guest pass so that a way he can at least use the computer for today in which he kept stating that his time was being wasted dealing with these issues. At that point I along with (Deputy Gaston) escorted Mr. Cannon back to the BTS computer lab where he then was logged into the computer with the guest pass. Shortly after using the computer the BTS librarian had noticed that Mr. Cannon's file indeed needed updated with only his birth date in which he needed to have his identification in order to verify that information. I then stated to Mr. Cannon that if he brings his identification they would be able to resolve the issue of him not being able to log into the computer properly by updating his file. No further incident.

Incident Information: On the above date and time I (S.O. Peters) while on patrol was dispatched by our door desk officer (S.O. Johnson) to meet a patron at the desk who wanted to file a complaint. Upon arrival I had noticed that the victim (Dan Cannon) was talking with our circulation employee until I arrived, he then asked me if he could talk to me and I had asked him to move over to the side near the door desk instead of in front of the entrance way to tell me his complaint. He had stated that while he was in the library yesterday (5/14/2013) he was having trouble logging into the computer, so he asked Popular teen librarian (Martin) to assist him. Incident Information: While on patrol I (S.O. Peters) was walking passed the door desk when our door desk officer (S.O. Johnson) had stopped me to talk to the victim (Jamie Redmond). Jamie had stated that while walking into the library with her friend, suspect (Daniel Burns) had stated, "Damn girl you look good, and I love your hair". Jamie then said that he had been harassing other patrons as they were walking by also. Jamie along with her friend then walked into the popular teen library and logged onto the computer. I along with (Deputy Gaston) then started to talk to Mr. Burns who stated that he was just passing by and that the only thing that was said was that he loved her hair and could tell that her hair was real because he could see her scalp. Mr. Burns said that he had just left the library and was returning just to get a drink of water from the fountain near the Huntington room because the fountain in the public restrooms hallway didn't have any water pressure. I then stated to Mr. Burns that he needed to leave for the day because he was in violation of the libraries code of conduct. He kept asking if he could just get his drink of water so me and Deputy Gaston walked Mr. Burns back to the water fountain near the Huntington room where he got a drink of water in which we then escorted him out of the library. When we got outside he again stated that he didn't do anything but tell them a few compliments and that was all. No further incident.

Incident Information: On 5/15/13 at 1710 hours I was walking toward BTS desk, when I saw and heard the BTS Manager, Dave, say to a group to "Stop" and "No". I approached Dave and asked what the problem was. Dave advised that a woman was cussing at a male, later identified as Javon Stokes, and a female. Dave advised that words used were "Fuck You" several times. Dave advised that she needed to leave for the day for the profane language. I approached her and advised her she needed to leave for the day for using profane language. She advised that she was not the one cussing and that it was Javon and the female that left that were cussing. Dave approached to and asked the female again to clear the incident up. S.C. Jeff Sabo approached the female as well. The female kept with the same story. I went outside and spoke to Javon and the female who just went outside. I advised Javon that him and the female would not be allowed back in today for using profane language. Javon stated that it was the female sitting down that was using the profane language. I advised that Javon that he would have to check at the security officer to make sure his one day ban was not extended. I went back inside and spoke with the female who was at the door desk, I advised her that she would have to leave for the day as well. All left without further incident. ***Nothing Further***

Incident Information: SYNOPSIS:

On 5/18/2013 at approximately 1215 hours, I observed a male patron, later identified as WILLIE L. BROWN was sleeping just outside of the winter garden area. I know of BROWN, because he has been escorted out of the library several times for sleeping; at least three (3) times by me and a couple of other times by other security officers. This time, I asked BROWN for his information and explained to him that his chronic sleeping was going to be documented and though I did not want to see him banned from the library, if he continues to sleep every day he comes to the library, he may ultimately be banned. BROWN thanked me for my explanation and said he would not sleep again in the library and does not want to lose his library privileges. No further contact or incident.

Incident Information: SYNOPSIS:

On 5/18/2013, at approximately 1535 hours, I was in the Pop/Teen area of the main library when I observed a male patron, later identified as LARRY FURR, viewing sexually explicit material. I watched him for several minutes to confirm his behavior and then confronted him with my findings. FURR vehemently denied viewing pornography and said that he was trying to exit the windows as they continuously popped up on his screen. I then told him I watched him type the web address into the search bar for the pornography site and then proceed to click on individual pictures and videos for several minutes before I stopped him. FURR still denied his behavior and became belligerent. FURR stepped closer to me and started gesturing with his hands and raised his voice. I told him to step back and explained to him that it did not matter if he lied to me or not, he was still going to be banned for a period of seven (7) days from all TLCPL property. I escorted FURR out of the library without further incident.

Incident Information: On 5/18/2014, at approximately 1335 hours, I was patrolling the Heatherdowns Library Branch, when I observed a patron watching a male and female having intercourse. The patron later identified as Jermaine Perry Loggins, opened another tab. In that tab, Jermaine was watching more nude women. I approached Jermaine and told him about the library's policy regarding Internet usage. I asked Jermaine for his information (ID). I explained to him that he could be banned for his actions and that he should not come back to any TLCPL's properties until he receives a letter from the library's Security Director. Jermaine left without further incident.

Incident Information: SYNOPSIS:

On 5/20/2013 at approximately 1100 hours, I spoke with library staff HARRY, who told me that a female patron was being very rude to staff and was also using someone else's library card to gain access to the computers. I spoke with the female, identified as AMBER HOWE, she at first told me that she was using her friend's card. The friend was sitting next to her. (According to HARRY, the patron's card in use was much older than the patron in question). HOWE was reluctant to give me her information but eventually did. I asked HOWE to leave for the day and escorted her out of the library. I told her she was welcome to come back tomorrow, but had to stay off of the property until that time.

Approximately 10 minutes later, I was on patrol on the exterior of the building, when I noticed that HOWE was hanging out with her friend around the corner of the library at Madison and Michigan St. I politely told her that she had to leave the property. At this point, she said "fuck nigga, I'm goin. You don't have to fuckin follow me around everywhere." HOWE left the property without further incident.

Incident Information: SYNOPSIS:

On 5/20/2013, I was in the Teen Metro area of the library, when I heard someone walk into the Pop/Teen area with very loud music playing on their cell phone. The music was very profane and was so loud, many of the patrons using the computers stopped what they were doing to see what was going on. I walked through to Pop/Teen and told the male adult, later identified as JHON ROBERTSON (correct spelling) to turn his music down. ROBERTSON did not turn it down and began joking and talking with several other patrons. At this point I told him he had to leave the library. ROBERTSON still did not turn his music down, and was escorted out of the library without force.

ROBERTSON gave me his name and D.O.B., but would not give me any other information. It is unknown at this time if the information given is correct.

Incident Information: I approached the patron - who was on a computer - and asked him to turn down the volume on his earphones. A little while later it was loud again (it could be heard at the circulation desk). I was going to send a message to the patron via the computer, and noticed he was using someone else's account. I sent him a message to that effect and ended his computer session. He left. A few minutes later he was back. The volume was escalating again, so I logged on to his computer session to send him a message. I observed that he was again using someone else's account (after staff had removed the PIN). I sent him a message regarding the inappropriate use of another person's account and ended his session (the patron had already used his own three sessions). I told the security guard to tell the patron he had to leave for the rest of the evening. The patron became angry with the guard. As he was exiting, he was heard using profanity. This patron's behavior toward staff continues to escalate towards belligerence and aggression.

Incident Information: Please refer to UOR's dated 5/17/13 and 5/20/13. Patron has been told numerous times to maintain respectable volume on earphones to not engage in loud or disruptive behavior at computers, e.g. slapping the table. He continues the same behavior. As he sauntered by the circulation and reference desks today, the volume on his device was loud again, I approached him and said he had been cautioned repeatedly about his behavior, and I was banning him for seven days. As we exited the first set of doors I stated that he had to be respectful of others, and asked why he continued to act in this manner if he enjoyed being at the library. As we exited the second set of doors, he said, "I've been coming here for 15 years. Get out of my face." I asked him to repeat what he had said. He responded that he had been coming here for 15 years. Patron is banned for seven days.

Deputy Sheriff Gaston talked to the dispatcher Amanda Marsh. I approached K. Perish and told him to turn around and put his hands behind his back. I advised the K. Perish that he was being detained and placed handcuffs on him. I escorted K. Perish to the DT room to wait until Deputy Sheriff Gaston confirmed his warrants with the U.S. Marshalls.

At about 1200 hours, I noticed two U.S. Marshalls walking around the library. I approached them and asked them if they were looking for someone. Both Marshalls mentioned that they were looking for K. Perish. Also they showed me a picture of the suspect. I immediately recognized K. Perish because Ptl. I told the Marshalls what happened with the suspect and why he was kicked out. They stated that K. Perish was wanted by them and we should call them immediately if K. Perish returned to the library.

Deputy Sheriff Gaston confirmed the warrants with the U.S. Marshalls and he also had warrants with TPD for making terrorist threats. TPD officers transported to Lucas County Jail.

I tried to approach her to ask her why they were insulting each other. The female responded with a insulting attitude saying "Don't tell me to Fucking Shut Up." I started walking away from her and I reminded her that she had to leave for the day. She kept yelling obscenities and using racial derogatory language towards me. I told her again to leave the property immediately.
The same female decided to return to the library when I was walking in. TPD Officer Amanda Evans proceeded to talk to her. The female left the property.

Incident Information: On 5/23/2013 at approximately 1240 hours, Manager of Humanities, Ben Malczewski, approached me near central court. Ben advised that a male subject, Joshua Kalbfliesh, had threatened to harm the victim, Scott Berger, who was sitting at a computer back in Humanities. Ben advised Joshua said something to the effect "I'm going to kick your ass" to Scott. Ben advised Joshua was standing over Scott pointing his finger at Scott and was yelling at him. Ben advised Scott had his arms up as if he was confused about what Joshua was saying. Ben stated that he approached the two subjects and advised Joshua he had to leave.

I found Joshua walking in central court coming from Popular/Teen department. I stopped and asked Joshua what was the issue. I had Sgt. Solis assist me. Joshua stated that he had allowed Scott to borrow his headphones for an hour in an exchange for three cigarettes. Joshua stated that about 40 minutes after the exchange he wanted his headphones back. Joshua approached Scott and asked for his headphones back. Joshua stated that he was going to give back one cigarette. Joshua advised Scott refused to give him his headphones back because the time was not up. Joshua advised Scott had threatened him with bodily harm. Joshua advised that is when Ben stepped in. I advised Joshua that he was to leave and to check at the security office tomorrow.

Capt. Cessna located Scott in the Audio Visual department. I asked Scott what happened back in Humanities. Scott advised that he asked Joshua if he could borrow his headphones for an hour in an exchange for three cigarettes. Scott advised after 15 minutes, Joshua approached him and wanted his headphones back and was only going to give him one cigarette back. Scott advised Joshua started yelling at him when he refused to give the headphones back for only one cigarette. Scott advised that Joshua stated that if he was going to kick his ass that he didn't care, because he has been banned before for breaking a guy's nose. Scott stated that is when Ben stepped in.

At approximately 1500 hours Sgt. Solis saw Joshua outside of the Library. Sgt Solis advised that he was going to be banned for One year and that he would be receiving a letter in the mail.

I checked Joshua's file and the only thing he has been banned for is a Verbal/Physical Harassment. This will be Joshua's first offense for Engaging/Challenging another to fight.

Incident Information: On 05/23/2013, at about 1830 hours, I was patrolling the Metro Area when I was told by one of the staff members that Mr. Vongene Kiante Walker was too loud and horse playing with the chair where he was sitting. I approached Mr. Walker and I told him that he needed to stop his behavior. A couple of minutes later, he started the same behavior. I approached him again and I told him that he needed to leave the Metro Area immediately. Mr. Walker and his two friends, Mrs. Shytia Renne Jackson and Mr. Christopher O'Neal Love Jr, left the area together.

About a minute later, I heard the Madison St, door alarm going off. I immediately ran to the scene and I tried to see who opened the doors. I could not find anyone right away, by this time; Ptl. Justin Feher arrived at the scene to secure the doors.

Ptl. Feher and I talked to humanities manager, Mr. Ben Malczewski, because he witnessed exactly what happened. Mr. Malczewski stated that he was typing on his computer when he noticed two carts bumping into the book display in front of his desk at Humanities. Some of the books and display material was knocked over. Mr. Malczewski saw two subjects running towards the back through the book shelves. Then Mrs. Jackson approaching one of the carts and starting cleaning up and saying "She was sorry for", but she did not for what. Mr. Malczewski started walking towards the main entrance to contact one of the security guard. He observed Mr. Walker, Mr. Love and Mrs. Jackson meeting up in wintergarden and heading towards the North glass door trying to leave. (The glass doors over the loading bay). The subjects realized the doors are completely locked, so they ran the opposite direction running through the Madison doors. When the doors opened the doors the automatic alarm went off. The alarm caused panic for the surrounding patrons. Some of the patrons asked us later what the alarm was for and if they needed to do anything.

During the camera review, we confirmed Mrs. Jackson pushing the carts. In wintergarden you can observe Mr. Walker, Mr. Love and Mrs. Jackson running towards the Madison doors. I positively identified the suspects because of the earlier incident with them at the Metro Area. The librarian at the Metro Area was able to identify all the suspects by name.

Ban to be determined by Security Operations Coordinator Jeffry A. Sabo

Incident Information: On the time and date stated in this report, this Officer was patrolling inside the Lagrange Branch Library. An employee from our sprinkler company approached me and mentioned the he had seen syringes in the back alley on our side of the property. I then patrolled along the fence line on both sides and obtained three syringes total, a lot of broken glass and four broken lighters. All syringes were then disposed of properly. I patrolled several times along the fence line and back alley no further action was witnessed.

Incident Information: SYNOPSIS:

On 5/25/2013 at approximately 1050 hours, I observed a male patron, later identified as DARNELL BELCHER, sleeping on one of the chairs in Info/Tech. I told him to get up and walk around or he was going to have to leave. Several minutes later, I saw BELCHER again sleeping in the same chair. I told him to get up and find something to read or he was going to have to leave the library. At this point, BELCHER got a magazine and sat in a different chair. Several more minutes passed and I saw BELCHER was asleep again. I then told BELCHER he had to leave the library.

BELCHER took approximately two minutes to compose himself and begin walking towards the exit. He then walked into the bathroom instead of leaving the library. After using the bathroom, BELCHER started drinking from the water fountain. I told him if he was drunk he probably should not drink that much water on an empty stomach. BELCHER ignored my suggestion and continued drinking about a half gallon of water. He then slowly made his way to central court where he stopped and said he couldn't leave. I told him he had to leave and I was not going to give him any more chances. I warned him if he was not going to leave on his own, I was going to contact TPD and have him arrested for DC/Intox and trespassing. BELCHER said "have me trespassed then!" and sat down on the floor.

I contacted dispatch to call for a crew. After several minutes, BELCHER vomited over the floor in central court. I informed dispatch who contacted custodial for the hazard. TPD also advised medics to check BELCHER's health. BELCHER asked me if he could wash his hands after vomiting. I allowed him to use the restroom and then escorted him to the DT room. I handcuffed BELCHER (check fit and double lock) and sat him down on the bench inside of DT.

While inside DT, I obtained BELCHER's identifying information. BELCHER informed me that he was just arrested last night for drug possession and had been arrested before on several occasions for DC and resisting. Once TPD arrived, I explained what happened. TPD contacted medics to check BELCHER's welfare. TPD then escorted BELCHER out of the library and released him.

Incident Information: On 5/25/2013 at approximately 1330 hours, I was informed by dispatch that a woman and reported that she could not find her child. I then made contact with the mother and obtained a description of the missing child. I was told the missing child's name was Christian. The description I received listed him as African-American and was one (1) year old and wearing a gray and red hooded sweatshirt and blue jeans. She was last with him in the childrens library.

I then went to search the childrens library, along with Sgt. Peters. After searching childrens library, Sgt. Peters searched the rest of the second floor, while i searched the third floor. We both then proceeded down to the first floor. Sgt. Peters went from Wintergarden towards the back of the library while I searched the front half.

I located a child in the lap of a female patron in the pop/teen computer area. I asked the female if the child's name was Christian. She responded that she was not sure, and proceeded to willingly hand the child over to me. She informed me that she found Christian on the elevator alone, and that she was not sure what she should do with him.

I then took Christian and returned him to his mother. I also informed the mother of where he was found.

Incident Information: SYNOPSIS:

On 6/19/2013, I was contacted by Patron WENDY WISIEWSKI about property of hers that was stolen from the West Toledo Branch Library on 5/27/2013. She explained to me that she had left her wallet inside of her vehicle in the parking lot and when her son went out to retrieve something from the vehicle, he did not lock the door. It was some time after this, that WENDY's wallet and cellphone were stolen. WENDY told me that she filed a police report about the incident and the suspect/s also used her credit cards to purchase gasoline and other items. WENDY also stated that around 1400 hours, the thief used her cell phone to place a call.

WENDY contacted security at the TLCPL because an unknown individual placed a hold on several library items for pickup on her stolen card. I was informed that some items arrived at the West Toledo Branch on 6/19/2013, Staff there were instructed to keep the items behind the counter until someone came to claim them.

I instructed LT. SCHROEDER to pay attention to the items and, if an individual comes to claim the items, to detain him/her for possible arrest.

On 5/28/2013, I was dispatched to Teen Metro are of the main library for a patron verbally harassing staff. When I arrived, the suspect, identified by her library card as KANEISHA J. MCDONALD already left the area. I spoke with library staff SHIRLEY, who stated MCDONALD was using inappropriate language. SHIRLEY stated she asked MCDONALD to leave the area for her language, at which point, MCDONALD began cussing out SHIRLEY. As MCDONALD walked out of Metro, she called SHIRLEY a "bitch" and several other derogatory slurs which were offensive to her. SHIRLEY described MCDONALD as a heavy set black female juvenile with dreadlocks. MCDONALD was wearing a white shirt and white baseball cap. I walked through the library to see if MCDONALD was still inside, but she was not.

On 5/28/2013, I was on routine patrol when I observed a male patron, later identified by ID as AARON CUNNINGHAM, viewing sexually explicit material on a computer in the Pop/Teen area of the main library. I watched him for several minutes and then confronted him about his behavior. CUNNINGHAM denied viewing anything sexually explicit, but later said he was "scrolling through a page and the stuff was there." I explained to him that he is responsible for what is viewed on the screen and told him I observed him viewing pornography for several minutes and he did not make any attempt to navigate away from it.

At this point, CUNNINGHAM said he was going to file an appeal because this is the fourth time he has been accused of viewing pornography and he feels that he is being singled out. I explained to CUNNINGHAM the appeal process and told him he was more than welcome to state his case. I escorted him out of the library without further incident.

On 5/28/2013, at approximately 1830 hours, I was informed by Ofc. DIX that a patron who was trespassed earlier in the day, returned after being highly intoxicated and throwing up on the carpet and urinating on the floor. Deputy GASTON and I went into the bathroom and made contact with MELVIN DUANE CLARK, who was uncooperative. CLARK did not seem to remember events from earlier in the day and appeared to still be highly intoxicated. After CLARK finished his business, we escorted him to DT where Deputy GASTON ran his information for wants/warrants. I explained to CLARK that he was going to be banned from the library and not to return until his ban expired. I explained that he would be arrested for trespassing if he returned to any TLCPL property while his ban was in effect. Deputy GASTON and I escorted CLARK off of the property without further incident.

Incident Information: On 5/29/13 at approximately 1320 hours I was dispatched to the door desk for an incident. Upon my arrival I observed a male and female subject talking to Officer Pam Johnson. The male subject was identified as Christopher W. Brown Jr. and the female subject was identified as Cynthia M. Alexander. Officer Pam informed me that the Christopher went into the first floor women's restroom, when Cynthia was leaving the women's restroom. I pulled Christopher away from the door desk. Sgt. Peters came to assist with the incident. Christopher advised that the men's restroom was locked and he had to urinate. Christopher advised that he went into the women's restroom and used a stall. I advised Christopher that he should not have used the women's restroom but should have used the third floor men's restroom. I advised Christopher that he was going to be leaving for the day, but he should check in with the security office to make sure he was not going to be banned for a longer period of time. Christopher got agitated when I told him that he may be banned to period of time. Christopher then stated an aggressive and threatening manner to me "Let's take this outside". I advised Christopher that it was time to leave the property after making that comment. Sgt. Peters and I escorted Christopher outside and through the front doors. Christopher stated that "we did not need to fucking follow him out". I advised Christopher that it was our policy to make sure he left the property. Once outside Christopher continued to be belligerent and cussing at Sgt Peters and I. Christopher told me to "Fuck Off and Get the Fuck Away". I called over the radio for TPD Officer A. Evans to come outside for a disorderly patron who was refusing to leave the property. I advised TPD Officer A. Evans of the situation. I went into dispatch and checked to see if Christopher had a file with our security office. Christopher did not have any record with T-LCPL. TPD Officer A/ Evans advised Christopher Brown to leave the property and that he may be banned for 6 months to year depending.

I came back inside and spoke with Cynthia. Cynthia advised that she was heading to exit the women's restroom when Christopher came into the women's restroom. Cynthia advised that Christopher went into a stall and shut and locked the door. Cynthia advised Christopher that he was in the women's restroom. Christopher advised that he was just getting some toilet paper and asked her to hold the door open for him. Cynthia came to the door desk and spoke with Officer Johnson.

I am recommending at least 6 months if not a 1 year ban for the verbal harassment of staff, then asking me to step outside and then for going into the first floor women's restroom.

I have not filled out a ban letter since the ban length it to be determined.

Incident Information: On the above date and time I S.O. Peters was sitting at the door desk when a patron with the name of Larry Armstrong approached me to call 911 for him. He had stated that his left knee was giving him tremendous pain and was swollen two times the size of its original size. I had radioed to dispatch to call for medical in which they complied, Larry Armstrong then proceeded to walk to the single wheelchair until the paramedics arrived. The 911 paramedics arrived approximately at 10:20, after looking over Mr. Armstrong the paramedics had stated to Larry that he would have to contact his primary doctor for medicine for his pain and that their was nothing they could do for him at this time. Mr. Armstrong then stated that it was ok for the paramedics to leave him. No further incident.

Incident Information: On 5/29/2013 at approximately 1900 hours I was dispatched to the Technology area in reference to a fight about to break out. Upon my arrival I spoke with the staff, who identified one female subject who was involved and they advised the other two females have felt the area.

I approached the female subject as she was leaving the area and I identified her as Seantoya Braggs. Seantoya advised that a female subject came in and confronted her friend, Amber Howe and her about some missing money. When we reached the front door desk I observed Officer Johnson speaking with a female subject, later identified as Amber Howe, At this time a female subject came in through the front doors screaming at Amber and Seantoya, she was later identified as Amari Carr. Amari continued into the library yelling and screaming, making statements "Let's go bitch", "Let's go outside, I'll fuck you up bitch", "I'll beat your fucking ass bitch". I maneuvered myself in between the two groups. Officer Pam Johnson advise me that Amari was a missing juvenile. I approached Amari while she was still yelling. I advised Amari several times to stop yelling and to be quiet.

I was able to escort Amari to the DT room. I advised dispatch that I had her in the DT room and that I needed an other in DT. Sgt. Peters and Deputy Gaston spoke with a male subject, as Jerry Igbiniaro, and to Amber and Seantoya. Sgt. Peters came into the DT room. I asked Amari what was the issue with the other two females, Amber and Seantoya. Amari advised that Amber had stolen \$250 dollars from her house. Amari advised later that she may have warrants from Toledo for a disorderly conduct. I advised Amari to turn around, I placed handcuffs on her. I advised and explained to Amari that she was being detained and was not being placed under arrested and that it was for her safety and for my safety. I advised Amari that for her actions here that she would be banned. I advised her the time frame for the ban would be determined, but it would most likely be one year.

I was advised by Sgt Peters that Amari did have a warrant from Toledo Police for being a Missing Juvenile. Toledo Police arrived on scene and took custody of Armari.

I was advised by Deputy Gaston and Sgt. Peters that Jerry had come into the library with Amari. Jerry had come to Toledo from Wayne, MI to buy Amari's sexual services. Jerry claimed he did not know she was under 18 years old. Jerry stated that nothing happened between Amari and him.

I later spoke with Amber and Seantoya. Amber advised that Amari came into Technology accused her of stealing money from her. Amber advised me that Amari, Jerry and her were at a motel earlier and that Jerry and Amari had sex while at the motel. I advised Amber that I would pass that onto the Deputy. I informed Deputy Gaston of the information of the sexual interaction between Jerry and Amari.

Deputy Gaston got Jerry's car keys and green card from him. Deputy Gaston advised Jerry, that Jerry's father Richard would be called to come pick him up. Deputy Gaston advised that Jerry did not have a valid driver license and that he was under the influence of alcohol. I called Jerry's father and advised him that he would have to pick his son Jerry up from the Library. I passed the phone off to Sgt. Peters to help explain the situation and how to get to Toledo from Wayne, MI.

Incident File Summary Report

Sgt Peters stayed at the library at closing to make sure Jerry's ride came to pick him up.

I recommend a one (1) year ban for Amari Carr for her behavior in Central Court.

Sgt. Peters, Officer Johnson and Deputy Gaston will be adding supplements to this report.

Incident Information: At 1905 on the date stated above, a female patron reported to the staff that there was a mess in the women's restroom. The staff then notified this Officer that a patron had made a mess all over the 3rd stall in the women's restroom. This Officer then went in and saw that a patron had taken their feces and had smeared it all over the toilet and the wall. This Officer then notified dispatch to have somebody come out and clean the restroom. This Officer also let the person in charge know of the incident, and closed the restroom until custodial could come out. A camera review was requested during the time of 1800 and 1900. Report of the incident was made waiting to hear from dispatch if anything was caught on camera.

Incident Information: On 05/30/2013, at about 1200 hours, I was informed by TPD Officer Amanda Evans about Phillip Duszynski. Officer Evans mentioned that Mr. Duszynski was wanted by TPD for felony warrants and we should detain him

About two hours later, I was ready to exit the building through the front doors when Mr. Duszynski was walking in. He stopped me and started chatting with me. I told him that I needed to talk to him, so he followed me to the DT room. Once in the DT room, he asked me what the problem was. I stated that a TPD officer needed to talk to him and he was being detained until further orders were given to me. Mr. Duszynski sat patiently and calm during this time.

Officer Evans confirmed the warrants and arrested Mr. Duszynski. Officer Evans and myself escorted Mr. Duszynski to the library parking lot so Officer Evans transport him in the library's patrol car. She transported him to the Lucas County Jail to be book.

Incident Information: On May 30, 2013 at approximately 1035 hrs this officer was on patrol when I observed a man, later identified as Mr. Doug E. Stone, looking at inappropriate images (pornography) on the computer. I confronted D. Stone about it and advised him that it is against library rules and internet policy to look at such images on the computer and that he will be banned from the library for a certain amount of time. I told D. Stone that he is not to return to the library until he receives a letter in the mail stating when he could return and that if he were to return before that time that he could be charged with criminal trespassing. D. Stone left with no further incident. I called dispatch to see if D. Stone had a record with us and the last internet offense was in 2011.

Incident Information: On 06/04/2013 at approximately 1645 hours dispatch informed me that there was a report, by a library employee, of a subject viewing sexually explicit material on computer seven (7) in Local History. I responded immediately.

Upon arrival, I walked past the subject to observe his screen, he did not have any windows open at that time. I then obtained his information from the librarian at the desk before making contact with him.

I then approached the subject and asked him to log off the computer, and follow me to a private area. I then informed him that I had reports that he was looking at sexually explicit material. He denied that he was, and said he was trying to figure out how to use his new MP3 player. I then asked him for identification, which he did not have, so he told me his information. He revealed himself to be Horace Reynolds. The name and address he gave me matched information on his library account.

I informed Mr. Reynolds that due to the fact that I had reports that he had been viewing sexually explicit material, that he would have to leave the library and I told him not to return for seven (7) days.

Incident Information: Two female juvenile patrons believed to be sisters. Younger one was told to leave her wagon outside the door. She said she hated me and this whole damn library. The other one said I was not a police officer, just a security guard, that I need to be a stripper. These two young patrons have very cocky attitudes towards authority. I have had encounters in the past especially with the younger one. BriAnna King said if I call the police she was going to call on me also. This has happened two days in a roll. These patrons continue to exhibit very loud, defiant, and aggressive behavior everyday they are here. Older one took a two year old and infant into restroom. We heard a loud thump and a crying child. Another time this patron told one of these children to "be quit or I'll slap your face."

Incident Information: SYNOPSIS:

On 6/5/2013, at approximately 1215 hours, I was on patrol through the North Lawn during the "Brown-bag lunch" event. A patron, who identified himself as KYLE STOKES told me that an individual approached him and offered him a beer from his backpack in exchange for the use of his cellular phone. STOKES pointed the individual out to me and I approached him and confronted him about the contents of his backpack.

I identified the patron as JUAN OROSCO, and asked him how much alcohol he had in his bag. He told me he was going to be honest, and said he had a six-pack of beer in his bag. He told me he did not do anything wrong and he was just trying to use the phone. I informed him that he was doing something wrong, by having alcohol on library property. I told him he was going to potentially be banned from the library and that he should check back with security in several days if he does not receive a letter in the mail to verify his ban status. I escorted OROSCO off library property without further incident.

Incident Information: SYNOPSIS:

On 5/5/2013 at approximately 1555 hours, I was dispatched to the Metro area of the Main library for two patrons that were said to constantly have caused problems for the staff in that area. When I arrived, I spoke with staff who told me the two patrons, later identified as NAQIYA HALTY and ADRIAN BROWN were constantly loud, disrupting other patrons and being disrespectful when asked to be quiet. Staff members told me that HALTY and BROWN had each been kicked out of Metro several times and on one occasion were suspected of being under the influence of some type of drug or narcotic.

This was the first time I have dealt with these two individuals and while I was speaking with staff, they ignored my presence and were talking loudly to each other. I went over to where they were seated and asked them for their information. I told them that they were being disrespectful to library staff by not lowering their voices. I told them that I was not going to be as forgiving as staff and would only allow them one opportunity to show me they could behave. I told them if I was called by staff again, that they would both be out for the day. They both acknowledged that they understood and I left the area. I was not called for them for the remainder of the day.

Staff asked that I create a report to document this and future incidents

Incident Information: On 6/6/2013 at approximately 1930 hours, I walked into the popular / teen library computer area. While looking around, I noticed Dexter Bernard acting suspicious, as he was keeping an eye on me standing off to the side. After observing his behavior, I looked on the camera, and noticed he was viewing videos on www.youtube.com that were of a sexual nature, and included females removing clothes.

After observing the videos he was watching, I approached Dexter Bernard and asked him to log off and to speak with me in a more private area. I explained to him what I had observed, and how it is in violation of the library's internet use policy.

I asked Dexter Bernard if he had identification, to which he claimed he did not. I had already obtained his library card information from the desk in the popular / teen area. The information that he supplied me did not match what is on file for his library card account.

He claimed his name was Dexter Whitfield and that his address was 2565 W. Bancroft Toledo, OH 43614. I asked him if he had recently moved, to which he said no. I then asked him about the address that I got from his file, he claimed to have moved from there in 2008.

After that, I once again explained everything to him, and that he is not to return to the library for seven (7) days because this was his first offense.

Incident Information: On date and this Officer was informed of kids acting up outside. Upon my arrival this Officer saw Janet Marie Bell outside and throwing a male patrons shoes. One shoe was thrown into the parking lot the other was at the door of the branch, almost hitting a patron attempting to enter. Ms. Bell is currently serving a 2 week suspension from the West Toledo branch until 6-11-13 for inappropriate behavior. Ms. Bell has attempted to sneak back into the branch as well as hang out on the property on the following days 5-30, 6-4, and 6-6. This Officer than informed Ms. Bell that she was currently not allowed on the property and due to her behavior she can't return until she receives a letter in the mail stating when she can come back. This Officer also told Ms. Bell that if she was seen on property she would be charged with Criminal Trespassing. Ms. Bell left property without further incident. On top of her 2 week ban for inappropriate behavior, Ms. Bell has also served a 30 day ban for fighting back in April of this year. Male patron who's shoes she had taken left before this Officer could get his information.

Incident Information: On 6/11/2013 at approximately 1725 hours dispatched notified me to locate Mr. Raymond Larcom Junior to check on his welfare. His daughter had contacted dispatch, and informed us that he had consumed 15-20 pills, and was talking about committing suicide. I obtained the information of what computer he was logged into to, which was computer 37 in the business area.

I made contact with him, and asked if he was Raymond Larcom. He claimed his name was John, but he was logged into facebook.com with the name Raymond Larcom. I asked him to log off and walk with me up to dispatch, because we wanted to speak with him. He did as asked.

Once we arrived to the dispatch area, I went to open the dispatch door. As I was doing this, Mr. Larcom ran out the front door and headed Northwest down Michigan Ave. Officer Feher and I tried to stop him, because we were concerned for his safety. Mr. Larcom then crossed Madison St. and proceeded Northwest down 10th. Once he entered the street and was off library property, we abandoned trying to stop him.

When asked if he had been drinking, to which he replied he had consumed about three (3) beers.

I then obtained his information. He claims to be residing at 702 N. Erie St. Toledo, OH 43604. Phone number 419-917-8089 and a date of birth of 9/8/1963.

When asked if he had ever been banned for being in the library while under the influence of alcohol, he told us that he had one previous ban. I then read him eviction procedure and guidelines on being intoxicated in the library. Officer Feher and I then escorted him toward the exit. On the walk up, I relayed his information to dispatch to get a check on his record. Dispatch informed us that he was currently banned.

After this information was relayed to us, Assistant Chief Heer advised us to detain Mr. White. At this point, we reapproached Mr. White and escorted him to the detention room. Dispatch notified Toledo Police of the trespassing/intoxication. At 1859 hours, Toledo Officer Dornier arrived and placed Mr. White under arrest and transported him to the jail.

After investigating the file of Mr. Joseph White, I came to realize that he actually had four (4) previous violations of this policy, two (2) which are current. The dates of the previous violations are:

- 1.) August 3, 2009 through February 4, 2010.
 - 2.) January 31, 2011 through August 1, 2011.
- The two (2) current bans are:
- 3.) June 27, 2012 through June 28, 2013 and
 - 4.) May 14, 2013 through November 15, 2013.

Incident Information: Mr. Carter came into Reynolds Corners Branch Wednesday June 12 around 2pm to report his 2003 Black Mitsubishi Eclipse G5 front driver's side fender was dented in the library's parking lot on Tuesday June 11 around 4/4:30 pm. He did not file a police report. Manager Patricia Crosby phoned Security at Main Library to ask them to check the parking lot cameras but Security was unable to see this particular vehicle or another vehicle hitting the Mitsubishi within camera range. Mr. Carter was encouraged to file a police report for his insurance company.

Incident Information: Patron has been coming to the Business-Tech Desk for pleasant conversation, but does not seem to know when to stop. For example, I was walking another patron to the stacks and Mr. Jamini followed us, interrupting our conversation. Today he came to the desk to talk and I explained I was going to lunch. He asked if I liked "The quiet." I said yes and he said, "Then have a nice quiet lunch." I walked to Ranya's, sat down with some friends, and a few minutes later noticed he was sitting one table over from us.

Incident Information: Patron entered building in the evening and approached the service desk. Kirsten Furry, our LPT clerk was working on shelving DVD's. She turned to ask the patron if she could help her. The patron sneered at Kirsten and said "you can help me when you are on the other side of this desk." Kirsten proceeded to the "other side" of the desk. The patron was inquiring about a card that belonged to her mother, Brenda-Durrah-Jones. Kirsten questioned the use of another person's card by this patron. The patron argued that she always used the card for her mother because she cannot get to the library. She even knew the card number. The patron continued to verbally bully Kirsten. In the end, three items on the card were renewed and nothing additional was checked out. After the transaction the patron approached our security guard, Tom Dunston, to complain about Kirsten and threatened to "cuss her out." In a past incident this same patron told Tom she was going to "kick the ass" of another clerk so she has a history of physical threats as well. On her way out of the building she walked past Kirsten and called her a bitch.

Incident Information: On 6/13/2013 at approximately 1100 hours I was notified over the radio that a lady (Linda Dalton) had approached the door desk and notified our door desk officer (JDix #118) to call 911, in which he called in to dispatch and 911 was notified. As I approached I had noticed that she was crouching over and holding her side. I then asked her if she would like to sit down and she said that would be good, so I then had her sit down in the wheelchair behind the door desk. She had said that she was released yesterday from St. Anne's hospital regarding the same pain in her side, having nausea along with an extreme dry mouth. 911 paramedics arrived approximately 5-10 minutes later in which they asked her some questions and clearly noticed that she was in pain so they then escorted her out to the ambulance shortly after when it had arrived. She then was transported to the hospital. No further incident.

Incident Information: On the date and time state above, I was patrolling on the third floor of the Main Branch in the Local History Department. I observed Tyler Hartman sitting at computer #5 watching sexually explicit material. Before approaching Mr. Hartman, I attempted to obtain his information from the librarian on duty at the time. This information was unable to be accessed before Mr. Hartman signed off of the computer. Therefore, I did not have time to check his previous record before making contact.

As Mr. Hartman attempted to leave the Local History Department, I stopped him and pulled him aside to discuss his actions. I told him that I had viewed what was on his computer monitor, and explained to him that it was in violation of the libraries internet policy, He acknowledged that he was aware. I then asked for identification, which he then handed over to me.

I asked Mr. Hartman if he had ever been caught for this violation before, he claimed this was the first time. I informed him that I would be checking to make sure of this claim, and that if it was indeed his first violation that he will have a seven (7) day ban. But, if he had previous violations, it would be at least a thirty (30) day ban that would include a letter being sent to his home.

After escorting Mr. Hartman out of the building, I was able to check for previous violations. He had one (1) previous violation for viewing sexually explicit material which occurred April 2, 2013 at the Lagrange branch.

Incident Information: On 06/13/13, at about 1500 hours, Officer Josh Dix informed the security personnel through the radio that he was with a three year old female child. He stated that the child could not find her mother. The description of the mother was an African American female wearing purple and black.

Officer Andrew Thomasson and I walked around the building for about 25 minutes. We could not find the mother of the child. After trying to gather more information from the child, some patrons told us that earlier they saw the child with a group of kids taking the elevator to the second floor. We all proceeded with the child to the children's Library to see if we could find these kids.

After walking around the Children's Library, the child identified the kids as her brothers. I started asking one of the kids if that was his sister. He said yes. I asked him for his mother's phone number. At the same time, Mrs. Jenitae Rushing, the mother of all the kids, walked towards us. We told her about the incident and how we had to look for her around the building for 25 minutes. She seemed to be oblivious of the situation. I asked her for her basic information. After she gave me the information, she walked away with the female child and left the other children to play by themselves without supervision in the Children's Library.

Incident Information: On the date and time stated above, I Sgt. Tracy was addressed by Heather Weaver that a young boy was going around the library and taking books and play aways off the shelves at random. After the conversation, I had walked around the library and noticed six empty play away cases. I then took them to the circulation desk and notified Elizabeth of the empty cases. She stated that she had noticed a young boy with a play away view out of it's case. I observed Mr. Hubbard by the computers and pulled him aside. I told him that he cannot pull books and play aways off the shelves and leave them around the library. I then asked him where the missing play aways were. He first stated that he didn't know where the items were and asked if he would have to leave the library. When I asked again where the missing items were he then pulled out six play aways from his pockets. Again, he was asked where the other two missing play aways were. Myself and Mr. Hubbard walked around the library looking for the other missing items and could not find them. At that point his brother, Robert Stringer, had said he seen two play aways in the boys bathroom. Mr. Stringer and myself went to the boys restroom and found the two missing play aways. One case to the play aways was still missing and Mr. Hubbard could not find it. Mrs. Elizabeth pulled Mr. Hubbard's information and tried to contact the mom but was unable to. Mr. Stringer said that their mom's phone number had just changed recently and did not know it. I contacted dispatch for any priors with Mr. Hubbard and he was banned from a prior incident. Mrs. Elizabeth told Mesyah that he was not allowed in the library until 8/22/2013 (according to his previous ban) and since we could not contact a parent Mrs. Elizabeth told Mesyah and his older brother that if mom had any questions to contact her. Nothing further,

Incident Information: On 06/14/13, at about 1440 hours, I had completed an assignment for the library when I received an assistance call through the radio from Officer Josh Dix. Officer Dix was in pursuit of a suspect from an incident that happened just minutes before. I immediately started running towards Madison Ave. I approached Officer Dix and told him to walk back to the library so he can explain to me what happened.

While walking through commissioner's plaza and the bus stop, a subject, later identified as Jason L. Greenwade, approached us. Mr. Greenwade was screaming and walking toward us in an aggressive manner. Officer Dix told him to walk away from us. Mr. Greenwade kept screaming in a disorderly manner and he was inside Officer Dix's personal space. I then told him that he needed to walk away from us. For a third time, I repeated the same command to him since he did not obey the first two times. I then commanded him to go across the street and leave the property for not following orders. Mr. Greenwade said that he was not going to leave since he was waiting for the bus. I approached the suspect and grabbed him by the right arm. I told him to get down on the ground. At the same time, Officer Dix grabbed his left arm and together we had to wrestle him to the ground since he was resisting and not following my commands. I handcuffed the suspect and we took him to the DT room.

While walking through entrance doors, Mr. Greenwade pushed me against the metal door on purpose. When we arrived to the DT room, Mr. Greenwade was very aggressive and loud. We told him to calm down several times, but he did not follow our commands. Assistant Chief Jake Heer was waiting for us in the DT room. He tried to reason with the suspect unsuccessfully.

About (20) minutes later, two Toledo Police officers arrived to the library. After they talked to him, I showed them the video of the incident. They decided to take Mr. Greenwade to jail for public intoxication.

Incident Information: On the date and time stated above, dispatch received a call from the librarian working in The Metro of a patron on the other side of the glass in the Popular / Teen area was sexually explicit material. I responded immediately to the Metro to get information of the incident. One of the librarians pointed out which gentleman was veiwing the graphic material, and that her and the other librarian had seen the image, as well as four minors.

I had a librarian working the reference desk in the Popular / Teen area pull up the information of the gentleman who was logged into computer #65. I then approached the man, and asked him to log off and to come speak with me in a more secluded area. I then informed him of why I pulled him aside, and asked for identification. He claimed to not have any identification on him. I then asked him to give me his information, to which he did. He gave me the name Brian Carson (27 Morrish Ave. Toledo, OH and phone 419-241-2299). This did not match the information to the account he was logged into. I told him that using another persons log in info was not allowed as well. I asked him who's account he was using, he claimed it belonged to a friend. I then asked him for that friends name, and he could not give me a name.

I radioed both names, the one he gave and the one that was logged in, to dispatch. Both came back with no previous record. I informed him that since this was his first offense, that he would have a seven (7) day ban. He left with no further incident.

Incident Information: On June 17, 2013 at approximately 1620 hours, at the Sanger Branch, we received report of there being a black mid teens male, who had been a possible run-away, who may be at our location. This was reported by the young male's aunt as she labeled herself. At this time, the assistant manager, Allison Fiscus, felt our next step should be to contact Chief Sabo and dispatch to see what our next step would be from here and I, Officer Free, agreed before presenting our self's to the minor. As we then were given the go ahead to talk to the minor as Chief Sabo dispatched an off duty deputy to our site. Shortly after the parents and family members of the young male arrived on scene, along with Toledo Police and the EMS. The family members said everything was under control from here as I approached them. At this time assistant manager Allison Fiscus asked me to not take the information of the minor from the aunt. So we have no further information on names of the suspect or his parents. We also have no further detail on the status of the minor's health or criminal charges. At approximately 1650 hours the scene was cleared by Toledo Police. At approximately 1700 hours the T-LCPL off duty deputy arrived to check on the status of the situation then he also exited the scene.

Incident Information: On the above time, date, and location an unknown subject entered the branch and approached Librarian Rebecca Roberts and asked her where the Harry Potter books were located. Rebecca showed him the way and left him to look by himself. He looked for awhile then walked past the reference desk and announced loudly that he had ADHD and could stand to be in the library another minute. Looked at Rebecca Roberts and asked her what her purpose was here then walked out. A regular patron walked in a few minutes after the subject left and handed Rebecca a book cover of Harry Potter Vol 2 and said she passed a white man in a yellow shirt walking down the sidewalk with a Harry Potter book under his arm. I then called Main Security and they e-mailed me a picture of the subject.

Incident Information: On 06/18/2013 at about 1700 hours, I finished doing the premeter patrol and I walked into the library when a patron told me someone yelled for 911. I proceeded to the area where the person requesting 911. Upon arrival to the women's restroom, I saw Denim Williams lying on the ground passed out. I checked Denim's pulse and chest to see if she was conscious. At this time, Denim regained consciousness and began telling me that she passed out. I asked her if she had any medical conditions. She answered that she only takes medication for her stress and she took it earlier. Mrs. Latoys Williams was inside the women's restroom at the time of the incident. Mrs. Williams witnessed how Denim fell and had a seizure. The librarians called an ambulance while I was talking to Denim. Denim's friend gave me the victim's mother's phone number. I called her and explained to her what happened. Denim's mother mentioned that her daughter just started taking that medication and maybe she did not eat anything. The Toledo Fire & Rescue arrived and they helped Denim walk to a chair close by. While examining Denim, Mrs. Williams mentioned that her hephew (Jaakary McCallen) had a big bump on his forehead becasue Denim fell on top of him when she had the seizure. The general manager contacted the mother of the cild to let her know what happened. She arrived to the library about 10 minutes later. The medics determined that both Denim and Jaakary would be taken to the hospital for further examination. They were transported to the hospital. End of Report.

Incident Information: Around noon on Tuesday June 18, Ms. Greenberg fell just outside the front doors. A staff member (Lee Post) saw her and asked if she wanted help. Ms. Greenberg said "No, I ma getting up" and then said she was going to her niece's house nearby. Ms. Greenberg then left. Ms. Greenberg and her niece came in to the branch today to request that we fill out an incident report. Ms. Greenberg reported that her hands and knees were scraped in the fall, and her library card was lost.

Incident Information: After Mr. Haberkamp asked for assistance on his pc, Ms. Bean accused Mr. Haberkamp, Mr. Rawson, and Chime of looking at her computer. She added this action had happened many times. All three men appeared confused by her accusations, but Mr. Haberkamp responded that Ms. Bean "was crazy" and "should go to crazy town." There were three or four back and forth argumentative statements between Mr. Haberkamp and Ms. Bean. Ginny Wolter talked to both parties by asking loudly (to be heard) that both parties please stop arguing and to calm down or both parties would be asked to leave. After a little discussion, both Ms. Bean and Mr. Haberkamp went back to work on their computers and no further incident occurred,

Incident Information: On the date and time stated above, I observed James Cooper viewing sexually explicit material on computer #41 in the Pop/Teen section of the main library. After observing what he was watching, in person and on camera, I obtained his information from the librarian working in that section. I then checked Mr. Cooper's file, and it showed that he had been caught for the same violation on 3/28/2013.

I then confronted Mr. Cooper and pulled him aside. He admitted to me that he was watching explicit material. I informed him that since this is second violation, he would be receiving a ban letter in the mail, and that the ban would be for thirty (30) days. I then escorted Mr. Cooper out of the library without further incident.

Incident Information: When the infant under the care of the suspect began crying, the suspect - speaking in a loud voice as she usually does - told the infant she had to be quiet in the library. Jeanne McHugh, who was at the reference desk helping a patron, told the suspect to keep her voice down. The suspect resumed speaking to the baby in a loud voice. Jeanne approached her and said she had to moderate her voice in the library. She continued to talk under her breath, saying things like no one could tell her what to do. She mumbled the word "bitch." Jeanne told her she had to leave for the day. Suspect continued to work on the computer, saying she had to finish writing some information (from the website). Jeanne stood next to her, waiting. The suspect said Jeanne didn't have to stand there while she finished. Jeanne continued to do so, and said the suspect needed to be respectful of people in the library. The suspect continued to speak agitatedly about how she didn't care if she was banned from the library. After five to ten minutes she shut down her session and rose to leave. As Jeanne walked her out the door, the suspect said words to the effect of "If she touches me I'll hit her." Jeanne asked if she was speaking to her. Suspect said "No I'm talking to the person behind me." (there was no one behind the suspect.) Jeanne told her she was banned for seven days. Suspect said again she didn't care how long she was banned. (This patron continually exhibits disrespectful, threatening behavior. I am requesting that this patron be banned for longer than one week.--Jeanne McHugh)

Incident Information: Kia Akins and her sisters, Ja'Nya and Ja'Laya, informed the staff at Toledo Heights that as they were departing the branch the two suspects Precious Royal and Shacareale Dickey had approached the girls making the threat to fight Kia Akins. All three girls retreated back inside the branch to avoid any confrontation. After being informed of the incident, Jeanne McHugh and I went outside to see if we could locate the girls making the threat against Kia Akins. We found who we believe to be Precious and Shacareale on the left side of the branch. Upon sight of us the girls, Shacareale and Precious, did depart the property of the library after some minutes.

Incident Information: On the date and time stated, Ms. Ford was getting up from one of the public pcs and caught her leg on a metal piece sticking out from the table. The injury from this was a scrape on her leg. She was offered a band aid as well as a move to a different computer. She refused both offers. Although upset, she did not want to be contacted about her injury but hoped that we would remedy the problem by removing the metal piece.

Incident Information: On 06/24/13, at about 1500 hours, I was dispatched to the children's library. Upon arrival, one of the librarians explained to me that someone stole Marque Rayford's wallet. I proceeded to talk to Marque and I asked him what happened.

He stated that another kid sitting on the computer area told him that a juvenile patron wearing a white tang top, Nike backpack and gray/white shorts took his wallet. This kid also mentioned that the suspect showed him the following items that were inside the wallet. Three dollar bills, a picture and a bus pass. Marque confirmed that those items were inside his wallet. I told Marque that we could walk around and see if we could find the suspect. We walk around the library and checked the teen area. We could not find the suspect.

Marque's wallet is camouflage color with big "MR" printed in the back.

Incident Information: On 6-24-2013 at approximately 1730 hours, the library staff informed me that they were informed by a volunteer Kathryn Guilbault, that there was a possible occurrence of a male patron repeat panhandling. As stated by Guilbault, a male patron with tattoos covering his arms was asking for money. His story as follows is stated that "his father had just passed from Toledo Hospital, and now he needed a bus ticket to get a ride back home." Guilbault after overhearing the man recognized his appearance and story. She stated just days before this same man came into a local restaurant where she was and gave the same story to several people. Only at that time his father passed from St. Anne's Hospital. This is all the information we have on the man at this time but we will be watching to collect more information in the future which we will keep updated.

Incident Information: On June 24, 2013 at approximately 1310 I was advised by Moeresse Warren that his bicycle had been stolen from the bike racks. M. Warren also told me that he had his bicycle locked up with a chain. Upon further investigation, I found out that one, Kenny Veley was seen by the bike rack shortly before the bike was stolen. I talked to K. Veley about the situation and he told me that he witnessed a teenager, goes by Tae, yank the bike away from the bike rack breaking the chain. He then told me that Tae had asked him to ride the bike back to Tae's house. K. Veley had admitted to me that he rode the bike to the house. I told K. Veley that riding the bike back to the house was just as bad as breaking the bike lock from the bike rack. I called dispatch about K. Veley...he had a ban removed early.

Incident Information: On the above date and time I (S.O. At that time I walked outside and around to the Commissioners Plaza where I had noticed an American American male just wearing black underwear and a red t shirt on and was in the middle of changing. I stopped to talk to the suspect (Gregory Henry) and told him that he had to put some clothes on and that he had to move away from the windows in Commissioners Plaza. At that time the suspect began to call me a " fucking discriminating cracker, and that he was 6' 8" and was a football player and knew a bunch of guys that would come back with guns". I then told him because of his threats and his violation of libraries code of conduct that he was not allowed to come into the library and had to stay off library property. I walked behind the suspect until he went a crossed the street. About five minutes later I had noticed that he was sitting in the North Lawn on a bench so I called for assistance in which S.O. Feher responded. We then walked out together to tell the suspect to leave the property in which he started calling us fucking crackers and had said that we were discriminating and if we furthered talking with him that he would use his fighting training on us. At that point S.O. Feher was finally able to get his name from him and his birth date but then he stormed off flicking us off and pointing at us. The suspect then left the property. Incident Information: On the date and time listed above, I noticed a gentleman, later identified as Patrick Murphy, in the magazine section of BTS conversing on his cell phone. He was being overly loud and using inappropriate language. As I went to approach him, he started walking away to the North side of the BTS librarians desk. It was in that area I was finally able to make contact with him, and asked him to quiet down and not use the inappropriate language.

At this point, he looked back at me, dropped his cell phone and fell to the floor and began having a seizure. I advised dispatch that I needed a medical unit. After approximately one minute, the shaking subsided, and he lay there motionless but breathing. After a couple of minutes of laying on the ground, he stood up and started walking. He was advised to have a seat because we had a medical unit en route. He seemed to not pay attention, and continued walking away. He then turned around and acted in a scared and combative manner. While acting in this manner, he fell again and started shaking for a short time.

After he composed himself, he was able to converse with us. He apologized for any actions that he may have had before the seizure, and explained that he has had seizures in the past, and he gets somewhat aggressive or angry just before they occur. He then told us he needed to use the restroom, so he was assisted to the Huntington Center to use the facility. When medics arrived, they checked him out. He declined to go to the hospital for further evaluation. Mr. Murphy then left the library on his own.

Incident Information: On the date and time listed above, while walking through central court, I had a female patron stop me and inform me that there was a male in the womens restroom. After being informed of this, I had officer Pam Johnson go check in the womens restroom. She came out and confirmed that there was in fact a male in the womens restroom. I stopped the gentleman, and he admitted to being in the womens restroom. He said that he was in there because he was taking his daughter to the restroom, and did not want her in that mens room. I informed him that next time, he should utilize the restroom in the childrens area, or the third floor for that type of purpose. I also informed him that him going into the womens restroom is against library policy. I then told him that since this violation wasnt clearly stated in the eviction procedure and guidelines, that I could not tell him at that time how long he would be banned for, and that if he does not receive a letter about it, that he should stop back to dispatch and ask. I then escorted the gentleman out of the library. No further incident occurred.

Incident Information: On the date and time listed above, I was approached by Wayne Alexander. He stated that Mr. Dale Marks had a confrontation with his wife, Cynthia Alexander and had called her a "bitch" and spit on her. Wayne told me that Dale was currently at that time on computer #13 in Humanities. By the time I walked back to Humanities, Dale was no longer in the area.

About fifteen minutes later, both Mr. and Mrs. Alexander approached me, and she recited the same story to me. I asked where she had been spit on, she said her right leg. At this time, they informed me that they also had an encounter with Dale Marks on Sunday (June 23, 2013) across the street.

About ten minutes after last contact, Wayne Alexander reapproached me in the Popular / Teen area and told me that Dale Marks was out in front of the library and that he had again been calling his wife names.

I walked outside to make contact with Marks. He informed me that he did in fact have a confrontation with the Alexanders, but that they had been the aggressors. He informed me that Wayne Alexander had threatened him back in Humanities.

After talking to all parties, there was no clear story that came about. I told all parties to keep away from each other and not to have contact with each other. Due to the fact that none of these actions were visible on camera, and had not been seen by any officer, no further action was taken at this time.

Incident Information: Terry has been coming in every few days looking for Chris Allen Miller accusing Chris of stealing his "IPad" which turned out to be an ASUS TF300 tablet. Terry asked me if I had a police officer that worked for the library system and that if Chris had come in to call them and call Terry so the situation could be figured out. When I noticed Chris walk in the building I then called 66 to come to Lagrange to assist the situation. I told Terry that we were looking further into the situation and that I would let him know. Terry then arrived at the Lagrange branch at the same time as the road unit. Chris was sitting in the teen area using the tablet. Chris explained to us that the tablet was given to him by Terry for doing a side job. We then asked them to show us the receipt. Chris left to go home and find the receipt and Terry did as well. Mean while Brian held on to the tablet until both parties returned. Chris came back with the "Original Receipt" and Terry came back with no receipt. We explained to Terry that Chris did not have to give up the tablet because one, it was in his possession two, he had the original receipt and three, all of his information was programmed onto the tablet. We then explained to Terry if he wanted to take it further that he would have to take Chris to small Claims court and to go that route. Terry began to get a little upset and began to raise his voice and at that point we had asked Terry to leave. Terry and Chris left without further incident.

Incident Information: Patron was banned on 6/19 for seven days. She was on the property 6/25/13 - approximately 4:30 p.m. - before the end of her ban. Security Officer, Tony Willoughby, told her she could not be on property while she was banned. Later, approximately 5:25, staff heard shouting at the front door and saw BriAnna standing just outside the front door shouting at a smaller child in the lobby. BriAnna looked at the staff and shouted, "Stop talking about me," and continued to stare at staff. Shortly afterwards she shouted at child in lobby again, using the word, fucking.

Incident Information: On 6/26/2013 at approximately 1350 hours I was dispatched to the BTS area in reference to a patron harassing another other patron. Upon my arrival I spoke with Joyce Smith at the BTS desk. Joyce advised that Todd Martinez was harassing Jo Pollitt. During the confrontation Todd started yelling at Jo. Joyce advised that when she went to talk to Todd to have him stop harassing Jo. Todd stated to Joyce that he was going to kick Jo's ass, if she got him kicked out of the library again. Brian Nichols from Humanities advised that Todd was so loud that he heard him from the Humanities desk yelling.

I approached Jo had her step away from her computer in BTS. I asked Jo what was the problem. Jo advised that Todd had drove by her on the electric wheelchair and made a comment toward her. Jo advised that Todd did this three times before he got on a computer in BTS. Jo advised that she spoke with the staff at the BTS desk about the incident. This is when Joyce confronted Todd about his behavior and contacted Security.

A witness, Jun Barber advised that she did see Todd drive near Jo's computer three times and did hear him make a comment toward Jo each time.

I approached Todd and asked him what the problem was with Jo today. Todd stated that he did not speak to her at all. I asked Todd if he made a statement while the BTS staff member was present about kicking Jo's ass if he was kicked out of the library again. Todd admitted that he did say he was going to kick her ass.

I advised Todd that that kind of behavior is not allowed at the library and that he was going to be banned for a period of time. I advised Todd that he would receive a letter in the mail stating his ban length. I escorted Todd to the front doors with no further incident. This is Todd's first time for verbal harassment.

James advised that he arrived at the library at approximately 1725 hours. James advised that his bike was a Trek, Men's 26in bike, black in color, Bike cost was approximately \$160.00.

On 6/26/13 at approximately 1930 hours I reviewed the camera footage with Sgt. Solis from the front of the building. We were able to see an unknown male subject wearing blue jeans and a dark colored shirt walked across Michigan St. and head toward a group hanging out in front of the South bike rack. At 17:45:23 it appears that this subject approaches two different bikes and was at each bike for only a few seconds and then walks off heading South on Michigan St. with what appears to be a stolen bike. At 17:48:48 it appears that an unknown male subject approached James's bike and walked South with the stolen bike. The unknown male subject is an African American wearing a white t-shirt, blue jean shorts and white shoes. He is seen on camera leaving the front doors at 17:47:45.

The male subject was seen on camera hanging out with a known male subject known as Niko.

Incident Information: After assisting the patron and returning to the reference desk I heard her scream. Then I saw her walking towards the desk. She asked a nearby patron, "Did you hear me scream?" He said "yes" and he and I rushed towards her. He and I both grabbed chairs. He got to her first. She sat down and said that she was just released from the hospital and they think she might have MS. I asked her if she needed us to call 911. She insisted that she was fine and this had happened to her before. I asked her if there was anything else I could do for her and she said "no." Then she got up a few moments later and checked out her books.
I called to ask about this since Paula comes in daily. Paula came in later in the day to look at books and was fine. She did give her sister's library card to the clerk,

Incident Information: On date and time stated above both suspects had already been talked to by this Officer to find something to do pertaining to the library and keep the noise level down. Both had been by the volunteer station being unruly. After about ten minutes of seeing both suspects continue to goof off and cause disruptions for other patrons over in the children's area, this Officer then informed Manager Julie Burstien that I was going to have them leave for the day. This Officer then informed the two individuals that they had to leave for the day due to them not finding anything to do pertaining to the library except for disturbing other patrons. At that point Mr. Sylvester said "I am looking for my brother I ain't leaving", in which he continued to walk around the room. This Officer once again informed both that they were to leave for the day and not to return. While on the way out both suspects began to yell and shout how they were being kicked out because they were black. At which point Suspect 1 (Mr. Joyce) stopped walking and attempted to size up this Officer. This Officer informed Mr. Joyce to keep walking to which Mr. Joyce replied "Man you should see what happened to the last cop who dealt with me." Once outside both suspects joined Cyruss Sylvester, who is currently under a ban for fighting. While outside both suspects continued to yell and curse towards both this Officer and Manager Julie Burstien at one point with Mr. Sylvester saying to Manager Julie Burstien to "Just go back to sucking his dick." Suspects were told they would receive a letter in the mail stating when they could return. Both suspects said they didn't care and that they don't even come to this branch, Mr. Joyce and Mr. Sylvester continued to curse and yell inappropriate things towards the staff while hanging out in the street. This Officer then called for the road unit at which point all three suspects left down Willys Parkway.

Incident Information: On the date and time listed above, while on patrol in the Metro section, I noticed a patron on computer #69 on the other side of the glass in the Popular / Teen area looking at what appeared to be sexually explicit material. I stood and observed for about a minute, and witnessed a video of a female removing her shirt and exposing her bare breasts.

At this time, I got the patron's information from the librarian at the information desk. I then approached the patron, identified as Evan R. Gray, and asked him to log off. At first he was hesitant and tried to justify that it was not against library policy. I informed him of what I had saw, and explained how the material was sexually explicit and how that violated the library internet policy.

Mr. Gray then followed be out to central court where I asked for his identification, which he handed over without hesitation. I explained to him that since this is his second violation (April 15, 2013 was his first) that he would receive a thirty (30) day ban. I then escorted Mr. Gray out of the library. Incident Information: On June 29, 2013 at 1610 hours S/O Nicoson observed a black male approximately 21 years old looking at borderline offensive pictures of half naked and provocative women on Facebook. Also at this time S/O Nicoson observed this same black male put his left hand down his pants. The black males hand went underneath his boxers and was touching bare skin. S/O Nicoson observed him for a while longer to see if the pattern continued, or if it was a one time incident. S.O Nicoson observed and informed Julie Erhart-Watson of this behavior. Ms. Watson told S/O Nicoson to report this to the Branch Manager Erin Connolly. Ms. Connolly told S/O Nicoson to continue to watch the individual and see if he continues his behavior. At that time S/O Nicoson noticed the same unusual behavior and told the individual to come outside with him where they could speak in private. Ms. Connolly also proceeded outside where S/O Nicoson and Ms. Connolly spoke to the individual of what they observed. S/O Nicoson told the individual that he noticed inappropriate behavior. The individual then told S/O Nicoson and Ms. Connolly the he was "only touching his stomach and did not put my hand down my pants. I am in a public building and I am not stupid." S/O Nicoson and Ms. Connolly gave the Individual a verbal warning and the individual went inside without further incident.

Incident Information: Mr. David Bell approached the circulation desk and told me that he just returned some items so he could borrow new items, which I already had checked those in. He also asked me to renew the items that were due today and I was able to because he returned Search Ohio items and he was at 25. He then pointed to his stack of items on the shelf where we keep his reserves and he said something and I could not understand what he was saying so I asked him if he wanted to look through his reserves or not and he yelled at me yes. I handed him his reserves, he looked through them and picked out what he wanted. He told me that he was upset that he could not renew items on line and I told him that maybe he needed to come and renew them. He left and I said have a nice day. He wrote down my name on a piece of paper.

Incident Information: Vera Evans (resident of Concord Long Term Health Care) was panhandling in Heatherdowns parking lot. Upon a patron complaint Sally Weckerlin spoke to Vera and explained that panhandling was not permitted on our property. Sally alerted me regarding the incident. A few days before (6-26-13) I had spoken to the business admin. Amanda Tallent, regarding the incident. Amanda said she would contact the social workers and remedy the situation. She also said she would alert Jeanne Ledoux (director of nursing home). I filled out an UOR but explained our security department would be contacted if the situation re-occurred. After Vera panhandled on 6-29-13, I called and spoke with Jeanne Ledoux. She explained that on Monday 7-8-13, Vera's privileges had been revoked. They would also speak to her outside guardian. I informed Jeanne that paper work would be submitted to our security dept. regarding the incident.

Incident Information: Stephanie Sherlock was told by Sa'niyah Turner that Sa'niyah slipped on water on the floor of the women's restroom and fell. Her back hurt after the fall. Sa'niyah told Stephanie that she cleaned up the water. Stephanie informed me that she was at the library with her cousin. Her cousin looked at her back but did not see any bruising. I gave ice to Sa'niyah and notified her mother via telephone. The mother sent her father to pick Sa'niyah up. After talking to Sa'niyah, the father decide she did not need to go to the doctor and that Sa'niyah could continue her visit at the library. Staff member Stephanie Sherlock check the bathroom after Sa'niyah and only found a few drops of water on the floor. Sa'niyah's DOB-8-22-04. Mother is Inesha Turner.

Incident Information: Customer by the name Melanie Nowowiejski came in disputing fines with circulation clerk Erin Keaton, who she was very verbally abusive with. Customer asked to speak with supervisor and was very verbally abusive with me too, would not let me explain anything to her, she repeatedly was saying we were charging her double in fines, and that she was not ever going to vote for us again. She started pointing her finger in my face, in which at that point I told her to leave or else I would get security to her out and she would be banned if she continued. She continued on threatening me about getting me fired because I was double charging her fines and took my name. She had her children with her, who were trying to get her to leave too.

Incident Information: On July 2, 2013 at around 1410 hours, a female patron, Seantoya Braggs, standing outside of dispatch was requesting to speak with an officer. I responded. She told me that there was a male in the Popular / Teen area that had a felony warrant for assault. I asked her for any information she had on this male subject. She identified him as Byron Orner and gave me a brief description of his clothing, which was a red hat, red shirt and a bookbag. I then requested that Assistant Chief Heer meet me at dispatch, for assistance in approaching this individual.

I then was walking to the Popular / Teen area, to locate this individual. While walking there, he was exiting from this area into central court. The female patron who reported this to me, was standing against the wall near the first floor restrooms at this time, she motioned to me that this was the correct gentleman. Near dispatch, AC Heer and myself stopped Mr. Orner to figure out the situation.

We informed Mr. Orner what was happening, and that we were going to have to check to see if he did have an arrest warrant or not. He claimed not to have any identification, and then provided us with false information. He claimed to be Brandon James.

While waiting for confirmation on if he had a warrant, AC Heer decided to move him back to the detention room for the time being. On the walk back to the detention room, his body language started to change. Just before the last bookshelf before the detention room, Mr. Orner turned to his left and tried to run and escape. Assistant Chief Heer was able to grab Mr. Orner's book bag and get ahold of him. Mr. Orner also delivered an elbow to the face of AC Heer during this struggle. I came around from the side, and assisted getting Mr. Orner down to the ground. Once on the ground, he was continually resisting and fighting with both of us. He then saw the female who had reported him to us, and he yelled at her "I am going to fucking kill you, bitch." After he struggled with us on the ground for about thirty to forty seconds, we were able to get handcuffs placed on him.

After this, we got him up off the floor and moved him to the bench in the detention room. Once in the room, I checked his belongings for any weapons, none were found. While in the detention room, we explained what was going to happen and how his actions were not going to help his situation at all. He also was continually talking, the entire time in the detention room, up until five (5) minutes before Toledo Police arrived. When it was mentioned that TPD was almost here, Mr. Orner started to breathe heavily and shaking uncontrollably.

TPD arrived around 1525 hours. They said that he did have an active warrant for assault. They also informed AC Heer that he could pursue assault charges as well, for the elbow to the face he received while trying to detain Mr. Orner. After that, TPD then escorted Mr. Orner out of the library and transported him down to booking. No further incident occurred.

Incident Information: On 07/02/13, at about 1240 hours I was dispatch to Pop Teen about a patron trying to sell drugs to another patron. Upon arrival, Martin, the librarian, told me that Mrs. Jessica L. Feeney was talking to Mr. John Henry Avers trying to see if he wanted to buy or he knew someone who wanted to buy some Xanax. He told me that he was going to send a message to Mr. Avers to come and talk to me.

I walked towards the central court to wait for him, At the same time, Mrs. Feeny got up from her chair and started walking towards the central court. I approached her and told her that I needed to talk to her about someone reporting selling controlled substabces in the library.

Mrs. Feeny started stating that Mr. Avers approached him and asked her if she had any Xanax. Also she stated that she had money in her bank account and cash in her purse, so she didn't need to sell her pills to get money. Then she asked me if she could go to the restroom several times. I told her that she could not go to the restroom and I needed to take her to the DT room and wait for Toledo Police to see if they wanted to charge her. She tried to walk away from me towards the entrance several times, but I told her that I will put her on handcuffs if she did not stop.

We walked to the DT room and we were waiting for TPD. I called dispatch so they could send me a female officer so she could pat her down for weapons. Officer Pam Johnson arrived and pat her down. She could not find any weapon. At this time, Assistant Chief Jacob Heer and Officer Josh Dix arrived to the DT room too. Officer Dix contacted the victim and obtained his information. Also he asked him his side of the story. Officer Dix confirmed the story the librarian told me earlier.

At 1300 hours, Toledo Police arrived to the scene. They started questioning Mrs. Feeny about the situation. Also they ran her information for warrants. She had 6 warrants out of Toledo. She was arrested on site and transported to Lucas County Jail.

Note: Mrs. Feeney had several previous charges of Drug possesion and Distribution in the State of Wisconsin and State of Ohio. These charges were obtained through online public records.

Incident Information: Jenika came into the branch with several other girls after 8:00 pm. Most of the girls logged onto computers, but the two youngest chose to play with our toys. The youngest, a toddler called Liliana quickly became bored and began to run around the library. I asked who was supposed to be supervising her, and Jenika said she was. I told Jenika she should find something for the little girl to do. She called Liliana to her, but Liliana refused to go, saying, "you're gonna hit me". Jenika finally caught Liliana and held her on her lap for a couple minutes.

Jenika and the others were loud and would not quiet down. When Security Officer Willoughby finally told them to leave for the night, Jenika did not want to leave and became angry, shouting nonsense and slamming doors on her way out. After a couple minutes she tried to re-enter the building, and I met her at the door, telling her she had to leave the property. She said she was missing something. I asked what, but she wouldn't tell me. She turned and walked away, shout about how much she hated this "dumb ass library".

Incident Information: On Tuesday, 7-2-13 at approx. 1630 hours, I officer Andrew Thomasson was approached by the branch manager Julie stating that there was an older male later identified as Steve Dunbar that grabbed a young boy. Julie informed me that Steve was standing up by the front circulation desk when Steve approached a small boy identified as Malik Christoff. She said Steve approached Malik and grabbed Malik on the upper parts of his arms and tried to pull him closer to himself. Steve then let go of Malik and returned to his table where he was sitting. Steve was observed doing this by a patron identified as Karen Willis and Malik's mother identified as Alisha Chrisoff. I then approached Karen and asked her what she witnessed and she said she observed Steve approach Malik and ask him something then pulled Malik closer to him. She also stated that after she saw Steve let go she asked Malik if he knew who the man was and Malik replied "no". At that point Malik's mother Alisha walked back into the library from the entrance way and left the library with her son Malik. I then talked with library staff librarian Thomas Bill who also witnessed what had happened and he confirmed what Karen had told me. At that point Julie called security dispatch and had them send TPD Kincaid, unit 66 over to investigate. Unit Kincaid arrived a short while later and myself with Julie explained what had happened. At that time myself and Kincaid approached Steve and had him step outside so that we could have a word with him. Kincaid explained to Steve what was going on and Steve did in fact admit to grabbing Malik. We explained to Steve that it was not acceptable to grab strangers especially little children and he understood. Kincaid asked Julie what she wanted to happen to Steve and she replied to having him banned for the next 6 months unless told otherwise by the security coordinator for violating the code of conduct policy for verbally and physically harassing patrons at the library. I informed Steve that he would be banned from the library and will receive a certified letter in the mail regarding his ban letter. I asked Steve if he understood and he said "yes". We then questioned Steve about approaching employees vehicles as they were trying to leave and he stated that he doesn't remember anything like that. I informed Steve that there were complaints from the prior Saturday stating that Steve was walking up to an employee vehicle and sticking his head in the vehicle as the employee was trying to leave with her 2 year old niece. Steve was then seen sticking his head in the back passenger window and frightening the 2 year old. Steve claimed that he doesn't remember doing that but did admit at being at the library that day. I informed Steve that there would be a letter sent to his home regarding his ban and when he would be allowed back at the library. Steve understood what I told him and left library property without further incident.

Incident Information: On July 3, 2013 and approximately 1355 hours, while on patrol near BTS, I heard an alarm going off. I investigated where it was coming from, and found it was from the emergency exit doors on the South side of the building toward Madison St. The right side door was left ajar.

After Officer Feher arrived with the key to disarm the alarm, I went across the street to ask the security officers working there if they had seen anyone come out of that door. They told me that they have, and gave me a brief description. They said it was a white male, wearing a blue hooded sweatshirt and shorts, with tattoos on both of his calves and a light beard. He was also carrying a book bag.

The door was shut, and the alarm turned back on. No further incident occurred

Incident Information: On July 3, 2013 at around 1515 hours, I was notified by dispatch of a possible banned patron on property. I found the subject, believed to be Jennifer Meredith, in the Popular / Teen area of the library. I made contact with her, and asked for identification. She handed over identification without hesitation. The identification I was handed was issued in Kentucky with the name Joi Meredith. She claimed that Jennifer was her sister. I told her that she was okay to stay for the time being then.

I asked for assistance from officer Feher, because Officer Johnson was certain this individual was Jennifer Meredith. Officer Feher then contacted Deputy Sheriff Bushy to meet him to make another approach. Officer Feher and Deputy Bushy made contact with her again in the South Lawn. At this time, she provided her real identification, which revealed she was in fact Jennifer Meredith. At this time, Officer Feher took over the situation.

Two female juvenile patrons believed to be sisters. Younger one was told to leave wagon outside the door she said she hated me and this ole damn library. The other one said I was not a police officer just a security guard, I need to be a stripper. These two young patrons have very cocky attitudes towards authority. I have had encounters in the past especially with the younger one.

The big one (BriAnna King) said if I call the police she was going to call on me also. This has happened two days in a row and these patrons continue to exhibit very loud, defiant and aggressive behavior everyday they are here. Older one took a 2 year old and infant into restroom. We heard a thump and crying child. Another time this patron told one the these children to "be quiet or I'll slap your face". - 6-12-13

Incident Information: I was on the phone with AV and Clerk Danielle told me a man had just fallen and was bleeding. I went to the man James Clemens who asked me to help him up but I refused stating that I wanted him to stay still and wait for the paramedics from Maumee. I told him his head was bleeding and he said he felt dizzy and did not remember falling. He told me where he lived and asked me to call his wife. He gave me three different phone numbers but I asked if he had a library card and he did so I could check his phone number. I called while the Maumee paramedics came (no answer) and announced they were taking him to St. Luke's. He told the paramedics that he was diabetic and had a stroke in 2004. I called his wife again and told her that he was at St. Luke's.

Rachel, our volunteer said he seemed dizzy walkig into the library and ran into the door coming in. She saw him fall back too.

Incident Information: Approximately 1530 hours Zach Turk approached me and informed me that his bike had been stolen. He told me that his bike had not been chained to the bike rack. He described the bike as silver in color with multiple numbers on it. I then contacted dispatch to see if there was any video of the theft. The dispatch officer then told me he could see a young black male taking the bike but could not make out the facial features. I obtained a telephone number from Mr. Turk but also told him to inform his parents as to what happened with his bike.

Incident Information: Mr. Kraus is confused and told me that I was his girlfriend (11:00 am). He then approached a patron and told her twice that I was his girlfriend. At 11 am I explained to him that I was not his girlfriend and he kept asking me about Roger and told me he was no longer into Satan. I said that was good, that I do not know Roger, and was there any books that I could help him find?. At 4:25 pm, the patron whom he told I was his girlfriend stated that she used to take care of Mr. Kraus at a mental facility and to be very careful around him because he is violent.

Incident Information: On the date and time stated above, my presence was requested at the first floor restrooms by dispatch. When I arrived, dispatcher Amanda Marsh informed me that she had witnessed Tyler Hartman enter the womens restroom through the window of the dispatch center. After witnessing his actions, she immediately followed him, and informed him that he could not be in there. I requested identification from Tyler, just to make sure the information that I had from him from a previous encounter was still correct. I told him that this type of behavior was not acceptable, and he claimed he thought it was okay to do because he had been allowed to use the womens restroom at the Lagrange Branch. I informed Tyler to gather all of his belongings, and that he had to leave the library. I then went to get his file from dispatch, while Officer Feher escorted Tyler out of the building.

Incident Information: On 7/9/2013 at approximately 1846 hours I was dispatched to the Door Desk by D/O A. Marsh #140 in reference to a banned patron that entered the building. Upon my arrival I spoke to D/O Marsh, she advised that the suspect, Malik Houston, is currently banned has been warned several times. Malik's currently banned from 4/25/2013 to 10/25/2013. D/O Marsh advised she was going to contact the projecting TPD/Deputy. I escorted Malik to the DT room. Officer Dix assisted in the DT room with Malik. While sitting in the DT room Malik became agitated and spoke in a hostile manner. I advised Malik that I was going to place handcuffs on him, for our safety and for his safety. I advised Malik that he was not under arrest but he was being detained. TPD Det. Kincaid arrived at the Main library and came to the DT room. TPD Det. Kincaid advised Malik that he was going to be charged with trespassing. I issued Malik another copy of his ban letter. TPD Det. Kincaid transported Malik to the Juvenile Correction Center.

Incident Information: On 7-17-13 at approximately 1649 hrs. two patrons walked into the library towards the circulation desk. They approached the clerks and notified them that there had been a bike stolen on 7-9-13. At that point the clerks called me over to talk to the patrons about the situation. The foster father, Casey McBeth, explained to me that his foster son, Alexander Brown-Coley, told him that on 7-9-13 between 1200 and 1300 hours his bike had been taken from the bike rack. He also stated that the bike had not been locked up. I called dispatch to see if it was possible to look back on the cameras to July 9th, officer Marsh told me she would try. She was able to look back to the 9th around the time that Alexander had given me. But she could not make out an visual descriptions of the people who were around the bike rack between the time of 1200 and 1300 hours. I explained this to Mr. McBeth and he understood. I told him he could make out a police report because the bike, according to Mr. McBeth is very expensive. He declined to file a police report.

Incident Information: On 7-9-13 I was approached by a young white male. He informed me that he was returning a bike that his brother had stolen from the library. He told me that he assumes that they had taken it earlier in the day. He did not know who the bike belonged to. I then asked the librarians if anyone had reported their bike being gone and each one of them responded no. I locked the bike to the bike rack and left it there overnight. By the end of the following day no one had claimed the bike so I locked the bike in the shed. The bike is a BMX bike light blue in color.

Incident Information: On date and time stated above, this Officer along with Sgt. Solis were dispatched to the Children's library for an altercation taking place in the restroom. Upon arrival this Officer was informed by a leader from the YMCA group that 2 girls were in the restroom and had been cursing and yelling at some of her kids. This Officer informed Sgt. Solis to talk to the 2 girls who were still in the restroom while I talk to the victims. The victims stated the when they went to use the restroom the 2 girls were in the same stall area and when they were asked what they were doing the one Suspect (Ms. Dukett) stated "none of your fucking business" "so shut the fuck up" "I don't know why you all are in here since you've already been in the fucking bathroom" This Officer gathered the victims information while Sgt. Solis gathered the suspects information. Both suspects were told to leave for the day due to their behavior.

Incident Information: At approximately 1603, Ben Peregoi, manager of Replay store on Reynolds, called the main library info desk reporting that male suspect (Alfred Bowlson Jr.) has been selling TLCPL Blue-Ray discs to them. The call was then transferred to security and I, D/O A. Marsh spoke to him. Mr. Peregoi stated that all of the discs were still in the original cases and had the TLCPL labels on them. Mr. Peregoi also stated that whom ever he talked to at the info desk had looked the Blue-Ray discs up and verified that they had never been withdrawn. I asked him to keep them put to the side so that we could get them from him. Mr. Peregoi also claimed that he had the suspects information along with all of his past transactions. When TPD Kincaid arrived at 1630, she went to Replay to gather his information. Upon arriving Mr. Peregoi advised her that he was unable to give her the Blue-Ray discs without anyone paying for them, due to the fact that the store would then be losing out on money. TPD Kincaid did get a copy of the suspects drivers license along with a list of everything that was sold though. See list attached with prices.

When TPD Kincaid brought back the list of transactions, Sgt. Solis found out that the Blue-Ray discs were taken from Mott, Sanger and West Toledo branches.

Incident Information: On 7-10-13 at approximately 1300 hours, at the Sanger branch, a Caucasian female was reported to me by Carole Malczewski a library employee, that a vehicle was blocking the entrance of the library turning off of West Central. At this time, I walked to the vehicle which was a black Sedan. She then informed me that she was out of gas. I attempted to push her vehicle up, and to the side, but was not successful. At this time the woman and I rolled her car back and to the side of the driveway with her four ways on. She then informed me at this time that she had a friend that would be here shortly to help her get gas. I then walked back into the building. At about 1330 hours, the woman reappeared with a man in a red For F150, with a can of gas. They then both got back in their separate vehicles and drove away. No further contact was made with the woman or the man that assisted her.

Incident Information: On 7/11/2013 at 1830 hours, Sgt. Solis and I were dispatched to the front door area in reference to an active domestic disturbance. Upon my arrival, I observed Sgt Solis talking the female half, identified as Michelle Smith. I was advised that the male half had gone into the Popular library area to retrieve his back pack. I stopped the male subject as he left Popular Library. The male half was identified as Rickey G. Harvey.

Rickey made statements to, but not limited to:

- Rickey advised that Michelle was bothering him outside on the north Lawn and would not leave him alone.
- Rickey advised that Michelle tried to get him to go back to her house for what he assumed to be sexual relations.
- Rickey advised that Michelle was crazy and wouldn't leave him alone.
- Rickey advised that Michelle and him are not married and do not live together. He advised that they have known each other for over 20 years.

Sgt. Solis came over and spoke with me in reference to what Michelle had to say to him. Sgt. Solis advised me that Michelle had pressed charges through TPD on her boyfriend, who is friends with Rickey. Rickey had been yelling at her outside on the North Lawn. Michelle stated that Rickey had been cussing at her and made a threat toward her. The threat was that Rickey would call his son. Michelle knows Rickey's son is part of the Moody Manor gang. I spoke to Rickey again after speaking with Sgt Solis.

Rickey made statements to, but not limited to:

- Rickey stated that she was crazy and that she was bothering him.
- Rickey stated that he never made any threats toward Michelle.
- Rickey stated that his son is part of the Moody Manor gang.
- Rickey advised Michelle was making everything up.

Sgt Solis and I advised Rickey that we were going to write up a report and have both sides in the report. Rickey was advised that he may be banned for his actions today. Sgt. Solis continued to speak with Rickey. I went outside to speak with Michelle.

Michelle made statements to, but not limited to:

- Michelle advised that she had pressed charges through TPD on her boyfriend, who is friends with Rickey.
- Michelle advised that she was sitting on the bench in the north Lawn when Rickey approached her and started to yelling and cussing at her. Michelle advised that she was called a "Snitch Bitch" by Rickey.
- Michelle advised Rickey that she was going to get security if he did not stop bothering her.
- Michelle advised that Rickey stated that he was going to call his son to take care of the problem. Michelle advised that she knows Rickey's son is part of the Moody Manor gang.
- Michelle stated that Rickey is known to call his son to assault people.
- Michelle advised that Rickey asked her if he could get a "piece of that pussy because you're not with man now".

Both parties left library property without further incident. Sgt. Solis and Officer Johnson will attach supplemental reports. Sgt. Solis spoke with a witness on the North Lawn that confirmed

Incident Information: SYNOPSIS:

On 7/12/13 I was called by David Topelewski, who informed me that Christopher KRAUS had checked out a white supremacy type book from the BTS desk and when he returned, he handed the book to an African-American staff member, CHIME NWANKWO, and said "You could get killed over something like this. We don't like black people." At this point I was called to BTS and asked to escort KRAUS out of the library for harassing CHIME in a racial manner and to start the banning process.

I spoke with Christopher KRAUS and informed him of the issue that just occurred. He admitted to making the statement to CHIME, but said he was not intending the remark as being a statement from him, but white people in general. I told him that his behavior was unacceptable and his comment was offensive. I asked KRAUS to leave the library and to expect a ban letter soon, I escorted KRAUS out of the library without further incident.

Incident Information: On the date and time listed above, I was notified over the radio by Dispatcher Amanda Marsh to look for a patron suspected of committing theft of another persons bag. The description was an older caucasian female, wearing a blue/purple long sleeve shirt with polkadots, and black shorts. This lady would later be identified as Bebe Dowling. It was claimed that she had stolen a black cloth bag from Carol Johnson in the Audio Visual department.

After receiving the radio advisory, I began searching the premisis. I was unable to locate Bebe Dowling at this time. I then stayed near central court, because no one had seen her leave the building. After standing in central court for a few minutes, I noticed Ms. Dowling walking through Wintergarden. Once she entered central court, she took an immediate right, behind the bookcases toward Audio Visual. She was carrying the bag at this time. She stood behind the last bookcase for about two minutes, watching me. She then walked behind the passport table, and no longer had the bag in her hand, and then went into the Audio Visual department.

Lt. Solis and myself then made contact with her. She told us that she did not steal the bag, and she would show us where it was. She walked us over to the passport table and the bag was laying on the chair located there.

She claimed that the bag was laying on a library cart at the entrance of Audio Visual, and that she picked it up and asked if it belonged to anyone. And, when no one claimed it, she then just took it with her because she was unsure what to do with it. She then said that she left it over by the front desk while she went outside to make a phone call. Then when she came back in, she took it again and eventually laid it on the chair by the passport desk, and that she had no intent on keeping it.

We listened to her side of the story, but informed her that since what we had seen on the camera, that she would have to leave the premisis immediately and would likely be banned. She said she had to gather her belongings from back in Humanities. Lt. Solis and myself then followed her to Humanities, and when we got back there, she sat down and wanted to inform her friend of what had happened. I told her she could not do that at this time, and to gather up her belongings and leave at once. She then complied, but was loudly complaining the whole walk to the exit.

After we escorted her out of the building, I reviewed several different cameras. After doing so, I found that her story was not true. What I saw, was the bag was hanging on the back of a stroller that belonged to Carol Johnson. It was left unattended, and then Ms. Dowling walked over, grabbed a library cart, looked around and then took the bag off of the stroller and put it in her cart and walked off. I then saw her walk to a table back in Humanities. At this point, she takes the bag out of the cart and puts it on the table. After several minutes, she stands up and grabs the bag and walks off with it in her hand. From here is where I saw her walking through Wintergarden with the bag in hand. From this point, is where she then entered Central Court and made the sharp turn toward Audio Visual with the bag, and laid it on the chair by the passport table.

We returned the bag to the owner, and they told us that nothing was missing from inside the bag.

Incident Information: On 7/12/13 at approximately 1200 hours, it was to my attention by librarian Michelle Thomas, that there were several young children alone in the library unattended without shoes. At this time Michelle and I continued to question the children on the whereabouts of their guardian. At that time Zion Clark, a young female approximately age 6, informed us that her and the other 2 children with her who were between ages 2 and 4, had come with their brother Colby Clark, age 8. When we checked closer all but Zion also were without shoes. We then seeked Manager Erin Connolly for further instructions. She at this point right away recognized the children as this was a reoccurring problem a few weeks back with just Colby and Zion. At this time, Connolly contacted the children's mother Tameka Clark, who lives in the apartments to the east of the library when you're walking out of the library. She then told Connolly that she would be there right away to pick up the children. Under my supervision, I walked the children outside and had them all sit on the bench to wait for their mother. Although she never arrived, at approximately 1220 hours, someone walked from the apartments to pick them up in which they were calling "dada", which is possibly a nickname. He was a young African American male about 5'5" with long braided hair. I then followed them off of library property and stopped ans watched them return back onto their apartment property.

Incident Information: On 7-12-13, Mr. Sabo requested that I check Washington cameras from previous bike thefts, now that the Washington cameras are operating again. There was a bike theft on 7-5-13 and 7-8-13, both between approximately 0930 and 1000 hours. As I reviewed the video, I noticed a 2001/2002 dark green or black Pontiac Bonneville, pull into the parking spot directly in front of the bike rack on both occasions.

On 7-5-13, there was an African American male (approximately late 20's, or early 30's) that got out of the drivers seat, approached the bike rack, and then ride off with the victims bike. As the male suspect rode off, there was a Caucasian female approximately around the same age, that exited the front passengers seat and then reentered the drivers seat, which followed by her then driving off with the vehicle.

On 7-8-13, the same African American male suspect from 7-5-13, exited from the back drivers side seat this time, approached the bike rack and rode off with the victims bike. There was another suspect sitting in the drivers seat, but this suspect never got out of the vehicle so it was hard to tell their race, sex, or age from the image. As the suspect rode off with the victims bike, the second suspect in the car drove off in the vehicle.

Photos from both incidents were saved in the pictures folder under Washington's file.

Incident Information: On 7/13/13 at approximately 1243 hours I was sitting at the Door Desk when I observed a known banned juvenile patron walk past me to leave the Library. I identified the banned patron as Amari Carr. Amari stated that she only came into the Library to get her little sister. I advised Amari that she cannot come into the Library until she receives a letter in the mail stating her ban length. I later checked the office files for Amari Carr and found no file on her. Amari had a prior incident on 5/29/2013 for Harassment of a patron in I-track.

Incident Information: On 7/15/2013 at approximately 1113 hours, while sitting at door desk, I was informed by dispatch that a female patron (suspect), that had just walked out the front doors had caused an incident in the Children's Library. The suspect patron is an African American female, about 5-06 tall, 110 pounds, brown eyes, black hair and approximate age is in her mid- 20's. The suspect patron was wearing a pink over white tank top, with yellow capris. The suspect had short hair on the sides of her head and longer hair on the top of her head.

After I was relieved from door desk I went to the Children's Library and spoke with Maria Royuela-Tomas, Children's Librarian. Maria advised me that the female suspect was walking from the computer area of children's toward the area of the Librarian's desk. The female suspect stuck her right arm out at shoulder length and started walking next to the book shelf under the 'space ship'. The female suspect started knocking over books on the top shelf that were set up for display. Maria advised that she was sitting at the Librarian's desk when this occurred. Maria advised the female suspect to stop knocking over books. Maria advised the female suspect then proceeded to knock over display signs that were sitting on the shelf and then threw the last sign on the floor. Maria advised that she called security as the female suspect was leaving the Children's Library.

I spoke with a juvenile male patron (witness) who advised that the female suspect attempted to pull the fire alarm as she was leaving the Children's Library. The Juvenile witness advised that it appeared that she had her right hand on the fire alarm. Maria advised that she did not see the female suspect attempt to pull the fire alarm.

I will attempt to identify the female suspect the next time she comes into the Library. I advised other officers on duty to keep a look out for female suspect.

Incident Information: While walking in between the bookshelves I, Officer Anderson observed suspect Stephanie Siler bent over victim Tiffany D. Scott yelling at her. As I approached the two I observed Ms. Siler grab Ms. Scott's arms as she attempted to stand up and then with an open hand Ms. Siler pushed Ms. Scott's face back. I intervened and I instructed Ms. Scott to take a seat. While I was advising Ms. Siler to accompany me out of the area, the two women continued to argue. I advised Ms. Siler to keep her calm and to keep walking. Ms. Siler stated "you guys arent real fucking cops I dont have to stop for anyone and I dont know why these guys are approaching me like you guys are going to arrest me." The men who were approaching us were Officer Feher, Lieutenant Solis and Assistant Chief Heer. As we walked out I informed Assistant Chief Heer that I would stay in as he walked the suspect, Stephanie Siler out because it appeared that my presence, being I broke the two up was upsetting Ms. Siler. At this point Officer Feher gathered the victims information who at this time decided to not press charges as Assistant Chief Heer gathered the suspects information.

Incident Information: On 7/15/2013, at approximately 1800 hours, I was standing in Central Court. I observed Officer Pam Johnson talking to suspect, later identified as Alan Darrington, while he was walking towards the entrance. I approached Officer Johnson and asked her what happened. Officer Johnson advised that Alan was smoking inside of the library. Officer Johnson advised Alan to put the cigarette out, and he responded "I'm leaving now."

I immediately approached Alan and told him to stop. Alan stated that he was leaving and that he was sorry. I told him that he could not leave the library until we investigated the incident. I observed that his cigarette was still lit, and I asked him why he was smoking inside of the library. Alan advised that he "was not thinking". Alan continued to apologize for his actions.

Officer Dix and I escorted Alan to the detention room. D/O A. Marsh dispatched Deputy Gaston to the detention room to assist. Upon arrival, Deputy Gaston asked Alan for his information. Deputy Gaston ran Alan for warrants and it came back that he had no warrants. During our conversation with Alan, he kept lying about why he was smoking in the library.

Officer Dix advised Alan that he will be banned from all of the Toledo Lucas County Public Libraries. Alan was advised he will be receiving a certified ban letter in mail stating his ban length. Alan left the property without further incident.

Incident Information: At approximately 2025 hours two female minors, who's ages are seven and twelve, notified library staff that their mother, Jeanie, had left them there to go home to let her dogs out. Manager Bursten asked the girls how long their mother would be and they replied that they did not know. Manager Bursten asked if they knew their mother's phone number, which they did, so she called the girls' mother's cell phone several times but there was no answer. Myself along with Manager Bursten and supervisor Trevino waited with the girls in the lobby to be with them as they waited for their mother to return. While waiting I radioed into dispatch to notify them of them situation. Dispatch officer Marsh told me to let her know if the mother hadn't shown up in the next several minutes to let her know. Just as I got off the radio with officer Marsh the girls' mother showed up to pick them up. I radioed back to dispatch to update her that the situation with minors was taken care of.

On 7/14/2013 at approximately 1530 hours, patron Larry Schweinhagen entered the men's restroom in the Sanger Branch Library and did not exit. According to staff, upon closing the library, an announcement was made inside the men's restroom that the library was closing. No further attempt to vacate the restroom was made. At some point after entering the restroom, Schweinhagen died of medical complications. The library closed to the public at 1730 hours and no one else had contact with the body until the next morning. At approximately 0715 hours on 7/15/2013, a library custodian discovered the body of Larry Schweinhagen in the men's restroom and contacted the Toledo Police Department. The body was examined and removed by the county medical examiner. The cause of death was determined to be an unavoidable severe medical issue.

Incident Information: On 7/16/2013 at 1522 hours, while on patrol, I observed a female patron, identified as Michelle Smith, yelling at a male patron, Allen Blair, who was sitting on a chair near the stairs in Wintergarden. I advised dispatch of the situation and requested an other Officer. I advised Michelle to sit on the stairs and to be quiet. I advised Lt. Solis to speak with Michele when he arrived on scene, while I spoke with Allen.

Allen made statements to the effect of, but not limited to:

- Allen advised that he was sitting on a chair near the stairs when Michelle walked by and started yelling at him. Allen advised that Michelle was calling him a "fag", "fat ass" and "mother fucker".
- Allen advised that the reason Michelle was yelling at him is because he is friends with her boyfriend. Michelle had filed charges on her ex-boyfriend, who is in jail now.
- Allen advised that this has been an on going problem. Michelle has been following him around off property and has been harassing him.

When I first approached Micheel and Allen, I did hear Michelle calling Allen a "fat ass" and "Fag".

I went and spoke with Michelle. Michlle made statements to the effect of, but not limited to:

- Michelle advised that she was walking by Allen when he called her a "bitch". Michelle advised that she just reacted and started yelling at him to defend herself.
- Michelle advised that she has been having problem with her boyfriend's friends, since she filed charges on him. She advised that her boyfriend has been in jail for the past few days.
- Michelle did say she was sorry for her actions and she knows that what she did was wrong.

Lt. Solis advised that he spoke with several bystanders sitting in BTS. Lt. Solis advised that the bystanders confirmed Allen's side of the incident.

I advised Michelle that she could be banned for her actions here today. I advised that if she would be banned, she will receive a letter in the mail in a few weeks stating her ban length. While Lt. Solis and I escorted Michelle to the front doors, Michelle turned toward Allen and pointed a finger at him and mouthed something to him in an aggressive manner. I advised Michelle to stop what she was doing and to continue walking toward the front doors.

Incident Information: Sometime after 7:00 pm, Ms. Weigel approached the circulation desk clearly agitated. She was talking loudly and disturbing other patrons. Soon thereafter, she made her way to the quiet study room. At around 8:20 she was told that we were getting ready to close. At around 8:25 she was told again by another staff member. At 8:30 I approached her and politely told her that we were closing and unfortunately, it was time for her to leave. She claimed that she was having issues shutting down her computer. I attempted to help her shut it down and stressed to her that we lock our doors at 8:30. She disregarded this and continued to loudly complain about her situation. I told her that we sympathize with her, but it's time to go. At around 8:35 she left the room yelling profanities. This is not the first time Ms. Weigel has created a scene in the library and she has been warned by staff that the library does not tolerate this kind of behavior.

Incident Information: On 7-16-13 at approximately 1335 hrs. while making my perimeter check I noticed many broken windows. The broken windows were located on the front west side of the library. I immediately notified Manager Bursten of the situation. When I explained to her what I saw she told me that there had been a report from a librarian that she had also seen some broken windows and maintenance had been notified. She also told me she wanted to check to see if they were the same windows that had been reported on so I took her to where I saw the broken windows. When I showed her where I saw the broken windows she told me that they were not the same windows. Whoever had broken the windows had also bent in the metal holding the window. The windows that were broken led into the shed for the library. Manager Bursten again notified maintenance of more broken windows that needed to be fixed.

Incident Information: At approximately 1650 hours. Chris from maintenance arrived to look at the windows that had been broken on the front west side of the library. After he determined how he was going to be able to get them fixed we walked around to see if the window was fixed that had previously been found broken. It was not and upon looking at the other windows located outside of the children's area, there was another window broken but on the other side.

Incident Information: On the above date and time I (Sgt. Peters) was notified by a male patron who had told me two ladies were pushing each other and yelling in the glass enclosed quiet study room. As I approached the quiet study the two female's opened the sliding door and started walking towards the door still yelling and cursing at one another very loudly. I then followed the two females out of the Mott Branch Library. While outside the victim (Felica Cattlodgn) stated telling me that they were arguing over their relationship because the suspect (Sidney Washington) had started talking crap and getting into her face. The victim then said that the suspect had stood up and took a swing at the victim and started cursing and enticing her to swing back. It was at this time when the victim opened the quiet study door and started walking towards the main doors of the library. While outside the victim stated that she had a temporary protection order against the suspect. However for some reason the suspect then said she was going home and was going to call the police herself and notify them of what took place. I then walked the victim around the side of the library through the ally and she had started heading home on Forrest Street. Approximately 15 minutes after the incident the Toledo Police Department had pulled into the driveway across the library parking lot where the apartment building of which the suspect currently lives. At this time the suspect and the police started talking. No further incident.

Incident Information: At approximately 1300 hours, patron Justin Besteder was leaving West Toledo Branch, when passing by Supervisor Barb Trevino at the copy machine the patron announced that he was "sporting Trayvon Martin gear." He kept repeating himself and then as he was walking out the door the patron shouted "I dare them to shoot me, go ahead, shoot me." Patron was carrying a bag of Skittles candy and a can of Arizona Ice Tea, wearing a zip up hoodie jacket. Patron came back to the branch later in the day and at 1600 as I left for lunch the patron followed me out to my car and repeated the same statements as above, I did not respond. Again at closing, the patron came in to use the restroom and as he was leaving, stated the same comments.

Incident Information: On the day and time stated, Denise Noel noticed a juvenile in the foyer that was playing with the pay phone. She went to the foyer and confronted the juvenile and asked him if he had been playing with the phone and he said yes. Denise also asked if he might have called 911, the juvenile admitted to calling 911. Denise reported the incident to me. Sgt. Tracy. I talked to the juvenile (who's name is Jacob) and asked again if he had called 911 and he said that he did call 911. At that moment Locke Branch receive a call from TPD Dispatch and the Librarian Heather informed them that all was ok and that a juvenile had been playing with the pay phone in the lobby. I did speak to his dad about the incident. I informed him Jacob will not be able to come back to any Toledo Lucas County Library for a while and will be receiving a letter in the mail stating when he will be able to return. I contacted Dispatch of the incident Jacob had no priors. At approximately 1830 Jacob's mom came into Locke Branch and Denise explained the incident to her. No further.

Incident Information: At around 10:00 am, Jeanette Weigel returned to the library screaming and using expletives. Leslee Hooper told her she couldn't use that language in the library. Ms. Weigel ignored Leslee's comments and made her way to the scanning station. There she was screaming on her cell phone as she was scanning documents. I called security right away and asked for a security guard to be sent to Maumee. Then, I walked over to Ms. Weigel and told her to please keep her voice down. She then got up and exited the library, leaving her personal items behind. She then returned to the scanning station and continued to loudly talk to herself. While waiting for security I called Connie Dixon, circulation supervisor and she suggested we call Maumee Police. About five minutes later Deputy Justin Fisher came to talk to Ms. Weigel and she stated that she didn't think she was bothering anyone. We asked her to leave and she walked out of the library quietly. The police eventually arrived, but when they seen Deputy Fisher talking to Ms. Weigel they left. Deputy Fisher suggested we issue a seven day ban on Ms. Weigel effective today.

Incident Information: On 7/16/2013 at approximately 2025 hours while I was securing the outside gates, a patron, identified as Seantoya Braggs, advised me that the tires from her bicycle had been stolen. Seantoya advised that she arrived at the Library on her bicycle at 1800 hours after she got off work. The bicycle is a purple TREK with grey letters. The bike was locked at the North bike rack. The front and rear tires were taken off the frame.

I asked Seantoya if this was her bike. Seantoya advised that it was her bike. I advised Seantoya that her times do not add up, because I observed the purple TREK bike, out front with no tires on it at approximately 1430 hours when I was outside on patrol. Seantoya did not have a response when I told her the time difference. I advised Seantoya to take her bike with here.

On 7/18/2013 at 0900 hours I observed that the purple TREK bike is still locked up at the North bike Rack.

I do not believe Seantoya owned the purple TREK bike due to her statements, no response for the time difference and the bike is still locked up at the North bike rack.

Incident Information: On 7/18/2013 at approximately 1932 hours, Capt. Schroeder and I were dispatched to the North Lawn for a possible physical domestic in progress. When I arrived at the North Lawn I observed the male patron, George J. Miller III, sitting on a bench near Adams St. and the female patron, Christi Miller, was standing near the bench. I spoke with George and Capt. Schroeder spoke with Christi.

George advised that Christi and him were arguing over an online application and the cigarette roller that had broke. George stated that he did not punch or slap Christi and Christi did not punch or slap him. George did not have any redness to his hands that I could see. George advised that Christi and him are married.

I spoke with Capt. Schroeder and he advised Christi stated that she was arguing with George over the broken cigarette roller. Christi advised that she was not punched or slapped and she did not punch or slap George.

Unit 66 TPD Officer Vasquez came on scene and spoke with both Christi and George. TPD Officer Vasquez advised Christi and George that they had to clean up the mess they made and that they would have to leave the property because of their behavior. Christi and George cleaned up the mess and left the property.

When I came back into the Library I went into the Dispatch Office to review the video of the incident. Upon reviewing the incident it appears but is no clear if George slapped Christi or threw something at her. At which point Christi stood up from the bench. It did not appear that Christi put her hands up to her face or anything that would indicate that she was hit in the face by George.

On 7/18/2013 at approximately 1810 hours, I Asst. Chief Heer, was leaving my office for the day, when I approached the Wintergarden and heard loud music coming from a patron's cellular phone. As I approached, the unidentified black male adult (wearing blue jean shorts, a black t-shirt and dark tennis shoes) continued to look at me until I told him he needed to turn his music off, unless he had headphones to listen privately without bothering other patrons. He did not turn his music down at this time and several individuals he was with urged him to turn his music down. I stood there for several seconds until he did turn his music down to an acceptable level.

I then proceeded to dispatch to let them know I was leaving for the day. When I exited dispatch in front of the main entrance, the same individual was walking through central court and I could hear his very loud music again as he approached the door desk. I asked him if his music was going to continue to be a problem. I told him that he needed to leave library property for the day and if he returned or remained he would be arrested for trespassing. He was flippant with me and disregarded my request. He then walked out side, which I assumed would be the last encounter of the day.

I walked back inside the dispatch office and asked D/O BISCHOFF to leave a note in my box of the date and time and the incident that just occurred so I could write a report in the morning. I then started to head for the promenade stairs, when I noticed the individual was standing outside of the main doors with several other individuals, and he was smoking a cigarette, and his music was still very loud. At this point I warned him he would be arrested if he did not leave the property immediately, and also informed him of our smoking policy.

At this point, the unidentified male began cursing at me saying things like: "fuck you pig!" and "fuck this motherfucking library!" He also made several inappropriate gestures and made racial/sexual slurs towards me, such as: "cracker" "honky" and "faggot ass white boy."

He continued to yell inappropriate things at me while he walked down the street towards Madison Ave. When I finally left for the day, I exited the parking garage in my personal vehicle and drove down Michigan St. towards the Anthony Wayne Trail. When I approached Madison, the unidentified male pointed at me and yelled several things at me, but I was unable to hear with my windows rolled up.

No further incident occurred.

I recommend a six (6) month ban on this patron when we determine his identity, based on his disruptive behavior, trespassing, threatening behavior, and racial and sexually derogatory language.

Incident Information: This patron was in the library on Saturday, July 13, 2013 on a computer in the Teen area. One of our volunteers noticed he was on a pornographic site and brought it to our attention. I asked him to close out his computer and he left. The same patron came in yesterday but he was not caught on anything inappropriate. This morning and this afternoon he came in again in the teen area and I noticed he switched over screens to a site and once again had him close his computer and leave the building.

Incident Information: On date stated this Officer was informed by staff member Shirley Haenggi about patron Ronica Medley who was on a computer over in the metro. Shirley was doing a check of the computers to make sure everybody was of age. When she finished checking all of them Ms. Medley's information said she was 19 years old. At that point Shirley informed her that in order to be in the metro she has to be between the ages of 13-18. Shirley told Ms. Medley that she could finish her session, but after that she would have to leave the area and use the computers on the other side. Ms. Medley denied being 19 and said she was 18 when asked what her birthday was she said 9-8-93. When she was told that makes her 19 Ms. Medley then said " fuck this library" "I am leaving this fucking place" "fuck ya all." Ms. Medley was then informed she would now have to leave the library all together because of her language and behavior. All the way out of the metro and popular library Ms. Medley continued to use the inappropriate language. Ms. Medley was then informed that she could be banned for a period of time and to check back with Security before coming back into the library. Ms. Medley responded with "what the fuck ever" and left the property. Report was then filed by this Officer.

Incident Information: Mr. Klinksick was very rude when speaking with Amy this morning at the desk about a claims return on his account, he demanded her to go and search for the item in question as soon as possible to get this resolved and taken care of. Amy gave claims return to me to find and I took over, I did find the item, it was a jazz CD "As Is" (\$2.40 fine). I apologized to Mr. Klinksick and advised I would take off the item and fine for him, he asked for a receipt and proof that I took item off. I gave him a receipt and a list of the remaining items left on his record. He was not happy with this. He wanted a different way of me taking off the fines, a way in which it didn't look like he paid for it. I told him we only had two options, either collect money or waive fines. I told him I did not want to waive the fees for him because in the future it would not look good on his record and that is not our policy. He then started cursing at me and that he was going to go to the next board meeting to straighten things out with this library and we are wrong. After that I gave him your name because he was not trying to listen to what I had to say and he was just becoming vulgar.

Incident Information: On 07/20/2013, at approximately 1420 hours at the West Toledo Branch Library, located at 1320 Sylvania Avenue i was preparing to log my information for doing a perimeter check. At this time is when I noticed a black female patron, Donnie Bean turn around, and take multiple pictures of me on her white cell phone. She was seated at computer number eight. I then went about my business, although I brought it to the attention of librarian Kelly Plath. I then used the restroom, when I returned to the information desk area where I was posted at the time, which is located behind the computers, Bean turned around, and began to raise her voice towards me, insisting that I was harassing her, and invading her computer privacy standing near her. She stated I had been here for over 20 minutes, although as I stated before I had just returned from the restroom. I then tried to calmly talk to her, and reassure her that I was not watching her computer. She continued to raise her voice, and disturb the flow of library activity. At this time, I informed librarian Ginny Wolter, who told me this was a reoccurring issue with Bean daily, not only with staff, but also other patrons. As I walked back to the floor, from talking with Wolter, to resume my monitoring of the area. Bean continued to take pictures of me, and to raise her voice with me. At this time staff member, Barb Trevino contacted dispatch, which then contacted TPD. I informed Bean, she could either leave for the day, or TPD would remove her. She refused to leave, and then began harassing me stating that we were not police but just "kindergarten cops" and that she would hope someone breaks my other hand. This time staff members Plath and Trevino were also trying to persuade Bean to leave for the day, she then began to say we were all racist and this was the only reason she had to leave. She then began to pack up. She left her computer but still continued to raise her voice towards myself and the other staff members. As she left the building around 1440 hours, before TPD arrived, she was yelling that "your all going to be sued." Moments later I spoke with TPD as they arrived, and they were informed of the situation, and given a description of Bean. As I resumed my post position for the shift, patron Serim Kilie, who was here during the altercation, informed me as well this happened daily, and that this same lady has accused her as well prior to this day.

Incident Information: Customer was on computer and wanted more time. He was on his third session and we had all ready granted him additional time on his first two sessions. There was a reservation for the computer he was on, so we were unable to give him more time. He used inappropriate language (shit, dammit etc.). I told him he couldn't use that language in the library. After the third time of him swearing I asked that he leave the library. When he stood up, he had an aggressive stance causing other patrons to leave, Erin Jones contacted security who advised us to call the police.

Incident Information: Ms. Weigel approached the Help Desk and explained in an angry tone that the computer she was working on was not working and she had had the same issues before and that she needed help because she had a deadline. I tried telling her that I would get Leslee to help her but she kept trying to talk over me. I tried to tell her three times that I would get Leslee to help her and finally she finished talking and I got Leslee. Leslee said both she and Becky Locke-Gagnon took a half hour to assist her with her computer questions. Drew noticed that this patrons voice kept getting louder and her agitation was escalating.

Incident Information: On July 22, 2013 at approximately 1030 hours, Lt. H. Solis and I received a call from dispatch to head over to the West Toledo Branch for a possible banned patron. Upon arrival, Lt. Solis and I went and spoke with the Supervisor of the branch, Barb Trevino, and Barb advised us about a situation with a female subject, Donnie Bean, that occurred on Saturday, 7/20/2013. We explained to Barb that Donnie needed to check back in one week about her ban.

We approached Donnie while she was sitting at a computer and told her that she needed to leave and check back in one (1) week about her ban. While this was happening she was verbally abusive and harassing Barb. Donnie made statements to Barb "You are a fat virgin that has arms bigger than my thighs. You will go home to a house without a man. I worked at Chrysler, making products and you work here not doing anything while getting taxpayers dollars." "Fat Bitch". Donnie ended up leaving the Branch without any further incident.

I recommend that Donnie gets a ban of 6 months for her actions today. A report was taken for the incident of Saturday 7/20/2013.

Incident Information: On 7/22/2013 at approximately 1100 hours, while I was on patrol I entered the dispatch office. D/O Chambers advised that a male patron, later identified as Richard L Cauton Jr., had his Wal-Mart prepaid debit card stolen or is missing. I spoke with Richard near the front doors. Richard advised that he was at computer #17 in Humanities and had set his debit card down on the table and got up and walked away. Richard advised when he realized that he left his card at the table, by the time he got back to the table the card was stolen or missing. D/O Chambers advised she reviewed the camera footage for Humanities and could not see computer #17 on the video. I advised Richard that we would keep an eye out for his card. I advised Richard to contact Wal-Mart to see if he could cancel the card so nobody could use it.

Incident Information: On 7/22/2013 at approximately 1615 hours, while on patrol I observed a banned patron walking down the stairs in Wintergarden. I approached the male subject, later identified as Timothy Mosby, and advised him that he was banned for his actions on 7/18/2013 with Asst. Chief Heer. I advised Timothy that I needed his information for the report. Timothy advised that he already gave his information to an officer. I advised that I was not aware that he gave his information to another officer. I advised Timothy that I still needed his information. Timothy refused to give me his information as he walked toward the front doors. I called dispatch and advised them to have Deputy Fisher meet me at the front doors. Deputy Fisher and I escorted Timothy to the DT room. Timothy gave Deputy Fisher his information. Timothy was advised that he would be banned and that he would receive a ban letter in the mail explaining the ban length. Timothy left the property without further incident.

Incident Information: At 1900 I went out to tour the parking lot at Reynolds Corners Branch Library when I seen a black male in a white Chrysler SUV with Michigan plates. When I walked from one end of the lot he drove out on the side street and flipped a u-turn and came back in and parked by the entrance. When I walked to that end of the lot he backed out and drove to the other end of the lot. I called my C/S and they advised me to call 911, I couldn't get the plate number.

Incident Information: Patron or patron's spouse returned materials checked out on card for Helen Watson. The items were dropped in our return bins at our circulation desk. Cathy Romstadt, Elizabeth Chovanec, and I immediately smelled a very foul odor and after some investigation found that it was the materials returned from Ms. Watson's card. This was such an overwhelmingly nauseating odor that we had to take the return bins in the workroom and empty them. We sprayed the bins down and rolled them outside to air out. I charged Ms. Watson for the items because they can no longer be circulated. We did try to clean a few but were unsuccessful, Cathy Romstadt and I spent over an hour dealing with these materials and the stench it created. We believe that these items were soiled with some sort of bodily fluids. I called Cathy Bartel to inform her of the situation in case the patron called her about the materials.

Incident Information: On the above date and time while on patrol I (Sgt. Peters) was notified by the victim (Triana McIntosh) that her mother who was the witness (Nancy McIntosh) had called 911. Nancy had called Toledo Police because she currently has a juvenile protection order for her daughter Triana against the suspect (Trevon Chandler). At approximately 2:25 pm Trevon walked right past Triana with about 1-2 feet in between them instead of keeping a distance. According to Nancy the suspect stayed inside the library for approximately 5-10 minutes after seeing that Triana along with her mother had entered the library. Nancy had the juvenile protection order with her in which it verified the case # JC11-214547. The protection order was granted by Judge Cubbon on March 1, 2011 and is currently effective until July 5, 2015. The protection order clearly states that the suspect has to be at least 100 feet of the victim at all times. Toledo Police arrived at the Mott Branch Library at approximately 2:45 and gathered the information from Nancy and reviewed the protection order in which Officer Carter said that he was going to file a police report. The officer then asked me if I had seen Trevon inside the library and I stated yes, I also stated that I had witnessed Trevon walking on the sidewalk as he was leaving the library. No further incident.

Incident Information: On Tuesday 07/23/13, at approximately 1330 hours, Cpt. Schroeder and I received a call about a suspect smoking marijuana in the parking garage. As we arrived, Lt. Solis was already on scene with the suspect. I assisted Lt. Solis while he was talking to the suspect, later identified as Kris Davis. I took down Kris' information and we escorted him back to the DT room. During the interview, Kris stated "I have a prescription from a judge because I have ADHD. I ran out of my prescription so I started smoking a joint because it helps keep me calm and helps with my ADHD." We informed Kris that he was going to get ban from all T-LCPL branches for smoking marijuana on the property for 6 months. I escorted Kris to the Metro area where he met two black females. Then I escorted all three of them out of the library. We documented the marijuana joint, and took a picture of it. It is approximately 2 inches long and wrapped in brown rolling paper. I followed Lt. Solis to the women's bathroom on the first floor and we flushed the marijuana joint it in the last stall.

Incident Information: On 7/23/2013, at 1600 hours, I was standing at the front door when I observed Amanda Adkins walking into the library. Amanda was wanted by the U.S. Marshals for a drug case. The U.S. Marshal sent the dispatch office an email with a mugshot picture of Amanda earlier stating that Amanda had a warrant, and she needed to be detained immediately.

Cpt. James Schroeder and Ptl. Andrew Nicoson were called to the dispatch office for assistance. I told Ptl. Nicoson to follow me to try to find Amanda somewhere inside the library. We walked around the first floor looking for Amanda for about a minute. I spotted Amanda sitting by the BTI area. I told Ptl. Nicoson to watch her since I was going to make a call to the dispatch office.

When I was talking on the phone, Amanda started walking towards the entrance. Ptl. Nicoson and I followed her. I approached Amanda and asked her for her name. Amanda advised that her name was Amber Thomas. I told her that we were looking for someone that has the same description as her. Amanda started getting agitated and nervous.

Capt. Schroeder approached me while talking to Amanda. I asked Capt. Schroeder if he recognized her from the mugshot. Capt. Schroeder walked to the dispatch office to call the U.S. Marshals since he could not recognize her. I called Security Director Jeff Sabo to assist us. Capt. Schroeder radioed me and told me Amanda has a flower tattoo on her left foot. I advised Mr. Sabo of the tattoo after he arrived. Mr. Sabo, Ptl. Nicoson and I escorted Amanda to go to the DT room.

Mr. Sabo asked Amanda for her address and she stated her address. Mr. Sabo left the DT room for a minute, but advised me to take her information. Amanda did not want to give me her information again, but stated that she lied about her name and she truly was Amanda Adkins.

About 10 minutes later, U.S. Marshal arrived to the DT room and interviewed Amanda. The U.S. Marshal tried to arrange a TPD unit to pick up Amanda and take her to Lucas County Jail. After 5 minutes, the U.S. Marshal was unable to get a patrol car. Mr. Sabo told the U.S. Marshal to take Dispatcher Amanda Marsh with him and transport Amanda.

Amanda was booked in Lucas County Jail for Felony Heroin Possession.

Incident Information: On 07/23/13 at 1815 hours John Avers was harassed by a patron of the library. The suspect (Kalista Duckett) came out of the bathroom on the first floor by the security office, and was cussing and saying "get the Fuck out of the way. You are blocking the doorway." While they were walking out the door they were cussing at him and giving him a hard time. John who was the victim did not say anything and just moved out of the way over towards the security desk and let them pass. He then told Pam Johnson what happened and she advised him to let security know. That's when he came and knocked on the security door and reported the incident to me.

Incident Information: On 7-23-13 at approximately 2025 hours while making my last perimeter check of my shift I observed approximately 10-15 teenagers in the park across the street from the library. One of them approached me and told me there was going to be a fight. I then saw as many as six of them squaring off against one another in an attempt to fight. At that point I returned to the library to inform Manager Bursten of the situation. She then called 911 to let them know that we needed some officers dispatched to our location. About ten minutes later two officers from Toledo showed up. I explained to them what I had seen but by the time they arrived all of the teenagers had left the area. So the officers said they would go look for the ones I had described to them as the ones I seen squaring off against each other. On 7-24-13 at approximately 1236 hours I left the inside of the library to make my first perimeter check of my shift. As i walked through the doorway I observed one of the teenagers who I had seen in the park trying to fight. His name is Carlos Mares (bar code 5000145713, 4317 Douglas Rd., DOB 10-21-1999). I approached him and asked him what had happened and why he and the other teenagers were trying to fight each other. At first he told me he did not know why the other teenagers were trying to fight him and his friends but then he told me that they had come to the park and started calling him names. I asked him if he knew why they would come up there and start calling him names, he did not tell me in particular what they had called him and his friends. He then told me that fight was over them being rival gang members.

Incident Information: On the day and time stated, while patrolling the parking lot I heard what sounded like a cap gun going off inside the main entrance of the library and some kids talking in a loud manner. I immediately went towards the entrance and noticed Montrice Foster and another suspect at the front entrance with cap guns that were orange in color. As I approached them, they immediately took off on their bikes heading down the south side of the building. I was able to talk to Tyree Joyce who was with the suspects. (He was not in the library he was on his bike next to parking lot). He was unable to give me the second suspects name. While talking with him both suspects returned to the sidewalk and were yelling phrases such as: "I'm gonna shoot you" and "I'm gonna shoot your mother." Both suspects fled again. I contacted dispatch and informed them of incident and dispatch could not find any priors for Montrice Foster. Also, unit 66, TPD Amanda Evans was notified of the incident and will file charges on 7-25-2013.

Incident Information: On date and time stated above this Officer was notified by the pop teen staff that patron Ms. Goldsmith had already used her 3 computer sessions for the day. Ms. Goldsmith had asked the staff if she could get any additional sessions and when she was told the policy she said her computer had been acting up and she only really used 1 full session. Staff explained the policy to her again and said there wasn't anything they could do. At that point Ms. Goldsmith became frustrated and left the department. Ms. Goldsmith then went over to the circulation desk and got a brand new card. Ms. Goldsmith then went back into popteen and logged onto computer 32. The popteen staff then requested that this Officer talk with Ms. Goldsmith and let her know of the computer policy and to have her not be on the computer for rest of the day as policy states. This Officer requested Ms. Goldsmith stop using the computer for a moment so we could talk. Once outside of the popteen area this Officer asked Ms. Goldsmith if she had already been on the computers 3 times. Once again Ms. Goldsmith said yes but 2 of the session were not the full one hour sessions. Ms. Goldsmith then said she purchased a new card because she didn't know where her other card was. This Officer explained to her that even if she didn't use the full one hour session once she logs onto the computer that counts as one full session. This Officer then explained that she is welcome to stay in the library, but couldn't use an internet computer for remainder of the day. Ms. Goldsmith said ok and thanked me for being polite unlike some other people. At that point Ms. Goldsmith went to get her bookbag and then called staff member Lynn Jagos a Bitch. Ms. Goldsmith then continued to voice her displeasure towards Lynn Jagos and the rest of the pop teen staff. This Officer then informed Ms. Goldsmith that due to her disruptive behavior and language towards the staff that she would have to now leave the library and to check back with Security to see if she is allowed back in. Ms. Goldsmith said fine but she didnt know why some people had to be bitches and be unprofessional. Ms. Goldsmith left the property without any further incident.

Incident Information: On 7/25/2013 at approximately 1615 hours while on front post, I observed a two juvenile African American males leave the front doors of the Library. The first juvenile male was later identified as Montrice Forster. Montrice was wearing a blue shirt with camouflaged short and white sneakers. The second male juvenile was later identified as Isaiah Dixon. Isaiah was wearing jeans and a black t-shirt. A library staff member, James, from Kent advised me that the juvenile male, identified as Montrice, was banned, due to an incident yesterday, 7/24/2013 at the Kent Branch Library. James was standing at the book drop in front of the building. Montrice heard James advice me of the ban.

Montrice and Isaiah, started heading North on the side walk toward the North Lawn. I advised Montrice that I wanted to talk to him. Montrice continued walking North and yelling obscenities toward me. I observed Montrice cross the street and head South on the opposite side of the Street. I advised Montrice again that I wanted to speak with him. Montrice and Isaiah continued to yell obscenities. Montrice and Isaiah headed back North on the opposite side of the street and then crossed over near Adams St.. I attempted to approach Montrice and Isaiah near the North Lawn but they took off running and stopped at the exit ramp to the parking garage. When I got to the North Lawn I advised Montirce and Isaiah that I wanted to speak with them. Montrice shouted "Fuck You and Fuck the Police" and took off running across Adams St.. A female patron who did not want to be mentioned in the report advised me that she heard everything that Montrice and Isaiah shouted.

At approximately 1425 hours while back at the front post I observed Montrice and Isaiah both walk to the front of the building and sit on a window sill second from the end. I radioed for Capt. Schroeder to come out to the front to assist me. When Capt. Schroeder came out side we attempted to approach Montrice at the window sill. Montrice got off the window sill and walked across Michigan Street. Capt Schroeder and I spoke with Isaiah and got his information. I advised Isaiah that he may be banned for his choice of words toward me. At this time Montrice came back across Michigan Street and stopped at the North bike rack. Capt. Schroeder and I advised Montrice several times that he was banned for the incident that occurred at Kent yesterday, 7/24/2013. Montirce advised that he did not know what we were talking about. Montrice made several statements that security could not stop him from coming to his library. I advised Montrice again to leave Library property or I would Have Toledo Police come and take him to the Lucas County Juvenile Detention Center. Montrice advised that he did not care what we did.

Asst Chief Heer came out to the North bike rack to assist. Asst Chief Heer advised Montrice several times to leave Library property. Montrice ignored Asst Chief Heer's request for him to leave the property several times. Asst Chief Heer advised Montrice if he refuses to leave and does not leave now he will be detained and Toledo Police will come to pick him up. Montrice advised Asst Chief Heer that he did not care. I moved around the bike rack and behind Montrice, while he was talking with Asst Chief Heer. After the refusal to leave the property Asst Chief and I grabbed Montrice's arms and I placed him in handcuffs. I ensured the cuffs were placed on Montrice properly and with sufficient room in the wrists. Asst Chief Heer advised Montrice that he was being detained and that he was not being arrested. I escorted Montrice to the Detention Room where Assist Chief Heer advised dispatch to contact Toledo Police. Once in the detention room, Montrice made several threats toward Asst Chief Heer and I. Montrice stated that "when he gets out of these cuffs he was going to kick our asses." Montrice

stated to me "wait till I get my .40 bitch!" While sitting on the bench, Montrice leaned back against the wall and started to bang his fists and the cuffs against the wall. Asst Chief Heer and I advised Montrice to stop several times. At one point I grabbed Montrice by the shoulder and leaned him forward so he would not be able to bang on the wall. After a few minutes Montrice leaned back against the wall and started banging his fists and cuffs against the wall. Asst Chief Heer advised Montrice that he would have to lie on the ground if he did not want to control himself. Asst Chief Heer assisted Montrice to the floor so he could lie on the ground so he could not hurt himself or others. When Montrice behaved himself Asst Chief Heer assisted Montrice back onto the bench.

Toledo Police Officers arrived on scene at 1710. Asst Chief Heer spoke with Toledo Police prior to entering the detention room. TPD Officers Smith and Bunting placed Montrice in their cuffs. TPD Officer Bunting asked Montrice if he was advised by a TPD Officer last night that he was banned from the Toledo Lucas County Public Libraries. Montrice advised that he was informed. TPD Officer Bunting escorted Montrice to the cruiser.

At 1725 TPD Officer Smith had called the dispatch office and spoke with me. Officer Smith advised that he was going to press charges against Montrice for making threats and trespassing. Officer Smith advised that he will be booked at the Lucas County Juvenile Detention Center.

At approximately 1200 hours, I observed Montrice and Isaiah walking through out the metro area. At approximately 1330 hours I observed Montrice and Isaiah mock fighting in Wintergarden at the bottom of the stairs. I warned both Montrice and Isaiah. Capt. Schroeder advised he saw Montrice and Isaiah on the second floor while he was at his post in the McMaster center for an event.

Incident Information: On 7/25/2013 at approximately 1545 hours Capt Schroeder and I were dispatched by Officer Johnson, who posted at the Door Desk, to the front side walk in reference to a physical domestic. Upon my arrival I observed the male patron yelling at the female patron at the street curb. I separated the male and female patron, who were later Identified as Julis C. Mosley and Heather Marie. I advised Capt. Schroeder to speak with Heather as I spoke with Julis. Julis advised that he was arguing with Heather because she was sitting and talking to a guy on the bus that he did not know. Julis advised that the argument did not turn physical in any way. Julis advised that he is living with Heather and has (3) three kids with her.

I went and spoke with Capt. Schroeder and Heather. Heather advised that she was sitting next to another man on the bus. Heather advised Julis became upset with her for sitting and talking to the man on the bus. Heather advised that the argument did not become physical at any time. I observed that Heather's cheeks where very red. I asked Heather why her cheek were so red. Heather advised that when she gets mad they get red.

The argument took place in front of the building in front of several witnesses. There was a large school group lined up in front of the building waiting on their school bus to arrive. Both Julis and Heather were asked to leave the property for the day for their actions.

I spoke with Angela Kalinowski, who works in the circulations department. Angela advised that she observed Julis push Heather during the argument.

Incident Information: On the day and time stated, a patron Charles Williams came to me and stated that his bike was stolen. He stated the he did lock his bike with a lock provided by Kent Library. I went with him to the bike rack and the lock and cable were still there. It did not appear that the lock or cable were tampered with. It appeared that when he "locked" his bike he did not wrap the cable around the bike properly. I notified Dispatch of the incident and they are reviewing cameras for a possible suspect. I informed Mr. Williams should I find anything concerning his stolen bike I will contact him. No further.

Incident Information: On date and time stated above this Officer was dispatched to Humanities to deal with an irate patron who was at the computers. As I approached the department Humanities worker Vikki met me in the Central Court advising me that the patron coming up behind her was the main aggressor in the incident. At that point this Officer made contact with the patron and asked if everything was ok and what happened over in the Humanities Dept. Suspect (Mr. Williams) stated everything was ok nothing had happened he is just hearing the devils voice in his head. Mr. Williams then stated he had been hearing numerous voices in his head while he was in the building, and he was going to have them checked out. This Officer asked Mr. Williams if he wanted us to call for a squad to come out and assist him. Mr. Williams declined the offer, this Officer then gathered his information and informed him prior to entering the building next time to check back with Security to make sure he could be allowed back in.

Mr. Williams left without incident. This Officer then went over the Humanities to see if the other person involved in the incident was still present. Patron was and this Officer asked him what happened. Victim Mr. Columbia stated he was on his computer #9 when the suspect kicked him in the leg under the table. Mr. Columbia said he looked up from his computer and asked if he could help Mr. Williams, at which point Mr. Williams stood up called him a fucking ass and spit at him. Mr. Columbia was struck on the face by Mr. Williams spit. This Officer asked the victim if he would like Toledo to come out to press charges or anything. Mr. Columbia said no he was fine just a little taken back by the other patrons behavior. This Officer gathered the information of the victim and he left the property. On my way back up front to file the report 2 other patrons who didn't wish to be mentioned in the report did state that the suspect had spit and cursed at the victim prior to leaving.

Incident Information: Tyra called in regards to her Library card, I explained to Tyra that she was being charged for the Search Ohio dvd Kingdom Hospital that was not returned to the Library. Tyra then proceeded to start yelling and cussing me out. Tyra stated that her boyfriend gave the movie to the "big fat, amazon white girl with glasses who looks like a dude." (She was referring to employee Kirsten Furry, LPT at Birmingham). I asked her not to cuss or talk about Kirsten in that manner and she stated that she was a grown women who pays her own rent and could talk to me any way she wanted. I recommended that she talk with Susan Brown who had put the message in her Library record. I gave her Susan's phone number. Tyra was very hostile and stated she was going to come to the Birmingham Branch Library to see me and then hung up on me. Tyra called the Birmingham Branch back before she came to the Library and spoke with Julie McCann, manager. When speaking with Julie she stated she didn't want to talk with me and told Julie she was "still allowed at the Library because I haven't done anything to her yet". (Her meaning Katherine Trinidad). Tyra is very disrespectful and has several claims returns on her Library card.

Incident Information: Mr. Dudley was in Washington branch Friday morning, using a public computer. He created a disturbance a few times by saying things very loudly about the computers being slow, and other complaints. At one point he walked away from the computer he was using, and left his bag and belongings behind. When he returned, he said very loudly that someone stole his phone. He went to the circulation desk and complained to Mary Pat, who suggested she call the phone. It turned out to be in his bag, but Mr. Dudley was still very angry. Later he went to leave and discovered his bike missing. He came back into the branch and caused a very loud, hour long disturbance blaming the staff for his missing bike. His tone of voice and body language and language was intimidating to Talena, the main staff person he spoke with at that time, and then also to Monique. Talena and Minique's comments are attached. Main Security Dispatch could not find any useful images regarding this bike, or even whether or not it had been on the rack.

Incident Information: On 7-29-13 at approximately 1945 hours a mother approached me with her three sons. The mother advised me that her sons were harassed at the park in front of the library on Saturday 7/27/13 by a group of juvenile Hispanic males. The boys stated that a group of Hispanic boys harassed them and chased them home from the park. The boys advised that the harassment happened at the park and not on library property. Manager Julie stepped in and advised of the incident that occurred on Saturday. The boys were advised if it would happen again to come tell library staff or the security officer. After the mother left with her boys, I spoke with the Manager and Supervisor Barb. Julie and Barb advised that the suspect seems to be Carlos Johnson, his brothers, and the group he hangs out with in the park.

Incident Information: On the time and date above in this report, this officer was patrolling the grounds of the Lagrange Branch Library when Tom was sitting on the bench out side of the building. Tom was leaving the library premises and stumbled and fell onto the bike racks. When Tom fell on the bike racks he hit the left side of his face on the metal bike post nearest the doors. He did not appear to lose consciousness. I immediately called 911 and requested an ambulance with a Toledo Police Unit. I noticed that Tom was very intoxicated by the odor and the slurring of his words. I asked Tom what was hurting he said his face and his hip. I then asked were both of them caused by the fall and Tom replied "his hip hurt from arthritis for the last six years, and his head did hurt from the fall". Tom kept telling me and Andrea Hudak, Branch Manager that this was "my own fault." Tom continued to speak and eat his snack. Ambulance arrived on scene. Tom continued to eat during the examination and swore at the medical team when they made him stop. Tom was then transported to St. V's hospital. Patron left with out further incident.

Incident Information: On date and time above a patron informed staff that when she opened the book drop she saw smoke coming from inside. This Officer along with staff opened the door to the book drop, in which we saw a tarta bus schedule that had been st one point lit on fire. Suspect or suspects had set it on fire and attempted to drop it down the shoot and into the book bins. Schedule never made it down the shoot and the flame went out when the suspect or suspects dropped it onto the shoot. No major damage had been done to the area. This Officer notified Dispatch and requested a review of Camera #1. Dispatch sent over some pictures and report was made.

Incident Information: On 7/31/2013, at 1520 hours, Lt. Solis had seen a patron by the name of Jason L. Eiche watching explicit material on one of the computers located in Humanities. Lt. Solis then notified me and we then confirmed that Mr. Eiche was watching explicit material via the camera system. Once the violation of policy was confirmed, I proceeded to Humanities to engage Mr. Eiche. I asked him to step aside, which he did, and then explained to him that he had been witnessed watching sexually explicit material in violation of Library policy. I then obtained his information and informed him that he would be banned for one week. After escorting Mr. Eiche to the restroom, as he requested before being removed, I removed him from the property. During Mr. Eiche's restroom visit, it was confirmed by Lt. Solis that this was his first offense. Mr. Eiche is allowed to come back on 08/07/2013.

Incident Information: On 07/31/2013, at 1809 hours, TPD called the LIL info desk, which was transferred to Dispatch. I spoke to the TPD dispatcher, who reported that there was a 911 hang up at 325 N. Michigan St. I reviewed the Promenade cameras and saw an African American male juvenile (Ju'Morre Smith) on the pay phone. I then dispatched to all officers the description of Ju'Morre and the other male juvenile that was with him. AC Heer and Deputy Gaston had spotted Ju'Morre and his cousin (Kobe Ryan Jones) in Wintergarden. Lt. Solis also assisted and got their information. Lt. Solis then advised them of the library policy for 911 hang ups and notified Ju'Morre that he would be banned for thirty (30) days. Kobe was with Ju'Morre at the time, but had walked past the pay phones without even stopping, so therefore was not an accomplice.

Incident Information: On 8-1-13 at approximately 1505 hours I was notified by Manager Julie Burston that a child had a cut on one of his toes. It was assumed that he had cut his toe by the window seat in the children's area. Julie and myself approached Ms. Angie Maldonado, who is the child's babysitter, to let her know of the child's cut. Julie asked Ms. Maldonado if she thought the child needed more medical attention then the band aids we gave him, Ms. Maldonado said no and that she would clean the cut herself. When she returned from cleaning the cut I got some of her information in case there was further medical attention needed for the boy. End of report.

Incident Information: On Friday 08-02-13, at approximately 1330 hours, Officer Heer, Lt. Solis and I received a call from dispatch about a patron being intoxicated. Ronnie Hamblin came into the library earlier today and proceeded to the pop teen area, where he sat on the window sill overlooking Michigan Ave. We were informed from SSOE security that he was intoxicated and urinated on buildings two separate times. They advised us that he was belligerent with them. Ronnie then entered the library around 1330 and proceeded to the pop teen area, where he sat in the chairs by the magazine shelves. Shortly after he entered the library the SSOE security came and told Officer Pam Johnson that the patron was intoxicated and urinated on another building for a second time. They also informed us that he swung at one of their officers, and that they notified TPD.

After SSOE security left, Officer John Heer, Lt. Solis, and I proceeded into the pop teen section and made contact with Ronnie. Lt. Solis asked him if he had been drinking or was intoxicated and he took a few seconds to respond then said no. I smelled a strong presence of alcohol, and he had bloodshot eyes, that were watery and red. I noticed that he was slow to respond to simple questions. He was also unsteady on his feet, and he had a hard time staying awake. Lt. Solis advised him that he is not allowed to be drinking in the library and advised him to stand up, turn around and put his hands behind his back. Lt. Solis put him in handcuffs, and advised him that he is being detained. Lt. Solis also advised him that he could be cited for public intoxication. Ronnie complied without any incident and was escorted to DT.

When he was in the DT room, Lt. Solis asked him for some ID and Ronnie took a few seconds and did not respond. Lt. Solis asked him a second time for ID and he said it was in his green soft pale lunch box. Lt. Solis also asked him if he worked for Cherry Street Mission and he was again slow to respond before finally saying "no I do not."

While this was going on, I was getting his information from his library card and his Cherry Street Mission ID. Lt. Solis then stepped out for a few minutes, and I asked Ronnie what his date of birth was. He did not respond. Shortly after this Lt. Solis came back in the DT room and advised him that he is not going to be cited and Toledo Police Department will not be called, and that he has to leave for the day. Ronnie stood up and turned around and about fell over and Lt. Solis was forced to hold him up so he could get the handcuffs off. Officer Heer, Lt. Solis and I escorted him out of the DT room and he then headed to the bathroom for a few minutes. Then he left the library for the day with no further incident.

Incident Information: On 8-2-13 at approximately 1445 hours a juvenile patron, Auston Michell (D.O.B. 6-6-98) approached me and notified me that he had just been threatened with assault by the bike rack. He explained to me that it was at least four other juveniles that approached him only one of them threatened him. He told me that the juvenile that threatened him was Zion Riley. This juvenile does not come into the library according to Auston, so I was unable to get any information on him. After talking to Auston I walked outside to see if I could locate any of the suspects but by the time I walked outside they were gone. When I returned from looking for the suspects I called dispatch to see if a unit could be sent out to this location but I was told the officer supposed to be on duty never showed or called in for work. Auston wanted to have a report about this because the juvenile that had threatened him had beaten him up two days prior. I explained to Auston that if he still wished to have a report on this matter that he would need one of his parents to go with him to the nearest police station.

Incident Information: Above date and time, all units were called to the west side of the civic plaza for a panic button. Upon arrival, we found kids jumping around and playing. As we approach them we have be notified by another teenager that Destiny Scott was the suspect that had pushed the panic button. As getting additional information from Destiny, Ptl. Nicoson was trying to confirm the information with a librarian. Destiny had given us wrong information due to her library card number was incorrect. After getting the correct information Ptl. Nicoson asked all the teenagers, including Destiny to leave the building.

Incident Information: On 8-5-13 at approximately 1335 hours while performing my inside patrol several young patrons began to become loud and disruptive. Supervisor Barb Trevino informed all of them that they needed to calm down at which point one of the juvenile boys replied "I am and I'm going to the back." Only a few minutes later several of the boys in the group were observed by Supervisor Barb Trevino punching each other. At that point she told me that she wanted them all out for the day. I went over to them and told them that they needed to leave the library. Most of them got up and left without any further incident except one juvenile in particular that was taking hid time leaving the premises. His name is Zion Riley (D.O.B. 1-14-00, Bar code 5000145832). While on his way out of the library he was still being loud and disruptive. Supervisor Trevino then told me that Mr. Riley will be banned from the library for the rest of the week.

Incident Information: Woman came in saying that she is unable to control her child. Child was about eight years old in a purple dress. Woman was in her mid 50's or 60's wearing a gray top. Woman said that the child was on Prozac and had some issues. She asked me if I could help her get her child. I explained that I was not allowed to grab or touch the child but I would be happy to try and talk to her. Linda also assisted in trying to help calm the child down. We were able to corner the child in the back of the library and try and calm her down. When this did not work the child ran out of the library and I informed the woman to call the girls parents. After that they ran off in the direction of the park.

Incident Information: I was returning from the computer area after helping a patron and I saw a woman with a young child waiting for help. Sue was helping another patron and as I approached I asked the woman if she needed help. She replied that a man was throwing books after she asked him to look at a section of our urban fiction display. I approached him and he was indeed shoving half of our display into a pile with books falling on the floor. I asked him to stop and why he was doing that. He replied that the woman wanted to look at the books where he was sitting, so he was moving them for her. I told him that if someone asked to see the books where he was sitting that he should move out of their way. There were plenty of other tables for him to sit at. I told him that we keep the books in order so that people can find the authors that they want. I then told him that he needed to move away from the display and he replied that all of you people are full of shit. I asked him what did you say and he repeated it. I told him that he could not talk to the staff like that and he would have to leave. Sue called security and I followed the man until Officer Hector arrived and I pointed the man out to him.

Incident Information: At 1345 Librarian Heidi Yeager was sorting Friends of the Library Donations near the Sylvania Branch Meeting Room, when she noticed two paper money envelopes on the Magazine Cart. Ms. Yeager opened each and both contained money. She immediately turned in both envelopes and their contents in entirety to the Circulation Supervisor, Wendy Ponder. Ms. Ponder counted the contents of both envelopes, over \$4,600.00 in total, and gave both to the Manager, Susan Schafer. Ms. Schafer locked both envelopes in her office until further notice.

I called the Sylvania Police. An Officer came to the library and filled out a report. The report stated that if the money was not claimed within 30 days, the finder may take legal possession. I called back thirty days later, and the money had not been claimed. Sergeant Miller said that a check would be made to Heidi Yeager. Once it was ready, she would call so an appointment could be made to pick up the check. I called Sergeant Miller and left a message to not issue a check until our Security Department and Human Resources Department had concurred.

Incident Information: On 8-7-2013 at approximately 13:15 hours, Officer Anderson called Lt. Solis to the Metro Area. Officer Anderson advised Lt. Solis that four African American juveniles were involved in setting off stink bombs in the trash cans and elevators. Officers responding to the call were Officer Feher, Officer Anderson, Officer Morris and myself. Officer Anderson advised that she was going to Children's Library with an African American female juvenile, later identified as Taylor Toyer, to locate others from the group. Officer Morris and Lt. Solis stayed with one male African American juvenile, later identified as Ivory Carter, and questioned Ivory about the incident. Ivory advised that he did throw a stink bomb in the front trash can by the front doors. Taylor advised Officer Anderson that Ivory threw a stink bomb but she did not throw any.

Officer Anderson, Officer Morris and I went to locate the other participants in the incident back in Humanities. We found a group of juveniles sitting in chairs in front of the glass meeting rooms. Officer Anderson identified several participants in the group. Officer Anderson asked to speak with the African American male juveniles in reference to the incident. Officer Anderson, Officer Morris and I escorted the group toward the front. Lt. Solis and Officer Feher met us near the BTS desk.

Officer Feher spoke with a juvenile male, later Identified as Cameron A. Chandler. Cameron advised Officer Feher that he had no part in setting off the stink bombs throughout the Library. Officer Anderson advised Cameron that there were two (2) adult patrons who observed him throwing a stink bomb in Children's Library.

I spoke with a male juvenile, later identified as Antionis Armor. I believe this juvenile male gave me false name and information. I looked him up in the Library computer system and did not find any record of him. Antionis advised that Taylor set off one of the stink bombs inside the Library. Officer Morris spoke with a Keon Boyd. Officer Morris will be filling out a supplemental in reference the conversation.

All the juveniles in question were escorted off property and advised that they may be banned for their actions. They were advised that they would be receiving a letter in the mail explain the ban length.

Officer Morris is filling out a supplemental report

Incident Information: On the documented date and time I, Officer Anderson (114) observed patron, Dominique L. Littlejohn put his hand up the skirt of Angel C. Joyner twice. Mr. Littlejohn was also touching Ms. Joyner's breast inappropriately. Upon approaching the two and questioning them they both stated that the inappropriate touching was consensual. Ms. Joyner stated "Dominique is my boyfriend and he was just checking to see if my panties were dry it was raining and I was wet from the rain." I informed the two that regardless of why Mr. Littlejohn was doing this it was still inappropriate on Library property. The two were informed that they would receive a letter in the mail in regards to their ban and until then they were no longer able to be on any Library property in the Lucas County area.

Incident Information: On the day and time stated, I Sgt. Tracy observed Cyrus Sylvester enter the Kent Branch Library. Cyrus was wanted for disorderly conduct and a criminal trespass that had happened on 7-24-13. I went to Cyrus and told him he was being charged for the incident that occurred on 7-24-13. I detained him and then notified Dispatch. I showed a picture to Cyrus of him and two other suspects coming in the library with him when the incident happened. Cyrus named the other two suspects, - Montrice Foster, who had been taken into custody already and Khyree Joyce. Cyrus then told me Khyree was in the library with him. I then went and got Khyree and detained him. I showed him the same picture of the incident, he then recognized himself, Cyrus, and Montrice in the picture showed to him. Both admitted to the incident. Dispatch sent unit 66, TPD Mike Johnson. Officer Johnson talked to both juveniles and told them both would be charged for the incident on 7-24-13. Officer Johnson attempted to contact Khyree's mother but was unable to. He also contacted Cyrus's home but was unable to speak with a parent. Both suspects were transported to JDC. Dispatch notified.

At approximately 1455 hours Connie Jordan, Khyree Joyce's mother called Kent Branch Library and wanted to know what had happened concerning her son. I explained to her the incident that had happened on 7/24/13. I also told her that Khyree was taken to Juvenile Detention Center. At the time I was speaking to her, she had told me that JDC was calling. I waited for her to get done speaking to JDC. I took her current address and told her if she had any more questions she could call me.

At approximately 1620 hours Nate Jordan (Uncle of Khyree) picked up the bikes that belonged to the boys and took them home.

Incident Information: On the date and time stated above, D/O R. Chambers requested an officer for unruly juveniles in the Children's area. Ofc. Nicoson and I responded. It was a group of juveniles that the librarians and I have warned several times today for being loud. I advised the group of juveniles that they would all need to leave for the day. While entering the elevator with the group of juveniles, Mackie Luster punched Alazyonna Kimble in the chest with his right hand. I then intervened and pushed them apart. Ofc. Nicoson, who was standing outside of the elevator at the time, then told Mackie to go with him. While Ofc. Nicoson gathered Mackie's information; I gathered the victims and the witnesses. Ofc. Nicoson escorted Mackie to the front doors. I escorted the victim and the rest of the juveniles to the front doors and they were advised that they were banned for the day as of now.
All witnesses listed in this report, observed Mackie Luster punch Alazyonna Kimble in the chest.

Incident Information: On 8/8/2013 at approximately 1910 hours while Officer Nicoson and I were on patrol in Metro, when I heard a woman's voice yelling for help several times. The woman's voice was coming from the Popular Teen area. Officer Nicoson and I went through the glass door separating Metro area and Popular Teen. Upon my arrival, I observed an African American female juvenile, later identified as Maia T. Colvin, yelling and screaming and had her hands up to her face. I asked Maia what was wrong. Maia had been on computer #63 at the time of the incident. Maia had picked up the Keyboard to #63 and attempted to throw the keyboard. The keyboard knocked over the computer monitor when she went to throw the keyboard. Maia then collapsed on the floor in front of Officer Nicoson and myself. I advised Officer Marsh and Johnson who arrived in Popular Library to call for TFD/EMS because Maia was still screaming. I asked Maia several times what happened. Maia was unresponsive and appeared lethargic. Maia made several statements that she did not know what had happened and that she just wanted to go home. I was able to obtain Maia's name and information. Lt. Solis called Maia's mother, Leslie Castile, and advised her of the situation. TFD/EMS arrived on scene at 1915 hours. TFD/EMS cleared Maia. TFD/EMS spoke with Leslie Caster over the phone. Leslie advised TFD/EMS that she was going to pick Maia up from the Library. At 1940 hours Leslie arrived at the Library and picked up Maia. TFD/EMS spoke with Leslie in reference to the incident.

Librarians in Popular Teen were advised that there may be damaged done to the computer and the keyboard. Librarians advised that they would check it out and report any damage to security.

Incident Information: On the date and time stated above, I was patrolling through Technology as I observed a patron viewing inappropriate images on computer #4 in Metro. Ofc. Dix and I obtained the suspects information from the librarian working the info desk in Technology. The information identified the patron as Darnell Bryant-Bey. We then approached Darnell and had him log off of his computer. Ofc. Dix and I pulled him to the side and informed him of the library's policies against inappropriate images. Since this was only his first offense, we advised him that he is banned from all TLCPL for seven (7) days. Darnell understood and we then escorted him out of the building. No further incident occurred.

Incident Information: On the date and time listed above, I was notified by dispatch of a group of juveniles attempting to steal a bicycle from the North bike rack. When I walked outside, I observed a large group of juveniles huddled around a bicycle about twenty yards North of the North bike rack. I then started walking towards them, when they noticed me heading their way, the entire group took off running North down Michigan Street.

Dispatcher Nichpor notified me that he had witnessed the group take the bicycle from the North bike rack, and attempt to take it. The chain had slipped off the gears, leaving the bike unrideable. This is why the group was gathered around, trying to fix it.

This group had previously been asked to leave for the day just prior to this incident occurring for being excessively loud. They were also asked to leave yesterday (8-8-2013) for the same reason.

Incident Information: On 8-9-13 at approximately 1725 hours Austin Saylor, a juvenile patron, came into the library and informed Manager Bursten that he had been assaulted in the park across the street from the library. Manager Bursten then had Austin explain to me what had happened to him. He told me that while he was over at the park he was with a few other teenagers hanging out. But one of them started to mess with him by teasing him and then taking his hat. When he attempted to retrieve his hat he was punched by the teenager that originally took it. I asked Austin the name of the person that assaulted him and he told me his name is Jared Hodge (Barcode: DISH3). Austin told me that he didn't want to punch him back for fear of hurting him and fear of going to jail. While I was talking to Austin, Clerk Ashley had to send some patrons away who were trying to get into the library. The patrons that tried to enter the library frequent the library on a daily basis and are the ones that were messing with Austin at the park. Their names are Ricardo Johnson, Jared Hodge, Brooke, and an unknown female. All of these juveniles are also at the park everyday. After I was finished talking to Austin I called dispatch to see if there was a unit that could come by to take a statement from Austin. I was informed by dispatch officer that there was not and if it was an emergency that I should call for TPD to come out. I explained that to Austin and he told me that he did not wish me to call for a TPD officer to come out because he was leaving the next day to stay with his mother in Michigan. He stayed in the library till approximately 1745 hours until his father was able to come pick him up.

Incident Information: On the above day and time, I Sgt. Tracy observed an older female left the Library with two small children. Ages were approximately five to six years old. I observed one child that appeared to have a bloody nose. I has asked if he was all right, but the female did not talk to me and continued to walk off property. Once inside the Library, Brittany (employee) had come to me and stated that there was blood on the floor in the female restroom. She said the older female stated the boy had hit his nose on the door of the first stall. I notified dispatch to send a custodian out to clean it up. I was unable to get names of the female and child at this time.

On 8/14/13 at 1542, Brett (employee) came to me and stated Tytina Lucas was in the library. She was the young woman that was watching a child on 8/9/13. Ms. Lucas stated that when she and Kahari had entered the women's restroom the door came back quickly and hit Kahari in the nose causing it to bleed. Ms. Lucas stated that K. Holmes' mom is called by her nickname "Dimples." She did not know the address to her home. She stated that she lived next door.

Incident Information: On 8-29-2013 at approximately 1705 hours I was performing a check on the house next to the library when I was informed by Clerk Stephanie that I was needed inside the library. I entered the library to see a woman jumping up and down and yelling as she was going towards the doors. I let her walk past me as she left and then I followed behind her. The woman's name is Christy Pratt. Earlier in my shift I began to watch her as she started to follow a young boy, whom she did not know, to the reservation computer. Manager Julie stepped in to help the little boy because of the behavior Ms. Pratt displayed while talking and dealing with the young patron. She calmed down and got on one of the computers. While on the computer she began talking to a patron sitting next to her. At first the conversation between the two was civil but Christy began to talk louder and shout about things she was looking at on her computer. I talked to her about that and she complied and quieted down, But while I was outside she began to yell and be disruptive to the other patrons. When she left the building I explained to her that she would not be allowed back in the library and that she would have to leave the property.

Incident Information: While on patrol I was called by PSO. Marsh to assist her at the bike rack. When I got to the bike rack PSO. Marsh was standing by and explained that suspect 1 (Carter, Juleeon) and suspect 2 (Noble, Ja' Vantay) had just tried to steal an unsecured bike at the bike rack. I then went into dispatch with PSO. Marsh and she Identified the group of juveniles. A few minutes later the suspects returned and stole the bike. I then had a picture printed out of suspect 1 and suspect 2. Suspects left the property before we could make contact. Nothing further to report.

Incident Information: On the date and time stated above, Librarian (Shirely) from Metro area advised PSO. Gankosky and I (PSO. Marsh) that suspect 1 (Darius Johnston) was being called names and harassed by suspect 2 (Dontea Woodard). We spoke to suspect 1 to find out what happened and to obtain his information. I also explained that what he was telling me was "hearsay", but if he is bothered by suspect 2 again that he should come talk to us. I also told him not to talk to the suspect while he was in the library.

I then talked to suspect 2 to hear his side of the story. Suspect 2 stated that suspect 1 was harassing him first. I explained to suspect 2 that he needs to stay away from, and not talk to suspect 1. I also told him that if we witness either of them talking to eachother that they can both be banned from the library for six (6) months.

Both suspects understood then continued to use the library.

Incident Information: On 8-10-13 at approximately 1335 hours while conducting a perimeter check on the newly acquired house purchased by the library I noticed one of the back doors wide open. I returned to the library and called dispatch to inform them of what I had found. I asked if we had a unit that could stop by to enter the building with me as per Mr. Oswanski's request. Dispatcher Bischoff informed me that there wasn't one of our units that could come out but he would call Toledo to see if one of their units could stop by. He called me back and told me that there would be a Toledo unit that would come by but couldn't give me a time of their arrival. So at approximately 1530 hours an officer from Toledo came by the library and myself and the officer entered the house. While walking through the house we didn't notice anything out of the ordinary for that house. At approximately 1540 hours we finished checking the house. I returned to the library and called dispatch to inform the dispatch officer that we were finished searching the house.

Incident Information: A female patron came into the library stating she received a note card in the mail stating for her son Ryan Hymes to pick up a certified letter at USPS. Letter indicated a ban for one month. I called Jeff Sabo in security who told me that since Ryan is over 17 years of age I could not tell his mother why he was receiving a certified letter. Ryan used his mother's address when he applied for a card April 29, 2013. I told his mother I could not share information as to why he received the card because he was over 17. She said he lives in Cincinnati now.

Incident Information: On the date and time stated in this report this Officer was patrolling inside the Lagrange Branch Library when Shanya Jones approached me saying she had been jumped by three girls. Da'Niajah Gordon, Toana McIntosh, and Janaysha Barnes. At this time it was approximately 1830. Shanya explained that Da'Niajah approached her saying she wanted to fight her and meet her in the parking lot. Da'Niajah was hanging out with Toana and Janaysha who are sisters. Toana and Janaysha were instigating the fight between the two girls. When the girls went out to the parking lot the fight had begun between Shanya and Da'Niajah approximately at 1710. Janaysha pushed Da'Niajah into Shanya. Toana and Janaysha soon jumped in and started hitting Shanya and pulling her hair all at the same time. When the fight ended all the girls came back into the library like nothing ever happened. When Shanya had approached me telling the story after the other three girls had left, I asked her if she was injured, and if she was okay. She stated she was fine and nothing was hurt. Shanya did not appear to be injured. Circulation Manager Amber and I then called Shanya's mother to tell her what had happened. Her mother stated "Does she have to come up there?" Her daughter said no. Shayna's mother came in around 1930 and I explained to her mother what had happened again in person and that her daughter needs to walk away from that kind of incident and to get an employee so that the situation can be avoided and solved. Shayna and her mother left without further incident. The following day (8-13-2013) Da'Niajah came into the library and that's when I approached her to get her side of the story. It was the same as Shanya's except Shanya was the one who approached Da'Niajah and asked to fight her. I then explained to Da'Niajah that she would have to go home and she would receive a letter stating when she could come back. Circulation Manager Amber and I then called Da'Niajah's mom telling her what had happened she understood and was very cooperative. Shortly after talking to Da'Niajah's mother Janaysha and Toana walked into the library. I then pulled the aside to get their side of the story which matched up with Da'Niajah's. Janaysha and Toana did state that they jumped in and hit Shanaya and pulled her hair. I explained to the girls that fighting on library property was forbidden and they would not be allowed back in the library until they received a letter stating when they would be allowed back in. We asked for their mother's phone number so we could call and explain what had happened and the girls refused to give us the number. I asked Janaysha and Toana to leave and they also refused. I then told the girls I would call Unit 66 if they choose not to leave, as I was putting the radio up to my mouth to radio 66 they got up and started leaving. I followed the girls towards the door to make sure they would not damage anything on the way out. Janaysha called me a white piece of shit racist. They aggressively swung the two twin doors open I then followed them outside again to make sure no damage was going to be done. Janaysha was still on library property and refused to leave. She called her mom and said she better come pick her up before she stabs the fucking cop. Janaysha and Toana then started walking off property south bound on Lagrange St. Janaysha and Toana left without further incident.

Incident Information: On 8-13-13 at approximately 1505 hours I was approached by a female patron claiming that three teen aged African American boys were walking around her car looking into it. She said that she walked up to them and asked that "What's up?" One of them replied "Hey baby you go to UT?" The female patron was wearing a University of Toledo football sweatshirt. They also asked if she had a cigarette in which she replied no. After that the three teenagers walked away. I asked her if she knew what direction they went and she was able to point out to me as they walked down Rollins St. I was unable to identify any of the suspects as they walked away. The patron did not wish to make a report she said she just wanted the library to know about the situation. I reported this to Supervisor Trevino and we both decided that I would start performing perimeter checks at least every 15 minutes instead of the half hour I have been doing to make sure that vehicle's of the staff and the patrons are safe.

Incident Information: The patrons Mr. Buehler and Mr. Rambo entered to report that someone had recklessly and carelessly parked a vehicle in such a way that it collided with each of their cars. At the time of the report the parked vehicle was still in contact with Mr. Rambo's car. While they were reporting the incident to us at the reference desk, the owner of the offending car, a tall white man in a T-Shirt, left the building, presumably having overheard our conversation. He encountered our circulation supervisor Denise Mollenkopf in the parking lot. He told Denise that he's actually parked some distance away and must be having transmission trouble because the car must have rolled to it's current location. He said he was going to move the vehicle to another spot and then he'd come back to talk with the other two gentlemen. Then he got in his car, a white Buick LeSabre Ohio Plate ECA 7036, and fled. Mr Rambo called the police on his cell phone. The police did come.

Incident Information: On the date and time stated above, D/O Nichpor radioed for all officers to respond to a panic alarm on the West side of the roof. Capt. Schroeder, Lt. Solis, and myself all responded. When we arrived on the roof, we observed four (4) juveniles running around. D/O Nichpor verified that the juvenile suspects were indeed the ones who pressed the panic alarm from the camera footage. The juvenile suspects ran off into the building when we went to approach them. I then ran after them and stopped them as they were entering the elevator outside of children's. I asked the four (4) juvenile suspects to step out of the library so that I could speak to them. All four (4) juveniles denied that they pushed the alarm. I gathered all of their information and advised them that they could be banned from all TLCPL. The adult they were with then joined them and all four (4) juveniles left property without further incident.

Incident Information: On 8/15/13 at approximately 1745 two juvenile patrons, Marquan Combs and Nakyi Hayes walked up the sidewalk pushing a bike. At this time Combs explained to me that while riding on the handle bars they were struck by a red Chevy Cobalt with black rims and black tint on Secor and Central. They then walked to the library after the driver a mid 20's Caucasian male with blonde hair refused to help them and said "Walk it off." Then sped away. At this time I advised the boys to call and report the incident, as well as informing Manager Allison Fiscus. At approximately 1800 hours the emergency personnel arrived, checked out and cleared the boys with no major injuries. Combs father then arrived around 1810 hours. He was then given the responsibility of the boys by the emergency personnel. At this time I asked if they needed anymore assistance and they stated they were all set. No further action needed.

Incident Information: On the date and time stated above, a female patron (Charrann Douglas) approached me while walking past central court/popular library, stating that the male suspect walking behind her (Byron Pinkard), was following her and wanted him to leave her alone. I asked the suspect to step aside and talk to me. I asked him what was going on and why the victim thought he was following her. He stated "I don't know what your guys problem is, but I'm sick of being harassed and followed by people and their security on the street". I had advised him that if he is having problems here with other patrons at the library, to notify security but that we don't control what happens outside library property. Dave Topoleski had then approached the suspect and I, also stating that the victim mentioned to him that the suspect was following her. The suspect then asked Dave "why he was getting involved". I then advised the suspect that Dave was just there to make sure everything was alright. The suspect was content with that fact and continued to talk about people following him on the street. I then advised him to stay away from the victim and if he did think people were harassing him at the library, to notify security once again. I escorted the suspect to the main doors and he left for the day without further incident.

Incident Information: On 8/19/2013 at approximately 1110 hours while in the dispatch office, I observed suspect, Montrice Foster, enter the library through the Front doors. Montrice is currently banned for an incident that occurred on 07/24/2013 from the Kent Branch Library. Montrice was already charged with criminal trespass for trespassing at the Main Library on 07/25/2013. I approached Montrice in Central Court. I asked Montrice why he was back at the Library when he knows he is banned. Montrice tried to deny that he was himself. I placed handcuffs on Montrice and advised him that I was detaining him for trespassing. I escorted Montrice to the DT Room and called Lt. Solis and Asst Chief Heer to come to the DT room. I advised dispatch of the incident. Toledo Police were called at approximately 1115 hours. Toledo Police/Lucas County Sheriff Dept. (Team Policing) arrived on scene at approximately 1142 hours. Team Policing advised that they would charge Montrice with trespassing and take him to the Children Services. Team Policing left with Montrice at approximately 1152 hours.

Incident Information: On 8/20/2013 at approximately 1200 hours, while I was sitting at the door desk, I observed a juvenile male subject, later identified as Terrance Darynel Gary, walking through Central Court. I observed Terrance with his left hand down his shorts and his boxer shorts.

I observed Terrance heading toward the first floor restrooms and he stopped near the back side of Door Desk. Terrance used his right hand to pull his shorts away from his body and started slapping his leg/groin area. I got the attention of Terrance and advised him that I wanted to speak with him. I advised Terrance that he was going to be banned for at least a week for his behavior. I advised him that pulling his boxers and shorts away from his body could have exposed himself to others. I advised Terrance that I would write a report in reference to the incident. Terrance left the property without further incident.

Capt Schroeder advised that Terrance had been warned for his behavior in the Metro area. Capt. Schroeder advised that Terrance was warned for having his hands down his shorts as well. Terrance gave me a name of Terrance Warren but I checked with Capt Schroeder and found that the name was incorrect. I was able to get proper information from Capt Schroeder.

Incident Information: Not much info was given to me. A lady came in saying she had been in a fender bender and that the other car had driven off. She called the police and they came and made a report. She would not give me her name and made a big deal about the fender bender and had the officer call EMS. They arrived and left in under five minutes. There was very minor damage to the car and the lady was perfectly fine. All this took a little over an hour for the lady to fill out her info and explain to the officer how the other car backed into her when she saw they were backing up but went anyway. Lady left shortly after the report was made by the officer.

Ms. Schellenger stated that her fiance Mr. Willey was yelling at her and threatened to slap her in the central court. Ms. Schellenger requested that she just be left alone for the day and didn't want to have her fiance banned. This Officer informed her that Mr. Willey would have to leave for the day and a ban would be possible because of the infraction of the TLCPL policy. Information was gathered from both parties involved, Mr. Willey had left the building prior to this Officer arriving. Mr. Willey did attempt to come back in later in the day and was informed by S/O Johnson that he couldn't return for the rest of the day. Mr. Willey left without incident.

Incident Information: Mr. Roberts had been observed entering the library on many occasions looking at the FOL stand of books on sale, then looking at the hold shelf of reserved items for patrons, and then looking at the teen graphic books. Mr Roberts can no longer borrow items due to his outstanding fines of \$71.60. I have communicated to him the possibility to set up a payment plan in effort to lower the fines as well as get him back to borrowing the items he desires to. However, he has been observed taking books off the shelf then walking over to the computer area. The books to which he previously pulled off the shelf are never left behind in the computer area or given to staff members to be re-shelved. I have had a conversation with Mr. Roberts that he needs to leave the items that he pulls off the shelf on the table to be re-shelved and not taking over with him to the computer area. Also, he is believed to be the suspect taking another patrons reserved graphic books from the hold shelf.

Incident Type: Criminal

Specific: Destroying library material or property

Category: Criminal

Status: Open

Incident Information: On 8-23-2013 at approximately 1610 hours I was going towards the office behind the circulation desk and I was summoned by Clerk Ashley to check out something suspicious in the female restroom. She led me to the middle stall and pointed to look at the wall. There was graffiti in what seemed to be in the shape of a phallus. Supervisor Trevino and Manager Bursten were both notified of the situation. Manager Bursten took a picture of the graffiti and that will be sent along with this report. Manager Bursten called maintenance to have someone come and remove the graffiti from the wall.

Incident Information: On 8-23-2013 at approximately 1538 Patrick Murphy started to check out his books at the express computers at the circulation desk. While doing so Mr. Murphy began to have a seizure and fell to the floor. Supervisor Trevino immediately rushed to a phone and called 911. The seizure only lasted a few minutes. While waiting for the paramedics to arrive Mr. Murphy was able to explain to Manager Bursten, Supervisor Trevino, and myself that he has seizures when he looks at flashing lights or at computer screens. At approximately 1543 paramedics arrived at the library to assess Mr. Murphy. The paramedics checked his vitals and concluded that Mr. Murphy was okay. Also Mr. Murphy signed paperwork stating he did not wish to go to the hospital for medical treatment.

Incident Information: On 8-23-13 at approximately 1618 hours I was notified by Supervisor Trevino that a juvenile patron had come to her to tell her that the patron's bike had been stolen. I asked the juvenile patron, whose name is Keara Dumond if her bike had been locked up at the bike rack and she replied no. I then called dispatch to see if the dispatch officer could look at the camera footage to see if he could identify if and when the bike had been taken. Officer Nichpor called me back and told me that he could see who took the bike but could not make out the facial features. So I asked him to email the pictures to Manager Bursten's email address, which he did. When both myself and Manager Bursten was able to look at the photo we were able to recognize the person in the photo. The person in the photo is Recardo Johnson. He frequents the library along with other juveniles who have been suspected in other criminal activity around this area. The picture of the suspect will go along with this report.

Incident Information: On date and time stated above, while this Officer was posted at the Door Desk, suspect one, Kayla Ault came to me and stated that some guy had bumped into her in the children's area. Suspect two, Robert Ault then stated that the guy had just wanted his wife's pussy and that he could not have it. Robert told me that if I wanted it, that it would be alright that his wife runs that way. I told Robert that this was inappropriate talk for the Library and to an Officer. Robert stated once again that it was alright if I wanted his wife it was alright as long as he could watch. I informed Lt. Solis of the incident and Lt. Solis said he would look for the suspects on Monday, August 26, 2013 since they had already left the library.

Incident Information: On the above day and time, I Sgt. Tracy was standing at the Ask Here desk. A juvenile male was warned a second time that there was only one to a computer. He displayed an attitude of disrespect and unwillingness to comply with my orders. Again, I asked him to abide by the rules and he refused. I then asked, "DoDo you have a problem?", he then stated, "You're the problem." The manager Faith Hairston then told him that his attitude and disrespect is not necessary. He then responded to her and said, "That's right you tell him we don't need that." His comment was referring to me. I gave him a direct order again to leave the property immediately. He began to move slowly toward the exit. He began to say, "Don't touch me." I had not touched the subject at all. I continued to follow him out the door and told him, "You need to be respectful to the staff and patrons here when you are in here," He stated, "I'll do what I want." I followed him out the door and that is when he became more loud and angry because i was following him. He began to call me, "white cracker", "big ass wanna be cop." Suspect left property. Approximately two to three minutes later, I went outside to make sure the suspect was still off property and he was standing outside the main doors. I again ordered him to leave. He began to curse at me and called me a "fucking wanna be cop." When I started to approach him, he ran away. Once he reached the public sidewalk, he begun to yell at me with threatening gestures. He turned and pointed his fingers at me like a gun and did the sound and motion as if he was shooting me. He had three other friends with him at this time. The other three suspects also were yelling profanities and obscene gestures. No information on other three suspects at this time. Records indicate Mr. Joyce is currently banned from all Toledo-Lucas County Public Libraries. No further at this time.

Incident Information: On 8-25-2013 at approximately 1430 I was making my rounds and Ashton flagged me down and told me that the victim, who was later identified as Rachel Hair punched him. I proceeded over to the children's section where Rachel was sitting using the book buddy with headphones on. I advised her to take off the headphones so I could talk to her. She complied and then I proceeded to ask her if she punched Ashton. She then told me that Ashton punched her in the chest and started to visually get upset. I advised her that we have cameras and that I was going to check it out and see if she was telling the truth. She told me again that she did not punch him. After she told me this I believed her. Rachel told me that she told Ashton to leave her alone and that she did not want anything to do with him. I then advised Ashton that he was to go sit down with his mother while I went and confirmed with security at Main. I asked Kendrick to see if he could see the incident on camera and he called me back and advised me that it was not on camera. I then headed over to talk to Ashton's mother who was later identified as Latonya Renea Webb. I advised her that her son punched a girl in the chest and that they were supposed to leave the library. I then heard her say to Ashton that "I am going to beat your ass." I went back and talked with the manager on duty that was Sue Shafer and advised her of the situation. She asked me if I have dealt with this family before and I advised her that I have. She then told me that she recommends that they be banned for at least a month because they will be back in a week and cause more issues if they are not banned for longer. After I had the conversation with Sue I went and told LaTonya that she and her son had to leave the library right now because of the incident. She logged off the computer and gave me a dirty look and then walked out of the library. I recommend that Ashton and his mother get at least a one month ban, maybe longer. I have dealt with these kids on a weekly basis and the mother does not watch the kids, she logs on to the computer and let's her kids run around. I have had to warn them several times about running in the library, climbing on the kid's furniture, and other issues.

Incident Information: On 8/26/2013 at approximately 1030 hours, while I was patrolling the Children's Library I observed De'Aaron Hutcherson being disruptive in the model car near the fish tank. I advised De'aaron that his behavior was inappropriate. I observed De'Aaron walk behind the computers near the Peek-A-Book. I observed a 1 ½ year old boy, later identified as Isaiah Yates, holding onto the push bar of his stroller. De'Aaron then grabbed the push bar from the front of the stroller and lifted the stroller approximately a foot (12 inches) off the ground with Isaiah still holding on. De'Aaron then let go of the stroller and the stroller fell to the floor with Isaiah. Isaiah landed on his feet then fell onto his butt. Isaiah did not appear to be harmed from the incident.

I approached the father of Isaiah, identified as Robert Yates. Robert advised that he did not know De'Aaron. I advised Robert of the situation. I advised De'Aaron that he was going to be banned from the Children's Library and the Teen Library. De'Aaron got upset and headed toward the entrance for the Children's Library. As De'Aaron was walking through Children's, he proceeded to knock over a sign and a container hold colored pencils. I stopped De'Aaron outside of Children's in front of the elevators. I asked De'Aaron what was the issue today. De' Aaron advised that he did not take his medication today. De'Aaron advised that he had Attention Deficit Hyperactive Disorder. I followed De'Aaron down to the main floor. De'Aaron attempted to enter the Teen Area. I advised De'Aaron again that he was not allowed in the Teen or Children's area due to his behavior. De'Aaron continued to enter the Teen Area. I advised De'Aaron that he was going to be banned for the day and needed to leave the Library.

I followed De'Aaron into Central Court. De'Aaron stated that he was not going to leave and stopped walking. I noticed that Team Policing, TPD Officer Tony Duncan and LCSO Deputy Kurtis Whitman were standing at the door desk. I waved TPD Duncan and LCSO Whitman to come assist. I advised them of the situation. I got a phone number from De'Aaron to call his mother, Tanisha Fayne or his Aunt Angela. TPD Duncan and LCSO Whitman stayed with De' Aaron at the door desk while I went into the Dispatch office to call his mother and Aunt. While I was in the office I observed TPD Duncan escort De'Aaron toward the DT room. I was able to get a hold of the Aunt Angela over the phone and advised her of the situation and advised her to come pick up De'Aaron. De'Aaron was escorted into the DT room with TPD and LCSO. De'Aaron was disrespectful to TPD Officer Duncan, LCSO Deputy Whitman and myself. De'Aaron was not following orders from TPD and LCSO.

At approximately 1115 hours Angela Fayne came to the Library and picked De'Aaron up. Angela was advised of the situation and was advised that De'Aaron was going to be banned for at least a week for his actions. De'Aaron left the library without further incident.

De'Aaron picked a stroller up that a child was holding onto and then letting go making the child fall to the ground.

Incident Information: On 8/26/2013 at approximately 1615 hours, while I was at the front door post, I observed two (2) suspect females standing near the South bike rack starting to yell at each other. The first suspect was identified as Ilana M. Kahan, the second female suspect was identified as Shai A. Norwood. I observed/heard Shai state to Ilana asking her if she "wanted to throw down, Bitch" while kicking off her sandals. I called dispatch and advised I needed another officer for an argument/fight in front of the building. I observed Ilana grab and then pull on Shai's shirt. I got in between Shai and Ilana and separated them both. Officer J. Rupert arrived outside; I advised Ilana and a witness, identified as Shelby N. Bailey, to speak with Officer Rupert. Lt Solis arrived on scene and assisted me, while I spoke with Shai. Shai nor Ilana suffered any injuries in the confrontation.

Shai advised that Ilana was sending her threatening text messages. Shai advised that she ran into Ilana out front and confronted her about the messages. Shai advised that she was calling Ilana out for sending the messages. Shai advised that she did not touch Ilana but Ilana grabbed her shirt. Shai was very agitated and hostile toward Ilana. While speaking with Shai, Shai yelled several comments toward Ilana as Officer Rupert was escorting her inside. I advised Shai that she was going to be banned and that I would be writing a report in reference to the incident. I advised that she may or may not be banned for her actions. Shai left the property without further incident.

Lt. Solis and I went to the front doors and spoke with Ilana and Shelby. Ilana advised that Shai confronted her on the side walk. Ilana advised that she had asked Shai why she was sending her threatening text messages. Ilana advised that Shai pushed her in the chest with both hands and that is when she grabbed Shai's shirt. Ilana was calm and respectful during our interactions. I advised Ilana that she was going to be banned and that I would be writing a report in reference to the incident. I advised that she may or may not be banned for her actions. Ilana left the property without further incident.

I spoke with the witness Shelby Bailey. Shelby advised that Shai was yelling at Ilana. Shelby advised she observed Shai push Ilana and that is when Ilana grabbed Shai's shirt. Shelby advised that is when I separated Shai and Ilana. Shelby advised that Ilana and her are together, dating.

Incident Information: On the above date and time while on patrol I (Sgt. Peters) was unlocking a bike for a patron. At approximately 1300 hours a patron named Jacquelyn Walker walked out of the library stating that there were two young girls inside being rude and talking back to her for no reason. I then had noticed that Jacquelyn's daughter, Jakia M. Pearson rushed into the library. When entering the library Jakia walked up to Miracle Dearden who was sitting at a table with her sister in front of the circulation desk and started punching and screaming at Miracle stating that you don't disrespect my mom that way. During the fight, Miracle stood up from her chair and started to cover her face and fight back. The fight ended approximately one minute later when I started approaching along with Jakia's mom. Jakia stopped and started to walk back out the door. Jaika's mother then instructed her to go home while outside the library. At that time I along with Mott Branch Circulation Supervisor Tara had told Miracle along with Jakia that they had to leave the library property because they were in violation of the code of conduct. No further incident.

Incident Information: On the date and time stated above, Ofc. Prindle approached me stating that he observed two female patrons that were being touchy feely on each other earlier in the day. The two female suspects walked into the first floor women's restroom together. He also advised me that the week prior, another patron reported to him that those same females were in a stall together. I then went to the first floor women's restroom to check and see if anything inappropriate was going on. When I walked in, I observed both females in the handicap stall. I knocked on the door and asked both of them to come out. We walked out to central court while I explained to them the library's policies and advised them that one person per stall at one time is allowed. They stated that nothing inappropriate was going on and that the one suspect was helping the other suspect with her back pack. I gathered both suspects information and told them to leave for the day. Incident Information: On 08/27/2013, at about 1930 hours, I was informed by Ptl. Tim Prindle that a male subject walked into the library and proceeded to the Promenade area. The male subject had a jacket on and no shirt. I proceeded to the area to talk to the subject.

At arrival, I noticed the subject talking to the glass door window of the cafeteria. I asked if he was ok and he stated that he needed some water. I told him that he needed a shirt in order to be inside the library. The subject started getting agitated and aggressive towards me. He started yelling that he was going to button his jacket and he did not need his shirt on. I advised him about the library policies again. I advised him that he needed to leave for the day. He refused to obey my orders one more time.

At this time, the male subject squared his body with mine in a fighting position. I immediately told him to calm down and stop his behavior. I noticed a couple of patrons walking towards us from the parking garage. I ordered them to stop since the subject was getting more aggressive. The male subject screamed at them to stop too. I requested immediate back up from Ptl. Prindle and Ptl. Amanda Marsh and Toledo Police on scene. The dispatcher on duty called 911 for assistance.

When Ptl. Prindle and Ptl. Marsh arrived, the subject was still hostile towards me. I asked him again politely to grab his belongings and leave for the day. The subject complied with my orders this time. All three officers escorted the subject outside.

After a couple of minutes, TPD arrived and I informed them of the incident. Also I pointed out the subject to them, since he was across the street from us.

Incident Information: Mr, Reynolds was sitting at a table in front of the patio window. He stated that he stretched his legs out and when he pulled his legs back in, his right leg below the knee, struck something under the table and it nicked a piece of skin from his leg. The nick is a quarter the size of a pencil eraser. I then looked at the underside of the table and found no protrusions, just the standard edge of the particle board table.

Incident Information: On 8-28-2013 at approximately 1550 hours I responded to an incident that had occurred while I was on break. The incident that occurred was an argument between two patrons. I was told by both Manager Julie Bursten and Colleen Anaszewicz that the argument began in the computer area between Ms. Paulina Garcia-Cleveland and Mr. Joseph Jones. The argument started over Ms. Garcia-Cleveland being upset with two teenagers that were hanging around Mr. Jones while he was on the computer. The two began to argue with each other and Manager Bursten had to tell the two of them to stop. Moments later the two began to argue again this time they were cursing so Manager Bursten told them both that they needed to leave. They both continued to argue as each one left the building. Ms. Garcia-Cleveland was the first of the two to leave. She waited outside for Mr. Jones to leave so she could yell and curse at him some more. By the time I was notified of the incident, Mr. Jones had left the library property and Ms. Garcia-Cleveland was in her car.

Incident Information: On the date and time stated above, Marci from Popular Teen called dispatch requesting an available officer for a female patron (Larretta Liddell) wanting paramedics. When I arrived in Popular Teen, Larretta stated that she was having female issues due to her pregnancy. I asked Larretta if she was fine to walk, so that I could take her to a more private area. She stated "yes", and I had her sit on a bench in Central Court with fewer people around. Larretta stated that she was about 36 weeks pregnant and observed her issue when she just went to use the restroom. I asked her if she was bleeding or having contractions and she stated "no". Dispatch had already called paramedics, so they were on their way, EMS took Larretta to the hospital at approximately 1100.

Incident Information: On the date and time stated above, a female patron (Linda Massengill) sitting in a chair in popular teen area, reported that her legs and feet were swollen. In my opinion her ankles and feet were indeed slightly swollen. Linda stated that it was painful to walk and that she was also having a hard time breathing. I then called EMS as Linda requested and notified Sgt. Feher whom was sitting in Dispatch at the time. When EMS arrived they advised Linda that she needed to call her doctor and to just stay off her feet until the swelling went down. EMS left and a male friend took Linda home.

Incident Information: On 8/30/2013 at approximately 1330 hours, while on patrol, I observed a Blue-ray case sitting on a book shelf on Central Court near the Librarian (Ask Here) desk. I picked up the Blue-ray to find that the case is for a Jack Reacher movie and the case was unlocked. I opened the case to find that the Blue-ray Jack Reacher was not in the case. I took the case to the circulation desk and asked a clerk to find out if the Blue-ray had been checked out. The circulation clerk advised that the Blue-ray had not been checked out. There are no suspects at this time.

Incident Information: On 8-30-2013 at approximately 1630 I was notified by library staff that I was needed outside. When I arrived there I found three black males sitting on the benched in front of the entrance laughing. I approached them and asked them what happened out here a few minutes ago. Cliff and Mohamed informed me that a Caucasian male who was gay was walking towards the library preaching about how much he loves Jesus and other things. They also told me that Thornton said he was gay towards the white male. At this time the white male came over to Thornton and allegedly kissed him on the cheek. According to Cliff he did not see that he kissed him he just heard the smacking of the lips. After I spoke with the witness I approached Thornton and asked him what happened. I noticed that he was extremely intoxicated. He had bloodshot eyes that were watery and red, he smelled of alcohol, and he was slurring his words. I dealt with him earlier today and he was drunk and causing a disturbance to patrons walking in. One patron told me that he was shouting "Hey girl" as a woman walked past him to go into the library. I asked him what happened out here and he said that a "fag" came up and tried to kiss him and he just pushed him away. He then started ranting on about how his bike got stolen in front of the cameras and they didn't do anything. He also rambled on about some other things. At this time I advised him that I was going inside to check the cameras to see what happened. I approached Allison the Assistant Manager on duty at the time, and explained to her what happened. She then proceeded to come outside with me to talk to Thornton. As we were outside I explained to Thornton what was going on, and that I needed to get his information so I could do my report. He continued to ramble on and get loud while Allison was talking to him. We explained to him that he was intoxicated and that you are not allowed to be drunk on library property. We then asked him if he would leave the library for the day. He walked around and rambled on more about his bike for another five minutes, and then finally complied. After I made sure Thornton was safely escorted from the property, with his friend who came to the library with him. I went in and checked with dispatch to see if they could bring up the incident on camera. I spoke to Lt. Solis and Sgt. Feher who informed me that they saw what looked like a white guy coming towards the entrance to the library, and a black male in a blue shirt. Which I confirmed Thornton was wearing and they advised me that they saw the white guy end up on the ground. They could not tell if he was punched or what happened. All they know is that he ended up on the ground in front of the black male in the blue shirt. I advised Allison of this information and she told me to write a report with Thornton being the suspect. Allison advised me that Thornton be banned for determined time based on what Jeff Sabo thinks is appropriate.

Incident Information: On the above day and time, I Sgt. Tracy was standing at the front Customer Service Desk and observed an adult female needing assistance checking out cd's. Staff member Brandy Cranon-Wyatt was assisting her, I observed the subject started to become irritated because she could not confirm the information on the library card she was trying to use. The subject started to say, "I'll just go home and get my own card to use." Brandy stated that would help in checking out items. Becoming more irritated, she then called Brandy, "You ignorant Mother Fucker." I then told her, "There is no reason to talk to someone that way." I then ordered her to leave. She continued to stand now by the main doors and I then asked if there was a problem. She then became angrier and started saying, "Mother fucker," repeated times. I ordered her to leave again and continued to follow her out the building. She stopped on the front sidewalk and began talking to someone on the phone. From what I could tell, it appeared she might have called 911 because she began to describe me and tell the person on the phone that there was a guy with guns and mace and tasers following her out of the building. The subject then started yelling at the person over the phone and began to say, "You all mother fuckers. You hear me, you all a bunch of mother fuckers." She continued to tell the person she was st the Kent Branch Library and that she had been kicked out, As she was talking, I told her that whoever you are speaking to, make sure you tell them how rude and disrespectful you were to the staff that was trying to help you. She then became so angry she hung up the phone and continued to walk off property. As she was leaving, I continued to observe her and you could hear loud and clearly saying, "You all just a bunch of mother fuckers." I radioed into Dispatch and informed them of the incident and that the subject was not off property. 66 radioed me, I informed 66 that the subject was now off property and should she return I will radio for them.

After the incident, circulation clerk Roberta Gordon informed me she had to address this woman as well. The woman entered the library to drop off cd's and she had put them on the desk and told Ms. Gordon, "I am keeping this one, so don't fuck it up." Ms. Gordon told her not to use that language and she then repeated it again. "I am keeping this one, don't fuck it up." Nothing further.

Incident Information: On 09/03/2013 at approximately 1450 hours while on patrol I observed Tamera Williams walk off the elevators near the dispatch office. Tamera is currently banned until Nov. 5th 2013. I advised Tamera that she could not come into the Library because she was still banned. I advised Tamera that I would check to confirm the date she would be allowed back into the Library. Tamera was in the Library with her mother Tamara Williams. I asked Ms. Williams if she received a ban letter in the mail for Tamera. Ms. Williams advised that she did not receive a letter in the mail.

I went and made a copy of the ban letter and issued it to Tamera Williams and her mother Ms. Williams. I advised Ms. Williams that Tamera can be charged with criminal trespass for coming on property. While I was speaking with Ms. Williams, Dispatch Officer Gozdowski advised that she needed to speak with me before Tamera left the property. I went into the dispatch office and spoke with D/O Gozdowski. D/O Gozdowski advised that she just received a 911 hang-up call from a pay phone in promenade. D/O Gozdowski advised that it was Tamera in the picture that was using the phone at the time of the 911 hang-up call.

I went back and spoke with Ms. William and Tamera. I advised Ms. Williams that our dispatch office just received a call from TPD advising us of a 911 hang-up call occurring at approximately 1447 hours. I advised that a picture we have shows Tamera making the 911 hang-up call from the pay phones in promenade.

I advised Ms. Williams that Tamera could be banned again for making the 911 hang-up call and for trespassing. Ms. Williams and Tamera left the property without further incident.

During this confrontation Tamera was very agitated and hostile toward me. I advised Tamera several times to stop. I know Tamera has been on property several times since she was banned on Nov. 4th 2012.

A picture of the 911 hang-up is attached to this report.

Incident Information: Patron (Katelynn) came in the library and asked for a bandage, stating that she had sat down on the bench in the park and cut the back of her leg. The patron that I was currently assisting happened to be a nurse and she informed Katelynn to go wash it with soap and water before applying the bandages that Jane Albright had given her. Katelynn came out of the restroom and asked for bigger bandages, stating that the current ones were not sticking. I offered her a nonstick bandage and some bandage tape as an alternative as we did not have larger bandages. She then came back out of the restroom asking what to do with the bandage and asked me to assist her in taping. I put gloves on and helped her tape the bandage to her upper left thigh. After we were finished she exited the library and I disinfected the bathroom counter.

Incident Information: Patrick approached the Circulation desk loudly asking for Marcia Kreinbrink who was helping another patron. When she returned to the Information Desk, Patrick spoke very loudly asking for the lyrics to a song. He was unsure on his feet, swaying a bit and as he was trying to recall the title of the song - he displayed unusual facial expressions, opening and closing his mouth and eyes. Marcia asked him if he was okay. He replied that he was drunk and got sent home from work. Marcia asked him if he was driving. He said no and that his girlfriend was coming to pick him up. He wanted the lyrics to a song, but couldn't recall the song. I talked with him and explained that he may not realize it but he was being very loud and that I would find the lyrics for him but that I was going to ask him to wait outside for his ride. He asked us not to call the police. His girlfriend arrived just then and took him home.

Incident Information: The victim informed me at 1430 hours that her car had been hit. The victim arrived at the Library at 1215 and noticed a large, older style, dark blue or black, truck parked next to her vehicle. The truck was parked very close to her vehicle and the driver of the truck entered the library at the same time as the victim. The paint scrapings on the victim's vehicle were dark blue or black color. After inspecting the damage, I informed the victim that she should file a police report. The victim then described the truck driver as a female with a bright green shirt, but could not recall any other information about the driver.

Incident Information: On date and time stated above, this officer along with S/O Prindle responded to a report of a vehicle accident in the parking garage. Patron Jennifer Arbaugh was standing by her 2002 Suburban plate number EPR 3448 when we arrived. A white Jeep Liberty appeared to have rolled out from their spot and struck Mrs. Arbaugh vehicle. The Jeep Liberty had a staff tag number 1701 on it. Officer Prindle checked with dispatch to track down the owner of the Jeep. Information was gathered from Mrs. Arbaugh while we waited for the other party. A few minutes later Staff member Chime Nwaukwo came down and claimed the vehicle as his. Mr. Nwaukwo moved his vehicle back into a spot and a check for any damage to either vehicle was done. No exterior damage was found on Mrs. Arbaugh's car. Incident Information: On the above day and time, Brett (librarian) noticed a woman who was in the library on Saturday that was being disorderly. I Sgt. Tracy went to confront the woman. I started talking about her behavior on Saturday. She told me that she was sorry in a quick manner. (She was trying to avoid me confronting her.) I told her that her behavior on Saturday was not good and that she could have been charged for disorderly conduct. She again said she was sorry. I then asked for her name and she interrupted me and asked for my name. I responded that I am the officer asking questions. I then asked for her name again and she proceeded to exit the library in a quick manner. I then followed her out of the building and she began to say that I had no right to follow her around and my job is to protect her and serve. I responded that I needed her name and that I made a report concerning the incident Saturday. She continued to divert from the conversation. I continued to follow her off property. I continued to ask for her name and she continued to refuse. I instructed her that she would be banned from all Toledo-Lucas County Public Libraries. She stated that she understood. I called Dispatch and notified of her being on property and that she had left property.

Upon entry into the Library, I spoke with Roberta Gordon who informed me that this woman was using someone else's card to check out material. We were able to find the card she was using. Ms. Gordon gave the patron a courtesy call. Informed him that someone was using his card to check out materials from the library and if he had given, knew about it, or if he had given permission to the woman who had been using it. Ms. Gordon stated that the man knew a woman had been using his card. He told Ms. Gordon that the woman using it was Markita Peterson. He was not sure of the spelling. When researching the name in the library system it may also be Markisha Peterson 5001 South Ave. Lot 238 Toledo, Ohio 43615. I called Dispatch for any record on Ms. Peterson and there is no record at this time.

Incident Information: On 9-6-2013 after finishing up my closing procedure I was notified by Supervisor Trevino that there was a stranded juvenile. I walked up to a child whose name is Jaysean Pettigrew and asked him who was supposed to come get him. He told me that his grandmother was supposed to come get him but she didn't realize that the library closed at 1730 so she would not be there to come get him. I called dispatch to inform the dispatch officer of the situation. I had him give his grandmother's phone number to me to try to see if I could get in touch with her to let her know to come get her grandson. I along with Supervisor Trevino attempted several times to get in touch with the grandmother but she did not answer the phone. I then had Jaysean give me his mother's number to see if she could get him. I called the number he gave me for his mother but it was her work number and she was busy and couldn't answer the phone. I tried a few more times to get in touch with his grandmother but still no answer. Supervisor Trevino then called the non-emergency number to see if a TPD officer could come take the juvenile home. She was told that she would get a call back but while we waited for a call back we were able to get in touch with the child's mother. She talked to Supervisor Trevino and told her that she was at work and could not come but that she would call the grandmother to see if she could come get Jaysean. A few minutes later Jaysean's mother called back to let us know that the grandmother would be at the library to pick up Jaysean. While we waited for the grandmother to come a TPD officer showed up and we advised him of the situation. At approximately 1810 Jaysean's grandmother showed up to take him home.

Incident Information: On Saturday 9/7/2013 at approximately 1300 I approached Mr. Medley after his phone rang twice in a row at full volume. Both times he ignored his phone and allowed it to ring until the voice mail picked up. He was seated at Internet PC 3, and was surrounded by quietly working patrons. To get his attention, I said "excuse me" but was ignored. I then repeated myself while gently touching his arm with the back of my fingertips. Mr. Medley then loudly said "Do not touch me." I apologized immediately, assured him that my goal was not to upset him, and asked him to turn his phone ringer to silent or vibrate. He continued to loudly complain to the other computer users around him about me the entire time he was using the computers as well as he walked out of the building. Since then, he has visited the library on 9/9, 9/10, 9/11, and 9/12. On 9/9 he purposely allowed his phone to loudly ring twice, both times to voice mail, and when I looked around to find the source of the noise, he was staring at me and smiling. On 9/11 he chose a computer seat directly to my right, and when I would glance around the room, he would again be staring and smiling at me. At approximately 1900 I was helping patron Jay Rotsinger, who was seated across from Mr. Medley, with a computer issue. As I helped Mr. Rotsinger, Mr. Medley attempted to make eye contact with me while gesturing towards a vice grip he had placed on the desk next to his hand. On 9/12 at 1245, Mr. Medley approached librarian Tim Loge and in a very loud voice requested a book on passive aggressive behavior. When Mr. Loge asked exactly what type of book he was looking for, Mr. Medley responded with "A book about passive aggressiveness as a mental disorder." When Mr. Loge found a book that would suit his needs, he said, "No, never mind and walked away, again, trying to maintain eye contact with me as we walked out of the building.

Incident Information: On 9/9/13 at approximately 1007 hours I was informed by Dispatch Officer V. Godowski that Security Coordinator Jeff Sabo wanted a patron's bike moved from the cage in the loading dock to the dispatch office. The bike is a Men's Mountain bike, Make: Power, Model: Next and color is Red and Silver. Officer V. Godowski advised that the bike was removed from the Security Vehicle by Matt Gankosky and placed near the cage due to the event on Saturday 9/7/2013. Officer V. Godowski came to the dispatch center with a Men's Mountain bike blue and yellow in color. I advised Officer V. Godowski that was not the bike Coordinator Sabo was looking for. I advised Officer V. Godowski that I would take the bike she brought up and take it back to the loading dock. I arrived at the loading dock at approximately 1015 hours and started my search for the red and silver Power Next bike in the area of the loading dock. I searched the loading dock area, the dumpster, the area around the cage and down the hallways. I then went to the Security Vehicle and searched it and found the bike was not inside.

At approximately 1035 hours I went back to dispatch office and informed Officer V. Godowski that I could not locate the Power Next bike. I advised Officer Godowski that I would search the parking garage for the bike. While I was searching the garage, I came upon a Black Ford pickup truck sitting in the first spot of Row I near the enter/exit. When I looked in the bed of the truck I found the Men's Mountain bike. The black Ford truck has a registration of (EIJ 7221). I advised dispatch of the location of the truck and to inform Security Coordinator Sabo that I found the bike. Officer Godowski advised that she believes the truck belongs to Christopher Wheeler from the Custodial Department.

At approximately 1050 hours Security Coordinator Sabo arrived in the parking garage. Security Coordinator Sabo contacted Mr. Mateo from Facilities and Operation and asked him to meet us in the parking garage. Security Coordinator Sabo advised me to take pictures of the bike in the bed of the truck. Security Coordinator Sabo contacted the Assistant Manager from Human Resources Mr. Godzak and informed him of the situation. The bike was left in the bed of Christopher's truck.

Officer Godowski reviewed the camera footage for the parking garage camera that faces Christopher's truck. Officer Godowski observed a subject who appears to be Christopher Wheeler placing the Men's Mountain bike in the bed of his truck. Shortly after Christopher puts the bike in the bed of his truck he uses his fob at 0733 hours to enter through the employee doors in the parking garage. Officer Godowski printed off several pictures that is attached to this report.

I attached pictures of the bike in Christopher's truck to this report.

Supplemental reports to be attached.

Incident Information: On 09/09/2013, at about 1800 hours, I was called by a staff member about Kenneth Veley calling inappropriate names to Moeresse L. Warren. I approached both of the subjects and asked them why they were disruptive. Kenneth mentioned that Moeresse was calling him "Bitch." Moeresse mentioned that he was not calling Kenneth any names. Moeresse also mentioned that he was playing on the computer and Kenneth was the one bothering him. I previously encounter Kenneth in different occasions bothering other juveniles while working at the Kent Branch.
I told Kenneth to find a computer and stay away from Moeresse. He left the area without incidents.

About 30 minutes later, I witnessed Moeresse checking out some movies at the self-checkout desk. Moeresse left the property, but he immediately returned inside and advised me the Kenneth's cousin punched him on the face. He also mentioned that Kenneth's cousin said "stop messing around with my little cousin." The subjected was referring to the altercation between Kenneth and Moeresse mentioned above.

I walked outside to try to find the subject, but he left the property. I also told Moeresse that I could escort him to the corner of the street so he could walk home. When we were walking, he noticed the individual riding a bicycle about 1 ½ blocks away from the library. The subject was wearing a long blue shirt and black sweat pants.

I called dispatch to make a camera review. Also, I asked the librarians if they knew the subject. They were not able to identify the subject.

I reviewed the cameras at the Kent Branch. I was able to confirm Moeresse's story. Also I obtained the picture of the subject walking in the library.

Incident Information: On 9-9-2013 at approximately 1246 hours I was notified by Supervisor Trevino that a patron reported to her that his bike had been stolen. He told her that he put his bike on the handicapped ramp and also that it was not locked up. The patron is Carlos Mares. I asked him what the bike looked like and he told me that it was an all black mountain bike. I called dispatch officer to inform her of what had happened and also see if she could identify if and when the bike was stolen. The dispatch officer called me back to let me know that she was able to see the bike taken from the library property. She said it was someone who rode up to the library on a bike, saw Carlo's bike, took it, and left with it. She was unable to give me a good description of the suspect but she was able to send me pictures of the suspect taking the bike.

Incident Information: On the above date and time listed above while on patrol I was stopped by a patron stating that he had backed up his car while accidentally turning his steering wheel and scrapped against another patron's vehicle. The patron who backed his car into the other car was 16 years old and was driving a silver Ford Taurus. The license plate on the other car which was a black Lexus read BLESSD4. There was minor apparent damage done to both of the driver's side front fenders including paint scratches and a few dents, along with the under light on the Lexus was not fully mounted. The two exchanged their information after locating the female whose car was hit in which she was in a meeting at that time. Both patrons exchanged their information outside in the parking lot and shortly after the 16 year old male and his father left and apologized to the female who was driving the Lexus. The female then left the property shortly after returning back into the meeting room. No further incident.

Incident Information: On the date and time stated above, Ms. Cherie Searles approached Ofc. Prindle sitting at door desk, stating that someone stole her phone. I pulled her to the side and asked her what had happened. Ms. Searles stated that she was using the handicap stall in the first floor women's restroom when she set her phone on the railing. When Ms. Searles went to wash her hands, she noticed an African American female, pushing a stroller go in after her. When Ms. Searles walked back into the handicap stall after the other female left, the phone was no longer there. I advised her that since we could not prove the suspect took the phone, personally I could not approach the suspect nor search her person. She understood and I gathered her information for a missing item report.

Ms. Searles came back shortly after and stated that she found the female suspect back in Humanities using a computer. She then stated that she would like to ask if she has it. I advised Ms. Searles that is fine, but I didn't want her to start any conflicts with the suspect and to be prepared for her possibly getting defensive. Ms. Searles understood and continued to walk back to Humanities to approach the female suspect. I stood close by as Ms. Searles asked the suspect if she had seen the phone in the handicap stall. The suspect checked her stroller and stated that she had not seen it.

Ms. Searles then said thank you and left without further incident.

Incident Information: On date and time stated above, this Officer along with S/O Prindle were requested by Lt. Solis to respond to the door desk. Upon arrival Lt. Solis informed me that Patron Rosland Ensley was with her son Ronald. She advised a group of kids made threats toward Ronald and another friend of his. While this Officer was talking to Mrs. Ensley, Lt. Solis went to talk to a patron who was thought to be involved in the threats. That patron turned out not to be involved in the incident. This Officer asked Mrs. Ensley what exactly was said towards her son. She said they just were part of a gang and they stated " were going to jump them and kick thier asses either here or out on the streets."

A male patron wearing a white shirt and red shorts was then identified as one of the kids who made the threat. Lt. Solis and Officer Prindle then went to go talk to that patron, while this Officer stayed with Mrs. Ensley. After a few minutes the male suspect began to make his way up toward the Central Court. This Officer then radioed Lt. Solis to see if the suspect had already been talked to. Lt. Solis replied he is from a halfway house and the lady who brought him here is in the building. At that point the male suspect approached Mrs. Ensley and began to say "I didn't say shit" or make any threats towards you. To which Mrs. Ensley said "I didn't say you threatened me." Male suspect then said "I don't know you bitch" along with other threats towards Mrs. Ensley. At that point the male suspect was escorted out of the building by Officer Prindle and Lt. Solis. Mrs. Ensley then started to yell towards the male suspect saying " I aint afraid of your ass" "you'll get whats coming to you, fucker." Male suspect then stated "I'll kick your ass bitch." Mrs. Ensley was then told by Sgt. Feher to calm down and not to say anything. At that point Mrs. Ensley seemed to settle down.

After a few minutes outside with the male suspect Lt. Solis, Sgt. Feher, and Officer Prindle brought him back inside where he left with the group who brought him. No information was gathered on the male suspect. A few minutes later Mrs. Ensley left the building with her son.

While report was being filed Angela Collins called the Security Office. She is with the Volunteers of America and was incharge of the male suspect and his group. This Officer explained to her what had happened so she could make her own report. This Officer then gathered the male suspects name for the Library's report.

Incident Information: On date and time stated above, this Officer was infromed by staff member Amber Painter about a patron who was possibly taking pictures of staff members. As I approached the Audio Visual department Holly Yard who is a shelver was standing at the entrance. She informed me that a white male with a black baseball cap, and black backpack appeared to be reaching through the stacks and taking pictures with a red cell phone of her. Ms. Yard said she saw the arm move back when she went towards another section of AV. Again she saw the arm reappear and the red cell phone come out of the shelves. This Officer then approached a patron matching the description that was given and was asked to step out to the Central Court so I could talk with him.

Once out in the Central Court, this Officer explained to the patron (Andrew Clark) that we had recieved some complaints that he was taking pictures of people without their consent. This Officer then asked Mr. Clark if he owns a red cell phone, Mr. Clark then produced a gray prepaid phone. Mr. Clark gave this Officer permission to check the phone for any pictures. No pictures were on the phone, this Officer then asked Mr. Clark if he owned any other electronic devices that were red in color. Mr. Clark then produced a red Mp3 player. Before Mr. Clark handed this Officer the mp3 player he went thru it very quickly like he was deleating something. This Officer then was shown all the pictures that were on the Mp3 player. Four pictures remained on it and all were close ups of females butts from a lower angle and from behind. This Officer then asked who the girls were in the pictures and if they were aware he had taken their picture. Mr. Clark stated they were of girls he works with and that they did know he had. None of the pictures appeared to have been taken in the library. This Officer then gathered Mr. Clark's information and was asked to leave for the day. Mr. Clark left without any further incident.

This Officer then requested Ms. Yard type up a summary of the incident, so it could be included in the report.

Incident Information: On the date and time stated above, I was walking through Humanities as a male patron (Michael Dronebarger) stopped me. Michael stated that a few minutes prior while sitting on computer #13, an African American male had approached him stating that "he was on his computer and he's lucky he don't shoot his mouth out and kick his ass". Michael's friend (Andrew Epstein, sitting at computer #10) stated that he witnessed the suspect saying this also. I gathered both patron's information.
After talking to Michael, I spoke to the librarians working and they stated that they did not hear the suspect threatening Michael, but the suspect had mentioned to them that he forgot to lock his computer and someone else was using it. The suspect was now using computer #36. I then spoke to the suspect and asked him if there was an issue between him and another patron. He stated exactly what the librarians said, that he went to use the restroom and forgot to lock his computer. When he came back Michael was on it. I asked the suspect if he had threatened anyone and he stated "No. I thought someone had taken my stuff and all I had said was, man you just hop onto other people's computers like that, and I walked away". I was advised that the suspects name was Aswad Bell.

I reviewed the cameras and observed the suspect walk past Michael, look around computers #11 and #12. I did observe that the suspect and victim came into contact for a few minutes, but neither of them looked angry or gave me reason to think there was any sort of issue

Incident Information: On the date and time stated above, I was patrolling through the Children's area when I observed an adult female patron (Sierra Bolden) using the computers. I recognized her from an incident last year. She was alone, so I approached her and asked "ma'am are you here with any children?". Sierra looked at me, looked back at her computer, then replied "no". I then stated that "I'm sorry, but the computers up here are for the children or for parents that have children with them. Also, that if she would like to use the computer, there were computers downstairs". She began to log off her computer while saying "no ones ever bothered me before and said I couldn't use these computers". She gathered her belongings as I stood by, then she started to walk towards the exit of Children's. Sierra then stopped, turned around to say "I was just minding my own business. No one has ever said anything to me before". I then informed her that "there was a sign that stated that this area was for children twelve (12) and under, or for parents that had their children with them". Sierra replied in a very aggressive tone "I ain't reading no damn signs", then continued to mumble under her breath as she exited Children's. I advised her that she was allowed to use the computers downstairs if we weren't going to have any problems, or she could leave for the day. As Sierra was entering the elevator, she began to say "You know what, I don't like your attitude". I then stated that she should just stay out for the day and come back tomorrow. She then asked for my name and stated that she was leaving, but will be making a complaint about me. After Sierra wrote her complaint (attached) she left without further incident.

Incident Information: On 9-12-13 at approximately 0945, I observed Ms. Kimberly Shepperd walk though the front entrance of the library. I approached her and stated that she was banned still and was not allowed to come back until November 10, 2013. Kimberly stated that she thought her ban was up in September and she wanted to know who she would write an appeal to. I pulled her file and verified that she was indeed banned until November 10, 2013. I advised Kimberly that it's only two (2) months away, but if she wanted to write an appeal, she would write it to Mr. Sabo. I then asked Kimberly if she wanted another copy of her ban letter, but she declined and left without further incident.

Incident Information: When reporting on duty at 1200 on 9/12/2013, I (Sgt. Peters) was alerted by seeing a tied up baggy lying on my security area. There was a note from a Mott Branch Staff Member (Brittany) who had found the baggy laying in front of the circulation desk at approximately 0915. She wasn't sure what to do with the baggy so she had left it on my security area. Once I saw the baggy it appeared to look like a small amount of marijuana and when I smelled the baggy it had the strong odor of marijuana. I then called our Dispatch and asked what I should do with the small baggy, in which they had told me to flush it down the toilet. Before flushing the baggy of marijuana at approximately 1215 I had asked our Mott Branch Circulation Supervisor (Tara) to witness me flushing the baggy down the toilet in which she complied. Together we flushed the baggy of marijuana down the toilet. No further incident.

Incident Information: On 9-12-2013 at approximately 1345 I was notified from a patron that there was a lady backing out of a handicapped parking spot and was hitting a car. When I got out there I noticed that the car and the patron were gone. The witness was later identified as Danyelle Clay. She thought that the suspect hit the silver Audi parked in the spot next to it as well. She also notified me that there was a gentleman out there trying to help the lady. Danyelle said that she was scared the owner of the purple Chrysler, which was struck, was going to hit the gentleman and that's why she came and got me. I found the owner, Susan Fullove and we stepped outside and she pointed out to me that there was damage done to the car that was not there before. I then asked her if she wanted to file a police report so she could give it to the insurance company. She said that she would have to call her husband. We then headed back inside, where I went and contacted main security. I talked to dispatch who told me that she could go down to the safety building and file a report. I then went and notified Susan that she could go down and talk with the Toledo Police Department and make a police report. The gentleman who was out there trying to help the suspect gave me the lady's license plate number which is DRC2056. No more action has been taken.

Incident Information: On the time and date stated above in this report this officer was patrolling by circulation at the time Angel Rhoades was checking out a the self checkouts. I was alarmed when I was watching her check out, every time she would scan a DVD the denied buzz would alarm. She scanned another movie and the same thing she kept going for the next five DVD's. I informed Circulation Manager Amber of the situation and that she should keep an eye on her with me. Angel then pushed the sign out button but no receipt was printed, because no DVD was able to scan due to her outstanding fines. She was on her way out of the building with the movies that were not checked out, when Circulation Manager Amber stopped her and told her she would give her a receipt for the movies that she recently checked out. Amber scanned one of the movies and it showed up not on her record. At that point we took the movies back and told her we will hold them till the following Monday when she was able to reduce her fine. Amber informed Angel that she must have her fines lowered until she is able to check out DVD's and make sure the items she checked out are in fact scanned to her card. Angel the left without further incident.

While I was shelving the new books I saw a patron walk up to the self check-out desk and quickly unlock three DVD's. No one was at the counter, staff or patrons, then he and his girlfriend looked around and were acting oddly. The patron never logged in with his card or numbers so I continued to watch him. They took the DVD's and just walked out the door so I notified Emily in Circulation.

EMILY:

I walked outside and asked them if he checked out the three DVD's that he had. He stated that he was going to when he came back inside. So then I said to him "I'll take the DVD's and when you come back inside you can check them out." When he handed me the movies I saw they were unlocked. I stated to the patron that they must be checked out before you leave the building that since they were unlocked to me it looked like he was trying to steal them. When he came back inside i personally checked him out and put a block on his card.

Incident Information: On 9-17-2013 at approximately 1545 I was approached by Regina a librarian. She informed me that patrons in the quiet study room were speaking loudly and inappropriately. I was also informed about these patrons earlier from Erin Connolly. She advised me that if they continued to use inappropriate language, to kick them out for the day. I went to check on the patrons and speak to them, and to advise that they had to leave the library for the day because we had two complaints against them. As I approached them and advised them that they needed to leave for the day because of the language, one patron became hostile. The patron who was later identified as Cliff Bibbs, told me that "I was acting like a bitch and you are really starting to piss me off. You are a fucker. This is fucking bull shit and I'm so pissed right now." He continued to rant and speak more profanities towards me. There were also two more patrons in the quiet study room with Cliff, who I later identified as Thornton Kimble, and another patron who may be Delson. Thornton and Delson left the library without any further incident. I have dealt with Cliff on septate occasions. He has lied to me about other issues as well. When I confronted him about the language and who was swearing. I knew that it was him, he denied it, lied to me, said it was not him. I told them that there was a 12 year old girl in the study room next to them and that they needed to watch their language and that is when he proceeded to swear and become agitated. I then headed over to Delson and asked him some questions. I asked him if he knew who was swearing. At first he was very annoyed and angry with me, but once I told him I had questions for him and that he was not going to be in trouble he calmed down, he answered my questions. I asked him if he knew who was swearing and he said "I know who it was but I'm not a rat, but if you think about it you can figure out who it was." I already knew that it was Cliff swearing and with him saying that it confirmed it was the case. I advised Delson that he could come back tomorrow. I then spoke with Erin and explained to her what happened. We agreed the Thornton and Delson were okay and did nothing wrong and that they could come back tomorrow. I called security and explained the situation to Capt. Schroeder. He advised me that we should have S/O Prindle come to Sanger tomorrow and advise Cliff that he is banned until further notice. Erin agreed with this course of action. No further action was taken.

Incident Information: On the date and time stated above, Dispatch radioed for an available to go to Humanities for a patron taking photos of people. Ofc. Prindle and myself responded. When we arrived in Humanities, Lupe Hurtado (Supervisor of Circulation Department) stated that she was in the aisles, when she observed a male patron stick his arm low under her as she bent over, and go to take a picture. I asked Lupe to point him out to me. The suspect (Andrew Clark) was sitting in the back row against the windows on Humanities. I noticed him from a previous incident where he was also taking photos of females. I approached Andrew and asked him where his phone was. Andrew stated "I didn't do anything. I wasn't taking photos", before I even had asked him if he was taking photos. I then searched his backpack and had him empty his pockets. Andrew had the same red MP3 player on him as he did from the previous incident. When I went through the photos on Andrew's MP3 player, there were no photos of any females. Ofc. Prindle and I then escorted Andrew to DT. I gathered his information again and asked him if he has ever been arrested. He stated "I just got out of prison six (6) months ago for SEXUAL IMPOSITION". Since Andrew did not have any current warrants out, Ofc. Prindle and I escorted him out of the library and advised him that he could be banned since this is the second incident.

Johnston, sitting on the bench wearing an orange colored shirt.

I asked Richard if he had been or is drinking beer while he was sitting on the bench. Richard advised that he has not been drinking. Richard had an odor of an alcoholic beverage coming from his person and he had slurred speech. I asked Richard if he could open the back pack that was sitting next to him on the bench. Richard complied and advised that I could look inside his back pack. I had Richard open each compartment of the back pack and show me what's inside. In the middle compartment I observed what appeared to be a 40oz bottle of beer. I reached in the bag and pulled out the 40oz bottle of Milwaukee's Best Ice. The bottle had about 10oz of beer remaining. I advised Richard that he was going to be banned for a period of six (6) months for having possession of and drinking an alcoholic beverage on property. Officer Gankosky and I escorted Richard off property.

Richard complied and gave me his information. I found out that Richard gave me some false information in reference to his date of birth and middle name. I found Richard's proper information through court records.

Incident Information: On September 23, 2013 at approximately 1004 hrs. I was patrolling when I witnessed a man, later identified as Paul Edward Hatfield Jr., call another man, later identified as Anthony G. Bell, a "Dirty Ass Nigger" as A. Bell was walking toward Wintergarden. I then observed P. Hatfield run from the beginning of Sleepy Hollow to BTS and push A. Bell in the back and that's when they both "squared off" with each other. I called for assistance, ran over and separated them immediately before anything else could happen. Sgt. J. Feher took P. Hatfield in to the detention room while I questioned A. Bell. I asked A. Bell why P. Hatfield had a problem with him and what drove P. Hatfield to assault him. A. Bell told me that on Friday the 20th, 2013 he was talking to P. Hatfield's "baby's mama", later identified as Jameka Tucker (who is currently banned), and P. Hatfield observed this, and that is what caused the assault on this day. I informed A. Bell that he would have to leave for the day. He left without further incident. I checked to see if A. Bell had a history with security and nothing was found. I resumed regular patrol at approximately 1030 hrs.

Incident Information: On date and time stated above, Officer Kominek and myself were dispatched to the front of the building. Upon arrival Custodian Antonio Quintanilla approached us and informed us that a lady was claiming while he was cutting grass he ran over an object, which then broke her rear passenger window. This Officer then made contact with the owner of the vehicle Nicole McMahan. When asked what happened Ms. McMahan said she was driving pass the Library when she heard a noise like breaking glass and saw it was her window. Ms. McMahan then pulled up to the corner of Michigan and Madison and saw a water bottle that wasn't hers sitting just above her daughter's car seat. Ms. McMahan said she didn't see it happen but other witnesses told her that the Custodian had ran it over and it jumped up hitting her window. Those witnesses took off before any information could be obtained from them. Information was gathered from Ms. McMahan and pictures of the window and water bottle were taken. A white male witness came out with Ms. McMahan's baby claiming he had just cleaned off all the glass that hit the kid. No scratches or cuts were visible to the baby from the broken glass. This Officer then asked the man if he was in the car when the incident happened. He said no he was just walking by and he didn't know the lady. Toledo Police arrived on scene but since it wasn't anything criminal didn't file a report. The water bottle was not damaged or had any marks like it had just been ran over by a lawnmower. Ms. McMahan was informed that she would have to contact her insurance company and she can tell them what happened. This Officer informed her that an incident report would be filed, so if the Insurance company contacted the Library a record of the incident would be on file. At that point F&O Supervisor Mateo Espinoza arrived to check out the incident. The remaining broken glass was cleaned up and a trash bag was put in place of the window. Ms. McMahan then left the property. While walking back to file the report the white male witness was leaving the building. When we attempted to make contact he then walked faster and was calling somebody on his phone. Officer Kominek followed in attempt to get his information, the man then met up with Ms. McMahan on the back end of the library and they drove away. Report was made and dispatch reviewed cameras to see if any of the incident was caught on tape.

Incident Information: On 9/24/2013 at approximately 1148 hours I was dispatched to the Popular Library area in reference to a male patron taking pictures/video of other patrons. Upon my arrival to the entrance to Popular Library, I came across a group of four subjects standing and talking with Team Policing (TPD Middleton, LCSO Deputy Whitman). I observed Martin, Popular Librarian, speaking with Team Policing and advising them of the situation. Martin advised me that the suspect was harassing and made a threat toward the victim while in Popular Library.

Team Policing had been patrolling through the library at the time of incident and stopped to speak with the suspect and victim after they heard a loud verbal altercation. Team Policing was speaking with an African American female suspect, identified as Renata S. Carter. I advised Officer Rupert to go speak with the victim, Amber Wonder, and I would speak to Renata with Team Policing. Team Policing escorted Renata to their car located in the pull off on Michigan Ave.. During my conversation with Renata, she was very hostile, aggressive and disrespectful toward Team Policing and myself. I spoke with Renata after Team Policing was done speaking with her.

Renata stated that while in Popular Library she observed a Facebook post while on her computer. Renata advised that she felt the post was a threat or a harassing message toward her from another person. Renata advised that the message was on Amber's Facebook page. Renata stated that she approached Amber and asked why she was posting things about her on Facebook. Renata advised that she did not do anything or say anything wrong toward Amber. As I was continuing to try and ask Renata questions, she got even more agitated and hostile toward me. I advised Renata that for her actions today that she could be banned for six (6) months.

I went to the Popular Library and spoke with Martin. Martin advised that he originally called Security in reference to a male subject, identified as Nate J. Edwards taking photos with his cell phone. Martin advised that the suspect, Renata, approached the victim, Amber, and started to yell and cuss at her. Martin advised that he did not catch all that was said toward Amber. Martin advised that Amber said nothing to the Renata. Martin advised that he did hear Renata calling her a bitch. Martin advised that Renata's demeanor was very hostile and agitated toward Amber. Martin advised that he thought he heard what was a threat directed toward Amber.

I spoke with Amber after speaking with Martin to clarify some issues. Amber advised that a post on Facebook was shared to her account and she was not the original person who posted the message. Amber advised that person who posted the message was a Sheryl A. Hicks. Amber advised that Renata approached her and started yelling at her to tell her who posted the message. Amber advised that Renata was cussing at her and calling her all sorts of names. Amber advised that Renata stated to her that "if she does not tell her, who posted the message, she was going to beat her ass". Amber advised that she felt threatened that Renata was going to cause her physical harm.

Team Policing did not advise me if they were taking a report for this incident.

**Officer Rupert advised that he spoke with Amber and that he would write a supplemental report for this incident. **

Incident Information: While patrolling the interior of the library, suspect Alexis Greif entered the library with witness Azyia Johnson. The suspect was red in the face and crying. Once she was provided ice for her face and calmed down some, I proceeded to question her and the witness. According to their statements, the other suspect, Kyleigh Lykins attacked Alexis from behind and then struck her several times in the face. During the initial scuffle, Marijah McMickens split the two up. While interviewing them, I called dispatch to inform police of the fight, and to get a unit to the library. I then asked Alexis and Azyia to stay in the library and call their parents, so I could go and interview the other party. I met with Marijah, Kyleigh, and Kyleigh's parents on the far side of the field where the fight took place. Kyleigh did not seem to have suffered any injuries, so I began the interview process. According to Marijah and Kyleigh, Alexis spit in Kyleigh's face and slapped her first and then the fight began. Marijah agrees that she did break up the fight, but another exchange took place right after the first. After the second exchange, Alexis and Azyia went to the library. After going between parties for a few more minutes to ensure that they remained separated, Police arrived and took over the situation. By the time the Police finished interviewing Alexia and Azyia, I had finished locking up the library.

Incident Information: On the above day and time, Brett Collins approached me. He stated that a suspect, Darnell Bryant-Bey was in the library and was involved in an assault that happened on 9/9/2013. I confronted Mr. Bryant-Bey concerning the incident on 9/9/2013. I asked him what had happened on that day. He stated that he did not remember. I then showed him some pictures that Dispatch was able to get. He then looked at them and stated, he remembered. He then identified himself and Mr. Warren in the pictures and confessed to hitting Mr. Warren in the face with his fist. Mr. Bryant-Bey said he did it because Mr. Warren was messing around with one of his cousins (Kenny Veley). I told him that was not the way to handle the situation, and if there is an issue, he needed to tell an officer so they could handle the situation. I informed Mr. Bryant-Bey that what he had done was an assault, and because of that, he will be banned from all Toledo-Lucas County Libraries. He was warned that if found on property before his ban was complete he could be charged with criminal trespassing. I informed him that he would be receiving a letter stating when he will be able to return. I took his personal information and notified Dispatch. He had another prior but not banned as of yet. No further.

Incident Information: On date stated above, this Officer along with TPD Officer Evans responded to the Circulation desk. Staff informed us of a patron later identified as Robert Morrison who was getting loud disputing his fines and demanding his 10 dollars back. Mr. Morrison then demanded to speak to a Supervisor. Mr. Morrison got more upset when he was told a manager wasn't available at the moment. TPD Evans then requested he lower his voice while in the library and speaking to the staff. Mr. Morrison was then told once a Supervisor was available he could speak to one. Mr. Morrison then left to use the computers.

At 1015 while Mr. Morrison was in Central Court, he went up to the Circulation desk and asked staff member Krysta Turner, if she was going to let him check out this book. She informed him yes as long as he put 5 dollars towards his fine. Mr. Morrison then said "fucking bullshit" "I am a vet and I can't even check a fucking book out." Mr. Morrison also said tell your Supervisor she's a "fucking cunt and I will fuck her in the ass." At that point Lt. Solis who was station at the door desk, informed Mr. Morrison to leave the library. In which Mr. Morrison replied "what the fuck you going to do?" " I will kick both of your asses." Mr. Morrison then grabbed the book he wanted to check out and headed for the doors, all while continuing to swear towards Security. Once outside he gave TPD Evans the book back all while saying "fuck you guys" " this is bullshit I can't even check out a fucking book." Mr. Morrison then left the property after being informed he could be getting a letter stating when he could return.

Mr. Morrison was kicked out by Deputy Gaston on 9/23/13 for disruptive behavior towards Circulation Supervisor Lupe Hurtado.

Incident Information: On 9-26-2013 at approximately 1735 while performing an inside patrol, I noticed three female juvenile patrons standing around one of the computers that another patron was using. I gave them all orders to move away from the computer and that there was to be only one person per computer. Two of them moved away but one continued to stay at the computer until I told her again to move. The three juvenile patrons were among three other girls who were told to be quiet by Librarian Dilley. At approximately 1740 I left the main floor for my lunch break but at approximately 1745 I was called back down by Librarian Dilley to deal with those same female patrons. She informed me that some of the girls were being kicked out for their inappropriate behavior. When I arrived back to the main floor I heard Makayla Williams, who was one of the girls being kicked out, yelling as she was walking towards the front doors. I told her as she walked out the door that she was banned for at least the rest of the week. She left the property without any further incident.

Incident Information: On September 27th 2013 at approximately 1205 hrs., Ptl. Johnson advised me that there was a man across from her, later identified as Robert J. Morrison, who was supposed to be banned for disruptive behavior. Knowing that Lt. Solis had been the officer that banned R. Morrison I called for his assistance. Lt. Solis advised R. Morrison that he had to leave because he was banned. R. Morrison became extremely agitated and began shouting that he was a Vietnam War vet and he needed to be treated with "some fucking respect!" Lt. Solis told R. Morrison that he was going to be detained and with help from Ptl. Kominek and myself, he was taken to DT. Lt. Solis called for unit 66 to come and arrest R. Morrison. When TPD. Johnson arrived, Lt. Solis searched R. Morrison's person and found a bag of marijuana, a pipe and wrapping paper. R. Morrison was charged with Criminal Trespassing, Disorderly Conduct and Possession of Marijuana (more than an ounce). R. Morrison was taken to the Lucas County Jail with no further incident.

Incident Information: On 09/27/2013, at about 1630 hours, I was informed by Ptl. Pam Johnson about possible occurring thefts happening at the Washington and Oregon Branch of the Toledo-Lucas County Public Library. I asked Ptl. Johnson to explain the situation to me.

Ptl. Johnson advised me that Mrs. Sherry M. Williams approached her while sitting at the door desk and stated that she knew about a regular patron of the branches mentioned above stealing books. Williams also stated that her son is in an intimate relationship with the suspect, Derek Andrew Hawkins. Williams advised Ptl. Johnson that her son and Hawkins live at the same location, so she was able to obtain the book's information, barcode and titles while visiting her son. Furthermore, Williams stated that Hawkins definitely did not check out those books and were stolen. Also she was able to obtain Hawkins' vehicle information. Williams mentioned that Hawkins grabs the books take them home and sometimes rips the barcodes from the books. Hawkins also wears a female purse while visiting the branch. Williams printed Hawkins' pictures from his Facebook account in order to give them to us.

I collected all the information, pictures and Williams' information from Ptl. Johnson for further investigation. I proceeded to check if any of the barcodes she provided were marked missing or retrieved from the library's database. With assistance from the circulation staff I confirmed that 4 of 5 books were marked "Missing" and/or "Retrieved." The circulation department marks any books with these categories when they are not able to find them for a period of time or were actually stolen.

I informed the case to the Security Coordinator, Mr. Jeff Sabo. Mr. Sabo advised that he was going to investigate the case and contact the Toledo Police Detective Bureau if necessary.

Incident Information: At 1350 I began an exterior patrol of the library. I saw an African American male, in his early teens, removing the only bike from the bike rack, but did not know the bike did not belong to him. When I finished my patrol, the victim informed me that someone had stolen his bike. I then retrieved the victim's information and contacted Dispatch to get photographic evidence of the theft.

Incident Information: On 9-27-2013 at approximately 1300 Julie Erhart-Watson came and informed me that there was a banned patron in the library and advised her that she needed to leave. Julie then informed me that the banned patron was getting her kids and they were getting ready to leave. As I came out I recognized that banned patron as Michelle E. Smith. I then advised her that she is banned from all the libraries. I advised her of this when I spoke to her downtown that this was the case. Michelle proceeded to tell me that she was not aware that she was banned from Sanger. She thought it was only Main. She then left the library without further incident.

Incident Information: On the date and time stated above, dispatch radioed me to go to the Madison doors because the alarm was going off. When I arrived, Antonio from F&O advised me that he observed an older African American male wearing glasses and a blue shirt, open the door, but got scared when the alarm went off then closed it. I noticed that the rope, that had been blocking the entrance of the doors, was ripped and laying on the ground. I found the male suspect (Tony Davis) outside the front entrance. I approached Tony and asked him what had happened. Tony stated that he didn't know he couldn't use the doors and apologized. When I asked him about what happened to the rope and why he would walk through it causing it to rip, he stated that it had already been laying on the ground. I then advised him that he could be charged for the damage of the rope and I gathered his information. He understood and had no further incident.

Incident Information: On 9-30-2013 at approximately 1215 hours Lynette Jones from purchasing approached me while I was leaving Metro and asked me who she needed to talk to about making a report. I asked what happened and she told me that someone had broken into her truck in the parking garage and took her cigarette case and cigarettes. Ms. Jones also informed me that her truck was unlocked because she said that she doesn't keep anything of value in it. I then went to the dispatch officer to ask officer Gozdowski if she could look at the tape between 0950 and 1215 hours to check to see if anyone broke into Ms. Jones' vehicle. Officer Gozdowski was unable to locate Ms. Jones' vehicle because of poor camera angle. I informed Captain Schroeder of the situation and he had me walk around the parking garage to see if there was anyone walking around trying to get into anyone else's vehicle. I could not locate anyone.

Incident Information: On the date and time stated above, Dispatch radioed that the 'WEST ROOFSIDE PANIC ALARM' went off. When I arrived at the designated area, I observed two male juveniles standing on the West side of the roof. I approached the two suspects (Deaunta Garrett and Darnell Bryant) and asked them if they had pressed any of the panic buttons that were on the poles. The both stated "no" and that they were just walking around. Deaunta then stated "I may have bumped it when I was walking past it though". Sgt. Feher and Ofc. Kurth then arrived to assist. Sgt. Feher had asked them again if they had pressed the panic alarm and both suspects repeated their previous responses. We advised the suspects that the buttons were not easily pressed by just bumping into them and that they would have to physically push in the button for the alarm to go off. Deaunta repeatedly stated that he doesn't remember pressing it. I gathered both suspects information and advised both suspects that they could be banned for the incident. I then escorted both suspects out of the library with no further incident.

Incident Information: On 9-30-2013 at approximately 1740 hours myself and Officer Kominek were notified by Dispatcher Bischoff to go to Children's because the librarians said that juveniles were looking at inappropriate images. We arrived to Children's and the librarian described the juvenile as wearing a cutoff shirt and shorts. Myself and Officer Kominek walked over to where the computers are and did not see the juvenile she described. We walked back to the librarian and she said that she could see them on the camera hiding in the toddler's area. Myself and Officer Kominek approached the juvenile, whose name is Shannon Kelly, and I told him that I was told by a librarian that he was looking at inappropriate images and that he needed to leave the library. At first he denied looking at any inappropriate images but by the time we arrived to first floor he admitted to looking at the inappropriate images. He was escorted out of the library without further incident.

Incident Information: On the above day and time, a woman Danielle Booker told me she had been robbed. She began to tell me she was sitting in the teen area talking to a man that appeared to have interest in a book she was writing. She stated that when she had leaned over to plug her phone charger into charge she turned around and noticed her phone was missing. She stated the suspect had grabbed her phone from the desk she was sitting at and left the building. I called dispatch to review cameras. She stated she had called the stolen phone a couple times to see if someone would answer, no one answered. The manager, Judy Jones was notified of the incident and after describing a suspect she indicated that it could be Juanya Gray. She observed him being in the same area as Ms. Booker the time her cell phone was stolen. Dispatch reviewed cameras and could not find anyone around Mrs. Booker during the time frame she had given me. Between 1315 - 1347. I tried calling the stolen phone and no one answered.

At approximately 1630, the supervisor Rebecca Roberts had come to me stating that the same woman, whose phone was stolen, told Mrs. Rebecca that she was violated and raped and she had notified Toledo Police and they were on their way to talk with her. I went to Mrs. Booker and asked if she was alright. She stated that she was violated and raped. I asked if she knew who did it or could point out a suspect. I asked if she was touched in any way inappropriately she said "no." She said since her phone was stolen she felt violated and raped and felt insecure since her phone was stolen. I told Mrs. Booker that a rape is a serious charge and is completely different from a theft. She stated again she felt violated and is waiting for the police to arrive. I notified dispatch of the incident and told them I will keep them informed as I find out any information relating to the incident. When police arrived they spoke to Mrs. Booker. I also spoke to Officer Kevin Sanders and explained that her cell phone was stolen earlier and because of that she felt violated and raped. After TPD Officers spoke to Mrs. Booker there was not anything that pointed towards a rape or her being violated by anyone.

Officer Sanders did state that while talking to Mrs. Booker she became very defensive when she was asked questions. TPD stayed on site for a short time and then left.

I informed dispatch and Judy Jones that no information she had given TPD indicated in any way that she was raped or violated physically in any way. No further.

Incident Information: On the date and time stated above, Ofc. Pam Johnson radioed for an available officer to come to the door desk. When Ofc. Prindle and myself arrived at door desk, a female patron was waiting there for us who was very shaken and frightened. The female patron explained that she felt very uncomfortable and scared being in the library right now and has never felt this way in all of the years she's been coming here. The female patron stated that there was an "light skinned African American male with freckles and light hair, following her through the aisles of BTS and taking photos". Ofc. Prindle and myself walked back to BTS with the victim and had her identify the suspect. As soon as we located the suspect (Borieas Harris), the female victim left right away before we could gather any more information from her.

We approached Mr. Harris, who was in the aisles with another female patron looking at books. We inquired that there was a complaint of someone matching his description taking photos of people. Mr. Harris right away responded with "I was taking pictures to download the books on my phone but I stopped because I thought it might have been inappropriate. I didn't want the lady to feel uncomfortable so I stopped taking pictures". When we asked Mr. Harris if he had taken any pictures of any females, he replied "no". I then asked if I could see the pictures that were on his phone. Mr. Harris willing let me view his phone, but I found that all pictures had been deleted. Mr. Harris then began to state "I couldn't take any pictures because when the battery is low on my phone, it won't let me". Mr. Harris also stated that he did take pictures of the book labels and he sent them to his wife's email. When we asked if he or the female victim were in the area first, he stated the he was in the aisle then the victim came in the aisle that he was in. Mr. Harris later changed his story after he was informed that the video would be reviewed, stating that "the video would show that the female victim was in the aisle first and then I followed her in the aisle because I was taking review pictures of what I took earlier". Mr. Harris continued to contradict himself and kept changing his story.

I then gathered Mr. Harris's information. While getting his address, Mr. Harris stated that he is a registered sex offender and that he was on probation due to failure to register and failure to verify address. Mr. Harris stated that he thought we were approaching him because of him being a registered sex offender. I advised Mr. Harris that I nor the victim knew who he was or anything about his past before he told us and that we are only approaching him because we had a complaint. I then asked Mr. Harris if he had any other electronic devices on him that photos could be taken on. Mr. Harris stated that all he had was a minute phone and an Ipod that could not take pictures. I then asked Mr. Harris to empty out his pockets and take everything out of his backpack that he had with him. Mr. Harris complied. Ofc. Prindle and I then escorted Mr. Harris to DT. When in DT, I gathered his probation officers name and phone number. I advised Mr. Harris that he could be banned for this incident and explained to him why this situation is an issue and against library policy. Ofc. Prindle and I then escorted Mr. Harris off library property without further incident.

Incident Information: On the date and time stated above, Dispatch had radioed for an available to clear the front entrance. When I arrived, I observed a male and female patron outside the front doors, screaming and cursing at each other. The male suspect (Robert Lipkins) was already walking away toward the street, while the female patron began to walk back inside of the library. I radioed for an available officer to stop the female patron and gather her information, while I spoke to Robert. Sgt. Feher responded and gathered the females side of the story along with her personal information. Robert had claimed that the female patron had threatened him stating that she was going to shoot him. After I gathered his personal information I informed him that he could banned due to causing a disturbance on library property and he left without further incident.

Sgt. Feher's supplementary is attached

Incident Information: On 10-5-2013 at approximately 0913 I arrived at BTS to where one of the librarians had called to report a patron having a seizure. I walked over to the patron who was trying to get up from his chair and walk away. I had him sit back down because he looked unstable. The patron's name is Jayson Tipping and I asked Mr. Tipping if he wanted any medical attention but he refused any medical treatment. Mr. Tipping informed me that he has been having seizures since he three years old and is currently taking three types of medication. He told me that he would be fine but I told him to let me know if he needed medical attention at any point while he is at the library.

Incident Information: On the above date and time, while on patrol I was approached by a patron named Dangelo Mathris. He had stated that when he went outside from the library to go home he noticed that his bike had been stolen. He said he arrived at the library at approximately 1600 and noticed his bike was missing at approximately 1615. I had asked Dangelo if his bike was locked and he had stated that he did not lock the bike knowing that he was only stopping inside for a little while to talk to his friend. I had told Dangelo that we offered bike locks here at the library and he had stated that he knew that. I then informed dispatch of the incident. Dispatch is reviewing the cameras for any suspects, in which I had informed Dangelo that if they found anything concerning his bike that I would let him know. No further incident.

Incident Information: On 10-7-2013 at approximately 1220 hours I was called to the front desk by Capt. Schroeder. When I arrived at the front desk he informed me that the juvenile patron standing at the front desk told him that his bike had been stolen from the southside bike rack. The juvenile patron's name is Deangelo Mathis and he told me that he had been at the library since 0900 hours and went out to leave at approximately 1215 hours and noticed his bike was gone. Mr. Mathis told me that his bike was black and blue in color and was a ten speed bike. I asked Dispatch Officer Gozdowski to check the camera to see if it was possible to identify the suspect but because of a poor camera angle she was unable to see anything happening at the bike rack.

Incident Information: On the date and time stated above, I observed a female patron with a young boy in the AV area. The young boy was going in between the aisles alone, while the patron was continuously calling for him loudly. After hearing the patron call for the young boy several times, I approached her and asked if she could pick the boy up or quiet down a little because there are other people trying to work. The patron didn't respond, but seemed to be content and picked the boy up. About five or ten minutes later, the patron had the young boy in her arms at the circulation desk. The boy was throwing a fit and screaming very loudly. I stood back and waited to see if he would calm down on his own. Another male patron had approached the female patron and spoke to the young boy stating the he was "really throwing a fit." The female patron responded to him "the security officer wanted me to pick him up, so she can listen to him scream now." I was standing by the self check out at this time and continued to wait to see if the boy would calm down. The boy began to get louder and continued to scream. I then approached the patron again and asked her if she could step outside for a moment to see if she could get him to calm down. She immediately became angry and set her items down on the desk. She faced me and stated "you know what I'm leaving. I thought this place was a family oriented library, but I see you're not a family oriented person." I tried to explain to her that was not the case and that she was causing a disturbance with the child screaming while others were trying to work. She then asked me for my name and stated that she would be calling the Main office to report me. I gave her my name and told her to have a good day. As she was exiting the library, she turned around again and stated "I'm never coming back again because you're being a bitch." The patron then left without further incident. I later spoke to staff member Margie and she had stated that she could hear the young boy screaming from the back room.

Incident Information: On date and time stated above, while stationed at the Door Desk, patron Anna Hodge informed this officer that she had fallen on Saturday (10-5-13) in the Central Court. Ms. Hodge stated that it happened near the Self Check out between 1300-1400. Ms. Hodges then asked for a copy of the incident report, since she had gone to the hospital. This officer then asked if Security had assisted her when she had fell. Ms. Hodge said no, but she told them about the spill. Ms. Hodge then informed this Officer that she decided not to go to the Hospital until she finished up her studying and other work at the library. This Officer then gathered Ms.Hodges's information. This Officer then told Ms. Hodge that I would look into the incident.

This Officer then asked all the Security Officers who worked on that Saturday (10-5-13) if they had handled an incident where a patron had slipped and fell. None of the Officers were notified of any incident and Dispatch was not aware of anything. This Officer then asked the Circulation Staff if they had witnessed anybody falling that day. None of the staff remembered seeing anything.

Incident Information: On the above day and time, I was informed by Ryan Rigaux that an adult male was watching pornographic materials on computer 26. I observed the subject for a few minutes. I then observed him clicking on a site that had pornographic images and observed him viewing multiple pictures. I approached the subject and informed him that he was in violation of the library internet policy. I then asked him to log off his computer. He proceeded to tell me that he had heard that if he were on a pornographic site he would only get a warning. I told him that is not how it works and that if he is watching pornography it is an automatic 7 day ban from the library. Mr Reasonover proceeded to argue that he was trying to get out of the web site, but the site kept coming up. I told him the only way he could get into those sites was if he got on them, they do not pop up. He said, "I won't argue, you are the man." Mr. Reasonover gathered his belongings and left without further incident. I called dispatch and Mr. Reasonover had no priors.

Incident Information: On the date of 10-8-13 I witnessed Kyle looking at pornographic images on computer 21. I quietly told him, he needs to leave and if he is ever caught again he will be banned from the library for a set amount of time. I was unable to get his ID due to he would not give me his name and he had already logged off the computer. Today on 10-15-13 he came back wearing the same outfit so I was able to spot him instantly. I kept a close eye on him and was then able to have the staff pull up his ID through their computer system. I am writing this report now to have a official record of him and his infraction. He is being watched each time he comes in by myself and the staff and action will be taken if he is caught looking at those images again.

Incident Information: On 10/9/2013 at 1700 I was advised by the circulation supervisor Tara LaScola that she recognized Mr. Mark Branam was inside the library. Mrs. LaScola advised me that Mark was a suspect in a previous theft of a Harry Potter book. She stated that she had a photo of Mark taking the book and walking away.

I noticed Mark was not around the library, so I decided to check the men's restroom. I found Mark in the toilet area with his pants down. Also I observed that he had a DVD case Whiteout inside his pocket. I told Mark to come out of the restroom. Mark started getting agitated stating "What did I do? I haven't stolen anything." I told Mark to come out again. Mark finally complied and sat down by the printer area. I asked Mark for his information. Mark was very nervous during the whole interview, but he was cooperative to my questions. I asked Mark to come to the circulation desk and empty his pockets in front of the camera. He emptied one pocket, but he was hesitating about the other one. I asked him if he had anything on him. Mark answered yes. Mark took another DVD out of his pocket, Les Miserables.

I called the library security officer to inform them about the situation. The dispatcher called TPD, but they never showed up. I told Mark that he could be banned and possibly charged later. He left the property without further incident.

Incident Information: On 10-10-13 at approximately 0835 hours, I arrived at work driving in to the parking garage. I observed a male subject, later identified as Jason Mullins, walking in the garage looking at and in vehicles. I parked my vehicle got out and saw Jason looking in a Tan Chrysler Sebring Convertible with Ohio registration FCG 9787, it was later determined that the vehicle belonged to Beth Beasley. Jason placed a black back pack on his shoulder. I approached Jason and asked him what he was doing. Jason stated he was getting his girlfriend's back pack from her car. I asked him what his girlfriend's name is. Jason stated his girlfriends name was Phyllis Houston. Jason stated that his girlfriend told him that she would catch up to him in the Popular Library area.

At 0840 hours Sgt. Justin Feher arrived in the parking garage. I motioned for Sgt. Feher to come to my location. I informed Sgt. Feher of the incident. Sgt. Feher and I escorted Jason to the vehicle. Sgt. Feher asked Jason for permission to look in the vehicle. Jason gave Sgt. Feher permission to look in the vehicle. At 8:55 Hours T.P.D. Officer Amanda Evans arrived at our location in the parking garage. Sgt. Feher went to the front of the Library to see if he could locate Phyllis Houston.

Officer Evans called in Jason's ID and was told he had an open warrant. Officer Evans put Jason in hand cuffs. Officer Evans searched the back pack after Jason gave her consent to search. Officer Evans located several items that indicated that the back pack had been taken from the vehicle and did not belong to Jason or Phyllis Houston. Officer Evans also found a bottle of pills in Jason's left front pants pocket. The pill bottle was prescribed to Jason but the bottle contained several different kinds of pills. Sgt. Feher arrived back on scene and advised that he could not locate Phyllis Houston.

Officer Evans, Sgt. Feher and I and escorted Jason to the D.T. room. Beth Beasley was phoned by Officer Evans and informed that items were taken from her vehicle. Items taken from the vehicle was a black back pack. The back pack contained personal items belonging to Beth, such as utility bills, letters and U.S. A. passport identification. Beth Beasley said that she did not know the suspect, Jason Mullins. The back pack and personal items were returned to Beth. Officer Evans issued Jason Mullins a summons for vehicle trespassing and also a Trespassing warrant. Officer Evans also informed Jason Mullins that he is banned from all T-LCPL Libraries and property. Officer Evans removed the cuffs from Jason Mullins. Sgt. Feher and I escorted Jason Mullins from the building with no further incident.

Sgt. Feher will attach a supplemental report.

Incident Information: Once again, someone completely filled the men's toilet with toilet paper, then defecated on top of it, and used more paper. It's too much to flush. Had to close the men's room for half an hour until we could get it all cleaned up.

Incident Information: Two more computer users with babies crying or making noises seem to be the cause of problem. Ms. Williams believed Mr. Hoppe to be complaining about the baby noise accusing him of saying idiot under his breath; chastising him loudly and lengthily, then she went over to the one woman, brought the baby back holding him on her lap to the computer and continued to work. She left still angry, the man left five minutes or so later, still red-faced, looking angry but maintaining silence with no replies to her reprimands.

Incident Information: Paris Chantia Williams was on her telephone talking extra loud as she walked throughout the library. Then she went back to the public pc # 19 where her mother was sitting and gave her the telephone. I asked the mother to let me show her where she could take her phone to talk, since they both were next to others who were working on the pc's. The mother told me loudly to "Go away, I'm trying to talk on the phone" and she waved her hand at me and stated she did not need to go anywhere else with her phone. I reminded her that when on the pc, she needed to take personal phone calls elsewhere and I wanted to show her where she could talk and not bother those next to her on the pc. She yelled she did not need to listen to me. I walked back towards the desk and was planning to call security when she and her daughter walked past me yelling shut up at me. This woman comes to the library using her card and her daughter's card. I have not seen either one since October 10, 2013.

Incident Information: On the above day and time, while patrolling, I observed a adult male switch his I pad screen in a rather quick manner. It raised suspicion that he may be watching inappropriate material. I then went to Dispatch and looked at the Pop teen camera and then did observe this patron viewing pornography. I went to him and he was now putting away his I pad. I told him I needed to talk to him. I then asked if he knew the Library policy for internet usage. He stated, "yes". I then told him he was in violation of our internet policy. I asked for his information and checked with Dispatch for any priors. There was none. I explained he will not be able to come back to any T-LCPL libraries for a period of 7 days and a violation of that could result in a criminal trespass charge. He said he understood. No further

Incident Information: On the time and date stated above, Dispatch radioed for an available to report to the North Lawn due to Toledo Fire Department being on site. When I arrived, I asked one of the First Responders what the situation was. He stated that another patron (Allen Blair) had called 911 for the victim (Louis Edwards). Louis had been vomiting. TFD stated that they recommended that Louis go to the hospital and be checked out, but Louis declined. TFD had Louis sign a deny of medical attention form and left. I gathered Louis's information and had no further incident.

Incident Information: On October 11, 2013 at approximately 1125 hours, I observed a man, later identified as Jeffrey A. Hartle, looking at inappropriate images on the computer. I instructed J. Hartle to log off his computer and come with me. I took J. Hartle to the side and explained to him that it is against library internet policy to look at "dirty" images on the computer and that a child could have seen them. I checked to see if J. Hartle had any prior incidents with us and there was none. I informed J. Hartle that he is not to return to any library or their properties until October 18, 2013 and that if he was to return before that time he could be charged with criminal trespassing. J. Hartle left without further incident. I resumed regular patrol at approximately 1130.

Incident Information: Miss Destini Codner currently has 6 billed items on her account and owes \$153.94 for items she has yet returned to the library. She was observed collecting library material which she exited the building with inside her tote bag. I approached Miss Codner once she went through the doors leaving the building. I asked Miss Codner if the items she was observed carrying were checked out on someone's account. She stated to me that she had left the items within the library. I then requested for her to allow me to look inside her bag that she was carrying. The response given to me was that she needed to get home right away. I then repeated that I needed to check her bag which she then apologized and handed me her bag. I pulled out 10 DVD's which she had attempted to steal.

Incident Information: On 10/13/2013 at approximately 1420 hours, while on patrol, I observed and heard a female patron, identified as Roxanne Batway, yelling on her phone. Roxanne was sitting at a table to the left of the BTS reference desk. I approached Roxanne and advised her that she could not be yelling on her phone because it was disturbing other patrons. I advised Roxanne that she would have to go outside if she was going to continue being loud on her phone. Roxanne advised that she was on the phone with the Toledo Police Department. Roxanne advised that she was having ongoing issues with other patrons in the library.

I advised Roxanne again that it was the issue with how loud she was being while using her cell phone. Roxanne became visibly upset, she asked me to call for a squad to come check her out. Roxanne then advised that she did not need a squad. I advised Roxanne that I could call for a squad. Roxanne advised that the squad wouldn't do anything anyways. Roxanne stood up and started walking toward the front. While heading toward the front she advised several times that she was going to kill herself by taking pills. I advised Roxanne that I was going to call Toledo Police and advise them of the situation. Dispatch Officer V. Gozdowski called TPD and advised them of the situation with Roxanne.

Roxanne left library property and headed across Michigan Street. While on the other side of the street I observed Roxanne get into a verbal altercation with two (2) African American males. During the altercation Roxanne turned toward the two (2) males and lifted her shirt to expose her breasts to them. Roxanne then left the area without further incident.

Incident Information: I was working at the circulation desk, and was observing a patron checking out items at the self check machine. After successfully checking out seven DVD's, the next two would not check out (The self check out machines make a distinctive noise when no checkouts are allowed). Patron proceeded to unlock all nine DVD's. I alerted Pam at the door desk, and also alerted two security guards patrolling in AV. Mr. Abbott set his bag up on Pam's desk and proceeded to walk through the kno-go. Pam indicated that not all the DVD's were checked out and that he needed a slip for all of them. Mr. Abbott came to me at the circulation desk and stated that he needed a slip for the three DVD's he had at home. I asked him to give me what he checked out with the check out slip. I verified the seven on the receipt with the seven DVD's that he gave me. I asked for the two DVD's in his bag to verify that they were checked out. Mr. Abbott ignored me. I asked a second time. He interrupted my by stating that he needed a slip for the thee at home. I again asked for the two in his bag. He finally gave me the two DVD's in the bag and I verified that they were not checked out, but were unlocked. When I asked him why these two were unlocked and not checked out he stated that he was over his limit. I asked if he was planning on taking these home without checking them out and he said can I just have my slip for the three at home. I gave him the slip and he took the two DVD's that were not checked out. I stopped him and said you are not going to steal these. At that point security took him into the detention center.

Incident Information: On 10/16/2013 at approximately 1515 hours while on patrol, I heard a loud noise, sounding like gun fire from a video game. I proceeded to the second floor, McMaster lobby and found a male patron, later identified as Barry Ellison II, sitting on the floor playing a video game on his cell phone. The gunfire sound was coming from Barry's cell phone. I advised Barry to turn down his cell phone or put on head phones. Barry advised that he would turn down his cell phone.

I recognized Barry from a prior incident that he was banned for. I asked Barry what his name is. Barry advised that his name was Barry Sampson. Barry advised that his ban was up months ago. I radioed dispatch and asked if they could do a record check. Barry stated that he was leaving. I followed Barry to the front doors. Barry left library property. Dispatch advised that there is nobody banned by that name.

After an investigation, I found Barry's proper last name is Ellison and that he is currently banned from 02/15/13 to 2/16/2013.

I was advised by Officer Marsh that Barry has been coming into the library the past few days and has been disruptive.

Incident Information: On 10/16/2013 at approximately 1530 hours, while on patrol, I observed a banned patron, De'Aaron Hutcherson, walking in the area of Central Court. I asked De'Aaron why he was at the library. De'Aaron advised that he was allowed at the library because his ban was up. I advised De'Aaron that his ban was not up because he was banned for six (6) months. As I escorted De'Aaron to the DT room, he became agitated and attempted to pull away from me one (1) time. Upon entering the DT room De'Aaron became even more agitated and hostile, I placed handcuffs on De'Aaron and advised him that he was being detained for criminal trespassing. I notified dispatch of the situation and advised Lt. Solis that I needed him in the DT room for assistance. Lt. Solis arrived in the DT room at approximately 1535. Dispatch advised Lt. Solis and I that the projecting Officer (Unit 66), TPD Officer A. Evans would be coming shortly.

At approximately 1550 hour Officer Evans arrived on scene. While Officer Evans was filling out paper work for the trespassing citation, De'Aaron continued to be agitated and hostile. De'Aaron advised that the ban letter he has at home only stated a three (3) month ban. I advised De'Aaron even if it was a three (3) month ban, his ban would not have been up still. De'Aaron started trying to put his hands in his right side pants pockets. I stopped him and started to pat down De'Aaron, to re-confirm that De'Aaron had nothing on him. While I was patting him down, De'Aaron started to raise his leg and stated to me that he was going to kick me in the face, if I didn't stop. Officer Evans added a charge of menacing to De'Aaron for wanting to kick me in the face. De'Aaron stated several times that he did not give a shit what Officer Evans or I did to him. De'Aaron made several statements how he was going to get a gun to hurt Officer Evans and me and how when he got out of the handcuffs he was going to make us pay. De'Aaron stated to Officer Evans that he was going to kill her, her husband/ boyfriend whatever and her whole fucking family. Officer Evans charged De'Aaron with menacing for the threat toward her.

Officer Evans asked if I could assist her escort De'Aaron to the Juvenile Detention Center. When Officer Evans placed De'Aaron in the backseat of the cruiser, De'Aaron raised his right leg and stated that he was going to kick the shit out of this bitch, meaning kicking out the cruiser window. On the ride to the JDC, De'Aaron made a statement that he was going to spit and attempted to spit on Officer Evans and I. De'Aaron was booked into the JDC.

De'Aaron was charged with Criminal Trespassing, and two (2) charges of Menacing.

Incident Information: The patron Richard Oberle approached the reference desk and complained that the suspect was being unnecessarily noisy at his nearby PC, tapping the table with his hands, seemingly in time with the music he was listening to. Three other patrons in the vicinity, and another one further away, confirmed that the suspect was indeed being uncommonly loud in rapping on the table and that he ignored others requests to be quieter. Mr. Oberle reported, and another patron confirmed, that when he asked the suspect to keep it down, the suspect made a vulgar gesture at him. Mr. Oberle claims this isn't the first time the suspect has been deliberately and confrontationally noisy at the public PC's but I don't believe we have any corroboration of that. I asked the suspect to refrain from making so much noise; he stopped hitting the table but did proceed thereafter to talk or sing audibly to himself for a time. Mr. Oberle expressed a willingness to call the police regarding this behavior.

Incident Information: On 10/17/2013 at approximately 1640, I was on patrol and observed a patron in the Popteen area looking at inappropriate materials on the computer. The patron, Joseph M. Emerson was on facebook looking at closeup images of partially clothed females' private areas. A few days prior I stopped and gave Mr. Emerson a warning for the same infraction and stated that it was against the Library policy to look at those images on the computer. Mr. Emerson cooperated and left the Library when asked and will not be returning for one (1) week.

One (1) week ban from 10/17/2013 to 10/24/2013 was given to Emerson

Incident Information: On 10/18/2013, at 1750 hours, I was informed by dispatch about a theft that took place in the North Lawn. The victims were standing in the front door; I approached them and asked them what happened. Ms. Kleshona Cannon stated that her son, Nehemiah Cannon, walked out of the library at about 1710 hours towards the North Lawn with his school iPad. Then two African American suspects, later identifies as Qwanta Brooks and "Kiki" took Nehemiah's iPad from him.

Nehemiah stated "Kiki" asked to see the iPad, Nehemiah then showed "Kiki" his iPad. "Kiki" punched Nehemiah and took the iPad from him. "Kiki" started jogging with the iPad, but Qwanta stated to Nehemiah that his friend was just joking. Nehemiah asked for his iPad again, Qwanta started running away.

Nehemiah's mother, Kleshona, stated to me that she arrived to pick up her son and he told her about the theft. I proceeded to make a camera review. I found video of the suspects running in the North Lawn and Nehemiah was trying to catch up after them. I told the victims to make a police report with Toledo Police. I then indicated to the dispatcher to find a picture of the suspects inside the building, since Ptl. Prindle stated that he dealt with them earlier in the day involving the suspects asking another patron for a cell phone with intentions to steal it.

Incident Information: On 10/19/2013 at approximately 1531 hours, I was on patrol in the Popular / Teen Library and observed a male patron (Jerry W. McDonald) viewing multiple inappropriate images on his computer (Pop Teen Mac 09). I asked McDonald to log off the computer and step aside with me. I gathered McDonald's information and informed him of the Library's Policy regarding the internet. He informed me that he had been banned for the same infraction before for seven (7) days. I asked for an available officer to come stand with McDonald as I went to DT to check his information. Officer Kominek responded and stood with the suspect as I confirmed the information that he had given me. McDonald had a seven (7) day ban on 8/22/2013 for the same infraction. I informed McDonald that he will be banned for a minimum of seven (7) days (10/19/2013 to 10/26/2013) and that it will most likely change to a thirty (30) day ban once the report has been viewed and since it was his second offense of inappropriate images. McDonald was escorted out of the Library and fully understood everything he was told. There was no further incident.

Incident Information: On date and time stated above I was called by PSO. Rupert to the security office. PSO. Rupert explained that they had a suspect (Penn, James [staff member]) and a victim (Clark, Matt [staff member]) of an incident in the office. PSO. Rupert was looking for a second opinion on how to handle the incident.

On the way to the security office Rupert explained that the suspect took a picture of the victim while the victim was in a staff restroom. Victim knew who the suspect was because he recognized the suspects shoes under the stall wall and the hand on the top of the stall wall holding a camera. Victim had reportedly followed the suspect out of the bathroom and into the humanities area of the library. Suspect however was able to get away for a few minutes before being found by security.

Security along with the victim Matt Clark escorted the suspect to the security office. When I got to the security office the victim and suspect were separated but still in the same room. I then decided to separate the suspect and the victim by taking the victim Matt Clark to the other security office that we have referred to as the DT room.

Once in DT I sent security officer Rupert to find the person in charge who was Ben Malczewski. PSO. Ruppert found Ben and informed him of the situation, then escorted him to DT room so that the victim and the person charge could talk about the incident. The victim explained that while in the restroom the suspect had taken a picture of him. The victim recognized the suspect by his shoes and his hand with a cell phone over the top of the wall.

The victim appeared to be very distraught and very certain that the suspect was in fact the person who had taken a picture of him a few minutes earlier in the restroom. The victim was very upset and asked Ben if it was ok that he went home. Victim stated that he was very sick to his stomach over the incident.

Ben then decided to send the victim home for the day. He also asked that I go to the security office so that I could talk to the suspect.

When I got to the security office I asked for the suspects information. At first he stated that he did not have an ID. Then a few seconds later he changed his mind and decided to give me his ID. I verified the suspects information. Then explained that Ben wanted him to leave for the day so that the incident could be looked into further. I also explained that the suspects manager Lupe would be in contact with him. Suspect then left the property without further incident.

Few minutes later the suspect returned and asked that he get his red hoodie out of his personal wall locker. The security officer then escorted the suspect to his wall locker so that he could retrieve his personal items. Suspect retrieved his items then left without incident.

A few minutes later the suspect returned with his father requesting to speak to security about the incident. I introduce myself to the father of the suspect then asked them to standby for a moment while I go get Ben who is the person in charge for the day.

I then went to find Ben who was the person in charge for the day. I explained the situation and that the suspect and his father were at the library and would like to talk about the incident.

Ben and I then went to the suspect and his father near the security office, explained that there was an incident that is under investigation, and that the best thing for the suspect to do now is to leave for the day until the incident could be looked into further. He also explained that the suspect will be contacted by his manager. During the conversation the suspect felt that his side of the story was not being heard because he was a juvenile. Ben explained to him that his side of the story will be heard but for now he should wait for the library to contact him. Suspect and suspect father left the library without further incident.

Incident Information: On 10-20-13 at approximately 1545 I was flagged down by Adam Haley and was informed that the cigarette butt holder outside was basically on fire. Upon arrival I did an inspection and noticed that there was smoke coming from the cigarette butt holder and it smelled like something was burning. I then proceeded inside and grabbed the Fire Extinguisher from the back room circulation station. I headed out and used the Fire Extinguisher for approximately 2-4 seconds. I removed the lid from the cigarette butt holder and checked to see if the fire was put out and confirmed that it was. I then brought the Fire Extinguisher back inside and placed it in the back room per Capt. Justin Feher's orders. No further action was taken or needed.

Incident Information: On 10-20-13 at approximately 1645 I was doing my rounds and I noticed an individual who was later identified as Stephon Wynn with his hands down his pants. I confronted the individual and warned him that he cannot be doing that per library policy guidelines. He complied for the time being. After finishing my rounds I went and told the manager on duty Judy what happened. She told me to get his information and write a report on the incident. I approached Stephon again and explained to him what I needed from him. He began to become agitated with his words and his body language changed towards hostile. I asked him what his name was and told me, and I asked him his DOB and he refused and said I don't need to know that in a very aggressive way. I then told him that he can leave for the day. He gave me some attitude and then left for the day. No further action was needed or taken.

Incident Information: On 10-21-2013 at approximately 1715, Manager Judy Jones noticed a banned patron, Tamera Williams, inside the library sitting with some friends at a table. I Sgt. Tracy confirmed with another employee that it was Tamera. I notified Dispatch that there was a banned patron on site. I requested another ban letter to be faxed to Mott Branch. I approached Tamera and asked if she was Tamera and she stated "No." Again I asked, "Are you Tamera?" She again stated, "No." I then told her there were two people that identified you as Tamera. I told her that she is currently banned and needs to leave the Library. I gave her the ban letter and she threw it back at me. She then looked at me and stated, "I ain't leaven'." I told her that she will leave or she will be going to jail for criminal trespass. She again stated, "I ain't Tamera, get away from me." She gradually headed towards the front doors and stopped and stated, "This is why we fought the last time." I stated, "I know you are Tamera and you will leave or you will go to jail." Tamera, with an angry look, gradually walked to the front doors and stopped and refused to go any further. I stood there and repeated again, "You will leave now." She then stated, "You punk ass bitch, you touch me and I'll beat your ass." At this point Judy Jones came to the front and told Tamera to just leave before she gets arrested. Tamera kept repeating, "He needs to get out of my way." (She was standing right in front of the main door; she had opportunity to leave without interference.) Judy again told her to leave. Tamera gradually exited out the first door and as she was exiting she continued to curse at me. Judy then told me to let her go and right up the incident so her ban will be extended. At this time I went back to the back room to begin a report and Tamera again came back into the Library and then exited. She stood outside of the main doors for a few moments. I called Dispatch to have 66 do a drive through to make sure she would leave. Upon 66 arrival, the suspect was gone. I notified Dispatch that suspect had left. The Staff had told me that Tamera had been in the Library a few times since she was banned and keeps refusing to obey the ban. Judy Jones stated that if Tamera comes back again she will need to be arrested. No further at this time.

Incident Information: On the above date and time listed, I Sgt. Peters was locking up the game room when I was notified by intercom from Kent Branch Circulation Clerk Birdy who had stated that a patron's bike had been reported stolen. The patron's name was Jamie Salazar who had stated that he had arrived at 1800 to attend the meeting that was going on in the meeting room. After the meeting had finished at approximately 1945, Jamie had walked out to get his bike and go home when he had noticed that his orange bike was missing and his bike chain was lying next to the rack appearing to have been cut at the lock. After gathering all the information, I had stated to Mr. Salazar that I would notify dispatch and have them review the cameras for any possible suspects. At approximately 2000, Kent Branch Manager, Faith, had already been on the phone with dispatch in which she was notified that the camera was not directly pointing at the bike rack. However, dispatch then noticed as they were reviewing the camera between 1836 and 1844 that an African American male who appeared to be very tall, wearing a green top with black pants taking the only bike that was on the rack. I then contacted dispatch and asked if they could review the cameras from the front entrance between 1700 through 1845 in which they were unable to identify any possible suspects. No further incident.

Incident Information: On 10/22/13, at 1410 hours, Lt. Solis was notified by two patrons that there was a drunken person yelling expletives near Metro. Lt. Solis then contacted me, since he was covering the door desk. I quickly found the suspect, Timothy A. Boggess(BOGGESS), still yelling expletives and slurring his speech outside of Metro. I then asked BOGGESS if he had any alcohol to drink recently. BOGGESS confirmed that he did in fact have some beers to drink before sitting down in the library. I then called Cpt. Feher for back-up and informed BOGGESS of the library's policy on public drunkenness. Once Cpt. Feher had arrived, we walked BOGGESS to Central Court and proceeded to ask BOGGESS for his information. While BOGGESS was looking through his belongings for his identification, Cpt. Feher informed BOGGESS of the library's policy on public drunkenness and that BOGGESS could be banned for a minimum of six (6) months for drunk and disorderly conduct. When BOGGESS's information was acquired, Cpt. Feher and I escorted BOGGESS off the property. BOGGESS continued to utter "fuck you" as he left and then stopped outside to talk to another patron. BOGGESS then left the property after I told him that he had to leave library property for a second time. No further information at this time. END OF REPORT.

Incident Information: Patron defecated on himself and the chair he was using. Then he walked to men's room from the computer area and left feces on the floor all the way there. Then he left feces and smeared toilet tissue on the floor in the men's room. Patron then returned to his computer session with feces coating his lower back and the seat of his pants. The odor (and sight) was quite disturbing for other patrons, but Mr. Baldwin needed some convincing to leave and clean himself up before returning to the library. This is the same patron who vomited on the computer, keyboard, and seat a couple weeks ago. There's no report for that incident, because at the time it happened, I wasn't here, and when I heard about it I assumed it was a child who had done that. A grown man should have been able to get to the restroom or a garbage can or simply not come to the library so sick. I would have written it up had I known.

Incident Information: On October 23, 2013 at approximately 1620 hours. This officer was on patrol when a man, later identified as Joseph Salinas, told me that his bike had been stolen. I called dispatch to see if there was a camera that was pointed towards the bike racks and there was none. I asked J. Salinas if he had his bike locked up and he said that he did not. I informed J. Salinas that I would type a report concerning his stolen bike. He left without further incident.

Incident Information: On 10/24/13, at approximately 1140 hours, S/O Kominek notified me that he was attempting to remove the suspect, Howard Wilford Johnston(JOHNSTON), for sleeping. S/O Kominek also explained that JOHNSTON was now in the first floor restrooms and had been in there for approximately twenty (20) minutes. Once available to assist, I entered the first floor restroom with S/O Kominek to escort JOHNSTON off of library property. I then knocked on the stall door and informed JOHNSTON that he had to leave the premises. JOHNSTON's speech was slurred and agitated, so I asked him if he had any alcohol to drink. JOHNSTON replied that he did have a beer, or two, this morning. I then informed him of the library's policy on public drunkenness, and that he needed to produce his identification once he came out of the bathroom. During the entire exchange JOHNSTON was cursing and at sometimes difficult to understand. Once outside the restroom JOHNSTON gave me his identification and also gave off a strong smell of alcohol. After copying his information, I informed JOHNSTON that he could be banned for a minimum of six (6) months for public drunkenness, dependent upon his library history. S/O Kominek and I then escorted JOHNSTON off of library property. No further information at this time.

Incident Information: On 10/24/2013 at approximately 1625 hours, I was on patrol and observed a patron (Warren I. Scott) looking at innapropriate images on his computer in the Pop Teen Library. The name of the page was "Mature Desires for Adults Only". I asked Scott to log off of the computer and to take a short walk so we could talk away from the other patrons. He stated; "The pictures just popped up on there man" although I watched him actually type the webpage into his browser and bring it up at his own will. I explained the policy of the Library regarding sexually explicit materials and Scott agreed with me that it was not a "good thing to be looking at". I gave Scott a seven (7) day ban from 10/24/2013 to 10/31/2013. Scott left with no further incident.

Incident Information: On October 24, 2013 at approximately 1230 I was on patrol when a man, later identified as Jeffery C. Payne, came up to the reference desk to report his bike was stolen on Monday, October 21, 2013 between the hours of 1200 and 1700. The branch manager, Andrea asked J. Payne why he didn't report the incident that day and he said that he didn't think anything was going to happen. I asked J. Payne if he wanted me to take a report of the theft and he replied at first that he didn't want to. Andrea then talked to J. Payne and informed him that it would be better to take a report so, J. Payne agreed to have a report done. Andrea and I both called dispatch to have the camera footage reviewed. I wrote down J. Payne's information and proceeded to type my report. There was no further incident.

Incident Information: On October 24, 2013 at approximately 1445, staff member Colleen Lehmann noticed Bry'ioun A. Spears throwing up into a garbage can by the information desk. I went over to see if Bry'ioun was alright and he was throwing up what appeared to be a lot of mucus and some blood. I asked Bry'ioun if he had eaten anything or drank anything. He shook his head no. He began throwing up again and this went on for a couple of minutes. Staff member Colleen called Bry'ioun's mom. Supervisor Tara then called 911. Bry'ioun appeared to become more lethargic and more limp at this time. I asked if he had pain anywhere and he pointed to his stomach. I stayed with Bry'ioun and was able to keep him calm and tried getting him to take some deep breaths. He continued to throw up until EMS came. I met EMS at the main doors and explained what was going on with Bry'ioun. They began checking his vitals. He stopped throwing up. EMS was able to get him sitting up in a chair. Staff member said that he had a mint that was given to him when he came in and must have been lodged in his throat causing him to gag and throw up. Ms. Spears came after EMS arrived. EMS talked to Ms. Spears. Bry'ioun appeared to be very tired, but his vitals were normal. He was then released to his mom. No further.

Incident Information: On 10/25/13 at approximately 1442 hours, I was patrolling through the metro area when I observed a male patron (Doug Stone) viewing naked women on computer #62 in the back of Technology. I approached Doug and asked to him to log off of the computer. I verified Doug's personal information with him. I asked Doug if he was aware of our internet policy and he stated that he was. Doug informed me that he has been banned previously for the same incident. I advised Doug that his ban could be longer this time, depending on his past incidents. Doug understood and left without further incident.

DOUG HAS HAD BEEN BANNED FIVE (5) TIMES, 5/30/13, 9/27/12, 12/16/11, 6/1/11, 3/30/11, FOR THE SAME VIOLATION

Incident Information: On 10/28/13, at about 1420 hours, Security Coordinator Jeff Sabo called an available officer to the parking garage for a civil dispute in progress. Capt. Justin Feher, Ptl. Nicholas Schumaker and I responded to the call. Upon arrival, Capt. Feher approached Mrs. Erika L. Swanigan in order to find out what was going on. Ptl. Schumaker and I approached Mr. Brandon Iler.

Brandon stated his fiancée, Erika, was screaming and freaking out because he had her cell phone. He also stated he was waiting for an important call, so he told Erika to calm down. Erika then started screaming at him. I asked Brandon if he put his hands on her. He stated he had only shaken her. In the mean time, Capt. Feher asked Erika her side of the story. Erika stated she wanted her phone back and Brandon did not wanted to give it back.

Capt. Feher decided both Erika and Brandon had to leave for the day. He also told Brandon to check with dispatch before coming into the library the next time. Both subjects left without incident.

Incident Information: On 10/28/13 at 1810 hours, I was patrolling the interior of the Sanger Branch Library when I heard the suspect, Christopher J. Shockley, talking loudly on his cell phone. When I approached Shockley and asked him to step away from the computers while using his cell phone, Shockley became angry and argued with me. I then asked Shockley to leave the library for the day, and he replied, "Fuck you." Shockley then left the library while uttering more expletives.

Incident Information: On the above time and date this officer was approached by an unknown female patron advising she had just moved into a halfway house in this area. She then told me she was writing a newspaper article about wolves eating grapes and that it was cruel for people to feed wolves grapes. I agreed with her that people shouldn't feed wolves grapes. She said she was going to make fliers and pass them around. At this time she went to work on her fliers. She presented me with a flier entitled The Wolf that Eats GRAPES (see attached). She then moved on to writing different stories approaching me periodically to tell me about the story. She told me she wanted to read to the kids and I advised her to check with the librarian. Later she sat near the teen area and started talking to the kids, I told her to stop at the circulation manager's request, which she did. I had sight of her the entire time she was in the library. About 15 minutes later she was arguing with some kids and I asked her to move to the other side of the room, she was agitated but did as I asked. She was reading a book when she threw it on the table and walked out. She told a lady outside that I threw her out because kids were talking to her. At this time a juvenile male approached Mrs. Jones and advised that the female asked him to pass out fliers for her. Another woman told us that the female asked to read with her and that it had black people in it and she would like it. This woman was black. I advised the manager I would secure her name if she comes in again.

Incident Information: On 10/29/13, at approximately 1505 hours, S/O Pam Johnson requested my assistance with a patron at the Door Desk over the radio. When I arrived, suspect Russell P. Chewning(CHEWNING), explained to me that he had an altercation with the victim, Donald Lampley(LAMPLEY). I then escorted CHEWNING to the front of the building to identify LAMPLEY. Both individuals started to argue so I separated them, asking them to remain on property until I retrieved both sides of the story and their information.

I then interviewed LAMPLEY, who stated that CHEWNING had attacked him when LAMPLEY refused to cross the street. LAMPLEY also showed me his multiple cuts and scrapes on his hands and face. I advised LAMPLEY to sit in Humanities until I came to gather more information.

After interviewing LAMPLEY, I went to Dispatch to view the camera recording of the incident. The recording showed CHEWNING assaulting LAMPLEY, while LAMPLEY was attempting to flee.

With the evidence from the recording, I then proceeded to interview CHEWNING on the North Lawn. While heading toward the North Lawn, I requested assistance from available officers. S/O Prindle and S/O Kominek arrived as I had finished gathering CHEWNING's information. With back-up on scene, I then detained CHEWNING on the grounds of Assault. During the process of handcuffing CHEWNING, he threatened to "kick all three of y'all's asses." While heading to the DT room, I asked S/O Kominek to inform Dispatch and call TPD.

Once in the DT room, S/O Prindle and I continued to detain CHEWNING until TPD arrived. During this time, CHEWNING was loud, smelled of beer, admitted to drinking several beers, and threatened the officers in the room by stating, "I'll beat the shit out of you motherfuckers if you un-cuff me!"

TPD arrived at 1610 hours, and began their investigation. At 1615 hours, CHEWNING was arrested by TPD for Disorderly Conduct while Intoxicated. LAMPLEY did not want to press charges for Assault. No further information at this time.

Incident Information: I went out by the computers to help a juvenile patron with the computer and the man next to us (Perry Smith) was talking on the phone and suddenly raised his voice and said, "What you need to do is get your ass out of bed and get a fucking life." All of the children near us (approximately 6) stopped what they were doing and looked at him. I said, "Sir" and he ignored me. I said, "Sir" again and continued with "You can't speak that way in here." He replied, "I'm grown." I said, "You can not use that kind of language in here and with all these kids around." He replied, "I wasn't talking to you." I said, "Well, we can hear you and you need to continue your conversation outside." He never made eye contact with me and stopped arguing at that point. His phone call ended. I had been on my way out the door, so I notified Mary Kinkus what had happened and that he had been warned and then left. (Our officer was on dinner break at this time.)

Incident Information: Norman Ellison approached the circulation desk and began talking to Shamar Kynard. He told Shamar that he knows a 7' ball headed black man that is buff and dating a 4'11" white woman. He told Shamar that white women were attracted to him, and that he should have some of them. Mr. Ellison then pointed out an employee that was stocking the kiosk. He said, "Look at her, she's so hot." She then bent over. She had a tattoo on her back and Mr. Ellison commented, "Look st that tramp stamp." Shamar told him that he was working and could not talk and he wasn't going to look. Mr. Ellison then proceeded to talk about a Halloween Party that he went to over the weekend. He said that the white women looked good and were all dresses like Miley Cyrus. They had on see-through white shirts. Mr Ellison then said "Oh my God the size of those aureoles were amazing." He said this big, this little and demonstrated by pounding on the circulation desk. During this time, he was speaking in a loud voice, and customers and staff were at the desk and walking back and forth.

Incident Information: On 10/31/13 at approximately 1605 hours, I was patrolling the interior of the Lagrange Branch Library. As I passed the public computers I saw the suspect, Trevin Watkins, viewing a video of a man and a woman engaging in sexual intercourse. The sexually explicit material was graphic and violent, and Watkins attempted to conceal his viewing of it several times by changing browser windows every few minutes. I then asked Watkins to move away from the computer so that I could talk to him. Watkins was nervous and admitted to having viewed the video when I asked if he had. I then explained the Library's policy on internet use and the viewing of sexually explicit material. Watkins said he understood, so I told him that he would be banned for a minimum of 7 days, depending upon his previous library history. Watkins left the building without incident. No further information at this time.

Incident Information: On 11-1-2013 at approximately 1700 hours, Officer McCrum and I were at front post when Lucas County Sheriff Special Deputy Mark Tracy, stepped out of his vehicle and informed us that the female juvenile, identified as Tamara Williams, who had just exited the library, was a banned patron. LCSO Special Deputy Tracy stated that Tamara was in violation of a current ban. Officer Schumaker went and got Tamara Williams file from the dispatch office. Special Deputy Tracy informed Tamara again that she is banned from all Libraries. Tamara argued that she didn't know she was banned. Special Deputy Tracy told her that when he had served Tamara with the ban letter at the Mott Library, she took the paper. Tamara was shown current ban letter. Tamara then informed us the ban was up in November but did not include a date. Special Deputy Tracy then checked the information. When Special Deputy Tracy returned he stated Tamara was still banned and had a six (6) month extension to her current ban. Officer McCrum and I asked Tamara to turn around because we were going to detain her for trespassing.

Tamara fled toward the North Lawn from Officer McCrum and I. Officer McCrum and I pursued Tamara to the North Lawn. Tamara stopped running and complied with our orders. Tamara was detained and escorted to the DT room. I advised dispatch to contact TPD. There were no injuries to Officer McCrum, Tamara or myself. Security Coordinator Jeff Sabo and Capt. Feher arrived at the DT room. TPD unit was cancelled. Tamara was issued a ban letter for her current ban and the ban letter for the six (6) extension to her ban. Tamara was advised that he may be charged with Criminal Trespassing and Disorderly Conduct for her incident today. Handcuffs were taken off of Tamara and she was escorted to the front doors.

Incident Information: On 11/2/2013 at appoximately 1450 hours, I was on patrol and observed a white male patron (Jason R. Pine) looking at pornography on Internet 75 in the Pop Teen Library. I asked PINE to step aside to speak with me away from the other patrons. I advised PINE that he was in violation of the Library Internet Policy and that it was innapropriate to be looking at naked females on the library computers. I asked PINE for his ID, PINE gave me his Offender Release Card so that I could confirm his identity. PINE cooperated and then logged off of his computer. PINE gathered his belongings and then was told that he will not be allowed back into the library for seven (7) days. The ban will be from 11/2/2013 to 11/9/2013. PINE left with no further incident.

Incident Information: On 11/2/13 at 1:49 pm, PTL. Pam asked for any available officer to come to the door desk. S/O Bloomer and I (PTL. McCrum) responded, on arrival Pam informed us that a patron had fallen and was informed by the Circulation clerk (Colleen) that the Randall Ali-Kahn was possibly under the influence of alcohol. S/O Bloomer and I approached Randall and asked if she was hurt and asked what had happened. Randall replied she was fine that she had fallen. I asked if she had been drinking and Randall stated that she had been, at that time I noticed her carrying a water bottle filled with a liquid and asked her what was in the bottle and she stated that she had alcohol in the bottle. At this time PTL. Tracy, S/O Bloomer and I escorted the lady outside and asked for her information. As Randall was giving us her information, PTL. Tracy asked for the water bottle to dispose of the alcohol (BEER). Randall handed the bottle over, PTL. Tracy emptied the bottle and filled it with water for Randall. We asked Randall to leave the property.

Incident Information: On 11/4/13 at approximately 1615 hours, Ronald Franklin approached me stating that he thought someone was following him and wants to "jump him". I asked Ronald why he thought that he was being followed. Ronald stated that this Caucasian male patron with a black goatee (Ronald pointed patron out to me), had been showing up everywhere he has been and that a while ago he mentioned to Ronald that "he was going to get him one day". I gathered Ronald's personal information and advised him that I would speak to the male patron being accused.

I approached the male patron (Joshua Schaaf), whom was sitting on a bench in Technology reading alone, and asked him if there were any issues between him and another patron using the library today. Joshua seemed to be very confused and stated that he didn't know what I was talking about. I gathered Joshua's information and informed him that I would be doing a report for our records, due to another patron worried about him following him. Joshua complied and gave me his information.

I then spoke to Ronald again to inform him also that I would be doing a report. I advised Ronald to just keep his distance so that he can avoid any conflict. I also advised Ronald that if he does have any more problems in the future with Joshua here at the library, he can notify Security again.

Incident Information: On 11-04-2013 at approximately 3:30pm, I observed a group of individuals standing outside by the benches. While I was watching I witnessed William Wiley hand a 40oz bottle of beer to Lavelle Remon Rich, at that time Mr.Rich took a drink from the bottle and then handed the bottle back to Mr.Wiley. I watched Mr.Wiley then place the bottle in to a red bag that he had sitting next to him on the bench.

I started walking outside when I saw Ptl. Marsh I asked for her assistance with the situation. Ptl. Marsh and I both went outside and confronted both Mr.Wiley and Mr.Rich about what I saw take place. Mr.Rich immediately confessed to taking a drink from the bottle of beer but said that it was just one drink and that the bottle was not his. Mr.Wiley stated that the bottle was not his and that someone had gave him the bottle.

Ptl. Marsh and I asked both Mr.Wiley and Mr.Rich to come with us to the DT room to gather their information, both came without any problem. I explained to Mr.Rich and Mr.Wiley that they both could receive up to a six (6) month ban. Mr.Wiley and Mr.Rich were escorted off property.

Incident Information: Patron with was working at Internet #8. with baby in arms. The baby which was approximately 11-18 months old was crying and fussing for more then 25 minutes. The mother was on a cell phone for some of that time. Upon my return from dinner, a patron left the computer area with an expressive sign and rolling their eyes in frustration, saying, "Libraries used to be quiet." I approached the mother and said, "I'm so sorry, but I'd like to ask you if you could take the baby out until she settles a bit." To which the mother said, "She's a baby - Babies cry." I explained that I was asking her to be mindful of the people who were working around her and to try using the computer again after the baby had calmed down. She began to raise her voice saying, "You're going to kick me out because the baby is crying? That's crazy, babies cry." I explained that I wasn't kicking her out. I said that the computer area was a quiet area. I said I was asking her to allow people to work quietly and to come back when the baby was settled. She continued to loudly proclaim that I was wrong to kick out a baby for crying, etc. Two nearby patrons chimed in sharing as enthusiastic "Thank you!" and a "I was getting really annoyed" comment. The mother gathered her belongings and loudly exclaimed as she exited, "This is some library you have here - kicking out a baby for crying!" A third patron, who was at the express check out while this was happening, expressed a loud, "Thank you to the library too many mothers ignore their children." She said something to the patron as she exited. Part of what was heard was "The baby needs attention," and "That baby is hungry." I asked our security guard to follow them to their cars to monitor the situation. They continued to exchange words as each got in their vehicle. Afterwords staff confirmed that this same patron was recently working on a computer and the baby cried for some time. A friend was with her exchanged angry words with another patron who made a comment to the mother about the baby crying.

Incident Information: On the time and date stated in this report this officer was coming back from lunch when James Mathis was at the circulation desk talking to branch manager Jane. He was being very loud and disruptive to the other patrons, and calling Jane inappropriate names. We told James that he would have to leave for the day and he can come back tomorrow. I was escorting James to the exit when he bumped into me on purpose I then pushed him off and told him not to touch me. Once we were outside he started yelling at me and other patrons. I asked James to leave the property and he just stared at me, a bystander then said that James had a knife in his hand I walked by him to see the knife then radioed dispatch for back up or a 66 and no one responded. I then told the suspect he needs to put the knife away and leave property. At that point James left without further incident.

Tara LaScola, Circulation Supervisor observed a teen pass Ms. Nancy McIntosh while she is on the computer. Ms. McIntosh waves Tara over while accusing one particular teen, Tyleaja Franklin of hitting her. Tyleaja denies hitting Ms. McIntosh and from Tara's vantage point, she did not observe any intentional attack o Ms. McIntosh. Just to calm matters, Tara tells Tyaeja, "If you bumped her it probably was unintentional so just apologize." Tyleaja says, "Sorry!" Officer Prindle witnessed this conversation.

Trianna, daughter of Ms. McIntosh goes to the circulation desk to speak to Angela, circulation clerk and says, "I'm about to start a fight in this library, because Tyleaja slapped my Mom upside the head."

November 6, 2013:

Tyleaja asks to see the branch manager to inform her that she had just been threatened by Ms. McIntosh's daughter, Trianna. Trianna threatened Tyleaja who immediately got up saying, "I'm telling Ms. Judy." On her way to tell, Ms. McIntosh called her a "bitch." Tyleaja said, "I'm telling Ms. Judy!" She came all excited into the office reporting the events. Branch Manager decided to go on the floor to calm the situation. It was then when Tara explained what had happened that previous day as a small incident that she suspected would be blown over.

Branch Manager stayed on the floor for the remainder of the day. The mother Ms. McIntosh continued to stare at Tyleaja's every move but said nothing else to her. She did engage the security guard in conversation.

At the end of the day, the security guard informed Manager that Ms. McIntosh told him that she wanted something done about being hit by Tyleaja. The security Officer Tim explained that we had cameras around the branch and we possibly could get the film of the "attack" on Ms. McIntosh. It was then that Ms. McIntosh said that she wasn't hit but more like, "brushed intentionally" by Tyleaja.

November 7, 2013

Branch Manager instructed Officer Prindle to write up an unusual occurrence report on the incident identifying the three infractions:

1. Threat to Tyleaja Franklin
2. Swearing by Ms. McIntosh at Teen
3. Exaggerated claim of the attach by Ms. McIntosh

Incident Information: On 11/06/2013 at 10:55 a patron came up to me and informed that there was a man either doing drugs or was seriously sick in the men's restroom on the first floor. I went to the restroom to see if I could locate the individual, at that time I encountered Chad Jacobson getting sick in one of the stalls. I asked Mr. Jacobson what was wrong and he stated that he was just sick. I told Mr. Jacobson that I would let him be but if he was not out in a couple of minutes I was coming back in to check on him.

I waited five (5) minutes before going back over to the restrooms. Mr. Jacobson was getting a drink out of the water fountain when he turned towards me and started crying. I asked Mr. Jacobson what was wrong and told him to be honest with me and that I am only here to help him. He then stated that he needs help and that he did something that he should not have which was causing his problem. I then called dispatch at 10:58am and informed dispatch that I needed a life squad here for an individual who appeared to be overdosed on something.

While waiting for the life squad Mr. Jacobson told me that he had taken too much heroin. Toledo fire department arrived at 11:03am. I informed TFD that Mr. Jacobson had taken heroin and that it was most likely an overdose. TFD stated talking to Mr. Jacobson and questioning him but at first he would not speak with TFD, Mr. Jacobson kept saying he did not want to get into trouble. I told Mr. Jacobson to look at the uniform that TFD was wearing, and informed Mr. Jacobson that TFD is not the police. Mr. Jacobson then started talking with TFD and at that point TFD called for Lucas County Life Squad.

Lucas County Life Squad showed up at 11:10am at that point TFD walked Mr. Jacobson out to the life squad to be transported to the hospital. Life Squad left at 11:12.

Incident Information: On 11/7/13 at 1440 hours while doing Touch Track in the Classics Gift Shop, Chris Varwig (Manager of Gift Shop) informed me that another necklace along with the display it was on, was stolen. Ms. Varwig was absent the previous two days, so she called the volunteers that had been working. It was observed that the volunteer whose shift was from 1300 until they closed at 1700 had noticed the necklace and display still in its place when she first arrived. The volunteer on the other hand recalls that the Gift Shop was busy during her shift and did not pay attention to whether or not the necklace and display was still there when she left.

Dispatcher Veronica Gozdowski reviewed cameras and observed a female patron go near the area and take an unknown item, but was unable to verify whether or not she put the item back. The female patron comes to the library quite often and most staff knows who she is. Ms. Varwig called the volunteer that was there during the theft again and confirmed that the female did not purchase anything that day. Since we were unable to prove that she stole anything, I advised Ms. Varwig to call security next time she enters the Gift Shop. No further information was found.

Incident Information: On 11-6-13 at approximately 1320 hours Ray from maintenance notified me that a patron later identified as John Thomas Wight Jr. had damaged library property at approximately 1310 hours. Mr. Wight checked out a motorized cart from the door desk. While Mr. Wight was driving the cart around in Humanities he struck the sidewall divider of the copying machine area. While walking to Humanities with S/O Schumaker and Ray we spotted Mr. Wight heading to AV. As we approached Humanities through Wintergarden I asked S/O Schumaker to locate and stay with Mr. Wight while I inspected the damage with Ray.

Upon my inspection of the damage of the sidewall divider I noticed that it had been ripped off the screws. The wood was split and in pieces. Ray stated that he could not just fix it and it would need to be fully removed for the time being.

After my inspection I radioed S/O Schumaker to find out what his location was. He advised me that he and Mr. Wight were still in AV. When I arrived I spoke with Mr. Wight about the incident. I asked if he was indeed the one who struck the sidewall. He confirmed he did and said "I already paid for it. I've done this before and paid for it." I took down his information from the State ID he provided and informed him he would be banned for the day and possibly longer due to the incident. Mr. Wight was escorted out without further incident.

Note: It is suspected that Mr. Wight may be involved in the damage to the door of elevator 10 in Wintergarden. Unfortunately, that is unclear at this time.

Incident Information: On date and time stated above, I observed an African-American male (approximately 5'4" tall and 200 lbs wearing a blue beanie hat and gray jacket) in the Humanities Area watching a video of a male having sexual intercourse with a female in a "Sex Guide"; the male was masturbating inside his pants as he watched the video. When I was able to get the male's attention, he removed his hands from his pants and closed the web page. I tried to gather his information but he was uncooperative and then logged off of his computer. I tried to retrieve his name and other information but he turned away from me and began walking towards the front doors. I called for an available Officer, S/O Kominek responded to the call and walked with the male and I to the front doors. Ptl. Marsh also was walking with us and the male was uncooperative with us all. The male left and we were unable to gather any information. Dispatcher Nichpor was able to get an image of the male as he was exiting the building.

Incident Information: On 11/7/13 at approximately 1600 hours, I observed three teenagers singing loud in one of the BTS study rooms. I have warned all three teenagers several times throughout the day for loud noise and grouping around pathways. I asked all three teens to leave for the day for causing a disturbance in the library, after being warned multiple times already. I advised them that they were welcome back tomorrow (11/8/13).

As I was escorting the three teens to the front entrance, one teen (Ericka Mulcahy) became very rude and stated "man this is why I hate white people" along with a few other statements that I was unable to hear clearly. I then gathered Ericka's information and advised her that since she could not leave the premises without causing more of a disturbance, that she would be allowed back in seven (7) days. As all three teens were exiting the library, Ericka continued to be rude and mumble statements under her breath. No further incident.

Incident Information: On 11-7-13 at approximately 12401 hours I was notified by Clerk Denise that two young female patrons reported to her that their bikes had been stolen. I went up to the girls and asked them a few questions about what had happened. I was told that the girls had arrived at the library around 1100 and when they left the library at around 1235 they noticed that their bikes had been stolen and the only thing that was left was the lock that they had used to lock up the bikes. At approximately 1240 hours I had the girls write down their information and while they did that I called dispatch to have the dispatch officer look at the camera facing the bike rack to see if it is possible to identify the suspect. I then went outside with the girls to have them show me where the bikes were at. As we were at the bike rack one of the girls' fathers arrived and I explained to him what had happened and what his options were as far as how he would be able to handle the situation going forward. He understood everything I said and he along with the girls left library property.

Incident Information: On November 8th 2013 at approximately 0920 hrs, this officer was on patrol when I entered the first floor men's restroom and observed two individuals in the stall together with their feet "interlaced". I ordered the first individual, later identified as Prince Jones, to come out of the stall. I asked P. Jones why he was in the same stall as another man. P. Jones first told me that the other man, later identified as Emanuel Singleton, was his brother and he just had to tell him something. I asked P. Jones why he didn't just tell him from the other side of the stall and he replied with, "we didn't do any gay shit." I called dispatch to check if there was a history with P. Jones and there was none. I then told P. Jones to leave for the day and that I was going to write a report concerning this incident and that it will be up to my boss as to whether the punishment would go further. I then called for Off. Marsh to assist in talking to E. Singleton. As E. Singleton came out of the bathroom I asked him why he was in the stall with another man and he replied that P. Jones was his brother and that P. Jones was just telling him something about his girlfriend. I advised E. Singleton that it seemed odd that P. Jones had to tell him something while being in the same stall. I called dispatch to check on any history with E. Singleton and there was none. I advised E. Singleton that he would have to leave for the day and that I would have to write a report concerning this incident and that it would be up to my boss as to whether the punishment would go further. He left with no further incident.

I resumed regular patrol at approximately 0930 hrs.

Incident Information: On 11/8/13 at approximately 1330 hours, Dispatch radioed for an available to go to Commissioners Plaza due to a patron complaint of three males and a female verbally fighting. When I arrived at Commissioners Plaza I observed that one of the male patrons was Andrew Clark arguing with two other male patrons.

I have spoken to Andrew several times about not being allowed on Library property because he is banned for stalking a staff member (Lupe Hurtado), along with another female patron and taking photos of them in the library. Andrew is banned until 9/20/14. I have also advised Andrew that if he does, he could be charged with trespassing.

I was advised by Jake Heer (previous Assistant Chef) that if he continues to come on property, to detain him and call TPD to charge him with trespassing.

As I was approaching Andrew, I radioed for Ofc. Gankosky to assist me. I informed Ofc. Gankosky that he is banned and needs to be taken to DT. Ofc. Gankosky detained Andrew and we escorted him inside the library to DT as I radioed for Dispatch to notify TPD. Andrew began to use foul language and curse all through the library. When we entered DT, Andrew become calmer and gave us permission to go through his belongs.

At approximately 1335 hours Dispatch called me to the Security Office. When I arrived, Dispatcher Kendrick Bischoff informed me that Capt. Justin Feher advised him to cancel TPD and let Andrew go. TPD was already on property as they received the call canceling their service.

Ofc. Gankosky and I then gave Andrew his belongings back and escorted him off Library property.

Incident Information: On November 8th 2013 at approximately 1315 hrs this officer was just finishing lunch when Off. Johnson asked me to come to the door desk in reference to an incident. When I arrived at the door desk, Off. Johnson told me that an individual, later identified as Joshua Smith, was being looked at through the cracks in the stall he was in. I asked J. Smith if he had noticed anything about the individual, later identified as H. Reynolds. J. Smith told me that all he saw were black Nike shoes with a white Nike symbol on them, blue jeans and that he was African American. Off. Johnson told me she saw who it was and confirmed that it was H. Reynolds who was being described. At 1615 hrs. I was called by Off. Johnson who told me that H. Reynolds was in the men's room again. I waited for H. Reynolds to come out then I took him to the side and asked him about the incident. H. Reynolds admitted to me that he had been in the men's room around the time of the incident but said that he was not involved with looking through stalls. I called dispatch to check on any history involving H. Reynolds and found that he had been banned once prior for looking at inappropriate images on the computer. I then told H. Incident Information: On 11/09/2013 at approximately 9:40am I was standing inside in the audiovisual area looking out of the window watching a few patrons sitting on the benches in the north lawn smoking. As I was watching I noticed Thomas Marsh messing with something on his lap. I continued to watch him only to witness him light something and smoke it, this did not appear to be a cigarette that he was smoking. I watched Mr. Marsh take a hit of whatever he was smoking and held the smoke in for some time before releasing it, and then he started coughing. Mr. Marsh then started messing with something on his lap again, at this time I called for an available officer to meet me on the north lawn for a patron possibly doing drugs.

I approached Mr. Marsh and asked what was going on. Mr. Marsh stated that he was smoking a cigarette. I asked Mr. Marsh if that was all and he stated yes. I asked if he had anything on his person such as drugs and or weapons of any kind. Mr. Marsh at first said no and then I told him I had been watching him from the window so I will give him one more chance to come clean on what he was doing. Mr. Marsh at that point admitted to having marijuana on him. Sgt. Solis was standing close by so I motioned for him to come over. I explained that to Sgt. Solis that Mr. Marsh stated that he has marijuana on him. Mr. Marsh then opened a yellow container that was connected to his key chain that was attached to his belt which was positioned in the area of where I saw Mr. Marsh messing with something. I asked Mr. Marsh if that is what he had been messing with and he stated yes.

Sgt. Solis and I took Mr. Marsh to the DT room. I asked Mr. Marsh if he had anything else on him, Mr. Marsh stated no other than his medication that he has to take every day. Sgt. Solis asked to see all of the medication and checked to make sure that it was all legal prescriptions. All of the medication checked out to be all Mr. Marsh's and was turned back to him. Mr. Marsh handed the marijuana over to me and I informed Mr. Marsh that he will most likely be receiving a letter in the mail stating that he will be banned for six (6) months from all of Lucas County Library systems. Mr. Marsh stated that he understood and was then escorted off property by myself.

Incident Information: On November 11th, 2013 at approximately 1055 hrs. this officer was on patrol when a woman, later identified as Kalista K. Dukett, approached me. K. Dukett to wait inside the library while I talked to S. Perkins. As I approached S. Perkins, he was shouting at K. Dukett saying that she was a liar; I told S. Perkins to calm down and tell me what happened. S. Perkins told me that he had just got punched in the side and that she was lying; he also said that he was leaving anyways. I wrote down S. Perkins information and told him that I was going to type a report concerning the incident. S. Perkins left without further incident. I then spoke with K. Dukett concerning the incident. K. Dukett told me that she went out to tell S. Perkins something, and when she approached him he told her, "I don't have time for this." K. Dukett said that he also said, "I am going to get my cousin to come down here and beat your ass." I asked K. Dukett if she knew S. Perkins prior to this incident and she said no. Incident Information: On the date and time in this report I witnessed Kyle Whitzel enter the building. He had been caught looking at porn twice already and I knew he was not allowed back for some time. I checked with Janice Sherman to confirm he was still not allowed at this branch and she confirmed. I went over to Kyle and asked him if I could speak with him away from the other patrons. I informed him he was still not allowed to be at this branch due to his previous infractions. He said okay and left without causing any issues.

Incident Information: On 11-12-13 I witnessed Monroe Howard looking at very inappropriate images on computer #20. The site he was looking at had very bright pink boxes with images in them of girls completely nude and doing other adult activities. I had Shelly Guerrero get his log in information. I pulled him to the side and confronted him. He did not object and was told he is banned for seven days. I allowed him to stay until his disabled mother was done on her computer but he was to sit on a chair and wait. He is allowed back on 11-19-13.

Incident Information: This regular patron had another episode of incontinence as documented in previous UOR's. The damage was not discovered until he left and someone complained about an odor and mess in and around the men's room. There were feces on the floor of the men's room that had been tracked both into and out of there by several people. There was also a persistent odor pervading the library.

Incident Information: On 11/13/13, I had warned Breontay Henderson-Gray several times about his noise between 1500 and 1528 hours, while he was using a computer in Metro. I approached Breontay again at 1528 hours, about his noise to ask him to leave for the day. As I was speaking to him, Breontay pointed to a photo that was on his Facebook and said "Look at that" to me and his friend (D'Angelo LuCone Foreman). The photo was of a male performing sexual acts on a female. I had then asked Breontay to log off his computer and advised him that he would be banned for one week until 11/20/13, for violating the library's Internet policy.

As we were exiting Metro, Breontay began to use vulgar language and curse. When we were passing Door Desk, Breontay stated "You're a bitch" toward me; Ofc. Pam Johnson and staff member Mary Plews heard Breontay's statement. I then advised Breontay that he would need to check with security before he comes back because he could be banned longer since he continued to curse toward me. As he was exiting the front doors, he stated "You're a dick head. Fuck this library. I ain't ever coming back". I escorted Breontay off property without further incident.

Incident Information: On 11-13-13 at approximately 1640 hours Ofc. Johnson called for an available officer to come to door desk. Upon my arrival, Ofc. Johnson informed me that a juvenile male patron, later identified as Allen Mullins, needed to speak with me. I asked Allen to step behind the desk. Allen advised me that he was in the first floor restroom behind the security office in the handicapped stall. Allen advised the suspect, later identified as Richard Mullins, who was in the stall next to him, began making hand gestures underneath the stall wall. Allen stated that the first hand gesture was as if Richard was motioning for Allen to come toward him. Allen advised Richard grabbed his right leg after the hand motion. Allen stated that he looked into a hole in the stall wall. The hole was below the toilet paper dispenser. Allen stated he saw Richard looking through the hole. Richard then stuck his finger into the hole and began moving it back and forth in a sexual nature.

I called for Ofc. Schumaker to assist. Ofc. Peacock, Ofc. Schumaker and I then entered the restroom. Upon entering the restroom I observed one male patron using the urinal and another patron using the handicap stall. I knocked on the handicap stall door. I informed the patron, I was a Security Officer and I needed him to step out of the stall. Upon exiting the stall, I identified the male patron, as the suspect, Richard Mullins. I asked Richard to step out of the restroom and into the hallway. Ofc. Schumaker escorted Richard to the DT room and gathered his information and his side of the incident. I went back to speak with Allen, while Ofc. Schumaker spoke with Richard.

We determined to notify TPD of the incident. Captain Feher and Security Coordinator Jeff Sabo came to assist. TPD Officers arrived at 1657. TPD arrested Richard and took him to the Lucas County Jail.

Incident Information: On 11-13-13 I arrived on duty at 1220 hours. After putting my lunch in the break room and hanging up my coat, Erin told me that the police were outside talking to someone. I stood outside the lobby in view of them in case I was needed. They drove off and Eric came inside. I asked him if everything was alright. He told me he had called the police because an ex-girlfriend was harassing him and he already had a restraining order on her. I told him that if he is in need of any further assistance that he is more then welcome to approach me. He thanked me and went back to his computer.

Incident Information: Mr. Baldwin had another episode on incontinence and soiled himself, his clothes, and the chair he was sitting in while using a computer. His trip to the men's room left a trail of feces on the carpet and on the men's room floor. He must have left shortly afterwards because I couldn't find him to talk about it. This time we didn't know this had happened until customers complained about the odor in the men's room and around the soiled chair he had been using. A male customer was very upset about the state and odor of the men's room, apparently he stepped in the feces.

Incident Information: Robert Paine was observed by two staff members viewing pictures of naked women at the computer. After being informed of this, Katie Midgley ended his session on the internet, sending him the message 'inappropriate content'. He left right away. There was no verbal confrontation. Will Harbauer told me that Mr. Paine returned on 11/14 at 2:30. He was on the Internet in the children's area. We went over to talk to him. I told him that he would have to leave because he was viewing pictures of naked women last night. He said that it wasn't his fault because he was on a dating site and the pictures just popped up. I told him that I didn't care and that it was inappropriate and he would have to leave for a week. He then left.

Incident Information: On 11/14/2013 at approximately 1620 hours I went to assist Officer McCrum on a call in Humanities department. Upon my arrival I spoke with the Librarian, Bryan, at the Humanities Desk. Bryan advised that the male patron, later identified as Eric Fuller, which Officer McCrum was speaking to, appeared to be under the influence of alcohol. Bryan advised that Eric was slurring his words and could not sit upright in his computer chair. Bryan advised on a prior occasion, Eric had fallen out of his chair and appeared to be drunk.

I approached Officer McCrum and Eric. I heard Officer McCrum asking Eric if he has had any alcoholic beverages to drink today. Eric advised that he has not had anything to drink today. Eric was heavily slurring his words. I noticed an odor of an alcoholic beverage coming from Eric. Officer McCrum asked Eric if he has had any medication today that may be affecting him now. Eric advised that he does not take any medication. Officer McCrum asked Eric what was in a plastic water bottle that was sitting on the computer table. Eric advised Officer McCrum that the bottle was filled with apple juice. The liquid appeared to be filled with beer and not apple juice due to the coloration of the liquid. Eric started to become agitated toward Officer McCrum with his questions.

I advised Eric that Officer McCrum and I were checking on his safety and making sure that he did not need to seek any medical attention. Eric was still agitated but agreed that he was ok and that he did not need any help. I advised Eric that if he needed anything to contact Security.

As Officer McCrum and I were walking away, Officer McCrum heard Eric state that I was a "Dumbass Mother Fucker." Officer McCrum advised Eric for his last statement that he could leave the Library for the day. Eric became extremely agitated toward Officer McCrum and I. Eric stated several times why we were harassing him. I advised Eric that he was going to leave for the day for his actions. Eric continued cussing loudly and advising Officer McCrum and I that we were "Dumb Mother Fuckers."

While escorting Eric to the front entrance, Eric continued to shout obscenities. Officer McCrum and I advised Eric several times to stop yelling obscenities. When we approached Wintergarden, Eric got louder with his obscenities. I stopped Eric and advised him we were going to take him to the DT room for him acting Disorderly. When we got to the DT room, I gathered Eric's information. Eric advised that he did have a few to drink and agreed that it was wrong of him for yelling obscenities. When I advised Eric that he would most likely be banned from the Library for a period of six (6) months for his behavior, Eric became very agitated and confrontational. While Officer McCrum and I escorted Eric to the front doors, Eric continued to shout obscenities. Eric left with no further incident.

Incident Information: At around 2:30PM, Mr Baldwin had yet another episode of incontinence. He again soiled himself, his clothes, and the chair he was sitting in while using a computer. In walking to the men's room, he left a trail of feces on the carpet and on the men's room floor. Many people stepped in the feces and tracked it around before staff was fully aware of the extent of the incident. Our custodian was not on duty so two other staff members closed the men's room and blocked off the entrance where the feces was on the floor and cleaned it up as best they could. I don't know if Mr. Baldwin left the building at that time and came back later or if he simply never left but a repeat of this incident happened shortly before closing. These incidents are causing a lot of disruptions in service when the men's room has to be closed and staff members have to leave the reference desk unattended in order to deal immediately with the worst of it. The odor was such that waiting for a custodian to travel over was not a good option for maintaining adequate customer service. Many patrons complained for the rest of the day even though everything was cleaned up and we emptied an entire can of spray.

Incident Information: On 11/15/13 at 1155 hours, Martin from Technology pressed the Panic Alarm. Dispatcher Kendrick Bischoff radioed for all officers to respond. When I arrived, I observed Jayson Tipping laying on the floor. I approached Jayson and radioed for Dispatch to call Paramedics. Martin informed me that Jayson had a seizure and fell. Jayson was alert, but was bleeding from his nose due to falling on to the Technology Desk. Jayson then began to have a second seizure. When Jayson was relaxed again, I applied pressure to his nose with tissue to stop him from bleeding, until Paramedics arrived.

TFD arrived on site at 1159 hours. They examined Jayson and advised him that he should go to the hospital. Jayson declined transportation and TFD left property.

Incident Information: On 12-11-13 at approximately 1830 hours, Ester Cooper entered the female's restroom. Shortly after, staff member Connie Schmitz, was approached by a female patron reporting that Ester needed help in the restroom. Connie then notified me. Connie and I entered the female's restroom and observed Ester using the handicapped stall. I introduced myself and asked if she needed any help. Ester informed me that she had an accident and asked if I could find her niece Cheryl. Cheryl was using a computer at the time. I informed her of the situation. Several minutes later, Cheryl came out and asked if we had any clothes that Ester could use. Connie then gave her two shirts that were unclaimed for over 30 days in the lost and found. I followed Cheryl back into the restroom to see if Ester needed anything else. Ester asked if we had any other clothing in the lost and found. I informed her that we did not, but that I could find a trash bag that we could cut holes in to use as pants. She accepted. Cheryl informed me that they had someone coming with other clothes. I advised Ester that if she would like, if Cheryl pulled her own vehicle up to the entrance, that I could help her outside and into the vehicle. Cheryl declined and stated that they were going to wait for new clothes instead. Allison Fiscus notified custodial. Allison and I found a trash bag. I then cut two holes and helped Ester step into the trash bag while Cheryl spoke on the phone. At approximately 1915 hours, Ester and Cheryl were still in the restroom when custodial Mark Schram arrived. I entered the restroom again and asked if her clothes were on their way. I informed them that our custodial was here and would like to clean the restroom. Cheryl stated that she should be here within 10-15 minutes and that they would like to stay in the restroom until their ride arrived. Ester and Cheryl's ride arrived shortly after 1930 hours with new clothes. All three patrons left around 1945 hours.

Incident Information: On 11/11/2013 at approximately 1700 hours I Officer Schumaker asked Bryan Burrell to leave for the day after advising the Lagrange Branch Supervisor. Burrell was asked to leave after he and Domonique Smith had been given multiple computer policy violation warnings for multiple people at one computer. When the supervisor looked up the library card being used by the two patrons we realized that the library card being used by Burrell was not his. We waited until Burrell got on a different computer to see if he would use a different card because the supervisor locked the pin on the current card he was using. Once he switched computers and used his own library card I approached him and told him he had to leave for the day because he had violated the computer policy by using someone else's card. Burrell then denied it and said he knew I was lying because he had let Smith use his card. At that point I told him in that case they were both out for the day. Burrell continued to use the computer, so I told him if he did not log off and leave they would be charged with criminal trespassing. Smith started getting aggravated and argued with me. Smith then started making comments like, "I'd like to see your rent-a-cop ass try to put some handcuffs on me." At this point a third suspect by the name Sherrod Thompson started arguing with me as well, so I told him he also had to leave for the day. I then told them again they all needed to leave the library or I would detain the three of them and have them charged with criminal trespassing. They continued to argue but they were walking towards the door so I did not respond to the comments that they were making. I followed them to the door to make sure they left without further incident.

Incident Information: On date and time stated above, the door desk called for an available officer and I responded. The call was for a male patron (Juan M. Barcenas) who was mumbling with his words, having difficulty speaking, and stumbling as he walked. I asked Barcenas to step aside with me to talk so we were out of the way. Barcenas used items such as the desk, ticket machine, and a table to aid himself in walking. I asked Barcenas if he was under the influence of any alcohol, narcotics, or other items and he stated that he was not. I inquired about his ID and he handed me his State ID from his wallet. I made a copy of his ID and returned it to him. Barcenas asked to use the restroom, I allowed him and at the same time checked to see if he had any prior incidents at the Library, he did not. After about five (5) minutes in the bathroom I knocked on his stall door and asked him to come out. Barcenas was grabbing on to the stall in order to remain standing, I also observed that he had urinated on the floor and all over his shoes. Barcenas had a seat behind the door desk and requested Medical Services because he wanted to go to the hospital. Dispatch notified 911 and they sent TPD instead of TFRD. I stood with Barcenas as he waited. TPD arrived, gathered Barcenas' information, at that time he changed his mind about receiving medical attention. TPD said he had previous DC while Intoxicated charges and that today they would just take him back home since he was causing no problems. Barcenas was fully cooperative with me and TPD. TPD left the scene with Barcenas to take him home.

Incident Information: On 11-16-2013 at approximately 4:30 pm I told Michael Pressnell and his female friend to separate due to the fact that they were up against the checkout stand making out and groping each other. A few seconds later Mr. Pressnell started saying "Fuck" several times, a librarian was walking by at the time and said something to Mr. Pressnell. I walked over to Mr. Pressnell and told him he was out for the day. As Mr. Pressnell was walking out the door he stated "I will see you pretty boys later", I told him due to his conduct he will now be banned for one (1) week.

As I was walking back in S/O Bloomer and S/O Kominek was walking out. S/O Kominek asked me if I told Mr. Pressnell he needed to leave property and I said yes I did. S/O Kominek stated that Mr. Pressnell and his lady friend were still on property hugging and kissing. As S/O Kominek and I started walking towards Mr. Pressnell he then went to run across the street and a Toledo Police officer was driving and stopped his vehicle right in front of Mr. Pressnell. The TPD officer pointed at Mr. Pressnell and asked what was going on, I said that we just needed Mr. Pressnell off property. Mr. Pressnell said at that point that he will leave and did so.

Incident Information: On Monday November 18th 2013 at approximately 1310 hrs., this officer was dispatched to the third floor in reference to "unruly teens". As I arrived on the third floor I heard a librarian say, "They are fighting!" I ran over to where the teens were located and told them all to line up against the wall and asked them what happened. Three juveniles, later identified as Myaih Taylor, Shytia Jackson and Isaac Berry, admitted that they were "play fighting". The other juveniles, later identified as Jermaine Johnson, John Sykes and Andrew Foster Martin, were witness to the "play fight". I wrote down all of their information and told them that they were to leave the library premises for the rest of the day. I also informed them that I would type a report concerning this incident and that it would be up to my boss if they had to stay out longer. They were all compliant and they all left without further incident.

****Shytia Jackson is currently banned until November 29th 2013****

I resumed normal patrol at approximately 1330 hrs.

Incident Information: On 11/18/2013 at 1430 hours I was advised by Officer Chopp that there was a vehicle accident in the parking garage. Upon my arrival, I observed a white vehicle in Row E, fifth parking space in from the front had collided with a blue car that was parked in Row D in the sixth parking space in. The white vehicle was a white Lincoln Town Car with Ohio Registration (FRW 9204). The blue car is a Monte Carlo Ohio Registration (EZK 5237). The Lincoln town car appeared to not have a parking brake. A foot long piece of 2x4 was used under the driver side rear tire to keep the vehicle from moving forward. The Lincoln town car moved forward and to the right after the 2x4 slipped from underneath the tire. The Lincoln collided with the driver side rear panel near the rear tire wheel of the Monte Carlo.

The driver of the Monte Carlo, Patricia Stasek, advised that the car belongs to her daughter, Elizabeth Britton. The owner of the Lincoln is a William Clark Jr. Both parties talked and advised that they were not exchanging personal information and would go on their ways, since the damage to the vehicles was not severe.

Incident Information: On 11-18-2013 at approximately 10:45am, I was patrolling the Pop teen area and stopped to talk with one of the librarians when a patron had approached me and informed me that a man was having a medical problem. On arrival I encountered Donald Lampley who was having a seizure while sitting in a chair, I then called for assistance. Mr. Lampley was turning blue in the face. I called for Capt. Feher to get here and then called to have Lucas County Life Squad dispatched. At approximately 10:50 Toledo Fire Rescue showed up. Mr. Lampley started breathing again, TFD started working on him until LCFS showed up. LCLF showed up at approximately 10:55, TFD and LCLS put Mr. Lampley on a stretcher and transported him to the hospital. TFD and LCLS both left the library at approximately 11:00am.

Incident Information: On 11/18/13 at 1509 hours, Technology pressed the Panic Alarm. Dispatcher Veronica Gozdowski radioed for all officers to respond. When I arrived, I observed Jayson Tipping laying on the floor near the computers. I approached Jayson and radioed for Dispatch to call Paramedics. I was informed that Jayson had a seizure and fell. A patron that witnessed, stated that Jayson hit his head. Jayson was alert and trying to stand up. I advised Jayson to lay down in case he hurt his head or has another seizure. Shortly after, Jayson began to have a second seizure.

TFD arrived on site at 1513 hours.

They examined Jayson and advised him that he should go to the hospital; Jayson accepted.

EMS arrived on site at 1518 hours and transported Jayson at 1525 hours to St. Vincent's Hospital.

Incident Information: On 11-18-2013 at approximately 1615 hours I was watching Mr. Boid view images of women on his computer. After watching for about three minutes Mr. Boid started to slowly click pictures that were very inappropriate. Once Mr. Boid clicked onto a picture that showed a female naked I then approached him and asked him to step away from the computer. Mr. Boid did do without further incident. I then asked Mr. Boid to step outside with me so I could explain to him what was going on. Once Mr. Boid and I stepped outside I explained to him that he cannot be viewing images of nudity, Mr. Boid agreed with me. I then explained to Mr. Boid that due to the policy of the library he would be banned from all Lucas County Libraries for one week. Mr. Boid understood but asked me what he should do about the items that are due in the meantime. I told Mr. Boid that he can come in and drop off the items in the drop box and then leave the property right after. Mr. Boid understood and left the property without further incident.

Incident Information: Patron called the branch to tell staff that there were two women arguing in our parking lot. Wendy and Katie walked outside to see what was happening and we observed two women arguing and cursing loudly. Wendy stood back at quiet a distance and asked if there was a problem. One of the women claimed she didn't want to take the other home because she had been disrespectful by spilled coffee in the parking lot. She wanted her to clean it up and was refusing to take her home. Wendy asked Katie to call Sylvania PD and have them come out. I told the women that the police were on their way. After a few minutes more they decided they would leave together and were pulling out when SPD pulled in. One cruiser stopped to speak to Wendy, while the other followed the women. Not sure of the outcome since both cruisers then gave chase.

Incident Information: On 11-19-2013 at approximately 1456 hours I was flagged down by Julie Erhart-Walton. I proceeded to head to the back circulation room where she told me she thinks there is a banned patron using the copier. Upon further inspection she positively identified the patron as Alfred Bowlson. I was informed that he was banned until July 2014 because of a prior incident. I then proceeded out to the copy station and pulled him aside from his family. I asked if he was Alfred Bowlson and he confirmed that he was. I then advised him that he is banned from the library until July of 2014. He told me that he was not aware of being banned. I advised him that we sent out a ban letter explaining why he was banned and that we have a copy on file. I advised him that he needs to leave and cannot return until July 2014. He complied and left the library without and further incident.

Incident Information: I was putting away DVD's in audiovisual section and Russell quickly came and sat in the chair close by. I noticed that he was watching me and waited a while before I looked up to notice he had his phone pointed in my direction. Soon after he noticed I looked, he got up and quickly walked towards the computer, yet still had his phone out and over his shoulder with what seemed to be the camera on the screen. He sat down on the very edge of the chair with his back towards me, still with the camera up on his phone and over his shoulder. I immediately went to Lisa Green to let her know I felt as if he was taking pictures of me. Russell watched me as I walked into her office and continued to look at me as I talked to her. She took care of it from there.

REPORTED BY: SIERRA WEBB

Sierra came to my office explaining what had just occurred. I recognized the patron she was referring to and verified his name. I asked Jacey Duffer, clerical supervisor, to be witness to our conversation. I asked Russell if he had taken any pictures of people working in the library. He denied doing so, saying that he was texting, not taking a photo. I asked if I may see the last few pictures on his phone. He agreed and showed me several pictures. I did not physically take his phone from him so could not absolutely verify that no pictures of Sierra were taken or that the ones I was shown were the last ones taken. I told him that he could not take pictures of staff or others in the library and that he could be banned for doing so. I contacted dispatch to review the security cameras. I then instructed Russell to leave library property. He left with no further incident.

Incident Information: On November 19th 2013 at approximately 1515 hours, this officer was beginning "touch track" in the first floor men's restroom. Upon entering the restroom I smelled a strong odor of an alcoholic beverage. I scanned all three stalls and thought I saw a "tall boy" beer can in the middle stall, which was occupied by an individual. I called for Ofc. McCrum to scan all three stalls to confirm my suspicion. Ofc. McCrum did in fact see a "tall boy" beer can in the middle stall and that the individual in the stall was drinking from it. I asked Ofc. McCrum if he could take charge of the incident while I continued "touch track" and Ofc. McCrum said he would. Approximately two minutes later Ofc. McCrum radioed for my assistance with the patron. As I arrived at the restroom area I noticed that the individual, later identified as Michael Bielawski, had a strong odor of an alcoholic beverage. Ofc. McCrum told me that M. Bielawski did admit to taking a drink from the beer can but said that the beer was not his. I informed M. Bielawski that even though the beer may not have been his he was still in possession of it and was drinking from it which is against library policy. I informed M. Bielawski that I appreciated him telling myself and Ofc. McCrum the truth and that I would be typing a report concerning this incident. I ordered M. Bielawski to leave for the day and that it would be up to my boss as to whether he would be banned or not.

M. Bielawski left with no further incident.

Incident Information: On 11-19-2013 at approximately 11:00am, a gentleman stopped S/O Chopp and I to inform us that Amy Vanwalsen smelled of alcohol and appeared to be intoxicated. When S/O Chopp and I approached Amy we asked her if she has had any alcohol to drink today. Amy replied and said no. I asked her if she was telling me the truth and she said yes. I then informed her that if she was intoxicated she could possibly get into trouble with the police if she did not want to cooperate with us. Amy then said she had one (1) beer about an hour ago. I could tell by her eyes and the odor of alcohol coming from her that it was more than one (1) beer. I said to Amy that I will give her one more chance to be honest with me about how much she had to drink. Amy first just looked at me for a couple of seconds and then said ok I had a few. I then asked Amy to stand up and come with S/O Chopp and me away from everyone else to talk. Amy did so without any problem.

Once Amy, S/O Chopp and I were not around anyone I then explained to Amy what was going to happen. Amy kept repeating herself buy saying "I don't know what I did wrong" about 5 times. I said if you would give me a second I will explain. After she calmed down I told her that she could not be intoxicated and remain inside the library or on the property of any of the Lucas County Libraries in Toledo, Ohio. Amy understood and left without further incident.

Incident Information: On 11-19-2013 at approximately 1845 I heard a loud voice telling people to please be quiet. As I approached the computer area I noticed Tim Loge talking to a patron. This patron was very loud and hostile towards Tim. She kept saying that he was not doing his job and that this was going on for over an hour. I approached her and asked what was going on and she proceeded to tell me that kids were running around making very loud noises and that this had been going on for over an hour. She told me that I was not doing my job and that if I was this would not have happened. She also became hostile and escalated towards me. I told her that if she is going to be loud and not keep her voice down that she is going to have to leave for the day. She refused and I calmly explained to her that she needed to leave for the day. She became more hostile towards me. Then her son came over and said that he was ready to go and that they could leave now. As they were heading out she was still being loud and causing a scene trying to get other patrons involved.

Incident Information: On the above date and time listed while on patrol, I Sgt. Peters, was notified by Kyra Sullivan that her little 5 year old sister Destinee' Sullivan, while using the restroom was photographed by another patron. The Destinee had stated that while she was sitting on the stall another patron with the name of Tyiesha Williams had stepped on the toilet in the stall next to hers and pointed her camera over the stall into Destinee's and took a picture of her. I then asked Destinee' if she could describe Tyiesha, in whom she stated it was the female in the purple North Face coat and black boots, which described Tytisha's outfit. I along with Kent Branch Manager Faith, who I informed of the situation, walked up to Tyiesha and asked if she had taken the photo of Destinee' in the restroom. She had stated that her along with her friends were taking pictures of one another in the restroom and did not take any of Destinee'. She even told us that we could look through her pictures in which she pulled them up and started flipping through each one showing the pictures of her and her friends along the mirror, but none of Destinee'. Without having any cameras in the restroom and having seen the phone with no pictures taken of Destinee' we decided that we couldn't do anything with Tyiesha other then telling her that it's not a good idea to take pictures and play in the restroom. We then had talked with Destinee' and told her that we did not see any pictures of her on Tyiesha's phone in which Destinee' continued playing on the children's computer. No further incident.

Incident Information: On 11-22-2013 at approximately 1145 I was approached by a patron who was later identified as Eric Jones. He told me that he was being harassed and he feared for his life. He was visually upset and crying and shaking. He told me that he was being harassed through Facebook and that he wanted to contact the police but he did not have a phone. Seeing as he was upset and said he feared for his life I called dispatch and advised them to send Unit 66. I explained to them that I had a patron that was being harassed and feared for his life and he wanted to file a report. Once 66 showed up Officer Walsh talked to him and got some information about what was going on. She explained to him that it's a round about complaint and that she will file a report if he wants to. She also advised him that there really is not much that they can do because he does not know the person on a personal basis, and he also did not have any of her personal information. She then advised him to delete her from Facebook and if she continues to give him problems to let them know. Officer Walsh informed me that she was not going to file a report. No further action taken or was needed.

Incident Information: On date and time stated above, I was patrolling in the Local History and observed a suspicious African-American male patron going into the restrooms with DVDs in his hands. The male appeared to be very nervous and kept looking back at me. It was later determined that the male patron was Derrick Lamont Jones.

Mr. Jones left the bathroom to return the key after approximately five (5) minutes. I went into the bathroom and checked the garbage can, in the can was four (4) DVD cases wrapped together with toilet paper. I asked for Ptl. Schumaker to come to the 3rd floor and we then stopped Mr. Jones and asked him if he knew anything about the DVDs. Mr. Jones denied stealing any DVDs and that he wanted to leave. I obtained his ID and after several attempts of asking about the theft he admitted that he broke the cases open but did not have the DVDs on his person. Ptl. Schumaker and I detained Mr. Jones and took him to DT.

Upon searching Mr. Jones, I found the four (4) DVDs in his front left pocket. After contacting Asst. Chief Feher, it was determined that charges would be pressed at a later date. We advised Mr. Jones that he would be banned for a minimum of one (1) year and also that today he would be released. We advised Mr. Jones that he may be held liable for restitution charges and that he will be receiving his ban information by U.S. Mail. Mr. Jones was released and left Library property with no further incident.

Mr. Jones is also seen on video on 11/22/13 at 1320:56 hours (1:20:56) performing the same actions as today (11/23/13 at 1107 hours). DVD cases were recovered from the bathroom that may be linked with multiple thefts involving Mr. Jones.

Incident Information: On 11-23-2013 at approximately 1330 I was called out from Teeny at Circulation that I was needed out front. Upon arrival I witnessed two patrons getting in a verbal argument. The male was Eric Jones, who I dealt with on 11-22-2013. They were arguing about how she did not threaten him. I was able to get them separated and was able to talk to them. Eric was visually worked up and crying and wanted to call the police. I then advised Eric to take a seat on the bench while I go talk to her. I then proceeded over to the computers and asked if I could speak with her. The female patron was later identified as Jamila Graves. She advised me of what was going on between the two of them. She told me that Eric was posting things on Facebook about how he devil worships and all this other nonsense. She then told me that she said to stop doing that and her friend who she did not name said she was going to beat his ass and mess him up. She also then advised me that she came to the library because she knows he is here everyday and she wanted to try and talk to him because she considers Eric a good friend. She still thinks of him as a good friend. At this time TPD showed up along with S/O Gankosky. Eric ran out to TPD and started talking to them about the incident. I headed over and advised TPD of the situation and that I dealt with this same individual and circumstance yesterday, and no police report was filed. I then proceeded over to S/O Gankosky and explained to him what was going on. We all walked in together and when we got inside they separated Eric in the meeting room. While Eric was separated I spoke with him and he advised me that he was afraid for his life because she liked the comment of the girl that threatened him yesterday. He also explained to me that he posts things on his Facebook wall about himself and he's not trying to harm anyone or annoy anyone, and he just wants to be treated like a human being. He was still visually upset while he was talking to me about this. TPD advised the individuals of the manner at hand and that if they continue to bring this manner up in the library they could be banned. No further action was taken or needed.

Incident Information: On date and time stated above, I was patrolling in The Metro and Marcy, the Librarian advised me that a male patron was allowing a female patron to use his Library Card on the computer. She requested that they be removed for the day because she had just warned the two patrons for behavior. I approached the male patron (Roger Eugene Craig) and asked him and the female to leave the Library for the day. Mr. Craig became angry and told me, "I ain't causing no problems, you just coming at me cuz I'm black". I politely told him that he was no longer being asked to leave and that I was telling him to leave. Mr. Craig got up and began walking towards the door. Mr. Craig then threatened me stating, "You'll see a real problem when I come back with forty (40) and you on the ground! Man leave me alone". We continued to walk towards the front door and I then advised Mr. Craig that he will be banned for a minimum of seven (7) days and not to return until 12/2/2013. He told me, "Yeah I'll be back you'll see how big a problem Imma be." As we walked past the door desk he turned toward S/O Kominek at the desk and I told us both, "My dads gunna come in here and own you, that's right he gunna own you two."

Mr. Craig left the Library. Approximately five (5) minutes later he was still on property out front, Ptl. Rupert and I went outside to advise that he needed to leave Library property. He replied with, "Yo officer is petty, he petty! Comin' and buggin' me." Mr. Craig's aunt told him to be quiet and leave. Mr. Craig then left property with no further incident.

Roger Craig has multiple other incidents at the Library, one of which is harrassment back on 4/17/2013.

I request that due to the escalation of this incident and Craig's other incidents that he be banned for longer than one (1) week, especially considering that his threats may be valid since he is currently on probation for Assault with a Weapon.

Incident Information: On 11/25/2013 at approximately 1045 I encountered a juvenile by the name of Qwanta Lee Brooks. I asked him if he needed help with anything because he was standing in front of Dispatches door. Brooks stated that he thought he might have been banned from property, but wasn't sure. At that point I went into the Dispatch office to look his name up. I found his ban letter, made a copy and hand delivered it to him. There were no witnesses. Brooks took the letter and left with no issues.

Incident Information: On 11-26-2013 at approximately 1515 I noticed a patron that I dealt with on 11-19-2013 regarding verbal harassment of Tim Loge a librarian ad myself. I approached her to advise her that she is banned from the library because of her actions on 11-19-2013. She then proceeded to yell and scream and become visually hostile and aggressive. I told her that we can talk outside and she followed me to the lobby area and she started screaming again. I told her that she needs to leave and started escorting her outside. While escorting her she became more hostile and aggressive towards me saying that I was not doing my job and that she is a tax payer and she will call the library board on me. I politely advised her that she needs to leave. She started to walk away and then she would come right back and get in my face. At this point Allison Fiscus the Assistant Manager came over and stepped in. Allison intervened and Arlene redirected her anger from me onto Allison. Allison explained to her that she needed to leave the library for 24 hours. Arlene was not listening or having any part of it, she got up in Allison's face and told her to shut up. At this point I stepped in between them and started issuing verbal commands in a strong assertive voice that she needs to leave. If she does not leave the police will be called. At this point I stepped out to the driveway and observed her get into her car which was a silver Honda CRV. I also got her license plate which is AE0ILLB. While she was getting into her car she stopped in front of the library doors and started saying that I was harassing her. I told her in a assertive voice that she needs to leave and that the cops are on the way. While this was going on I advised Tim to call dispatch. Tim advised dispatch of the incident and he spoke with Veronica and she asked if we want to have the police come out, and he said that we do not need the police. Arlene then left the library without any further incident. She contacted Niki Naylor to express her concerns. No further action was taken or needed.

Incident Information: On 11/27/13 at 1415 hours while in Dispatch, I observed two male patrons exit the first floor men's restroom. The one male patron (Joshua Smith) was yelling at (Charles Lake) and getting in his face while saying "Mind your own fucking business". I radioed for an available officer as I separated the two individuals. Ofc. McCrum and Ofc. Vascik responded, As I spoke to Charles and gathered his information, Ofc. McCrum and Ofc. Vascik took Joshua aside. Joshua continued to scream across the hallway and state "Maybe if you didn't have your dick out in the sink". Assistant Chief Feher then assisted and escorted Joshua to DT.

While I was speaking to Charles, he informed me that he was in the first floor men's restroom looking in the mirror, as Joshua approached him at the sink. Charles stated that he moved to the side to let Joshua through stating "Here you go sir, you can wash your hands". Joshua then responded "Mind your own fucking business". By that time both patrons were almost out of the restroom and I was already approaching them.

After I gathered Charles information, I advised him that I would be doing a report on the incident. Charles then left without further incident.

Incident Information: On 11/27/2013, at approximately 1220 hrs, Ptl. McCrum and I responded to the front doors at the request of Dispatch to clear out a group of persons who were loitering and smoking. There were five males loitering and passing around a cigarillo, just outside the front doors of the library. Ptl. McCrum instructed the group to move down to the corner of the building to continue smoking. The youngest male in the group, Marwan Lamar Lamb, Jr., made a comment to Ptl. McCrum that he was not smoking. Ptl. McCrum instructed Marwan to continue to the corner of the building. As the group turned and started to move toward the corner of the building, Marwan turned around and started being disrespectful toward us. Ptl. McCrum informed Marwan that he was going to be banned for the day, and asked Marwan for his name and information. Marwan refused to give us his name and information continuing to be disrespectful. Ptl. McCrum informed Marwan that if he continued his behavior and did not provide us with his information, he would be banned from the Library for a week. Ptl. McCrum asked the people in the group with Marwan for Marwan's name. No one in the group would provide us with Marwan's name and information. Ptl. McCrum asked Marwan for his name and information again, and Marwan failed to comply. Ptl. McCrum informed Marwan that he was banned until he provided us with his name and information. Marwan was not leaving Library property, so Ptl. McCrum informed him that if he did not leave, it would be considered trespassing. Marwan then stepped onto the street near the curb, and stayed there. Ptl. McCrum and I, went to find Ptl. Marsh to see if she knew Marwan's name and information, because of her knowledge and experience interacting with Marwan. Ptl. Marsh was able to identify Marwan. Ptl. Marsh and Ptl. McCrum spoke with Marwan informing him that he was banned for a week. The group that Marwan was with left library property. The group motioned for Marwan to follow them off of the property, and he did.

Incident Information: Diamond Dickey was becoming disruptive and was cautioned several times to moderate her behavior. She continued to be disruptive. Jeanne told her she had to leave for the day. She became agitated and confrontational. As she made her way to the door, she was loud and aggressive. At the lobby she slammed the door against the wall and started shouting. Jeanne went outside to tell her she could not come back for a week; whereupon Diamond began shouting and swearing at Jeanne. Later, as Jeanne was on the phone to Security, loud shouting could be heard from outside the building. Another juvenile patron who had been told to leave because of his behavior was standing outside the building. Diamond and Lakira had come back on the library property and were shouting and behaving aggressively towards that patron, trying to start a fight with him. Naranda Batey went outside to tell Diamond and Lakira to leave the other juvenile alone and to leave the property, to which Diamond responded by shouting and using vulgar language towards Naranda. This happened again a few minutes later, Diamond and Lakira came back on the property to shout and try to intimidate the other juvenile patron and began swearing at Naranda when she went outside to investigate the source of the noise.

Incident Information: On 12/1/2013 at approximately 1515 hours Ptl Solis was given a knife by a patron who was entering the library named Margaret Jean Grattan, to hold on to while she was in the library. Ptl Solis showed Ptl Marsh and I the knife, it had a ten inch blade with an eight inch handle that Grattan carried for protection. Ptl Marsh called AC Feher in order to determine what should be done with the knife. AC Feher advised that we should contact TPD to find out if they would do anything with the knife, but if not to give the knife back to Grattan and advise her that she was in violation of the ORC carry conceal law. Ptl Marsh contacted TPD and they advised us that they could send out a unit, but they informed us that it would take them off the road for at least an hour and it was not worth their time. Once Grattan was ready to leave I returned her knife and informed her of the crime that she was committing while carrying the knife. Grattan told me she was going to a pawn shop tomorrow to sell the knife anyways. Grattan left the library without further incident.

Incident Information: On 12/2/13 at approximately 1615 hours, I observed the suspect, Iona Williamson, viewing pornographic images of male and female intercourse on public computer # 1. I then approached Williamson and asked her to step away from the computer so I could speak with her. Williamson immediately logged off of the computer to close the images she was viewing, and then stepped away from the computer. I informed Williamson of the library's internet policy, and that she would be banned for one week minimum. Williamson seemed upset, but she understood. I then asked Williamson for her information, which she gave without incident. Once I had obtained Williamson's information, I escorted her off property. Once Williamson was off property, I then called dispatch to check for prior incidents that might involve Williamson. Williamson had no previous incidents according to dispatch.

Incident Information: Mr. Tighe was informed by Andrea Vallejo that complaints were noted that his truck was leaking gasoline. He gave her an attitude regarding. Andrea contacted Security and was informed we had every right to question him. Andrea informed me of the conversation. I relayed the information to Mr. Tighe and asked that he move his truck to another area not to damage the asphalt and that he could continue to use the computer. He also became belligerent and I asked him to please move his car. He continued to say that other cars leak gas and he felt he was singled out. I told him that all would be treated the same. He left and did not return.

Incident Information: On 12/3/13 around 1510, Officer Johnson (door desk) requested officers to come to the Door Desk because there was an argument by the restrooms. I arrived to the scene the same time that Officer Rupert arrived. There were two patrons arguing, a Mariah Williams Richardson and Jeremiah Reed. Officer Rupert pulled Reed to the side to talk, and I took Richardson to a quieter area to question her. Richardson stated that Reed saw her talking to another male, which happened to be her cousin; Reed was unaware that was Richardson's cousin. Richardson stated that Reed was her boyfriend, but she didn't want to leave because Reed would follow her and not leave her alone. Richardson also stated that Reed would threaten her, she was unclear on how Reed would threaten. Reed was escorted out by Officer Rupert, Richardson stood by for a minute before she left the building.

Incident Information: Michael was looking at the cd's I noticed that he had some DVD's in his fleece jacket that was balled up and he was holding in his arms. I kept an eye on him the whole time. His card requires that he had to check up at the desk. When I noticed that he was walking out the front door and he still had not checked out with anyone up front that he was taking the items in his fleece jacket. I notified a co-worker that he was talking items and then told her to go get our manager. I then hurried up and checked his record to make sure and I saw that no items were checked out, I ran out the front door and kept yelling, "Excuse me Sir" about five times. He did not respond but walked to his car a little faster. I then called his name "Excuse me Michael" a couple of times and he hurried up jumped into his car and sped out of the parking lot. The description that I have of his car is a black two door Honda Accord. When he pulled out of the parking lot he took a left on Coy.

Incident Information: On 12/4/13 at approximately 1305 Officer Johnson requested officers to the front doors due to an argument between two patrons, one identified as Rory Calhoun. Calhoun stated that him and his girlfriend were arguing since this morning. Calhoun and his girlfriend were still arguing when Calhoun and his girlfriend arrived to the library. I pulled Calhoun to the side to question him on what was going on, as Assistant Chief Feher pulled the female patron aside. Calhoun stated that his girlfriend was upset because Calhoun had gone through her personal items at home. Calhoun stated that she just got out of rehab and believed that she was using again. Calhoun also believed that she came to the library to meet someone for more drugs. Calhoun also told me that she had a binder of his, and also his bus pass, and she would not give it back. At this time AC Feher walked up and notified Calhoun that Calhoun's girlfriend had left, and Calhoun was not being held for anything. Calhoun stated that he understood and left with no further incidents.

Incident Information: On 12-5-13 at approximately 1615 hours, Lori Rysz reported to Manager Erin Connolly that on 12-4-13 at around 2010 hours, a Caucasian male patron had approached her asking for money. The male patron then began to follow Lori to her vehicle until another male patron had told him to leave Lori alone.

I spoke to Lori, gathered her information and advised her that I would ask out Dispatcher to review cameras. *Dispatcher Steve Nichpor was unable to find any footage of the incident*

On 12-6-13 at approximately 1415 hours, a male patron reported that either on Monday 12-2-13 or Tuesday 12-3-13 he was also approached by a man with the same description asking for money.

Both patrons informed me that it was too dark at the time to see his face or any other description of the suspect.

Incident Information: Two patrons were running and plying around the reference desk while laughing loudly. I asked them to quiet down repeatedly. They then proceeded to run in and out of the small study room. I then called their parent/guardian's and explained their behavior. This is being documented because this behavior has been ongoing and they have been asked to correct this behavior on several occasions. Explained to the parent/guardian's and both patrons that the next incident may result in a ban from the library.

Incident Information: On 12/5/2013 at approximately 1213 I was patrolling the store in the Promenade when I was approached by patron Karen Ferguson. Ferguson stated that she left her purse on a newspaper rack next to the 2nd pay phone away from the stairway; Ferguson stepped into the cafe for a moment and when she came back, her purse was gone. Ferguson stated that her purse was medium in size, tan color with a teal strap. Ferguson believes that she had 20 dollars in her purse, Ferguson had taken her wallet out of her purse before she walked away. I met up with Gozdowski in Dispatch to review the cameras. At 1208 there were two unknown patrons, one male one female; the female patron picked up Ferguson's purse. The female patron was wearing a green jacket, gray shoes, jeans, is short and appeared to be Mexican. The male patron was tall, Caucasian and wearing jeans, black vest with a blue plaid long sleeve shirt underneath the vest. Both patrons walked to the elevators, the male patron was the only one to walk off the elevator. The male patron entered the library for approximately 8 minutes before he went back down on the elevator. According to video surveillance, the female patron walked into the parking garage at 1211; the male patron walked into the garage at 1216. I notified Ferguson that her purse was taken out of the library and that she needed to file a police report at the safety building.

Incident Information: On 12-5-13 at approximately 1720 hours, TPD Officers Walker and Curtis entered the Sanger Branch Library with a female patron, Zoraida Sadick. The TPD Officers informed me that nothing serious was going on and that Zoraida was just looking for her daughter. Zoraida then approached two juvenile boys and started to question them. As Zoraida was speaking to the older boy, the younger boy began to say, "Get her away from us. Go away." Zoraida then walked away and went back with the TPD Officers. After a few minutes, both TPD Officers left due to the daughter not being in the library.

Zoraida then approached me stating that she was trying to find her 16 year old daughter, Mobina Sadick. She advised me that her daughter was bipolar and needed help. She also informed me that she thought that her niece had taken her. I asked Zoraida if she had any description of her daughter, but she was unable to give me one. I advised her that I was sorry she was dealing with this right now and that I would keep an eye out for her. Zoraida then went outside.

At approximately 1750 hours, the mother, Raheemun Khan, of the two young boys had joined them. Raheemun then approached me asking what had happened earlier, since one of her children had texted her saying Zoraida was harassing them. I explained to her the situation. Raheemun then informed me that Zoraida was her aunt and that she was accusing her of kidnapping Mobina. Raheemun also stated that Mobina had ran away due to an abusive household, but wasn't with her. Raheemun stated that the cops had already been to her house once today and found nothing. Raheemun stated that Zoraida then followed her to the library from her house in a cab.

At approximately 1800 hours, Zoraida entered the Sanger Branch Library again. She approached the same two young boys as earlier, while Raheemun was with them. Zoraida began to get loud towards Raheemun and stated, "You have my daughter", "Lesbian", "The cops are going to take you away." Since this was the second time Zoraida came into the library causing a disturbance, I had asked her to leave for the day. I informed her that her daughter was not here and that she couldn't keep coming into the library harassing patrons. Zoraida then walked away and entered her cab.

At approximately 1830 hours, while doing an exterior patrol, I observed Zoraida in the parking lot talking to a different cab driver. I approached Zoraida and asked what she was doing. Zoraida stated that it was Raheemun's cab and that she was going to follow them when they left. I advised Zoraida that she cannot follow people home and continue to harass patrons. I stated that I already had asked her to leave once, and that she needs to leave the library property due to her now criminally trespassing. Zoraida then began to become angry and yell, "She has my daughter." I informed her that even if that was the case, her daughter is not here and she is only causing a disturbance in the library now. I asked her to leave again, and informed her that she could be banned for harassment or stalking.

Zoraida then left Raheemun's cab and entered hers. I waited outside to make sure her cab would drive off.

After about five minutes, the cab was still parked in the library parking lot. I approached the 'Best Cab' driver, Kevin Keiser, and explained to him the situation and informed him that Zoraida needed to leave library property. Kevin stated that they were waiting on the police and weren't leaving until they got here. I advised Kevin and Zoraida again that she was criminally trespassing and that I would inform the TPD Officers of this also when they arrived. Kevin understood, while Zoraida continued to yell. I then left the cab and entered the library.

At 1920, TPD Officers Walker and Curtis arrived again. I explained to them the situation between Zoraida and Raheemun. The TPD Officers then spoke to Zoraida and Raheemun.

Incident File Summary Report

At approximately 1940 hours, TPD finished speaking to both Zoraida and Raheemun. TPD advised me that they made Zoraida leave and that they had advised Raheemun to get a restraining order or TPO on Zoraida. TPD and both parties left without further incident.

Incident Information: The suspect was observed unlocking DVD cases that he had pulled from the branch collection and then began to walk towards the magazine area. I did not witness any action of scanning the items to check out the material onto a library account. I approached the customer asking if he had checked out the items. He responded that he had and could show me his due date slip for the items. He began to search his pockets but was unable to find a slip. I explained I could just look up his account and verify that way if he liked. He grabbed his coat but left the DVDs on the table in the magazine area. We walked to the checkout desk together where I asked his name. He stated it was James Williams and had no middle name. He also stated he was living at Cherry Missions but would probably have a different address on record. I explained to him the only account that I was finding with that name was an "Adult Internet Only" account. He then explained that his wife had checked out the items. So I asked her name he stated her name was Shelly Williams but he did not remember her birthday. He then stated that she was in the restroom and we could wait until she came out. The suspect then began to proceed to the computer area and then fled out the door.

Incident Information: On December 7th 2013 at approximately 1230 hours, this officer was on patrol when an all officers call was made for two men fighting at the front doors. The people around said that the man in a motorized wheelchair, later identified as John Purnell, had been assaulted and was chasing after the suspect. I ran towards J. Purnell and caught up with him just in time to see the unknown male run across the street and run behind a building. I asked J. Purnell if he needed medical attention, he denied. I then asked J. Purnell if he wouldn't mind coming in so we could talk and he agreed. I brought J. Purnell into the library and to a corner in central court to speak with him. I asked J. Purnell what had happened. J. Purnell told me that he pushed the handicap door button to leave and as he went through the first set of doors, an unknown male came through the middle doors and crossed over in front of J. Purnell to leave through the second handicap door. J. Purnell told the man that the handicap door was for him and that the male should use another door. That's when the male took out an apple from his pocket and threw at J. Purnell resulting in apple pieces being all over J. Purnell's person. J. Purnell said that he thinks he knows where the male is and he is going to try to find him. I advised J. Purnell to stay in the library and not pursue the male. I wrote down J. Purnell's information and he then went towards the back of the library near humanities (J. Purnell does not have any incidents with us at this time). After talking with J. Purnell I went to dispatch to see if D/O Bischoff saw anything. D/O Bischoff said that he saw J. Purnell entering the library as the unknown male was exiting. D/O Bischoff overheard the unknown male tell J. Purnell that he was going to "fuck him up". D/O Bischoff observed the unknown male take an apple out of his pocket and "beam" J. Purnell with it; that's when he called for all officers. Lt. Chopp had D/O Bischoff review the camera footage to see if there was a picture of the unknown male. We obtained a picture of a African American male with a white beard, dark gray colored winter jacket and a red head band.

I resumed normal patrol at approximately 1238 hrs.

Incident Information: On 12/11/2013 at approximately 1120, I took a call to Metro for a group of unruly teens. Once I arrived at Metro, I spoke with staff to clarify who specifically was causing the problems. I was then directed to a group of three teenagers sitting near the front entrance to Metro. It was agreed upon, between staff and I, that the group would be afforded one more warning. I instructed the group to keep the noise level down. At approximately 1125, I was dispatched to Metro once again for the same group. At this point I instructed the group they would have to leave the library for the day. One of the patrons was later identified as Henrietta Pearson. Upon further investigation, it was found that Miss Pearson has similar violations on file. On 11/12/2013, Miss Pearson was kicked out for the day for noise. Miss Pearson returned on the same day (11/12/2013) at 1415, and was then given a week long ban. On 12/10/2013, Miss Pearson was warned multiple times by staff not to sit at the computers while not being logged in. After today's violation, I am recommending a 30 day ban for Miss. Pearson due to multiple violations in less than one month.

Incident Information: On 12-11-13 at approximately 1650 hours, I observed a male and female patron shout at each other over their computers. I approached both patrons and asked what was going on. The female patron, Susan Avina, responded, "He's bothering people." I then asked the male patron, Mark Sahadi, if he was having a problem. Mark stated that he was having issues with the computer. As I tried helping him he became frustrated, stating that Susan messed with his monitor. I then asked Mark to step to another area with me so that I could speak to him alone. When I asked Mark for his name he responded, "No. You're going to arrest me again." As I tried explaining to him, that all I wanted was his name, he walked away and entered Erin Connolly's office. Both Erin and I spoke to Mark and explained that the computers were having issues. After Mark calmed down, he was asked to use another computer away from Susan.

Incident Information: Patron attempted to check in a book and pay a fine at the express check out. Patron actually renewed the book and complained that he wanted to instead return it and it was still on his record. Linda Snowden (Staff) asked the patron if she may assist him and asked that he please bring his item to the Circulation Desk. Linda then checked in the book and showed the patron it was no longer on his record. He insisted that it was and began raising his voice demanding that I take money for his fine. He placed \$10.00 on the counter, grabbed the book, and went back to the express check out. I, Linda, collected his change and took it to him then tried to tell him he was putting it back on his record. As I asked him to come back to the Circulation Desk so I could show him, he became angry and snatched the book away from me. He went back to express demanding that I come over and take it off his record. I informed him that someone else would take care of him. I then asked Cynthia Griffin to assist.

Incident Information: On 12/12/2013 at approximately 1345 while speaking with staff in Metro, I witnessed a patron throw a "playful" punch across a table at another patron. I then walked to the group and informed the two males that they would have to leave for the day. The patron who threw the punch was later identified as Mario Love. Mr. Love became agitated and stated he had not received a warning yet, and that they were just messing around. I informed Mr. Love that security and staff personnel had already given ample warning to the group he was with. While walking Mr. Love out of metro I was positioned behind him, he turned his face towards me and stated "we're about to fight." I felt the comment was directed at me, so I then asked for Mr. Love's personal information and informed him that his ban would now be longer. Mr. Love then stopped, came well within my personal space, and gave me his name in a deceitful manner. Once through the front doors Mr. Love left property without further incident.

Incident Information: On 12-12-13 at approximately 1305 hours I returned from performing a perimeter check at Lagrange and went to the back to place my coat on the hanger. As I returned to the front of the library I could hear someone running and then I saw someone running towards the front doors. I then looked back to where the librarians were standing to see what was going on. When I did that I saw a patron stand up and say, "That mother fucker took my cell phone." When I heard that I ran out the door to see if I could stop what looked to be a teenager, from getting away but when I was able to locate the suspect he was already running away down an alley near the library. I returned to the library and immediately called dispatch to see if there was any way to get any photographs of the suspect. S/O Gozdowski said she would look at all the cameras to see if she could find any viable photographs to help identify the suspect. After talking with S/O Gozdowski I returned to talk to the victim to get her contact information. I told her that if she wanted to she could contact the police to make a report about the theft but she told me that she did not care about the phone and did not wish to pursue any further action.

Incident Information: On 12/13/13 at approximately 0945 I was patrolling Metro. There was a group of 3 juveniles sitting at a table talking loud and playing loud music, two of the juveniles are Timothy Hunter and Kiante Robinson. The librarian had already warned them once to quiet down. As the juveniles started to get loud again, the librarian told them that they could leave. All three of the juveniles started to argue, complain and raise thier voices. At that point, I told them all to leave and started to escort them all out. Robinson consistently ran his mouth and using profanity, like "Fuck this" all the way to the exit doors. Once between the entrance doors, Robinson lite a cigarette that was in Hunter's mouth before exiting the building. At that point, I told Hunter he was out for a week, that's when Robinson said "Bitch, fuck you". At that point, they left the premises.

Incident Information: Ms. Rohr is a daily patron, whose visits to the Washington Branch have become increasingly problematic over the past few weeks. She has always had some distracting behaviors. Those normally include talking loudly and angrily on her cell phone, or on a borrowed Library phone, about very personal topics and getting very upset when staff ask her to lower her voice. She also expresses concern that we are listening in on her conversations. In the past few weeks, her behavior has escalated to the point where staff and customers are somewhat scared of her, and sometimes unwilling to enter any part of the library she is using. She paces around in large circles, stomping her feet and making angry noises. She talks loudly with people who aren't there, and she makes accusations towards staff and customers. For instance, on 12/13/13, Shelver Wendy Hughes reached to take a tissue out of her pocket. Ms. Rohr ran over and said, "You're always taking pictures of my stuff, and I don't like that." She has many belongings spread out around the easy chair in the new fiction area. On 12/14/13 Shelver Josh Mooney and I had to wake her up from where she was sleeping. Her shoes were off and thrown into the middle of the aisle. She woke up and left, but soon returned to spend several minutes raising her voice to a different staff member, complaining that we constantly are picking on her. Later that day, as I was shoveling snow in the entrance, she came out and said, "Stop spying on what's in my car." That same day she said to me, "I know Barbara who owns all of Washington Local. You all are not sincere." On an earlier occasion last week, for which I do not have the exact date, she was stomping around mumbling, and staff member Jane Albright asked her if there was anything she could do to help her. Ms. Rohr then yelled, "Stop stalking me!" The most concerning incident I have seen is when Ms. Rohr was talking to herself, and an adult customer giggled at that, and Ms. Rohr made an angry lunging motion towards the customer. It also seems that she is living in her car these days often parked here.

Incident Information: On the time and date stated in this report this officer was patrolling inside the library when Janaysha Barnes was being disruptive at the computers. She was warned once by branch manager Andrea and three times by S/O Hornyak to be quiet at the computers. I then had to ask Janaysha to leave for the day and informed her she could return tomorrow. As she was walking toward the door she shoved the DVD cart and slammed the door while yelling explicit things. She then returned to the library after being asked to leave the premises. I asked her to leave a second time and Janaysha continued to yell "FUCK YOU." I then escorted her back out. She left the property and was standing on Vito's Pizza property at this time. I returned inside the library for a moment then went back outside to be sure she didn't return. At this point she was walking back towards me on library property I told her she can't be here, she began to pick up snow and throw it at me and the building entrance area numerous times. I then called for "66" twice. I was then informed there was no "66" on patrol. I asked the branch manager Andrea if she could call TPD and Janaysha's mother and inform them of what was happening. Janaysha began to keep yelling explicit things and then began to spit at me. Janaysha refused to leave the property. I then began to escort her off the property and she began to hit me and swear at other patrons coming in and out of the library. She spit a second time and I then had to put Janaysha in handcuffs. I tried placing Janaysha on the bench she was kicking and spitting again, so I moved her upright on the wall so she couldn't spit at anyone. When I had Janaysha in handcuffs against the wall she continued to spit while kicking me and grabbed me in my privates and also spit at branch manager Andrea. I then assisted her to the ground so she could no longer spit at people. I had Janaysha on the ground until TPD arrived on scene. When they arrived I picked her up and placed her on the bench. I explained to TPD what had happened and they said they couldn't really do anything about it but call her mother. Janaysha's mother was already on her way down to the library. Janaysha was being very disrespectful. Janaysha's mother wanted TPD to take her down to JCC but Janaysha was too young. We then had to release Janaysha to her mother. They both were informed they would be receiving a letter stating when they can return. Patrons left without further incident.

Incident Information: On Date and Time above I was called to the door desk. There was a patron/victim (THERESA ROSE) who stated that within the last fifteen (15) minutes, her jacket was stolen from her. I gathered Theresa's information and we walked back to BTS so she could show me where she was sitting and where her jacket was at the time of the theft.

The items stolen are as follows:

1. Black, fleece-like DC brand jacket
2. Virgin Wireless Cellphone with a number of (567) 868-6184
3. Thirty (30) Day Bus Pass

Ptl. Johnson informed me that a patron (Margaret Grattan) had just left the library, who earlier in the day was wearing a white coat, and upon leaving appeared to be wearing a jacket matching the description of the stolen black jacket.

Upon camera review, the suspect (African-American female who appeared heavysset wearing white pants and a black and gray striped coat was seen rumaging through Theresa's papers that were unattended and then took the jacket from the chair and walked off. The suspect left the library with Margaret Grattan and must have gave it to her after taking it from the chair.

Camera Review times are listed below:

BTS CAMERA

- 6:09 - Victim is sitting at desk with jacket on chair.
- 6:18 - Victim leaves jacket unattended at desk.
- 6:20 - Suspect rumages through papers on desk and takes jacket from chair.
- 6:26 - Victim returns to desk and jacket is missing.

Photos are attached to report of all times listed above.

Theresa was advised that if we found her belongings we would contact her so the items could be returned to her possession.

Incident Information: On 12/17/2013, at approximately 0513 hours, I arrived at the Washington Branch in response to a call for assistance with a disruptive patron. I met with Hannah, who told me that a patron, Kathleen Rohr, was panhandling, and being very disruptive. Hannah said that Kathleen was currently in her personal vehicle in the parking lot, and is believed to have a mental health disorder. Hannah said she would go out with me to the parking lot, and confront Kathleen with me, however, due to Kathleen's aggressive behavior towards Hannah, Hannah did not want to further aggravate Kathleen. Hannah and I had just finished our conversation, and Hannah spotted Kathleen near the information desk. Kathleen saw Hannah looking at her, and headed back outside. I called for Kathleen to stop, and she complied. I approached Kathleen, and she said "Did they tell on me? They don't like me." I told Kathleen that it was not the staff, but that the library has guidelines against disruptive behavior and panhandling on library property. Kathleen seemed to calm down, and said "I'm sorry, I did not mean to. Does this mean I can't ever come back?" I told Kathleen that she can come back, but she was banned from Library property for a week, and cannot return not until Monday at 9 am. Kathleen responded with "Okay", and started to turn to walk away. I politely told Kathleen that I was not finished speaking with her. Kathleen turned back towards me. I told Kathleen that she was banned from Library property for a week, explaining that the week ban included all of the Toledo-Lucas County Public Library branches and property. I informed Kathleen that if she violated the ban, she could be charged with criminal trespass and arrested. I asked Kathleen if she understood this, and she stated "Yes." I then mentioned to Kathleen that this also meant she was not permitted to park her personal vehicle in a Library parking lot during the ban. I told Kathleen again that she was permitted to come back on Monday at 9 am, but she had to improve her behavior and not panhandle if she wanted to continue to be able to visit the Library. Kathleen said "Okay." I then watched Kathleen get inside of her personal vehicle, and leave the property. I then informed Hannah of the conversation I had with Kathleen regarding the requested one week ban, and told Hannah that I would sit in the security vehicle and monitor the parking lot for a little while before leaving. Kathleen did not return to the parking lot while I was there. I departed the Washington Branch at approximately 1755 hours.

Incident Information: Ms. Rohr paced around the reference desk for ten minutes at a time, many times, off and on over an hour and a half. She was using an exaggerated, stomping motion. It made staff uncomfortable and made customers uncomfortable approaching with their reference needs. Whenever a customer or staff member got within about five feet of her, she would loudly say, "I just don't like people around me." When staff asked her to please stop walking around and around the desk, Ms. Rohr said, "I'm just exercising." Ms. Rohr went behind the reference desk and watched a staff member typing. She said, "I'm looking to see if you have a plug on it." She found a seat for a while, but was later overheard to ask at least one customer for money for gas. We asked her not to ask people for money, and she left but simply drove around the parking lot in slow, erratic circles before returning. This happened several times. Finally we asked the roving officer, Mike, to come over and ask Ms. Rohr to stay away from the Library locations until Monday, December 23, 2013.

Incident Information: On 12-19-13, I arrived on shift at 1230 hours. Right away I observed a large group of teens using the library and later was informed that it was the 5th grade class from Grove Patterson School.

While on patrol at 1235 hours, I was stopped by the Navigator using one of the group study rooms and the customer she was with. They informed me that the students have been staring at them periodically for several minutes at a time. At that time I kept a closer eye on the group of students.

Shortly after, I observed several of the students put their hands on each other and rough house around. I also observed a girl throw herself on the ground. The students continued to group around and be a little loud and when I would walk past them, they would act like they were looking at books.

At around 1300 hours, the students were told to check out their belongings by their teacher. At this time I stood by the self-checkout due to it being a large group of students who were checking out at once.

A few of the students had been called away from the checkout area by their teacher without finishing. This gave me a reason to question if they had fully checked out all of their items. As they were leaving around 1310 hours, I asked Circulation Supervisor, Julie Erhart-Walton, if I was allowed to check their receipts as they left. Julie advised me to ask Manager, Erin Connolly.

I then asked Erin for her permission and explained to her my reasoning. At this time Erin and I approached the teacher and asked if she minded if we checked the student's receipts. The teacher then responded, "you've got to be kidding me." Erin then confirmed. The teacher then approved. Erin and I checked all of the student's receipts very quickly.

After the student's had all exited the library, the teacher approached Erin very aggressively. She began to yell that they were children and we were very rude to them. The teacher also stated that she didn't like how the librarians were rude and didn't help the students at all. As Erin tried to ask the teacher to speak outside the library so that they weren't disturbing the other patrons, the teacher declined and continued to yell at Erin.

After the teacher explained that she would be calling Main Library and reporting Erin, the teacher left without further incident. Several patrons then approached Erin and I stating that the students had been rude to them during their visit here and thought that we had done the right thing.

At approximately 1510 hours, the Principle of Grove Patteron School had arrived to speak with Erin.

Incident Information: On the above date and time, I was filling out paperwork when I was approached by a juvenile patron. The patron, later identified as Jewel Born, stated that another patron had threatened to beat her up. Jewel explained that there had been words exchanged between the two parties of Facebook. The juvenile suspect was identified as Tatiyana Johnson. Tatiyana confirmed that the incident had been started on Facebook and that the threats were mutual. After speaking with staff, it was determined that Tatiyana had been asked to leave the Homework Help Room for being too loud and using a negative tone towards other girls. Tatiyana was then asked to leave library property until Monday, December 23, 2013. I then explained to both parties that the library was not the place to come to argue or fight. I stated that if threats are spread on Facebook they should inform their parents or the proper authorities. The incident was resolved without further issue.

Incident Information: On 12/21/2013, at approximately 1050 hours, I was patrolling the Technology Dept. when I observed Mr. Jermaine P. Loggins watching sexually explicit photos. I asked the technology staff to print Jermaine's information.

I approached Jermaine and advised him that sexually explicit material was a violation of the library's policy. Also I asked him if he ever was banned before for the same policy violation. Jermaine stated this was his first time.

I advised Jermaine he was going to be ban for one week (12/21/2013-12/28/2013). Jermaine left the property without any incidents.

Incident Information: On 21 Dec. 2013 at approximately 14:40, while on patrol in Audio Visual, I was approached by a patron. The patron explained to me that another patron was in Pop Tech, on computer 65, looking at pornography. The suspect was later identified as Andrew Curtis Phillips. The monitor Mr. Phillips was on faced Metro, so I walked to Metro in order to view the monitor through the glass. Within thirty seconds of viewing Mr. Phillip's monitor, I witnessed him click on a link which pulled up a male, who exposed his private parts. I then walked into Pop Tech and asked staff for a print out of Mr. Phillip's information. I then approached Mr. Phillips, asked him to log off and come with me. I gathered Mr. Phillip's personal information and informed him he would be banned for a period of one (1) week. Mr. Phillips left property without further incident.

Incident Information: On 12/22/2013 at approximately 1445 I was dispatched to the Popular Teen department of the library. Once I arrived on scene the librarian informed me that a patron might need medical attention and pointed me to a patron sitting at a computer. The patron Theresa Pisarski was at the computer leaning forward with her head down. I asked her if something was wrong and she did not respond. I tapped her on the shoulder and again called out to her but she was unresponsive. I had dispatch contact TFD at 1448 hours. I assisted Theresa back into the upright position on the chair to make sure her airway was not obstructed. Her face was flush and her eyelids were shut but her eyes were fluttering under her eyelids. I checked her pulse which was normal and she was still breathing. TFD arrived at 1453 hours. TFD did an examination of Theresa and while doing so Theresa regained consciousness. TFD then asked if there was a private room where they could continue to examine her Sgt. Prindle and I escorted them to the DT room, where they examined her further. TFD transported her to the hospital at 1515 hours.

VICTIM #1 - Michael P. Meeker

WITNESS #1 - Anonymous female

SUSPECT #1 - Unknown African-American male (Early 20s, dark blue stocking cap, white and gray camouflage pants, and black shoes.

On listed date and time this officer was dispatched to BTS for an emergency. MICHAEL P. MEEKER and WITNESS #1 both immediately stated that SUSPECT #1, wearing white camo pants just stole a phone and ran out the BTS emergency exit doors on the Madison side of the building, then proceeded to run down 10th Street. Sgt. Prindle then arrived.

I interviewed MEEKER, he stated that he was on his laptop watching a video and then SUSPECT #1 grabbed his phone which is a Galaxy S III(3), from the table as it was charging, then proceeded to run towards the BTS emergency exit and then out the building to 10th Street. I gathered MEEKER's information and advised him that we would do everything that we can to help. I also advised MEEKER that he may want to go to the Safety Building and file a police report. After I finished speaking with MEEKER he gathered his belongings and left the library.

I then spoke with WITNESS #1 and she stated that SUSPECT #1 was an African-American male, who appeared to be in his early 20s wearing a dark blue stocking cap, sweatshirt, white and gray camouflage pants, and black shoes, walk up to MEEKER's table and grab the cell phone. SUSPECT #1 then ran towards the BTS emergency exit door and down 10th street. No other information was given.

I reviewed Main Camera Exit - 022 from 9:00 am to 12:45 pm to see if any patrons entering the building matched the description of SUSPECT #1, at 10:50:39 am a male matching the description of SUSPECT #1 entered the building and appeared to walk towards Wintergarden. No face shot of the male was captured. SUSPECT #1 was not seen in the library again today.

****Main Camera Exit #022 was reviewed, possible SUSPECT #1 entered at 10:50:39 am. ****

Incident Information: On 12-27-13 at approximately 1650 hours, I asked a juvenile patron using the computer with a friend, if they could work more quietly due to their loud, continuous laughter. Shortly after, the two patrons began to get loud again. I advised them that if I had to warn them again, that I would have to ask for them to separate.

At approximately 1710 hours, the two juveniles got loud again as the suspect then hit the other girl in her right arm. I approached both juveniles and asked the suspect to remove herself from the computer and sit elsewhere.

As soon as the suspect sat down at another computer, she began to eat crackers and drink a bottle of Mountain Dew. I advised her of the computer policy and asked her to put her food and drink away.

At approximately 1720 hours I observed the suspect continue to eat and drink at the computer she was using. I then warned her again about eating at the computers. The suspect then began to argue with me stating that Ginny (librarian) had told her that she was okay eating at the computer. I found Ginny to hear her side of the story and she had denied ever allowing the suspect to eat or drink at the computer. I then approached the suspect again and asked her to log off her computer. I advised her that since she's been warned several times about many violations, she'd be asked to leave for the day and come back tomorrow.

The suspect then logged off of her computer and started to walk towards the exit. The suspect then turned around and began to use the catalog. I approached her again and advised her that she had to leave today and was not allowed back in Sanger Branch Library until tomorrow due to inappropriate behavior. She advised me that she couldn't leave until her ride arrived. I informed the suspect that was fine, but she would need to sit on the bench inside, near the front entrance then. The suspect understood, but exited the building to wait outside.

Shortly after, I observed the suspect outside kicking the snow. I approached her again and advised her that if she was going to wait outside for her ride, that she needed to do so without kicking the snow. I informed her that she couldn't be kicking snow while people were trying to walk in and out of the library. The suspect began to argue stating that she hasn't done anything wrong. I then informed her again that she was being kicked out today due to her inappropriate loud behavior, along with her hitting another patron and eating at the computer after being warned.

I then gathered the patron's information and asked her to sit on the bench so that she wasn't disturbing other patrons.

At approximately 1735 hours, the suspects ride arrived and she left without further incident. Name that suspect gave was Aleyah Brown, which id her younger sister.

Incident Information: At approximately 1635 hours Brad Kiepert approached Julie and Carol at the Customer Service desk. Brad advised them that he felt like he was going to pass out and asked to call Paramedics. Julie then notified me. I approached Brad to gather his information. Brad asked if he could go outside to talk. Brad then advised me that he thought he took too much Robitussin. I asked if he had a cold or anything. Brad informed me that he wasn't sick, but that he takes Robitussin daily to get high due to being an addict. TFD arrived on site at 1640 hours. Brad then informed TFD and me that he had taken a full bottle and a half of Robitussin in a matter of seconds. TFD then left and took Brad to the Hospital.

Incident Information: On date and time stated this officer observed Lorenzo Barber, a patron currently banned for one (1) week in the Popular Technology area. This is the second week Barber has been banned from the Library since he continuously entered during his first one (1) week ban.

I approached Barber and advised that he needed to leave the Library since he is still banned and not to return until 12/30/2013. Barber refused to leave and attempted to walk away from me. I placed Barber into the Escort Position to begin walking him out of the building. Upon reaching Central Court, Barber planted his foot on the ground and lunged backwards towards me, placing me off balance. I then placed Barber's hands behind his back and Ptl. Schumaker put handcuffs on Barber.

I notified dispatch that we were taking one person to DT. Barber stated, " I ain't know I can't be in here. Why you doin' this bro?" Unit 66 arrived and searched Barber. Unit 66 (TPD Officer S. Swartz) found marijuana hidden inside Barber's many layers of clothes and also a marijuana blunt on his person.

Unit 66 advised Barber that he would be going to the County for booking, Unit 66 left the Library with Barber at 10:10 am. No further incident.

Incident Information: SUSPECT - Samuel Perkins
VICTIM - Maria Luis Esquirel

On date and time stated, this officer was on patrol and a male from outside ran into Central Court shouting, "This guy is beating up a girl outside, she needs help!" I went outside, upon turning the corner, a group of people was holding back suspect, SAMUEL PERKINS, to keep him away from victim, MARIA LUISA ESQUIEL. Maria ran inside the Library.

I went to Perkins to attempt to separate him from the crowd of people. Perkins then directed his anger towards me and and shouted, "Get the fuck off me bro! Don't touch me man!" I was trying to get Perkins away from the crowd for his own safety. Lt. Chopp then arrived with Ptl. Schumaker. Lt. Chopp allowed us to handcuff Perkins for our safety, his safety, and the crowd's safety. Perkins resisted being handcuffed and was eventually handcuffed.

Ptl. Schumaker and I escorted Perkins into DT and checked his person for any possible weapons he may have possessed. I asked Perkins what happened outside and he stated that he did not touch Esquirel, but that she started the confrontation then everyone surrounded him. From several witness statements, the witnesses stated that Perkins was hitting Esquirel with a closed fist, near North Lawn on Library property and wrapped his hands around her neck once they moved closer to the Library entrance near the bike racks on Michigan. I then asked Perkins why he resisted me as I was trying to protect him from the crowd, he stated, "I been in the jail and that's why I ain't like no one layin' they hands on me, I was in the moment too bro."

TPD arrived at approximately 1057 hours and spoke with both Perkins and Esquirel. Based on Esquirel's injuries, TPD concluded that there was an assault/domestic violence. Esquirel did not want to press charges, therefore she was escorted off property. Once Esquirel was off property we took handcuffs off of Perkins and escorted him out of the Library.

Incident Information: On 12/30/13 at approximately 1255, I was patrolling the Library when I heard a call for units to respond to an incident occurring in Central Court. Upon arrival, I witnessed a female patron, Belinda Goldsmith push a male patron; Alan Drane. When I approached the two suspects she started yelling at me stating that Drane was taking her belongings. At this time Drane started to walk out of the Library; Goldsmith followed. Capt. Vascik arrived and followed Drane to the corner of the Library (Madison and Michigan) while I stayed with Goldsmith. Goldsmith stated that Drane stole her friend; Brittany Houston's weed. Goldsmith also stated that she wanted to press charges against him for assault. Goldsmith said that Drane had pushed her outside the library on the sidewalk. I advised Goldsmith that she could press charges, but Drane can also press charges for Goldsmith pushing Drane. At that point Goldsmith decided to drop the issue.

Both Drane and Goldsmith have been banned for one day.

Incident Type: Code of Conduct Violation

Specific: Internet violation

Category: Code of Conduct-Non Criminal

Status: Open

Incident Information: On 12-30-13 at approximately 1425 hours, I observed Sami Kassem viewing a photograph of an unclothed female on computer #9. I asked Sami to log off his computer and step away from other patrons so that I could speak to him.
I advised Sami of the libraries internet policy. Sami began to argue with me stating that he doesn't know how to work a computer. I informed Sami that he would have had to clicked on something that would've caused an inappropriate image like that to pop up and that I observed him viewing the image for several minutes.
I then gathered Sami's information and advised him that he would be banned from all T-LCPL for one week.
