

Luxurious One-Story with Options

Touches of stone and cedar shakes blend beautifully together to create a unique look for this impressive home.

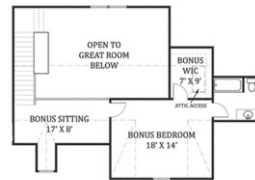

All three bedrooms access extensive outdoor living (including two patios, a terrace, and a porch) in the back of this impressive home. An optional fireplace on one of the patios warms up the night. Highlights of the interior include the kitchen's substantial island, the master suite's jaw-dropping bathroom — don't miss the back-to-back vanities and the central tub — and a large laundry. Two separate bonus spaces upstairs include a full guest apartment with a kitchen over the garage and another bedroom suite in the main house.
