This attractive Craftsman home is a great choice for a narrow lot. The rear-loading garage keeps the front clear to show off the wide porch and dormer. Inside, a fireplace warms the living room, which flows into the dining room and then the kitchen. A snack-bar island makes this space a welcoming hangout. Bringing in groceries from the two-car garage is easy, with just a short passage to the kitchen and a closet along the way. At night, relax in the master suite's large shower or separate tub. Two additional bedrooms share a hall bath and easy access to the laundry room.

## Just 40 feet wide, the layout makes excellent use of every square foot of space.
