At the heart of this beautiful home, the great room opens up to an inviting wraparound multi-purpose deck through double French doors and the kitchen's island provides casual seating. The large main-floor guest bedroom is naturally lit with two windows. No dated layouts here: this floor plan is bright and open. The upstairs master bedroom offers a private balcony plus two interior fully functioning windows that overlook the great room below, creating a unique look and feel. A large closet gives you room to store heavy winter clothing. Another generous bedroom rounds out this floor.
